

OVER THE VALLEY

Maude E. Martin, Valley News Editor
Phone: 1111, Office: 1111

At this time and some who are small boys who are not yet a month old, are being operated on at the hospital. The hospital is a fine one and the doctors are very good. The patients are all getting well and are being discharged. The hospital is a fine one and the doctors are very good. The patients are all getting well and are being discharged.

The two little children of Mr. and Mrs. A. J. McKee of the Idaho city, who were taken to the hospital last week, are getting better. The little girl, who was taken to the hospital last week, is getting better. The little boy, who was taken to the hospital last week, is getting better.

of preparing the meal (which meant Mrs. Wayne Park, Mrs. John Walton) and over the valley. It was a splendid meal for the foot was brought prepared. The men folks came up at noon and meetings were held in the evening. There are some splendid improvements being made in the kitchen at the Old Fellows hall, and they are quite welcome for we doubt if a kitchen in the valley is there as much as that one. Mr. Hovey has built in some fine rooey cupboards, drawers, a work table and a large sink. The new kitchen is a real one to be piped up—and that will be a real back and foot-over.

Play Tonight—
The Epworth League of Island City under the coaching of Mrs. H. C. Ayer, tonight present their home talent play, "Crazy to Reduce." They will be accompanied also by the "Whirlwinds" who will furnish some music at intervals during the evening. The arrangement consists of Gladie Healy, Agnes, Mattie Spencer, Marie and Vera Howell, Dora, Ruth, Helen, and Mabel. The program starts off at eight o'clock.

No School—
There was no school this week at the Valley school, the cause being the condition of little Betty Jean Howell, daughter of the teacher. Betty Jean is in the hospital at the Valley hospital. Her mother, Mrs. Howell, will also stay during the evening. The program starts off at eight o'clock.

At the School—
The school was closed this week at the Valley school, the cause being the condition of little Betty Jean Howell, daughter of the teacher. Betty Jean is in the hospital at the Valley hospital. Her mother, Mrs. Howell, will also stay during the evening. The program starts off at eight o'clock.

NOW
is the time
to plant
FERRY'S
SEEDS!

Now is the time to plant your garden. Now is the time to select Ferry's purebred Seeds. Seeds are the most inexpensive, but the most important feature of a successful garden. The soil and your labor represent the much greater investment in time and actual money; but the seeds you choose may mean the margin between success and failure of your efforts.

Ferry's Seeds are purebred. That means generations of seed plants are tested and checked in the Ferry-Morse special seed laboratory fields before any seed grown from a plant is placed on the market. Because of the rigid testing, Ferry-Morse seed specialists know that Ferry's pure-

bred Seeds will grow more successfully in your garden.

That's why Ferry's Seeds protect your labor and your garden investment. They are fresh for planting now. All ready to grow healthful, nourishing vegetables or beautiful, colorful flowers for your home. There's a Ferry Seed Box near you, in your neighborhood store, with a complete assortment of purebred flower and vegetable seeds. . . . Ferry-Morse Seed Co., P. O. Box 2529, San Francisco, Cal.

"Of course, it's Schilling's"

The finest flowers are not found in a weedy garden. The finest things grow where only the best things are tolerated. Likewise, the finest things are made by those who make only the best things. Cheap things are like weeds. They are everywhere. There is only one place in America where only the best coffee is produced. That place is the famous Schilling roasting room. No 2nd or 3rd grade coffees enter or leave that place. There are no cheap blends, no dual standards of quality. There are many excellent coffees—but which one is apt to be uniformly good, day after day, week after week?
