

DISQUALIFY TED FOR ROUGHNESS

Shoulder Butt Causes Referee to Award Match to Don George

PORTLAND, Ore., Mar. 12 (AP)—A huge crowd of wrestling fans that filled the municipal auditorium last night went home keenly disappointed when Referee Tom Fontenay, of Spokane, disqualified Ted Thy for using his shoulder butt and awarded the match to Ed Don George, heavyweight claimant of the world championship and former University of Michigan football star.

George won the first fall in 32 minutes five seconds when he caught Thy off guard while the latter was trying for a wristlock and brought him down with a flying head scissor. It was the flashiest piece of work on George's part during the match. Thy had given a great exhibition of wrestling and more than held his own with the champion. It was a battle of wristlocks.

As they returned for the second fall, Thy began to put his shoulder butt to good use and soon had George in a bad way. After repeated warnings Thy against using his shoulder, the referee finally reached down and raised George's arm off the floor. The crowd was stunned and throwing papers into the ring. The fall was over in less than five minutes.

George had a big advantage in weight, coming in at 218 pounds while Thy weighed 190½. Chief Wiles, Portland's traffic cop, took one fall from Eddie Wirth, Detroit, in the final round of their five-round special event. It was a fast light heavyweight tussle. Alex Lundeen pinned Jack Reed and Sammy Vangler tossed Joe Gardner in the preliminaries.

GUS KALLIO INJURED
ASTORIA, Ore., Mar. 12 (AP)—Gus Kallio, middleweight wrestling champion of the world, is in a local hospital here with his lower jaw fractured in two places. Kallio defeated Joe Blecher here in a match Wednesday night, during which he was thrown from the ring and was said to have been attacked by two men.

stitutions of learning have come to each succeeding session of the legislature and requested additional appropriations, and although the state board of higher education has now been in operation for several years, it requested from the recent legislature the same appropriation that was granted during the last biennium.

"This appropriation flies squarely in the face of the rules of the lower house of the legislature and the spirit of our constitution in that it is made in a lump amount instead of being itemized."

The governor added that he suggested to the state board of higher education that it accept a cut of \$800,000, but that the board had seen fit to reject it and consequently "I find myself compelled in the interests of the people to veto the \$500,000." He stated further, following his assertion that he would "yield to no man in my friendship for education," that "I am confident the amount voted will not materially hamper the activities of our higher institutions of learning."

Meier pointed out that his veto was for less than five per cent of the total biennial appropriation for the schools, the total being listed, with the full legislative appropriation, \$11,358,378. The millage tax provides for more than four and half million of this total, while the next largest item, totaling over one and three-fourths million dollars, was received from student fees and contributions to the five schools. Outside the legislative appropriation, the third largest item received by the schools was for the two larger colleges of more than half a million dollars from federal funds for extension work.

DR. HALL MAKES STATEMENT
EUGENE, Ore., March 12 (AP)—The University of Oregon, in the opinion of President Arnold Bennett Hall, is confronted with "one of the many great crises it has had to confront frequently in the past," as the result of the veto by Governor Meier of a half million dollars from the general funds appropriated to the board of higher education.

"At this time," President Hall told students and the faculty after receiving word of the veto, "the administration does not yet see its way through the problems of the next two years."

"While the action of the governor does not affect millage taxes or continuing appropriations," he said, "it does limit and tie up for a minimum period of three months the extra appropriations so necessary to continued and efficient administration of the university in all its branches."

The Register-Guard today quoted Governor Meier as having said in a statement to the paper that the state board of higher education still has more than \$8,000,000.

"How could you veto part of the appropriation without vetoing all of it, since it was not divided into sections," the governor was asked.

"I did it anyhow," the paper quoted him. "It's only a 5 per cent cut. It ought to have been 10 per cent."

President Hall, in his message to faculty and students, said: "As sincerely as I know how, I want to ask students and faculty not to be unduly alarmed. If for the time being, we must bow our heads to the financial exigencies of the times, let us do so with the resolute determination that the university will triumphantly weather this storm as it has weathered other dramatic difficulties in its turbulent but heroic history.

"I hope all can join me in the firm conviction that while our program may be temporarily hampered it cannot be stopped, nor our ultimate hopes thwarted. In this hour of stress the administration sincerely seeks from the faculty and students alike your cooperation and your confidence."

Training Camp News Of Today

AVALON, Cal., March 12 (AP)—The Chicago Cubs today faced eastward and sundry recruits were wondering who would be left behind after the series with the Los Angeles club which opens tomorrow.

The squad finished its labor on Catalina island yesterday and tomorrow will start an almost uninterrupted string of exhibitions, the first five of which will be against Los Angeles. The five players owed by the Cubs to the Angels probably will be turned over after this set.

PASO ROBLES, Cal., March 12 (AP)—With his team ready to break camp here next Monday, Manager Jewel Ens has been giving the boys, especially the rookies, a heart-to-heart talk on how they will be expected to conduct themselves on the field. He warned particularly against gambling dives and speakeasies.

Catcher Joe Bird was released yesterday.

Everybody in camp expects holdout pitcher Larry French to sign up before the end of the week. He conferred with Ens yesterday.

FORT MYERS, Fla., March 12 (AP)—Manager Connie Mack concedes that Hank McDonald, giant recruit pitcher from the west coast, has a chance to make the Athletics.

"Hank is a good boy," Mack observed, "and I think he has a chance. He was in good shape when he reported two weeks ago and I think he will make a pitcher. But there is no way to tell now what he can do after the season gets under way."

In yesterday's practice tilt the regulars beat the Yanigans, 6 to 1.

BRADENTON, Fla., March 12 (AP)—News from the Cardinals' training camp continues bullish. Now it's Southpaw Al Grabowski, Manager Gabby Street is saying nice things about. Al had plenty of "stuffs" last year, but had trouble controlling his knuckle ball.

"I believe he'll be able to throw it where he aims this season and will have a big year," Gabby commented today.

The Cardinals visit St. Petersburg today to engage the Boston Braves, "Wild Bill" Hallahan is down to start the game. "Bunny Jim" Bottomley is bothered by a muscle strain, and may not play.

CLEARWATER, Fla., March 12 (AP)—Wilbert Robinson, Brooklyn manager, who has two important holdouts on his hands, Babe Herman and Dazzy Vance, has advanced a new plan for the prevention of such troubles. He favors the classification of baseball players with set salaries for each class.

"With men holding out for higher salaries each year," he says, "it's the only way out."

ONE HOLDOUT LEFT

SAN ANTONIO, Tex., March 12 (AP)—The White Sox today had only one holdout on their list and his absence was causing Manager Donie Bush no worry.

Bush yesterday became certain of having his full strength ready for the opening of the annual series with the New York Giants, when Carl Reynolds came to terms with the club. Moe Berg, catcher, is the only one now out of the fold. Reynolds has been training with the University of Texas squad at Austin and is in shape for duty.

"Rasslin" Fans Looking Forward To Coming Scrap

"Rasslin" fans are sidetracking all other engagements today Monday night, Mar. 16, in favor of what promises to be a wild and woolly grappling match that will keep the ringriders on the edge of their seats most of the evening.

Howard Cantowine, college wrestler who turned pro and who has cut a wide swath in heavyweight circles, will enter the ring with Wild Bill Donovan, that rough and tough wrestler who hails from Los Angeles. Donovan wrestled here a few weeks ago against Bonnie Muir, and for awhile it looked as if he would win over the Australian.

Both men are extremely fast for their size and resort to about everything in the way of mat craft. Ray McCarroll and Jack O'Bryan will meet in the semi-final and this also promises to be a real match. O'Bryan is the boy who met Dr. Sarpolis here during the winter.

Mr. McCarroll announced today that children under 16 years of age would not be admitted to the match unless accompanied by parents or guardians. The match will be held at Eagles hall under the auspices of the Eagles lodge.

The seating arrangement at the Eagles hall will be superior to the Rex, Mr. McCarroll promises. Everything has been moved to the hall, and will be set up Sunday. There will be three sides of bleachers and 400 chairs. Mr. McCarroll, who usually referees the main events, will not do so this time because of his match, but he does plan to announce and explain the match as it progresses.

THEY COULDN'T BLAME HIM
SAN ANTONIO, Tex., March 12 (AP)—Uncle Charley Moran, who umpires exhibition games for the New York Giants, is glad the Giants were able to pile up so big a score against the University of Texas that he could not be blamed for the defeat.

Moran and Billy Disch, Texas coach, have been bitter rivals ever since they each managed Texas league teams. Moran also coached football at one of the university's leading rivals, Texas Aggies.

STRONG FOR DEMPSEY
SACRAMENTO, Cal., March 12 (AP)—Members of the Detroit Tiger baseball team are strong for Jack Dempsey. The former heavyweight champion refereed a fight here recently and saw that all the Tigers had tickets. Now the players have learned that Jack paid for them.

ASHLAND HIGH WINS
MEDFORD, March 12 (AP)—Ashland High school, district basketball champions, last night defeated the Talent county champions 42 to 10 in the first of a series of games to determine which team shall represent Southern Oregon at the state tournament in Salem.

WALDPOR IS SUSPENDED BY STATE BOARD
SALEM, March 12 (AP)—The Waldport High school was suspended from participation in athletic contests until after March 23, by action of the executive committee of the state high school athletic association here late yesterday.

The action means the barring of

the school from further basketball competition with other high school teams this season, although eligible to enter baseball contests after their reinstatement. It will be necessary for officials to pick another team to play the University High school of Eugene in the district tournament at Albany Friday night. Either Shedd or Monroe will be selected, it was announced.

Disqualification of Waldport was based on the use of Henry Hardesty, who did not attend school last semester and was therefore not eligible to participate in athletic sports this semester. His use was protested by the Newport High school.

Members of the athletic association meeting here were Paul T. Jackson, Klamath Falls, president; Austin Landreth, Pendleton, vice president, and J. L. Gary, West Linn, secretary.

"I've circled the globe with the Fleet" —says Chesterfield

FOR NINETEEN years, our Research Department has kept intimate touch with every new development of Science that could be applied to the manufacture of cigarettes. During this period there has been no development of tested value or importance to the smoker which we have not incorporated into the making of Chesterfield cigarettes.
