Man Requests Son Work on Rock Pile

PORTLAND, Mar. 26 (P)—On petition of his father, Vernon Levy, 17, may spend the next year on the rockpile at Kelly Butte.
Young Levy, who several months ago charged state training school officers with cruelty, was arrested in an attempted holdup Saturday night, and police say he admitted participating in several house robberies. He was released from the training school five months ago.
The youth's father told police the boy fought hard to "go straight," and said he, himself, had worked hard for the boy's release from the school.
"This time," he said, "I will ask the authorities to sentence him to hard work at the rockpile. He is strong and the work will keep his mind occupied. I think the experience will do him good."

Albie Booth, captain of the ale football team, a record for the school during his freshman year when he was elected leader of the yearling grid, basketball and baseball teams.
