Dedicate Country Club House Sunday With Two Events

A "house-warming" tournament, to dedicate the new club house at the La Grande Country club, is being planned for Sunday by Mrs. W. H. Lelamann, chairman of the entertainment committee, and Mrs. John Thelsson and Dr. R. F. Murphy, chairmen of the tournament committees. A mixed two-ball foursome tournament at 1 o'clock will be followed by an evening luncheon in the clubhouse, for which a nominal fee is being charged. Mrs. Thelsson and Dr. Murphy have arranged for the foursomes, which will be the same as those announced last week. The tournament and "house-warming" were postponed from last Sunday, March 23, because of stormy weather. Foursomes have been arranged for about 72 players. The fairways are in excellent condition and the permanent greens have been in use for about a week.

Mrs. Siegrist Is Hostess to Club

One of the most interesting events of Thursday afternoon was the one o'clock luncheon at which Mrs. Adolph Siegrist entertained the Alpha club at the La Grande hotel. Twelve were seated at the luncheon table which had a spring bouquet as a centerpiece. Bridge was played during the afternoon with Mrs. W. C. Perkins receiving the prize for high score, and Mrs. J. T. Longfellow, the guest award.

Mrs. W. S. Harer Hostess Thursday

Mrs. W. S. Harer was hostess for a group of 13 women yesterday afternoon when she entertained the Thursday Bridge club at a luncheon at the La Grande hotel. The table was attractive with a silver bowl of pink and white carnations. After luncheon bridge was played on the mezzanine floor with Mrs. E. J. Benholm receiving the prize for high score.

Library Benefit Play Is Tonight

Tickets for the library benefit play, "An In the Tomb Were Found," which is being presented this evening at the La Grande hotel by the Neighbors, under the auspices of the Neighborhood club, may be procured at the door tonight, according to Miss Mabel Doty, chairman of the ticket committee. The play, which is a romance of old Egypt, has been presented in La Grande before and was enthusiastically received. The cast of characters, which includes Miss Henri Hering, Floyd McClinn and Miss Ida McMeeekin in the leading roles, has been coached by Mrs. Beatrice Young and Mrs. E. E. Hurley. The proceeds will be used by the library in the purchase of new books and repairs.

Dinner Party At Williams' Home

The home of Mr. and Mrs. Sherwood Williams was the scene of a delightful dinner party last night at 6 o'clock when the Misses Jean and Helen Williams entertained a group of friends. The dining table, which was set for eight guests, was decorated with a centerpiece of yellow daffodils in a green bowl and green tap-petovs were in the form of miniature bunnies and chicks, carrying out the Easter motif.

Miss Mabel Doty Gives Book Review

Miss Mabel Doty reviewed a number of the recent books which have caused comment in literary circles last night at a meeting of the Literature group of the American Association

SUFFERED FOR 50 YEARS

SUFFERED FOR 50 YEARS
If you suffer from constipation, read this enthusiastic letter from Mr. R. J. Foster, 108 Broadway, West Plains, Mo.
"I have been constipated for the last 50 years—taken all kinds of drugs with only momentary relief. I have been using your ALL-BRAN six weeks. It has given me permanent relief. I can heartily recommend it to be a certain remedy for constipation."
Eat this pleasant cereal and overcome constipation in a natural, safe way. Two tablespoons of Kellogg's ALL-BRAN daily. In stubborn cases, serve with each meal. Do this and banish pills and drugs from your life.
Kellogg's ALL-BRAN also needs iron to the diet. Look for the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Mrs. Fred Yeske Entertains Group

A group of seven young matrons and their children were entertained at the home of Mrs. Fred Yeske yesterday afternoon. The afternoon was spent in sewing, contests and games. Refreshments were served by the hostess, and it was decided that Mrs. William Bailey will entertain the club at her home next Thursday at 2 o'clock.

Members of Club Are Entertained

Another interesting meeting of Thursday was the evening event for which Dr. and Mrs. Don Hughes entertained the All Fruit club members and their husbands at their home. Guests for three tables of bridge were invited and George Bauman received the prize for high score, while Marie Stein, received consolation. Refreshments were served late in the evening by the hostess. The next meeting will be a no-host event, the place to be announced later.

Mrs. Eva Wissler Entertains Club

Mrs. Eva Wissler was a hostess of Thursday afternoon for the Mary Elizabeth club. The afternoon was spent in sewing and conversation, and Mrs. Chris Miller presented a vocal solo. Later a two-course luncheon was served by the hostess. Nine members of the organization and two guests, Mrs. W. M. Condit and Mrs. L. M. Hoyt, enjoyed the afternoon.

E. O. N. Students To Enjoy "Mixer"

Students at the Eastern Oregon Normal school will enjoy a "mixer" tonight at the Normal school auditorium, with Elmo Stevenson, of the faculty, in charge. Dancing and games will be played during the informal evening. The guests of honor for the event are Mr. and Mrs. W. R. Nichols and Mr. and Mrs. Roy Skeen.

Webbs Entertain At Bridge Party

Mr. and Mrs. Bert Webb entertained members of the Triangle Bridge club at their home Thursday evening. Guests for three tables of bridge were present with Mrs. H. W. Riley and Walter Jones receiving the prizes for high score. Refreshments were served by the hostess late in the evening, and Mrs. Clyde Hoppel invited the members to their home for the next meeting on April 9.

Social Calendar

- Friday, March 27
6:30 Parish dinner of the Episcopal church, at Homan hall.
7:00 Benefit card party, by the Pythian Sisters, at the K. P. hall.

2:00 B. B. club, with Mrs. Will Pidoock.
8:00 Bridge club with Mr. and Mrs. Vernon Hale.
8:00 Bridge club, with Mr. and Mrs. George Walker.

PESTHOLE THREAT SEEN IN AUSTRALIA'S GRAIN SURPLUS

SYDNEY, Australia (AP)—With about 200,000,000 bushels of unsold wheat in storage here for last night, there was a real plague of mice and rats. Caught in huge traps, the vermin were carried away in trucks by the ton. If something cannot be done to shift the present harvest it is feared that a greater plague, of which signs are not wanting, will be created. Silica and grain sheds are full to overflowing with wheat, the terminal ports and railroads are congested, and in the country wheat is sacked and stored everywhere.

CRACK SAFE, GET \$200

HILLSBORO, Ore., March 27 (AP)—Thieves who broke into the Higdon Motor company here last night, found a sledge hammer in the used car department and used it to hammer the combination of the safe. They got \$200 and scattered contracts and notes over the shop and into the back alley.

ATTEMPT TO IDENTIFY MAN

PORTLAND, Ore., March 27 (AP)—Fifteen days ago before he asphyxiated himself in a northward rooming house, a man about 50 years old cut the hat band from his hat and destroyed all other marks of identification. But police took his fingerprints and sent them to the identification bureau of the bureau of investigation, Washington, D. C. Today word was received that the prints corresponded with those of George Moran, arrested in Seattle in 1920 on a criminal syndicalism charge.

Concerning Dreams

Dreams are not, as a rule, anything to worry about. But if one has nightmares regularly, and a change in habits—such as cutting out late suppers or exciting reading last thing at night—fails to stop them, it may be as well to see a doctor. Dreams may be a warning—though not in the dream-book sense. They do sometimes reveal weak points in the constitution, or the presence of disease, when the dreamer suspects nothing wrong.

Indians Dislike Whiskers

Side whiskers are usually absent on the American Indian, but he would have a slight mustache and some beard if he didn't pull them out as fast as they begin to grow. Often the Indian warrior, while sitting by the campfire, would rub his hands over his cheek and chin in search of hairs, and pull them out by the roots. It is almost a religion with the Indian to have a smooth face.

Causes of Modern War

President Wilson said: "The seed of war in the modern war is industrial and commercial rivalry. This war (the "World war") was a commercial and industrial war. It was not a political war." It was part of a speech made at St. Louis September 5, 1919, and conveyed Mr. Wilson's idea that the desire for commercial and industrial advantage bred jealousies and strife which culminated in war.

Plymouth Rock

The inscription upon Plymouth rock is the date, 1620. The rock split in 1774. On July 4, 1834, a part of it was removed to Pilgrim hall, Plymouth. The other half was covered with a granite canopy and surrounded by an iron fence. This part may still be seen in the harbor.

Strong Food for Workers

The humble onion, butt of almost as many jokes as the cheese, figures prominently in history. An inscription on the great pyramid of Egypt informs the hungry wayfarer that nine tons of gold was spent for the purchase of onions, radishes and garlic fed to the workmen who built the mammoth structure.

Food Preservation

The earliest food preservation was practiced by hunters who dried, smoked and salted meats and fish, while others preserved milk in the form of cheese and grape juice in the form of wine. Primitive man probably is entitled to small credit for the discovery of wine making, since nature coats the grape hulls with yeast cells which seize upon the first opportunity to start fermentation when the skin of the grape is broken.—Exchange.

Early Timber Conservation

Our early colonial history is replete with laws and regulations looking toward forest protection. As settlement spread these primitive forest codes became more fully established. At such an early date as 1620 we find the Plymouth colony passing an ordinance restricting the export of timber for their region.

Always a Future

Our knowledge is always far ahead of our use of it.—American Magazine.

GRAPEFRUIT CULTURE

Seedless grapefruits are grown and cultured in the same way that seeded grapefruits are. The difference is a characteristic of the plant, and not a matter of culture. They are propagated by budding.

EAST OREGON IS HAPPIER, FIGURES SAY

(Continued from Page One)

A five-to-one ratio—60 marriages and 12 divorces. Baker county lagged behind Union county with 125 marriages (three less) and 49 divorces (two more). Umatilla county had more divorces proportionately than any of the other three—128 marriages and 53 divorces. The total marriages in the state during 1930 was 45 compared with 8243 in 1929. The divorces reached 2825 compared with 3179 in 1929, a healthy decrease of 354 less separations.

Clackamas county holds a unique position—it was the only Oregon county in 1930 that had more divorces than marriages, and it had a real majority. There were 328 divorces and 222 marriages. The 1929 record was nearly the same—339 divorces and 225 marriages. The reason was not given. Multnomah county also had an unenviable record, with 2189 marriages and 1119 divorces. Sherman's Record Best

Sherman county had the best record, with 14 marriages and no divorces. It was the only county in the state without a mark on the divorce books for the year.

Other counties having good records were Curry (53 marriages and two divorces), Douglas (259 and 33), Hood River (82 and 10), Jackson (610 and 114), Josephine (362 and 37).

The records for the other counties are listed above follow:

County	Mrgs.	Dvcs.
Grant	154	31
Benton	52	9
Clatsop	117	38
Columbia	111	50
Wasco	268	107
Cook	25	7
Deschutes	147	37
Gilliam	29	5
Malheur	63	17
Harney	65	12
Jefferson	17	2
Klamath	374	145
Lake	83	17
Lane	45	14
Lincoln	59	25
Linn	222	58
Mahout	105	22
Marion	138	38
Morrow	23	6
Polk	111	27
Tillamook	91	30
Wagoner	87	25
Washington	171	41
Wheeler	19	4
Yamhill	151	50

DOG CATCHER LUCKY

MONTEVIDEO, Uruguay, March 27 (AP)—A dog ran from the dog catcher into a house. The dog catcher followed. The house harbored four wanted criminals. The dog catcher gets \$5000 reward.

TO RAZE LANDMARKS

BERLIN, March 27 (AP)—Quaint, ancient houses erected by the Lutherans of the 18th century on the crooked streets of Neukoelln, a village in the working class section of Berlin, are to be razed because they are in the way of traffic routes. Frederick the Great founded the village in 1766.

Must Look for Emmy

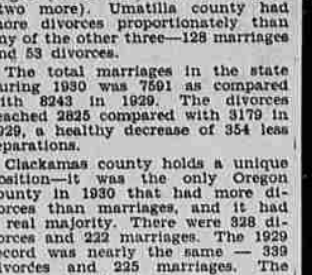

He who performs his duty in a station of great power must needs incur the utter enmity of many and high displeasure of more.—Atterbury.

Relative Food Values

According to a table of food values of fruits, nuts and vegetables recently published, chestnuts weighed without their shells head the list. Dried peas come next, and old potatoes, weighed as served, are third.

director of budget, might resign — was promptly denied.
All of the rumors jibed with the general supposition that Tammany, the city's Democratic organization, intended to make a thorough house-cleaning of the city's official life before the legislative investigating committee begins work.

COOK COUNTY OFFICERS TO TAKE BURKE

(Continued from Page One)
Burke would say nothing of the Chicago massacre and its toll of seven, felled by machine gunfire, but the science of ballistics had pointed to him nearly two years in a search for the Cook county rewards of \$41,000.
Trapped by Amateur
Captured by officers as he lay in bed, Burke came unsmiling to St. Joseph from the Sullivan county farm home of his father-in-law, between which and a house in Kansas City he had divided his time for nine months.
He had no message, he said, for his 20-year-old wife, a Kansas City nurse, who with the Sullivan county community had known him as Richard F. White, blonde and blue-eyed, the former Bonnie Porter expressed disbelief to Kansas City police that the man she married last June, after a fortnight's courtship could be Burke.
Burke, police said, came to Green City, Mo., soon after he fired three slugs into the body of Charles Skelly young St. Joseph, Mich., traffic policeman. He met the girl when she returned to the home of her father, Barney Porter, neighbor of the family with which Burke was living.
To Joseph Hunsaker, truck driver with a flare for detective magazines, went much of the credit for snaring the killer. He grew suspicious of Burke's apparent affluence. Then he read an account of the fate of the seven Moran gangsters, and behind the mustache of Richard F. White he beheld the grim visage of Fred Burke, alias Fred Dene, alias Thomas Camp.
Hunsaker confided with Allan Morrison, realty salesman, and Sheriff L. C. Hoover. The department of justice, to which they appealed, re-
