

## OVER THE VALLEY

Mabel E. Morton, Valley News Editor  
Phones: Residence, Main 966; Office, Main 600

**Returns Home**  
Miss Frances McKennon who has been visiting among friends in the Willamette valley since she concluded her work at the Oregon State college returned to her home in the valley Tuesday evening.

**Elected at Ontario**  
Miss Ava Woodall of the Dry Creek neighborhood, who recently finished her work at the Eastern Oregon Normal school has been elected to a position in the school at Ontario. Miss Ays will teach the first and second grades there.

**Season Concluded**  
Lambing is over in the valley and sheepmen would be more than optimistic over their unusually fine lamb crops were the market anything resembling normal. Ideal weather conditions prevailed during lambing operations, thus minimizing losses of ewes and lambs. The expense of handling the crop was lower than other years when bad weather necessitated larger crews to do the work. There has been a steady movement of sheep to summer pastures the last week. While the heavy rains insured grass in the hills soon, they made conditions at the lambing sheds bad and sheep owners have been busy moving their bands. S. E. Miller, one of the largest wool growers in the valley, has moved several bands to the hills. Will Vogel moved a part of his sheep to the summer range in High Valley last Friday. Will Dobbin moved his sheep from the lambing sheds to the Playle place which he purchased in the winter. Among other bands that have been moving are those of John Peterson, Forrest Sevogin, Roy Baker and C. E. Lawson. Robert French passed through the valley last week with his bands that have been at the lambing sheds near North Powder. He took them to pastures near Cove.

**On Visit**  
Mr. and Mrs. Roy Redman, of the valley, left Wednesday by car for Spokane and Coeur d'Alene where they will spend a week visiting relatives and friends.

**Receive New Members**  
Homer Gowey, of Pleasant Grove district, and "Cy" McDowell, of Imbler, were taken into the Harry K. Larson post of American Legion at their regular meeting Monday evening. Mr. Gowey is a former member of the legion, being reinstated, and Mr. McDowell a new member.

**In Valley**  
Mrs. Walter Mathews and little daughter were in the valley recently to visit her sister, Mrs. Carl Fuller and family of near Alsea. They also attended the funeral of their lifelong friend, the late Mrs. W. R. Ledbetter.

**Seriously Ill**  
Mrs. A. B. Daniel, of Cove, is quite seriously ill at Hot Lake sanatorium. She had previously narrowly escaped having pneumonia and is now suffering from heart trouble. Mrs. Daniel was taken to Hot Lake Monday by her son, R. H. Daniel, and her daughters, Mrs. Bertha Proctor and Mrs. Arthur Feldman, of Portland, as with her.

**Birthday Party**  
In honor of her 73d birthday anniversary, Mrs. E. Sanderson, of Summerville, was given a surprise party Wednesday afternoon when about 25 relatives and neighbors gathered at her home. The afternoon was spent socially and a lunch served at the close, including, of course, a birthday cake. Those present to wish the honored guest many happy returns of the day were: Mrs. Leo Neiderer, Madeline Oliver, Mrs. Pugh, Dora Choate, Mrs. Ole Greger and children, "Grandma" Wagoner, Mollie McDowell, Mrs. Ed Coombs and sister, Minnie Shoberge, of Oakland, Cal., Mrs. John Cantrell, Mrs. Ish Littrahl, Mrs. Irene Conrad and son, Delmer, Mrs. Monroe, Mrs. Bill Sanderson, Mrs. Dave Sanderson, Mr. and Mrs. Charles Sanderson, Annie Clark and Mrs. Mary Woodell.

**Visits Sister**  
Mrs. John Dahlstrom of the Moss Chapel district had, as her guest recently, her sister, Lola Scott, from Portland.

**Cast Removed**  
Time could not pass too quickly for the last couple of days for little Miss Harriet Avery, of Island City, for today is the day the cast is to be removed from her arm which she had the misfortune of breaking several weeks ago. She is the daughter of County Agent and Mrs. Harry G. Avery.

**New Equipment**  
Pupils of the Willowdale school are enjoying their new "Carrymore," or miniature merry-go-round which was recently purchased for them by the combined effort of the P. T. A. and the school board.

**Going to California**  
Mrs. Minnie Hardy of Imbler and her two children, Grover and Vern, are planning to leave soon for California where they will make an extended visit with relatives at different points.

**Visiting Mother**  
Mrs. Leslie Bellas is spending a few days at the home of her mother, Mrs. Frank Ott, of Summerville, while Mr. Bellas is in Enterprise on business.

**Condition Serious**  
The condition of Mrs. Daniel Westenskow, of Imbler, who has been having a siege at the Grande Ronde

hospital, is reported to be serious. Early this week it was necessary for her to undergo an operation for the amputation of one of her arms just above the elbow.

**Club Meets**  
Members of the Imbler sheep club met last evening, at which time the enrollment of members was completed. This club was organized at a meeting two weeks ago, but the membership list left open for other applications. County Agent Harry Avery gave a talk on the selection of lambs for club purposes and Clifford Conrad, secretary of the club, also talked about lambs for club work.

**Repeat Play**  
The play which has been given so successfully several times in the valley by the Pleasant Grove grade young people, was again presented last Saturday when the group journeyed to Pilot Rock. The play "Happy Valley" was given in the White Eagle grade hall and the group reported an appreciative audience, as well as a most delightful trip.

**Returns Home**  
Miss Eva Thornbrue has returned to her home at Hilgard after spending several weeks in Portland visiting relatives.

**Work Finished**  
Ed Lindsay has just finished a fine croquet ground in the rear of his place at Island City, and the young folk of the community are making the most of their opportunity to play on this ground.

**In Portland**  
Mrs. Irwin Moss and daughter, Janice, who have been visiting among their relatives in Portland for a few days.

**Brief Vacation**  
Miss Lois Lawson who teaches in the schools at Hoquiam, Wash., came to the valley and spent her rather short Easter vacation with her parents, Mr. and Mrs. C. E. Lawson who live on the Union-Cove highway. She was accompanied here by her friend, Miss Ruth Ernst, also of Hoquiam.

**State Crop Outlook**  
Prospects for a big crop of potatoes this year are indicated in a report on the potato situation issued this week by the Oregon State college extension service at Corvallis. Farmers apparently plan to plant more acres than in 1929 and 1930. With yields in line with the general trend during recent years, production may be one-fourth greater than in either of the past two years. The available information on the prospects to supply and demand conditions suggests that the potato market situation during the 1931-32 marketing season may resemble that of 1929-30 when surplus production caused extremely low prices, according to the college report. The average yield of potatoes in the United States was low in 1929 and 1930 because of drought. In the Pacific Northwest, however, good crops were harvested especially in 1930.

**Car Arrives**  
Claude Hale, of Imbler, received a carload of salt Wednesday and it is being distributed to farmers in the Dry Creek and Lone Star districts. This salt is put up in 100 pound bags for distribution.

**Son Visits**  
Eart Robbs, of Pendleton, spent last weekend in the Pleasant Grove district visiting his mother who has been ill.

**Entertain Club**  
Members of the "Lucky 13" sewing club of Island City were entertained Tuesday evening at the Avery home. After the business meeting, the time was spent socially and refreshments.

**Cultivation In Orchards Necessary**  
With a serious deficiency in rainfall prevailing over the state, there are dry times ahead for Oregon orchardists who fail to prepare their soil now to conserve what moisture there is, says O. T. McWhorter, Oregon State College extension horticulturist.

The weather station at Corvallis records a rainfall deficiency from September 1 to March 1 of 13.7 inches, and conditions are similar throughout the state. Even if the precipitation for the remainder of the year is normal, lack of moisture is likely to be a serious problem, McWhorter believes.

Some of the moisture conservation practices recommended for orchardists include the plowing or discing under of cover crops as soon as the ground is dry enough to work without damage from puddling. Every day these crops are left standing constitutes an additional drain on the moisture supply. If plowing and discing is followed immediately by working the soil to the proper condition, more moisture will be conserved, says McWhorter.

More turkeys may be raised in Oregon this year, but current information indicates a reduction in early hatched pullets, further states a report by the extension service. Prices for turkeys were not quite as high for the 1930 crop as in other recent years but returns were good compared to other products. The turkey outlook appears favorable from the demand standpoint, the report says, but not much is known about the probable supply from other states.

The market outlook for eggs during the 1931-32 marketing year appears fairly favorable, according to the college economists, but poultrymen apparently plan to raise fewer pullets than usual. Commercial hatcheries in the United States turned out 59 per cent fewer January chicks and around 40 per cent fewer February chicks than last year. The cut was even heavier on the Pacific coast. Poultrymen have also marketed so many hens that the number now on farms is somewhat less than a year ago.

Egg production has been unusually heavy during the winter months because of the mild, open weather, but the recent trend has been toward normal production. The use of eggs by consumers, however, has increased substantially because of the low prices.

### To Dr. W. T. Phy

The following lines are from the pen of Wilbur A. Shaw who was born and grew up in the Grande Ronde valley, and not only he, but his family are still well remembered here.

Thy hard to realize, he has stepped thru  
The veil between earth and Elysian land  
To find no suffering that needs his skill  
This will be hard for him to understand

Just yesterday this was the end he sought  
To turn away the aches and pains and woes  
That mankind knew—To this he always gave  
The best he had then weariness—  
And now repose.

Repose to him could never mean just sleep  
And Resplendence and Changelessness of hours  
Amid the gorgeousness of sun drenched days  
And peaceful valleys overrun with flowers.

What such a one as he still carries on  
Ah, e'er the cosmic plan allotted him  
In latitudes, where it is always dawn  
And eons after eons fail to dim  
Existence—That knows every star and sphere  
External life moves on—from plane to plane  
So just regret and not despair shall be  
The thing to feel as close beside a tree  
A mound grows green beneath the April rain.

The next meeting will be held at the school house and it will be a work session.

**Returns to Duties**  
Miss Edna Ledbetter, called to the valley by the passing of her mother, has returned to her teaching duties at Weston. Eva plans to return to Lewiston, Idaho. She has been having a longer vacation from her teaching on account of the annual Island Empire Teachers convention which has been in session at Spokane.

**Repairing Lines**  
Farmers in the districts near Imbler and Summerville are busy making extensive repairs on the telephone lines, a task which has been somewhat delayed on account of weather conditions.

**Have New Location**  
Mr. and Mrs. George Wilson and family, recently moved to Elgin where they will take charge of the E. J. Green ranch. They have for the past five years rented the Wade ranch above Hilgard on the Grande Ronde river.

**Injures Leg**  
The 12-year-old son of Alvah O'Neil of Perry, narrowly escaped serious injury when he was struck by a deep gash in his leg while jumping a picket fence. The gash was so deep that the main arteries were exposed, but luckily were not severed. Several stitches were necessary to close the wound and the boy is reported to be well on the road to recovery at present.

**In Valley**  
Mrs. Orin Anson enjoyed a visit the first of the week from her

### Announce Policies

To clear up any misunderstanding on the part of members of the Pacific Cooperative Wool Growers as to how their association will handle any over-advances that may possibly have been made on their last year's wools, the executive committee of the association, meeting in Portland on March 30, 1931, passed the following resolution:

"The Pacific Cooperative Wool Growers do not propose to deduct funds from the proceeds of the sales of any member's 1931 wools to pay over-advances on 1930 wools. A method of payment has been devised within the National Wool Marketing corporation whereby these over-advances will be taken care of under an amortization plan from small payments which the local cooperative may have coming to it over a period of years in earnings within the national or other sources of revenue.

This applies to members who retain their membership and continue to deliver their wools. Advances made last year by the National Wool Marketing corporation, through its member units, were intended to be for approximately 90 per cent of the value of the wool at that time. This generous advance was made possible by the federal guarantee which the cooperative has in opinion that if the national marketing program had not been offered growers, wools would have dropped to seriously low levels. As it was, the wool market—in line with all other commodities—was on a declining trend during the marketing season but where wool declined only about 20 per cent, other textiles and raw commodities went down from 40 to 50 per cent. It is possible that pool settlements will show that some growers may have advanced slightly higher than the final settlement on their wool will be, but under the amortization plan mentioned in the above resolution, growers who cooperate with the cooperative will not have their 1931 wool returns reduced to take care of any 1930 over-advances.

On the other hand, the National Wool Marketing corporation has announced that on advances made on this year's (1931) wools, there will be grower responsibility for any over-advance that the individual grower may receive. With wool prices as they are and the market showing every sign of improvement, there is small likelihood of over-advances arising on 1931 wools. On the contrary, final settlements to growers whose 1931 wools are marketed through the cooperative will reflect the benefits of any increase in wool prices during the marketing season.

The members of the Island City sheep and calf club met last night at the school in their regular session. Discussion of the car stock was led by Harry Avery, county agent, and an interesting meeting was reported.

**Visit Relatives**  
J. D. Broughton and his son, George have been in the valley for

(Continued on Page Six)

Herds of less than 12 cows: E. H. Bell's purebred Jersey herd of eight cows producing 5086 pounds of milk and 289.3 pounds of butterfat; A. J. Stange's mixed herd of 11 cows producing 6771 pounds of milk and 261.7 pounds of butterfat.

**Roll of Honor Cows**  
The first mentioned cow belonging to N. K. West was the only one producing more than 70 pounds of butterfat in the association last month, and that of Charles DeHaas headed the list of those producing more than 60 pounds of fat. Others in the class producing more than 60 pounds were:

A. J. Stange, "Bell," grade Short-horn, 1891 pounds of milk and 62.4 pounds of butterfat.  
N. K. West, "Mollie," grade Jersey, 1070 pounds of milk and 62.1 pounds of butterfat.

Class B: Four year olds making over 45 pounds of fat, five highest are:  
Walter Vogel, "Fern," grade Jersey, 1069 pounds of milk and 53.3 pounds of fat.  
E. H. DeLong, "Dell," purebred Jersey, 1017 pounds of milk and 50 pounds of fat.

N. K. West, "Rickett," grade Guernsey, 1091 pounds of milk, 56.7 pounds of fat.  
N. K. West, "Mabel," grade Holstein, 2018 pounds of milk, 78.7 pounds of fat.  
N. K. West, "Mutual," grade Jersey, 1048 pounds of milk, 48.2 pounds of fat.

Class C: Three year olds making over 40 pounds fat.  
N. K. West, "Mollie," grade Jersey, 1070 pounds of milk and 62.1 pounds of butterfat.

Class D: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Julius Fisher, "Daisy," purebred Shorthorn, 1026 milk, 50.3 fat.  
B. M. Van Donge, "Bird," grade Jersey, 942 milk, 47.1 fat.  
C. A. Gilkison, "Lady," grade Jersey, 822 milk, 45.2 fat.  
N. K. West, "Brownie," grade Jersey, 983 milk, 46.2 fat.  
Ed Pratt, "Blossom," grade Shorthorn, 973 milk, 43.8 fat.

Class E: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class F: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class G: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class H: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class I: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class J: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class K: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class L: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class M: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class N: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class O: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class P: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class Q: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class R: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class S: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class T: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class U: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class V: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class W: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class X: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class Y: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.

Class Z: Two year olds making 35 pounds fat.  
B. M. Van Donge, "Esther," grade Jersey, 1042 milk, 35.4 fat.  
Walter Vogel, "Tiny," grade Jersey, 812 milk, 35.7 fat.  
Charles DeHaas, "Tiny," grade Jersey, 1014 milk, 48.7 fat.  
A. J. Stange, "Rose," grade Guernsey, 961 milk, 41.3 fat.  
A. J. Stange, "Lily," grade Guernsey, 1094 milk, 39.3 fat.
