Let not your heart be troubled: ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you.—John 14:1, 2.

IMAGINATION

Imagination is the younger brother of genius. Children and poets are its custodians. It is the justification of all who refuse to acknowledge the dull routine of existence.

DRESSING TO PLEASE

A few days ago there appeared a news article to the effect that styles and cuts in feminine raiment are largely controlled by men.

In Washington

By Herbert Plummer WASHINGTON—A tall, fair-haired man of athletic build at the war department, known among his colleagues as the "fighting parson," is setting a fast pace as chief of Uncle Sam's militia.

Watchful Waiting

"I believe in moral suasion," said Uncle Eben. "When my boy don't show me the rightful respect, I just waits to see what'll happen when he talks to some of de big boys in de neighborhood same as he does to me."—Washington Star.

Check on Forgers

An electrically operated "light box" is used in Germany to detect forgeries and counterfeiters. The currency and checks being placed over the eyepiece, which reveals watermarks and all other identifying features.

Mock Wedding Ceremony

To marry "over the broomstick" means to go through a mock marriage ceremony in which both parties jump over a broomstick.—Exchange.

Painless Death

The term used for causing the death by scientific means of people who are hopelessly ill is "euthanasia." It is of Greek derivation and means a painless, happy death.

"Sword" and "Saber"

A sword is a general term indicating both a saber and a sword. Sword is more specifically used to indicate a straight-bladed weapon, while a saber is short and curved.

Counting the Cost

"I have never been accustomed to thinking in very big terms financially," he said simply. "At first it seemed like an awful lot of money."

"But when I sat down with my one-cent lead pencil and figured it all out, I was amazed to find that the 32 millions provided by the federal government, plus the 15 millions that the states contribute, cost the individual citizen only 39 cents per year."

He is perhaps as good a soldier as he was a parson. He has served in two wars, and has served churches in four states. His decorations and citations won during the world-war attest his valor. And they were won on such widely separated fields of warfare as Cuba, France, Italy, Austria, Dalmatia, Serbia and Montenegro.

Wheat and Thermometer

The weather bureau says that the thermometer is not affected by the wind velocity after having once attained the temperature of the wind. The physical discomfort usually associated with high winds is due to the rapid removal of heat from the human body on account of the winds. As no heat is generated by a thermometer, its readings are therefore not affected by the wind velocity.

English Ministries

The life of an English ministry is seven years, unless interrupted. Frequently on a major proposal a member of the opposition will move a vote of "no confidence" or of censure. In the event of this motion being carried a general election will be held throughout the country, and the result will determine whether the present ministry remains in power, or whether the king will call some one from the opposition side to form a cabinet.

Woman's Great Service

No man ever lived a right life who had not been chastened by a woman's love, strengthened by her courage, and guided by her discretion.—Ruskin.

German Term for Nobility

"Von" in a German name after title means "of." It is to be found in the surnames of families of noble birth.

Old Roman Year

The Roman year used to commence with March instead of January, which explains the names October, the "eighth month," and December, the "tenth month."

Your Real Self

Your real self is not the best moments, but is the moments which come easiest, oftenest and stay the longest.—Atlanta Constitution.
