## In Wonderland

Know you what it is to be a child? It is to believe in love, to believe in loveliness, to believe in belief. It is to turn pumpkins into coaches, and mice into horses, lowness into loveliness, and nothing into everything; it is to live in a nutshell and to count yourself the king of infinite space.—Francis Thompson.

## Hyde Park in London

Although there are towns all over America named Hyde Park, the first was and is a real park and not a town. With its neighbor, Kensington gardens in London, it comprises about 600 acres and is the city's chief breathing space. It once belonged to the monks of St. Peter's, Westminster, but fell to Henry VIII, when the monasteries were abolished.

## Faulty Chimneys

The most common faults of chimney construction—as described in a government publication, are improper bricking, failure properly to support the chimney, lack of tight flue, and failure to maintain the full sectional bend when a due is offset.

THE ANSWER TO SUBSTITUTION IS ALWAYS... "NO"

# HOW CAN YOU JUDGE THE VALUE BEHIND AN UNKNOWN LABEL?

IT IS EASY enough to buy wisely when you can see what you are getting. But how about those products that you can't see? Foods, drugs, toilet necessities—all hidden by a bottle or a package. If you do not recognize the name on the label, how can you judge the value behind it? You can't! Shopping experience has proved this to millions of women. But experience uses bitter methods. Costly methods. When you buy only those products which you see advertised regularly week after week, in newspapers and magazines—when you are guided by the names you know—you are safe.

But when you experiment with untried brands—substitute products which you are told are "just as good"—you may be sorry. The manufacturer who knows the wisdom of advertising also knows the folly of false claims. His integrity is the integrity of his product. Your good will is the rock on which he stands. If it crumbles, his success goes with it into dust. The truthful, consistent advertising of any manufacturer is proof of his pride in the merchandise he offers you. But it is even more than that. It is his promise of constant quality and definite purity. Of honest weight. Of full value in return for your money and your confidence. These facts are published by this newspaper in an earnest attempt to help you buy more wisely. Accurate information is your only positive protection against the many disappointments which often hide behind an unknown label.
