By Mrs. A. G. Conklin (Observer Correspondent) COVE, Ore. (Special) — Funeral services for Mrs. Frances Clark, of Arlington, were held at Cove Tuesday morning at the Methodist Episcopal church with Rev. C. E. Adams officiating. Frances Depha Horton, was born in La Grande June 12, 1877 and was the daughter of Nathaniel Horton. The family came to Cove when she was a small girl where they have since made their home. She was married to Thomas Spence in 1898. Two children were born to them, John Spence, of North Powder and Mrs. Florence McMillan, of Lexington. Sept. 12, 1918 she was married to Joe Clark in Pendleton, who survives her. Mrs. Clark passed away at Arlington, May 2 at the age of 53 years, 10 months and 21 days. Besides her husband and children, she is survived by three sisters, Mrs. Bell Haynes, of Union; Mrs. Bessie Brantley, of Cove; Mrs. Elsa Tobin, of Ridgefield, Wash. and two brothers, Edward Horton, of Union, and Wayne Horton, of Cove. She received the rite of baptism in the Baptist church at the age of 16. Mrs. A. B. Daniel, who has been ill at Hot Lake for the last month, was brought to her home here Monday. She is still seriously ill, but as she wanted very much to be at home, her wishes were granted. Charles Nelson, who was stricken by paralysis about ten days ago, is somewhat better. He and his wife are at the home of a son, Dewey Nelson, at Junction City where they expect to remain. Mr. and Mrs. Wallace Nelson, a son and daughter-in-law, left here a few days ago to join them at Junction City. James Nelson, who owned a house and five-acre tract of land in the canyon traded it to E. A. Kirkendall, of Baker for a 100-acre ranch near Baker. The house and five acres of land and \$2000 were given in exchange for the ranch. Rev. C. E. Calame is again at home after an illness of two or three weeks at Hot Lake. M. Loree went to Hot Lake Monday for treatment. Mr. and Mrs. Phil Lockwood and small son, Harry, of La Grande, spent Monday in Cove as guests of Mrs. A. G. Conklin. Miss Mae Hileman was re-elected to a teaching position in the Cove High school at a meeting held by the board Monday evening. Miss Hileman, who has been a member of the Cove faculty for the last year, will now be teacher of English and girls' athletics. This completes the list which now includes Kenneth La Viollette, principal; J. R. Price, Mrs. E. Coak and Miss Mae Hileman, high school teachers, and Mrs. J. E. Mills, Miss Stella Edvalson, Mrs. Eva Duncan and Mrs. Mattie Powell for the grades.

Baker, financier. He only laughed when asked about published reports of a vice-president boom for him.

DEBUTANTE PAID \$10 FOR FIRST AIR THRILL; NOW PLANS TO FLY LINDBERGH TRAIL ALONE Career of Thrills Now Ruth Nichols Plans Lone Hop Across Atlantic NEW YORK (AP)—Salient facts in the life of Ruth Nichols, Rye, N. Y. aviatrix, who plans to fly the Atlantic alone: 1901—Born in New York, February 23. 1919—Paid \$10 for first plane trip. 1922—Studied aviation in Miami, taking ground work and full in hydro-airplanes. 1923—First solo flight. 1924—Graduated from Wesley college. 1925—Instruction in land planes. 1927—Became one of first women fliers to hold federal transport pilot license, May 16. 1928—With Harry Rogers and M. By W. W. Dison NEW YORK (AP)—Whirling propellers beckoned Ruth Rowland Nichols from the drawing room to a career in the skies—and she's glad of it. Already she has left a trail of broken records replaced by the new ones opposite her name in aviation's daybook. Now she's casting her eyes hopefully toward Europe as plans for her trans-Atlantic hop advance. To this Rye, N. Y., social register and Junior leaguer, flying was a new and appealing sport. She took to it as she had to tennis, polo and pulling an oar on the crew at Wellesley, from which she was graduated in 1924. They remember her there as college equestrienne champion. Her first plane ride back in 1919—she was only 18 then—cast the die of her career. During her student days at Dobbs

Ruth Nichols scorned the drawing room for the thrills of flying, and now, with a number of women waiting for her credit, is planning a flight alone across the Atlantic.

Ferry, N. Y., she visited Atlantic City and paid Eddie Stinson \$10 for an air trip. Stinson threw in a few loops for good measure, just to give her her money's worth. Thenceforth she was all-minded. Studying aviation under Capt. Harry Hobers in Miami, she made her first solo flight in a hydro-airplane in 1923. In 1927 the United States department of commerce gave her one of the first two transport licenses issued to women, and the first mechanic's license to go to one of her sex. When she made a non-stop trip from New York to Miami three years ago, she declared that women have a place in the air. Furthering this conviction, she flew 12,000 miles over the United States the next year promoting the establishment of aviation country clubs. She visited 99 cities in 46

SHADE PRICES IN MEATS TO MOVE SUPPLY

PORTLAND, May 7 (AP)—Wholesale butter and egg markets opened at unchanged quotations today. Trade completion on both products also was unchanged. Steadiness ruled the butter market. Weakness continued in the egg market due to receipts exceeding supply. However, a few special orders were filled at premium prices. Country dressed meat and poultry markets were quoted steady but demand from retailers was slow and choice with result that supplies were accumulating and sales in some instances were at shaded prices to move stock. Supply of calves was specially top heavy and sales ranged from 1 1/2 cents down to 11 cents a pound. Higher strawberry prices and lower quotations on asparagus and spinach were outstanding in the fresh fruit and vegetable trade. With California shipments of early strawberries about done, local market supplies were light and prices quoted to a ready demand were for the third successive day up about 15 cents to around \$3 a 20 pint crate.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL And You'll Jump Out of Bed in the Morning Rinrin' to Go If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only make the bowels act a mere time, with no real relief. It is this bile that is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, vegetable extracts, assisting nature when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name, Carter's Little Liver Pills on the red label. Resist a substitute.
