

# Railroads Maintain Prosperity Boulevard

## Keep La Grande Moving Forward

La Grande is now known as one of the most progressive cities of the Pacific Northwest.

The railroad has been one of the prime factors in the upbuilding of this community, and it will continue to turn a steady stream of gold into the commerce of our city — in proportion to the patronage it receives.

It is therefore our privilege to assist in the further progress of La Grande by having our **MERCHANDISE SHIPPED BY RAIL.**

The railroad maintains its own highway, and because division headquarters and shops are located here, it pays a considerable share of local taxes.

By supporting the railroad we will promote prosperity for ourselves and our neighbors.

Let us do our part in keeping LA GRANDE MOVING FORWARD —

*This movement has the endorsement of the Union County Chamber of Commerce.*
