

HELP BUILD

The Mt. Emily Road

*and do your bit for La Grande
and the Grande Ronde Valley!*

This project will pay nearly \$15,000 in wages which would otherwise be lost to this vicinity, and will provide a road of great and lasting value to everyone in the valley.

Owing to unforeseen circumstances the \$2,000 promised from the city road fund, as La Grande's share of this year's work, is not now available.

Believing the citizens of the community will stand back of them, the directors of the Chamber of Commerce assured the Forestry Service that the money will be paid by July 1, 1931.

If each one who can afford to do so will contribute one dollar (or more if possible) this amount will be easily raised.

Your assistance is needed, and will be greatly appreciated. Let's put this project "over the top!" We can do it!

Don't Wait to be Solicited!
