TROJANS WIN IN NATIONAL MEET

Stanford Close Second, Giving Pacific Coast Complete Dominance.

(Associated Press Sports Editor)

FRANKLIN FIELD, Philadelphia, June 1 (AP)—The Trojans of Southern California answered Stanford's track and field challenge Saturday with a sensational counter-barrage of record performances and won the inter-collegiate A. A. A. A. championships for the second straight year in a dazzling close battle for points.

Six record feats were achieved, five of them by Southern California stars, as the Trojans barely beat their Pacific coast rivals in an brilliant succession of performances at the classic 50-year-old college meet held ever witnessed.

Southern California finished with the victorious total of 46.7 points while Stanford, giving battle every step and inch of the route, amassed 44.25 points. The scramble of fractions and places was so close that the outcome was undecided until Bill Graber, Trojan pole vaulter, outdid himself to leap to a new meet record of 14 feet 4 inches in the 15th and final event of the day.

Graber's record was the crowning climax of probably the greatest exhibition ever given by any team that has won this blue ribbon event in intercollegiate athletic competition.

Via Williams, slim Trojan racer, struck the most sensational blow for his team's benefit when he turned the tables on the brilliant Stanford sophomore, Ben Eastman, to win the 440-yard run and equal Ted Meredith's 15-year-old world record of 47.3 seconds.

From there on Southern California stars conducted a wholesale assault on records. Frank Wysocki whipped Eddie Nolan by inches in the 100-yard dash in 8.6 seconds to equal his own record. Dick Barber leaped to a new 100-yard dash record of 8.6 seconds, equalling the meet record first set in 1928 by late A. C. Krausman of Pennsylvania.

All told the athletes coached by Dean Cromwell reaped off with six first places and second points in ten of the 18 events. It was not only the Trojans' second straight victory in the team championship, but their fourth in seven years. They won previously in 1928, 1929 and 1930.

Stanford, handily swept severely by loss of two brilliant performers in Lee Dyer in the sprints and Captain Fodge Smith in the hurdles, nevertheless gave Southern California a sensational battle in a meet that again saw the east outclassed for the tenth time in 11 years.

Stanford tallied in 11 events, ran up a heavy total in the weights and had the satisfaction of seeing their middle star, Sawman, come back gallantly to capture the 880-yard run after being beaten by Williams by a two-yard margin in the world's record-equaling 440 run.

Liberty's Aim

Progress, the growth of power, is the end and boon of liberty, and without this, a people may have the name, but want the substance and spirit of freedom.—Channing.

GRANDSTAND DESTROYED

ST. JOSEPH, MO., June 1 (AP)—Fire of undetermined origin early today destroyed the grandstand of the city stadium, home of the St. Joseph club of the Western baseball league. The loss, which included some damage to the park's lighting system, was estimated at \$200,000, partially covered by insurance. The stands were erected about a year ago.

Portland Wins Series; Stars Remain At Top

By The Associated Press

The Portland Beavers took the week series from Los Angeles five games to three although they divided a double header yesterday. Ed Coleman, Beavers outfielder, and former Oregon State college star athlete, provided the feature of the first game by swatting a homer with two on. It helped the Beavers considerably in taking the game 3 to 2. The Angels came back to take the second 19 to 2, although Portland placed six pitchers in the box in the effort to stave off an Angel victory.

A similar Sunday and series ending occurred with the Mission Reds and Sacramento, the teams divided the double header yesterday and the Missions took the series five games to three.

Senators Win Opener

The Senators won the first game 4 to 2 largely through a sixth inning rally which netted three runs on four hits. The Missions scored four runs in the second game, but didn't let the Senators get any. The Reds took first inning lead with two runs and Center Mission pitcher, allowed the Senators but four singles.

The Hollywood Stars and Seattle Indians completed a prosperous week yesterday by taking both ends of double headers from the Oakland A's and San Francisco Seals respectively.

Hollywood's double victory, which gave it eight straight wins over Oakland, was won by a single big inning in each game. In the first game, the Stars took 6 to 2. The Seals put the game on ice in the seventh to which the Stars took 6 to 2. In the second tilt, which they won 9 to 4, they scored seven times in the second, third and fifth of the Stars, each got home in the second game.

Seattle Wins Series

Seattle took the series five games to eight from the Seals by reason of yesterday by taking both ends of the scores were 6 to 3 and 2 to 1. The first game saw frequent hitting the Indians connecting 13 times and the Seals in 10 runs rally in the seventh to defeat. In the second game the Indians scored twice on six hits but the Seals could only make one of their seven hits good for a run.

Yesterday's results:

Los Angeles 3 R. H. E.
Portland 13 13 0

Batteries: Petty, Hermann and Campbell; Kallio and Woodall.

Second game:
Los Angeles 10 R. H. E.
Portland 2 6 3

Batteries: Shealy, Yerkes, Hermann and Schulte; Oswald, Miller, Kallio and Fitzpatrick.

First game:
Sacramento 3 R. H. E.
Mission 3 7 2

Batteries: Chesterfield and Wirtz; amiser and Brenzel.

Second game:
Los Angeles 4 R. H. E.
Portland 0 4 1

Batteries: Bryan and Wirtz; Carter and Hoffman. (Seven innings by agreement).

First game:
San Francisco 1 R. H. E.
Seattle 2 6 0

Batteries: Jacobs and Wiggen; Quillen and Hill. (Seven innings by agreement).

Second game:
San Francisco 1 R. H. E.
Seattle 2 6 0

Batteries: Jacobs and Wiggen; Quillen and Hill. (Seven innings by agreement).

First game:
Oakland 2 R. H. E.
Hollywood 5 13 2

Batteries: Craghead, Kurl and DeBerry; Wetzel, Johns and Bosler.

Second game:
Oakland 4 R. H. E.
Hollywood 9 13 0

Batteries: Pearson, Lashley, Orlans and Reed; Schlenker and Moxer. (Seven innings only).

Huskies Sweep Way to Victory In Coast Meet

By Frank G. Gorrie

(Associated Press Sports Writer)

WASHINGTON STADIUM, Seattle, June 1 (AP)—Running "just to furnish competition," Bill Frisby, 20-year-old University of Washington freshman, stole the show in the annual northern division Pacific coast conference track and field meet Saturday when he defeated Percy Williams, Canada's Olympic games sprint champion, in a 100-yard exhibition race.

The special century event was an added attraction to the meet and drew the young dark-haired orphan broke the tape a full yard in front of the "Canadian comet" who won both the 100 and 200 meter races at the last Olympic games. Frisby's time was 10 seconds.

The Washington Huskies piled up 60.1 points to successfully defend their championship in the big meet in which five northern division records were toppled over. The University of Oregon totaled 39.4 points, Washington State college 30, Oregon State college 23.5, Montana 9 and Idaho 4.

Three Huskies Break Records

Another exhibition race at 220 yards between Frisby and Williams was a disappointment when the Olympic champion dropped out with a limp after trailing the Husky youngster half the way. The Canadian boy has had trouble with a bad knee for some time and he has been bringing it along slowly in preparation for a special race with Frank Williams, Southern California ace, in Los Angeles next month.

Washington turned in three record-breaking performances, Washington State one and Oregon the fifth.

Talbot Hartley, sensational Husky runner, posted the first when he won the 100-yard dash in 48 seconds to shatter the mark of 49 seconds made by Ed Pellet of Washington in 1927. Hartley led from the start and broke the tape ten yards in front of Kork of Oregon State.

Genius Runs Great Half

The half-mile figure of 1 minute 52.2 seconds was bested by Eddie Graham, 22-year-old Oregon State champion, when he raced his field in the ground in 1 minute 54.4 seconds. Moran of Oregon led during the first 200 yards but was beaten back when the Husky star shifted into high gear. The former time was made by Dodge of Oregon State in 1927.

Washington's third record came in the mile relay with the Husky quartet circling the quarter mile oval in 3 minutes 20.1 seconds. This was 1.2 seconds better than the previous record of 3:22 established by Washington State in 1916. The Husky team trailed all the way until the baton was passed to the Husky star, who breezed away from the field to win by ten yards.

Bobby Robinson, Oregon negro, put on the greatest vaulting show ever seen in this stadium when he cleared 13 feet 7 inches, to shatter his own mark of 13 feet 1 1/2 inches, set last year. Robinson eliminated his opponents at 13 feet, and then went on to record figures. He cleared 13 feet 7 inches on his last try.

Homer Hein, Washington State giant, cracked the fifth conference figure in the javelin. He tossed the spear 150 feet 10 inches to break his own record of 148 feet 3/4 inches established last summer.

Washington won seven first places, Oregon four, Washington State two, Montana one, Oregon State one and Idaho nothing.

The Huskies captured the 100-yard dash, quarter-mile, 120-yard high hurdles, half mile, 220-yard low hurdles, mile relay and crowd jump. Oregon took the mile run, pole vault, discus and 220-yard dash. Washington State the two-mile run and javelin. Montana won the high jump and Oregon State the shotput.

Mike Proves Real Thriller

The mile run was a great feat, with Ralph Hill, Oregon, stellar star, winning in the exceptional time of 4 minutes 17.3 seconds. Hill is the boy who beat Rufus Kiser of Washington in a dual meet last year in 4 minutes 12.4 seconds and secured approval of the time.

Kisner, of Washington, led the two-mile run, while of Washington State the second and Hill the third and last. The Oregon boy took command early in the third lap and he held the advantage in spite of repeated spurts by Hill. Hill won by ten yards.

BRITISH MINISTRY SEEKS FASTER AIRMAIL PLANES

LONDON (AP)—Faster mail planes are being sought by the British air ministry.

Manufacturers have been asked to submit plans for all-metal craft equipped with dual controls, wheel brakes, tail wheel, high top speed and low landing speed.

Fuel tankage sufficient for 1,000-mile nonstop flights, a cruising speed of not less than 130 miles an hour and a carrying capacity of 1,000 pounds of mail are sought.

A special point is made that the planes must be adapted to dropping mail by parachute.

GOLD PROSPECTORS INVADE SAVANNAH LAND BY PLANE

SABAL, New Guinea (AP)—Using a long range airplane, Captain Hamilton, one of Australia's leading prospectors, is hunting gold in the unexplored interior of New Guinea.

In the rugged interior it is doubtful whether a plane can be landed successfully, but the systematic searching on Perini's skill and courage to make the venture a success.

He is accompanied by two experienced gold prospectors. The search will be conducted in country inhabited by ferocious hostile natives.

PEANUT OIL POWERS CARS

PARIS (AP)—Peanut oil as a fuel for motor vehicles was tested by a French scientific mission on a 3.5-horse engine in Savat, Algeria. Cars were of special design and burned diluted types of heavy oil.

He is accompanied by two experienced gold prospectors. The search will be conducted in country inhabited by ferocious hostile natives.

Piles All Gone

Without Salves or Cutting

Having bleeding, protruding piles, sit on Skippy and don't come back. It will remove the cause. But blood circulation in the hemorrhoidal veins causes piles by making the affected parts weak, flabby, aching and swollen and cutting fall because only an internal medicine can actually remove these conditions. Dr. J. S. Leitch discovered a real internal pile remedy. After prescribing it to 1,000 patients with success in 900 cases, he named it SKIPPY. Now you can buy Skippy in any drug store or mail order house. It is a real cure for piles and hemorrhoids.

Tiger Trackmen Figure In Pacific Coast High School Mythical Meet

In all Pacific coast high school competition if it were to take place, California 19. Not one of the stars at the Oregon state meet of 1927 exists today, further proof that the lads of this state are on their way upward.

The best participants on the coast this spring in each track event follow:

100-yard dash—Draper, Huntington Park, Cal., 9.9; Grayson, Jefferson, Portland, Ore., 10; Plumb, Ilwaco, Wash., 10.1.

220-yard dash—Plumb, Ilwaco, Wash., 21.5; Birch, Jordan, Los Angeles, Cal., 21.6; Downing, Grant, Portland, Ore., 22.9.

440-yard dash—McCarthy, Fairfax, Los Angeles, Cal., 46.7; Meyer, Stagg, Spokane, Wash., 50.4; Manuel, Bins, Idaho, 52.

880-yard run—Satterfield, Manuel Arts, Los Angeles, Cal., 1:37.9; Leader, Lewis & Clark, Spokane, Wash., 1:58; Myers, Lincoln, Portland, Ore., 2:01.2.

1.20-mile run—Morentine, Visalia, Cal., 21.8; Wagner, Helix, Ore., 4:23.3; Carriger, Wenatchee, Wash., 4:36.4.

120-yard high hurdles—Fisher, Redlands, Cal., 15.3; Nowland, La Grande, Ore., 15.9; Wight, Yakima, Wash., 16.2.

220-yard low hurdles—Smart, Compton, Cal., 24.2; Grayson, Jefferson, Portland, Ore., 25.2; Lipscomb, Hills, Wash., 28.6.

800-yard run—Huntington Park, Cal., 2:29.6; Boise, Idaho, 1:32.8; Washington, Portland, Ore., 1:33.9.

High jump—Jacobs, Santa Ana, Cal., 5 feet 11 inches; Torrence, La Grande, Ore., 5 feet 11 inches; Torrence, La Grande, Ore., 5 feet 10 inches.

Broad jump—Wilson, Riverside, Cal., 21 feet 3 inches; Smith, Caldwell, Idaho, 21 feet 3 inches.

Pole vault—Ramsay, Inglewood, Cal., 12 feet 3 inches; Herron, Pullman, Wash., 12 feet 6 inches; Rich, Buhl, Idaho, 11 feet 8 inches.

Shot put—Carter, Franklin, Los Angeles, Cal., 32 feet 10 inches; Grech, Huntington, Wash., 49 feet 9 inches; Walker, Washington, Portland, Ore., 49 feet.

Discus—Theodoratus, Sacramento, Cal., 132 feet 7 1/2 inches; Pentilla, Napa, Wash., 132 feet 3 1/2 inches; Moser, Rupert, Idaho, 127 feet.

Javelin—DeMaris, Prineville, Ore., 201 feet 5 1/2 inches; Zamora, Wapato, Wash., 179 feet 10 1/2 inches; Howland, Selma, Cal., 179 feet 4 inches.

Some of the times and distances made in prep meets staged in the four Pacific coast states this summer are given in the big state in the south 12 out of a possible 14 Pacific coast titles. One event goes to Washington and another to Oregon. Idaho is titleless. What a walkway such a meet would be for California! Frisby, the youth from the Golden Bear would be Washington with 38, followed by Oregon with 30. Idaho trails with 11.

California Athletes Lead

Some of the times and distances made by the California athletes are almost unheard of up here in this section of the country. For example, a lad named Jacques from Santa Ana, a town named after the celebrated Mexican leader who destroyed the Alamo, high jumped 6 feet 3 inches this spring. The best prep jump ever made in this state was turned in by Crawford of Jefferson. The height was 6 feet.

Oregon gets some consolation in the great exploit of Warren DeMars, slender Prineville star, easily was the outstanding competitor in his event on the coast this year. He heaved the spear 201 feet 5 1/2 inches, set a new state record. Next best was Zamora of Wapato, Wash., who reached only 179 feet 10 1/2 inches.

Oregon Gains Steadily

This state has still another imaginary. He is Bobby Grayson, Jefferson's leading football star. Bob's times in the 100-yard dash and 220-yard low hurdles give him a lead in both these events to make him high point man of the meet, if there is such a thing.

Despite the evidenced superiority of California and Washington, Oregon is improving rapidly. This state connected with the advertising department of the Oregonian.

Union Observes Memorial Day; Parade Feature

By W. V. Connor

(Observer Correspondent)

UNION (Special)—Under the joint auspices of the Woman's Relief Corps and the Ladies' Auxiliary to the American Legion Memorial day was fittingly celebrated here Saturday afternoon. Starting at the K. P. hall the procession, led by the color bearers and the band, and including the legion guardsmen, legion and the children, went to the Methodist church on Main street, then to the school gym where the main part of the day's program was held. Superintendent in Baker, was down for Memorial day and to visit with his family. He came Friday evening and returned to Baker Sunday evening.

Next Sunday evening, June 1 children's day exercises will be held at the Methodist church. Mrs. Elida Miller and Mrs. Nora Cheney having the program in charge. The special offering for the day will go to the student fund of the church.

YEARS RADIO SET SALES LIKELY TO PASS 3,500,000

CHICAGO (AP)—Surveys by Radio Manufacturers' association indicate prospective sales this year at between 3,500,000 and 4,000,000 new radio sets. It is estimated that approximately 1,000,000 of these will replace old receivers.

The midget set, which made a big impression on the radio market late in 1930, is expected to play an important part in spurring replacement sales, according to association officials, despite the fact the trend seems to be back toward the standard-console-type set.

Preliminary census bureau figures estimate that 14,000,000 American families now have radio receivers, of which 3,000,000 are battery operated.

"It's a funny thing about horses," Sande went on. "Take the Fox. He almost went to sleep at the post in the Derby last year. Didn't seem interested. Kept leaning up against the sides of the starting gate and I was

Buying and Selling Your Money

When you deposit money in the bank, you are "selling" the use of that money to the bank. The bank pays you for your money — pays you in service in the case of a checking account, pays you in interest in the case of savings or certificates of deposit.

Like the merchandise sold by a store owner, the bank in turn sells the use of your money and the money of hundreds of other depositors to people needing and deserving loans. If satisfactory credit has been established, people wishing to buy the use of money for a stated period of time can get it in the same way that they can buy merchandise on credit in various stores.

Your bank is a business institution. Money and financial service make up the merchandise it has to sell. Like a store, it must "buy" goods before it has any to sell. The price it pays you for your money is based on safety, on your lasting satisfaction. The merchandise slogan, "Satisfaction or Your Money Back," always applies when you sell your money to the bank.

"Barney Golf"

The name "barney golf" is given in jest to horseback riding.

Sport Slants

By Alan J. Gould

(Associated Press Sports Editor)

This race horse, Twenty Grand, was named for the dam's side of the family—Bonus and 'll Gold. The big bay colt can run all day faster than any other three-year-old in America, if you care to have the opinion of chunky little Charley Kurtsinger, the Louisville boy who rode Mrs. Payne Whitney's ace to victory in the Kentucky Derby.

"I don't think there's a horse that can beat Twenty Grand at upwards of a mile," said Charley, after he had recovered from his incoherence of the hour or two immediately following the Derby. "The colt is a little hard to get going, but travels like an express train once he is in real motion."

"Twenty Grand's nervous and high-strung at times, but not hard to handle. I used my whip only twice. In making that new record for the Derby you must remember that I took the horse out and around the field over the backstretch, also that I was positively last going around the first turn, in spite of everything I could do."

"But it was all over as soon as Twenty Grand felt like running. What a horse!"

Furmen are apt to be a trifle enthusiastic after any great performance, but there is a widespread conviction among the Eastern crowd that this Twenty Grand is the fastest horse since the renowned Man o' War, although so far the Greenaire colt has not been as consistent as Gallant Fox.

SANDE LONESOME

Speaking of the Fox, we caught a gleam of lonesomeness in the eyes of Earle Sande the day of the Derby. Earle was sitting on the sun on the roof of the grandstand at Churchill Downs, waiting for his turn to broadcast, where the year before he had been up on the winner of the big race.

"I'd sure like to have been out there on that track again," Earle admitted, "but it's getting increasingly tough for me to keep anywhere near riding weight. I've been sick this spring and my weight is up to 150. It's just plain torture to keep down to a jockey's size. It always was tough for me in that respect. Every time I ate anything substantial I didn't enjoy it because I knew I'd have to run the extra pounds off. I started half the time when I was riding regularly."

FOX DIDN'T CARE

"It's a funny thing about horses," Sande went on. "Take the Fox. He almost went to sleep at the post in the Derby last year. Didn't seem interested. Kept leaning up against the sides of the starting gate and I was

United States INVESTMENT CO

afraid he would lie down. "The Fox never seemed to care much whether he was first, last or in the middle. Just the opposite of Man o' War. I rode the Big Red once when I was a kid, in 1918. He was never satisfied until out in front.

"Zev was a bully and sometimes hard to handle. The easiest and probably the smartest horse I ever rode was Osmond. Almost seemed to sense what it was all about and to the right thin without turning. I rode him in the Derby in 1926 and finished second to Pony McAtee on Whiskery."
