Ford Caravan Coming Here On Tuesday, June 9

Commercial car and truck owners will have an opportunity to see a comprehensive display of Ford commercial cars and trucks when the Ford caravan, comprising more than 16 units, comes to La Grande, on Tuesday, June 9, W. C. Perkins announced.

One of the most important developments in the commercial car and truck business within the last year or so has been the Ford Motor company's new policy of adapting its product to the manifold specialized needs of industry, Mr. Perkins said.

As a result, Fords with standard equipment are now serving as panel delivery units, express trucks, coal trucks, dump trucks, garbage trucks, ambulances, police patrols, and in short for practically every sort of truck use.

In addition to the many body types the Fords are available in a variety of colors and in many cases with single or dual rear wheels, open or closed cab, and with a choice of wheelbase and gear ratio.

Obviously it is impossible for a dealer to carry the present full line of Ford commercial cars and trucks in stock at one time, Mr. Perkins said.

But, through the caravan which is coming to La Grande, local truck users will have an opportunity of inspecting a comprehensive display, including a wide variety of body types. We cordially invite the public to attend our showing and we will be pleased to arrange a special demonstration for anyone who is interested.

Mr. Perkins advises the caravan will include: Town Car Delivery, Deluxe Delivery, Drop Floor Panel, Station Wagon, 157 Inch Stock Rack, 157 Inch Canopy Top, Closed Cab Express, 157 Inch Large Panel Body, 151 Inch Stake, 151 Inch Standard Panel, 151 Inch Heavy Duty Express, Coal Body Heavy Hydraulic, Heavy Duty Hydraulic Dump, Ambulance, Ice Body, Police Patrol—Standard—Adv.

Forest Service Curtails Timber Sales in Nation

PORTLAND, Ore., June 8 (Special)—In line with the policy approved by the president, the U. S. forest service has ordered temporary restriction of sales of timber from the national forests, as a means of relieving the serious depression now confronting the lumber industry.

Regional Forester C. J. Buck has received from Chief Forester R. Y. Stuart instructions, effective immediately, to make no sales of national forest timber during the present economic situation, where the value of the timber sold is in excess of \$500, except under the following conditions:

1. To supply the needs of already existing sawmills which are dependent upon the national forests for their raw material and where such raw material can not be obtained elsewhere.

2. To furnish domestic paper mills with raw material needed to supply the domestic market with newsprint and other wood pulp products.

3. To dispose of wind-thrown, fire-damaged, fire-killed, and bug-infested timber.

These exceptions are designed to avoid causing unnecessary unemployment or unnecessary hazard to the forests.

No restriction is placed upon small sales amounting to less than \$500, which usually involve special markets, directly obtainable from the national forests and utilized locally. In 1929, more than 13,500 sales from the national forests were for sums less than \$500.

Four Oregon Men Receive Degrees

PORTLAND, Ore., June 8 (AP)—Four Oregon men were included in the list of ten graduates upon whom Columbia university, Columbia institution, conferred bachelor degrees here yesterday. They were:

John Raymond Barrett, Albany; Eugene Joseph Schulte, Hillsboro; and James Lawrence Millan and George Percival Smith, Portland.

Barrett gave the class valedictory. Archbishop Edward D. Howard officiated at the baccalaureate mass, and the sermon was delivered by Rev. Vincent T. Keenan, Salem. Bert E. Haney gave the commencement address.

Thirty-four high school graduates also received diplomas.

NEURO ELECTROCUED

BELLEFONTE, Pa., June 8 (AP)—Alexander McCloy Williams, 49-year-old negro, of Delaware county, was electrocuted at Rockview penitentiary today for the murder of Mrs. Vito Beatrice Roberts, matron of Glen Mills reform school, near here, on last October 3.

SOCIETY GIRL MISSING

WATERTOWN, N. Y., June 8 (AP)—Elizabeth Wardell, 24, socially prominent, has been missing from her home here since Tuesday. She was last seen late that day walking with a roughly dressed man in the direction of Syracuse, on the Watertown-Syracuse road just beyond the city limits.

Miss Wardwell is the daughter of Attorney F. Wardwell, vice president of the Watertown National bank.

CANT KEEP WARM IN 220. SPRIN CHAMPION CLAIMS

CHICAGO (AP)—Frank Wykoff's record assault on the world's record for the 220-yard dash recall a remark he dropped here last June just after winning the national collegiate championship in the century.

The slender blond California boy had just dashed off 100 yards in 9.4 seconds, faster than the world's record, when he was asked why he didn't try for the flying mark.

"Stuicks," he said, "I can't run the two-twenty fast enough to keep warm."

A crowd of 10,000 paid admission to the first night baseball game played in Atlanta.

Accused Slayer of Family Goes Free

ELDORADO, Kas., June 8 (AP)—Owen Oberst, farm youth charged with killing his father, mother and five brothers and sisters in 1928, is going free.

R. M. Woodward, Butler county attorney, announced he would ask dismissal of murder charges against Oberst as the result of a state supreme court decision Saturday holding that the case could not be transferred to another county for trial.

Three Butler county juries were unable to reach an agreement. The charged bodies of the Oberst family were found in the smoking chimney of their farm home the night of April 20, 1928. In a confession, later repudiated, Owen, who was then 18, said he shot the seven with a rifle, soaked the floor of the house with kerosene and made a pyre of the bodies because he "just got mad" when his father refused him permission to use the family automobile.

Formed of Alloys

Pewter and britannia metal were the names applied to the soft base alloys from which metal household articles have been made for centuries. Formerly pewter generally contained lead together with antimony and copper while britannia contained no lead. The distinction was not strictly adhered to. At the present time the term pewter covers both types, although the use of the alloys do not contain lead.

Bulletin Board

A good kitchen idea is to have a little bulletin board made of linen, bound in your kitchen colors. Onto this, stick new recipes which you see in periodicals, or a pretty picture that you may want to look at once in a while as you move about your work, or a scrap of appealing poetry that you like to learn.

Remunerative Admiration

"We give admiration to one who has great wealth," said Hi Ho, the sage of Chinatown. "It costs nothing, and if wealth returns the compliment in its own terms, we may find the bargain profitable."—Washington Star.
