NEWS of the CHURCHES

Active Week in Church Circles; School At Coye

Many Interesting Programs Announced For Sunday - E. E. Taylor Assigned to La Grande.

Sunday will bring to a close one of the most interesting church weeks of the summer, with the period crowded more or less with activities. At Coye at the Ascension grounds, the annual Episcopal summer school is under way, with a large number of students and a distinguished faculty in charge.

Through the press wires, it was announced the other day that Rev. E. E. Taylor had been assigned to the Nazarene church in La Grande. Church picnics, meetings of various organizations, etc., have also been held during the last few days.

A few of the churches either are preparing for it. Some of the churches in La Grande do not observe a vacation, continuing their activities throughout the year without a break.

Announcements for Sunday services this weekend include: St. Peter's Episcopal, Fourth Street at Avenue.

Central Church of Christ, Seventh Street at Pennsylvania Ave. The Church of Christ is observing the month of July as "Bible Month." A special effort is being made to have every member of the church present at every service this month.

St. E. Church South, Fir Street at Avenue. Sunday school at 9:45 a. m. opens the services at the Methodist Episcopal Church, South, followed by singing by the pastor at 11 a. m. and 7:30 p. m.

Church of God, Spruce Street at X Avenue. Sunday school begins at 10 o'clock Sunday morning at the Church of God. The sermon subject at the 11 o'clock hour will be "The Christ of the Emmanuel Road."

First Presbyterian Church, Washington and Sixth Streets. "The Great Undeveloped Resources," is the sermon subject of the minister, J. George Wala, at the 11:00 o'clock service, Sunday morning, Lander, in one of his writings said: "It is the destiny of the obscure to be despised; it is the privilege of the illustrious to be hated. Whoever hates me proves and feels himself to be less than I am."

The Bible school meets at 9:45 a. m., each Sunday. You will find much to your liking, and much to your profit in the Christian life, by attending the school and finding your place in the proper class. All ages are invited. The male quartet meets as follows: Junior at 2:00 p. m., Intermediate at 5:00 p. m., and Young People at 8:00 p. m.

First Church of Christ, Scientist, First and Washington Streets. Services will be held Sunday at 11 a. m. and 8 p. m., at First Church of Christ, Scientist.

"God the Preserver of Man" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 14.

The Golden Text will be, "The Lord shall preserve thy going out and thy coming in from this time forth and even for evermore." (Ps. 121:3).

The Lesson-Sermon will also include the following passage from the Christian Science textbook "Science and Health With Key to the Scriptures," by Mary Baker Eddy: "In divine science, man is sustained by God, the divine principle of being."

Upon completion of the new capital at Juneau, Alaska, the headquarters of the United States agricultural stations will be removed to it from Sitka, leaving the old capital stripped of its last government bureau.

except Sundays and legal holidays from 1:00 to 4:30 o'clock. Zion Lutheran Church, M Avenue Near Third. The morning service at the Zion Lutheran church will begin at 11 o'clock Sunday. The pastor, Rev. Edwin W. Bracher, will preach on the theme "Christian Mercy." The choir will sing the anthem "Great is the Lord."

Baptist Church Notes. The services at the Baptist church next Sunday will be of an unusual character. In the morning following the usual Bible school period, a program combining Children's day, Flag day and Family day with Junior sermon, will be presented in the main auditorium, as follows: "Gloria Patri," Recitation, Janice Moon. Primary department song, "Delos Hale, Violin solo, Nadine Hungerford, Isabel Williams accompanist; recitation, Frankie Smith; vocal duet, Jane Williams and Josephine Cochran; glory, Norman Clark, Junior song, "The Whole Wide World For Jesus;" reading, "Your Flag and My Flag," Olo Mae Wright; bugle call to the colors, Leslie Hale; flag salute by Juniors; song by choir, "Old Glory Goes Marching On," Kleckmann; Jun. sermon, "The Two Flags," salute to the Christian American carryover of wheat.

At the evening hour, eight of the World Wide Guild girls will present a pageant, "The Dawn of the World," consisting of two acts, portraying some of the problems of the Americanization of immigrants. Miss Jennie Nielson will play a violin solo, "At Twilight," by Charles Hueter. Mrs. Mervil Moore will sing a solo.

Hours of services are: Bible school, 9:45; morning worship, 11:00; B. Y. P. U., 7:00; evening worship, 8:00. The church cordially invited to these services.

CONGRESS TO AGAIN HEAR RELIEF URGE. (Continued from Page One) should assume whatever loss may be necessary to maintenance of prices at home while export is stimulated by concessions abroad.

Explains Debutante Plan. The debutante plan is an arrangement whereby exporters of those agricultural products of which there is a surplus would receive from the treasury department certificates having a face value fixed by congress and intended to represent the difference in cost of production between the United States and foreign competitors.

As previously proposed, the debutante certificate on wheat would be worth 21 cents a bushel, or one-half the amount of the tariff. A co-operative association of grain dealers desiring to ship wheat abroad would receive the world price plus 21 cents for each bushel exported.

The margin of 21 cents, guaranteed by a government warrant, give the American exporter opportunity to adjust quotations to those of competitive foreign operators and protect the outlet for American grain, students of the debutante say.

Opponents of the plan say it would lead to "dumping" of American surpluses and invoke serious foreign retaliation in the form of higher import duties on the debenturable commodity.

As proposed by the national grange, the export debenture would become operative only at the discretion of the farm board, normally substituting for "emergency stabilization."

Canadian Wheat Higher. Canadian wheat usually has sold from 8 to 10 per cent higher than American wheat. When the Liverpool cash price for June shipment of the Canadian contract grade closed at 74 1/2 cents a bushel, similar quotations on the American product were 9 1/2 cents.

Unless American exporters, it was said, they will be in a position to match prices of wheat exported from the United States, and thus, in a bit of recreation by doctoring his trees.

Tree surgery is to Brookhart what golf and fishing are to others. Long has it been his hobby to wander around on his lawn and search for defects in trees and act as their physician in the summer, indulging in a bit of recreation by doctoring his trees.

There is one old maple tree which he has nursed with much the same care as a child. He takes particular pride in prolonging its life indefinitely.

ORCHARDS HIS FIELD. He devotes time to shade trees while in Washington only because they are the only ones available. His real farm is the orchard, and he confesses that he misses nothing

PAUL C. BROWN WILL ATTEND C. E. MEETING

Members of the local Christian Endeavor societies of the Presbyterian and Christian churches are anticipating with a great deal of pleasure the coming to Paul C. Brown, Pacific coast secretary, next Wednesday, July 15.

Although details have not yet been completed, it is expected that there will be a number of visitors present from the various Christian Endeavor societies in the surrounding territory, including Baker, Wallawa and Union counties.

Mr. Brown will spend the entire day here, his visit being particularly in the interest of the International Jubilee convention of Christian Endeavor which is to be held in San Francisco July 11 to 15.

Mr. Brown will be in position to sustain the price difference, lower quotations on the decidedly superior domestic product might materially narrow the demand for American wheat.

Some visualize the export debenture the incentive for worldwide wheat shipping and, consequently, situation worse or at least no better than the one for which a remedy was sought. That view is taken, notably by the farm board. At the same time the board opposes further emergency stabilization, a practice which already has burdened it with almost the entire American carryover of wheat.

Two Other Substitutes. There are two other substitutes for stabilization, the equalization fee and the so-called "Grobe" plan. The board insists on adjustment of production to domestic consumption, but political and agricultural leaders indicate a fight for modification of the agricultural marketing act.

The "Grobe" plan, advanced by northwest wheat interests, proposes a federal stamp put on every barrel of flour milled in this country. The tax would be collected from millers and prorated to wheat producers on the basis of their annual sales. The tax, however, would be refunded to millers on flour ground for export.

PRESS COMMENTS PRAISE CHORUS. (Continued from Page One) their hearts. Refreshing spirit and quality, not soon to be forgotten." at the University of California, a successful concert Madrid has ever seen was brought to a close by a presentation of the King's medal of the Order of "Chivalry."

Tokyo (Japan) Advertiser.—"By far the best singing Japan has ever heard. The Medal of Harmony, presented by the Emperor to the conservatory of Music, was fully deserved." Tickets for this event are now on sale at Glazier, Drugs, and judging by advance interest, a large and responsive audience will be on hand to hear this fascinating organization at their Monday evening concert.

The advance ticket sale indicates that a large crowd will be present to hear this fine organization and that the work is given at a child. He takes particular pride in prolonging its life indefinitely.

By Herbert Plummer. WASHINGTON, June 12.—On Broadway street, in the little town of Hyattsville, Maryland, just across the District of Columbia line, frequently one will see a man clad in overalls, bustling around among the trees on his lawn.

He is Smith Wildman Brookhart, Iowa's sharp tongued, hard hitting United States senator, indulging in a bit of recreation by doctoring his trees.

Tree surgery is to Brookhart what golf and fishing are to others. Long has it been his hobby to wander around on his lawn and search for defects in trees and act as their physician in the summer, indulging in a bit of recreation by doctoring his trees.

There is one old maple tree which he has nursed with much the same care as a child. He takes particular pride in prolonging its life indefinitely.

ORCHARDS HIS FIELD. He devotes time to shade trees while in Washington only because they are the only ones available. His real farm is the orchard, and he confesses that he misses nothing

quite so much as he does his apple orchard back home in Washington, Iowa. Sometimes he is tempted to buy an orchard near Washington, that he might have a place where his apple orchard could be used to a greater advantage.

When the senator is in Iowa, most of his spare time is spent on his small farm and apple orchard. There he has the reputation of being one of the most successful apple growers in the state.

Apples from his orchard have taken first place at the Iowa State fair, and once he was awarded the blue ribbon at the Midwest fair in Kansas City. He planted the orchard himself, and it has been bearing fruit for only a few years.

American Problems Are Growing More Complex Each Year

roughly with all the ramifications of our present problems, he said, can only be made after such a pooling and coordination of expert experience and judgment as hitherto have not been attempted.

13 Per Cent Rate Reduction Ordered

SALEM, June 11.—A reduction of 13 per cent on lighting rates and a gross reduction of 10 per cent were ordered late yesterday by Charles M. Thomas, public utilities commissioner, against the California public service company. The order was made orally upon completion of the hearing on rates and service of the company before the commissioner yesterday afternoon.

last few decades and which conceivably ought to have a bearing upon our policy today.

Secretary of State Stimson's plan to spend his vacation in Europe is not without precedent, and meets with public approval and the dictates of good foreign policy.
