COVE HILL BILLY FINISHES TALK ON GOVERNMENT ETC.

Some are asking: "Will this ever continue, for humanity to be on the wrong and evil tendencies of life?" To this the whole Universal System of things material and spiritual answers emphatically no! The Master said: "As your Father in Heaven is perfect, be ye perfect also." And the tendencies are for that perfection in man. As the great potential energies that are continuously active, flowing from the Source of all intelligence objectifying itself in all forms that we can observe from the microscopically small things to the immense sizes of stars and suns—through every level of existence—it is forever regenerating and perfecting life. And we find that it only works from the higher into the lower steps—and never from the lower to the higher. We can best illustrate this in us humans—a lower mind never affects a higher mind—but always a superior will elevate a weaker one.

From that source, which is sometimes termed the Divine Source came that first motto for mankind to follow. In that motto was a universal form of government. It is an admission for the individual man to adhere to. It is the Golden Rule as it is known to us. For perhaps 4000 years previous to that time, all we have on records falls

work—and it is obviously a fact that then, we have done those things which we have done to others. And for an individual guide there can be no better governing rule. With that as the prime sentiment, no legislator of any government can possibly legislate laws contrary to the welfare of all its people.

In the near 2000 years after Christ, we find on records many ideas of good government. We hear and read much of Democratic rules, majority rule and the like. But the meaning of that should be followed by the people of each of the several governments of the world. It would be wise for all of us to think well and study deep the significance of—when we read or hear: "A government OF the people, BY the people and FOR the people."

You will note there, like the first Golden Rule that the meaning is the alpha and omega of a good government for mankind. You will find nothing in there that says: "Democracy is that form of government where the majority rules." We see

Important Announcement

Beginning with next week the "Over the Valley" page will appear on Wednesdays and Saturdays, in the place of Tuesdays and Fridays, this new arrangement taking effect at the beginning of the fifth year of this department. The change is made in order to relieve congestion in the composing room of the Observer and will run as an experiment for a time. If the new arrangement proves to be as satisfactory as the old, Wednesdays and Saturdays will become the permanent "Over the Valley" days.

This new order will require some readjustments, naturally. This will be particularly true in the case of some of the regular announcements. For instance, the ladies aid societies of the valley which all meet on Thursday, must get their announcements to this desk by the preceding Friday, for the Saturday paper, in order to get the proper results.

Next Wednesday then, this page comes again.

Wednesday from their home at Caldwell, Idaho, for a visit at the Christ Bertsch home up Mill Creek canyon and with other relatives. Their daughter, Madonna, has been here for a week or two on a visit.

Luncheon Guests—Mrs. L. Z. Terrall of Union had for her luncheon guests yesterday the Misses Amanda Zabel, Mae Stearns, Mabel Doly and Mabel Morton of La Grande and Mrs. Will Vogel of Union. The group attended the stock show in the afternoon.

Name Omitted—In our last story concerning the group of 4-H club members going to the summer school at our state college, we omitted the name of Paul Nice of Wolf creek, which was dumbness on our part. We did include his name in the first list, however. Word from the four who made the trip is to the effect that they are very happily situated at Corvallis and having a wonderful time.

Allen Mills—We would like, also, to write an editorial about Allen Mills of Cove. Allen is one of the hardest working club members in the valley, or any valley. He has been a club leader and in every particular has done good work. But a streak of bad luck has followed him of late. A few weeks ago one of his very best cows, a prize animal which he had planned to exhibit at the stock show died. Two weeks ago even a greater misfortune came to him. He had a cow which he had planned to exhibit at the stock show die. He has taken fine care of the animal, but it was seized with some malady and died. A post mortem was performed and a piece of a nail probably an inch and a half or two inches long was found in the animal's stomach. So stock show came and Allen was short what he had hoped would be his prize winners. But he hasn't stayed at home and felt sorry for himself. He came anyway with what he had, and he has been working as hard as if he had still after stall of animals. Allen has the stuff in him that has made him bigger than the things that can happen to him and we are confident that when the next stock show time rolls around he will have such an exhibit as he had planned for this year.

At Stock Show—Mr. E. K. Hunter are making their annual pilgrimage to the stock show this year. Mr. Hunter who is one of the large breeders of purebred Jerseys in Wallawa county has a big exhibit again this year. Mr. and Mrs. Hunter did not bring their new little daughter with them this year, but she is receiving good care at her grandmother's. Little Miss Sally is now two months old, we are told.

Visits Grandmother—Miss Marjorie Allen of Baker is in the county making a visit at the home of her grandmother, Mrs. Allen up the Mill Creek canyon road.

Hay Crop—Hugh Huron of Brooks Lane is in the midst of his first hay crop harvest, about 150 acres being down when the rain visited the valley Tuesday night. There are about 170 acres in all in alfalfa on the Huron farm this year owing to the hard frost which hit the crop just at the wrong time.

Has Smallpox—Mrs. William Jasper, aged lady living on the sidehill road, is reported to be ill at her home of the smallpox.

Newcomers—Mr. and Mrs. C. J. Whittle and their family who came here recently from the Willamette valley are getting located in their new home on the Island City road. Mr. and Mrs. Whittle have obtained through a trade the property of Mr. and Mrs. R. C. Alexander, the Alexanders having taken the Whittle property which

is located about a mile from Philomath. Their family consists of one daughter, Gladys, who will enter the eighth grade in the La Grande schools. Mrs. Whittle's brother, Hubert Walker is also with them.

Interesting Exhibit—The exhibit, St. Aberdeen Angus cattle brought there by W. B. Riley and sons of McKewen, Oregon, was one of the interesting things at the show. His herd is well known in this valley for a number of reasons, one of them being the fact that there were secured some of the calves used by the club members here. We believe that Allen and Lloyd Mills had, or have, some of his purebred stuff. Six calves from his herd which are owned by residents of the Willamette valley will be shown this fall at the Pacific International and two will be shown in Chicago. Mr. Plummer, manager of the Portland show, has a standing arrangement with Mr. Riley that when a boy wins a championship on an Aberdeen Angus, he shall have his pick of calves from the Riley farm, or if a boy wins second on an animal which came from Mr. Riley's herd, he likewise has his choice. There were three herds of the black cattle on exhibition at the show this year.

Makes Fine Record—We have not yet been able to figure up how many ribbons, blue and red, Mildred Standley, of the Iowa district, won this year with her riding. Mildred made a hurried trip home from Seattle at this time, that she might not miss the stock show. Her exhibitions of riding have called for much applause from the grandstand and the crowd seemed well satisfied that she carried off so many prizes. She has a beautiful horse and she rides it well.

Some Clowns—Homer Holcomb, the cowboy clown was recently named the world's best cowboy clown at a contest held some place down in California. There were nine contestants, we understand, but Homer won over them all. We are also told that next year he is contemplating a tour through Europe which will occupy several months.

Has Bad Luck—Bobby Duncan had quite a scare with some of the members of his herd of purebred Jerseys which he had planned showing at Union. The animals were taken with the blood and a veterinarian was on the job for a good many hours. The cow which is the old standby in Bobby's herd seemed to be the most affected. Bobby had her in Union but she was not yet in good condition and failed to place as she might otherwise have done.

Have Party—The Future Farmers of America from the several high schools of Eastern Oregon enjoyed a dancing party Wednesday evening at the Union hotel. There were games and dancing, a group of Union girls being invited guests. The party was under the direction of W. C. Higgins of Ontario, who is especially interested along this line and who plans to go soon to New York where he will take a course in recreational work.

A Good Thing—We heard a number of people express themselves as being much relieved in looking over the racing program to find no chariot races scheduled for this year. The tragedy of last year is still too fresh in the minds of many.

From Out The County—Four-H club members from outside of Union county who exhibited this year were: One from Malheur county, Peter DeBoer who had two Holsteins in the

club class and won a blue ribbon on each. One from Echo (Unatilla county), Stanley Green who showed seven head of sheep, one registered Jersey heifer and five Duroc Jersey pigs. Six club members from Baker county showed 12 head of calves and some pigs: Alta Mae Christiansen, Wilma Moncreif, Jane Daniel, Freda Fishler, Alfred McCullough and Gerald Fisher.

Attends Show—Miss Esther Edvalson of Catherine Creek was an interested visitor at the show yesterday, the first time she has been able to go for ten years. She said, Miss Ethel has been handicapped for several years with some form of paralysis which made her ability to get around exceedingly limited. This past winter she spent several months in a sanatorium near Los Angeles and was greatly benefited. There are good prospects for even greater improvement.

Sunday Guests—Dinner guests at the Chris Bertsch home up the Mill Creek canyon Sunday were Mr. and Mrs. Fritz Steffen and Mr. and Mrs. Jack Mercer of La Grande. In the afternoon, G. Klopfenstein of La Grande and daughter, Miss Freda who is here from Seattle on a vacation, and Mr. and Mrs. M. B. Sarvis and two children were guests.

Here Is The List—William Vogel, ring-tail-roarer at the stock show, compiled the following list of animals on the show grounds during the three day period, and we think it is quite interesting: 153 head of sheep, 133 head of race horses, 380 head of cattle, 107 head of hogs, 40 bucking horses, 15 roping horses, 25 saddle horses, 50 draft horses.

We figure this out to be 870 head of livestock, all told and Mr. Vogel says that is more than any other show at Union by 225 head. **SOME SHOW!**

Visiting—Mr. and Mrs. B. B. Robinson arrived in the valley Wednesday evening from their home at Spangle, Washington and are making a few days visit. Wednesday night they were guests at the home of their granddaughter, Mrs. W. C. Ayars on Second street and yesterday they

went to the home of their son, Carl Robinson, who lives on the Old Oregon Trail south of Union.

Rather Incapacitated—We understand that Mrs. George Seibird of Union is not able to get around much on account of an injury she received to her foot or ankle not long ago while walking. Mrs. Seibird was some distance from her home when the accident occurred and the walk on the injured member did not help it much and the improvement since has been exceedingly slow.

To Chicago—Miss Lola Martin of Cove planned to leave this week for Chicago where she will attend school. Miss Martin has an aunt in Chicago whom she will be with during her stay. She received word that Miss Lucy Comstock, who was formerly a teacher in Cove and is well known there, expects to attend the Chicago university this summer and as this is the school Miss Martin hoped to attend, they may spend the summer together.

Relatives and friends in the valley of Miss Virginia Wright, daughter of Mr. and Mrs. Charles Wright, formerly of Union, Haines and Baker, and granddaughter of L. L. McKennon of La Grande and Mrs. Belle Wright of Union, were delighted to read the story concerning her recent piano recital which accompanied her picture in last Sunday's Oregonian and Journal. The story which the

A SEASONABLE RECIPE

Curried Veal
One and one-half pounds veal.
Two tablespoons onion.
Three tablespoons flour.
One-fourth teaspoon curry powder.
Two cups milk.
Salt.
Five tablespoons bread crumbs.
Three tablespoons butter.
Fry the veal in three tablespoons butter until brown. Add onion and brown, then flour, curry powder, and milk. Add the milk and cook until thick. Put this mixture in a greased casserole and cover with the buttered bread crumbs. Cook one hour.

STORE MANAGERS SALES CONTEST
WE ARE OUT TO WIN YOUR O.K.

This is Store Managers' Sales Contest Week. All our store managers are out to win. They solicit your whole-hearted support. Shop at their stores for your food. Compare their high quality merchandise, their courteous, pleasing service, their everyday low prices, with those you find elsewhere. Then you will surely agree that they merit your patronage, today, tomorrow and every day.

Features for Saturday and Monday, June 13-15
