ROSEBURG, Ore., June 15 (AP)—Mrs. C. M. Daley, resident of the remote community located in the mountain district 35 miles east of Roseburg near Lone Rock, was found last night after a hastily organized posse had searched several hours.

Mrs. Daley left home early yesterday and became confused in the woods, wandering in the wrong direction. When she failed to return in the afternoon alarm was felt and men called together for the search.

Sheriff V. T. Jackson sent to Eugene for bloodhounds but the woman was found before the dogs arrived. She was tired and wet but uninjured.

Hens in South Carolina demonstration flock retained a net profit of 25 cents each to their owners in one month.

AMERICAN CONTINUES FLIGHT OKLAHOMA CITY, June 15 (AP)—Amelia Earhart Putnam left here today for Enid, Okla., in her auto-gyro plane.

BRUSSELS (AP)—Had Queen Elizabeth of the Belgians sat in one of these post-war thrones that trembled with such violence as to dislodge their occupants, she would have been far better equipped to cope with the changed order than were many.

She would have needed only to bang out a professional shingle reading "Elizabeth M. D." and could have begun taking in fees as a practicing physician.

True daughter of that princely occultist, her father, the queen is not only a doctor of medicine, but has interested herself in various arts and sciences.

She attends all national and international scientific congresses held here and delights in discussing learnedly with scientific specialists of one sort and another.
