

Miss Neas Will Direct Play At Wallowa Dec. 8-9

By Mrs. C. A. Hunter (Observer Correspondent) WALLOWA, Ore. (Special) — The Wallowa Women's club is preparing a play, "West of Broadway," which will be a benefit performance given two evenings, Dec. 8 and 9.

Orin Morgan, principal of the grade school, was disappointed in his plan to spend Thanksgiving at the home of his parents, Mr. and Mrs. Albert Morgan, of Imnaha. He was unable to make the drive on account of the recent snow.

After several nights with the thermometer around the zero mark, the weather moderated Wednesday and about six inches of fresh snow fell in Wallowa, Friday night registered slightly below zero and Saturday night the mercury dropped to 5 below, the coldest night so far this winter.

Mr. and Mrs. W. F. Poole received word last week that their daughter and husband, Mr. and Mrs. Leo V. Reed, are moving from John Day to Forest Grove where Mr. Reed is employed on the coast highway.

Mrs. Robin Bird, of Enterprise, has been in Wallowa for several days caring for her mother, Mrs. William Hamilton, who has been confined to her home for two weeks because of illness.

Forrest Carpenter, student at Oregon State college, and Jack Gregory, student at the University of Oregon, arrived in Wallowa Wednesday to spend the Thanksgiving vacation with their parents.

A number of local teachers left on Wednesday's train for their homes in various sections of the state to spend the four-day vacation. Miss Marion Elliott went to Corvallis, Miss Louise Kennedy and Miss Catherine Calouret to Portland, Miss Melba Hanks to La Grande and Mrs. James Cornelison to Pendleton.

Mr. and Mrs. Edwin Marvin and family and Mr. and Mrs. John Bratton and family spent Thanksgiving in Enterprise at the home of Mr. and Mrs. A. B. Aminino.

Miss Cora Hendrick of Berkeley, Cal., arrived in Wallowa Wednesday to spend two weeks visiting her parents, Mr. and Mrs. Carl Hendrick.

Mr. and Mrs. Virgil McGraw are the parents of a baby daughter born Monday, Nov. 23 at their home two miles east of Wallowa.

A baby daughter, weighing nine pounds was born Monday, Nov. 23 to Mr. and Mrs. Ray Miller at their home on Bear creek. The baby has been named Donna.

Mr. and Mrs. Harland Stewart, of New Plymouth, Idaho, arrived in Wallowa Friday for a few days visit at the home of C. T. McDaniel and to look after business interests in Wallowa county.

C. A. Hunter returned Wednesday from New Plymouth, Idaho, with two carloads of Shorthorn steers which he bought from Harland Stewart. He will feed them at his stock ranch east of Wallowa.

Baseball Clubs Are Sparring For Better Players

By Paul Mickelson (Associated Press Sports Writer) WEST BADEN, Ind., Dec. 1 (AP)—So far there has been plenty of sparring but no knockout in the big major-league skirmish at West Baden to land better players or more desirable playing combinations for the 1932 baseball campaign.

All the major league clubs had their camps pitched today. The Chicago Cubs, here with a big bag of William Wrigley's gold to tempt such clubs as the Boston Braves, the Phillies and the Championship St. Louis Cardinals, intimated they were making good progress and almost ready to break the monotony with an announcement. Many rumors involved their huddles and one of them included Burleigh Grimes, star pitcher of the Cardinals, who may wear a Cub uniform next season.

Ed Brandt, star hurler for the Braves, and Whitby Klein, home run producer for the Phillies, also are mentioned as probable Cubs for 1932. President William L. Veck of the Cubs answered queries by promising an important announcement for either today or tomorrow.

The White Sox caused somewhat of a mild surprise yesterday by announcing a spring training schedule without a major league exhibition and were "hot" after a few trades. Minor Leaguers Meet

Meanwhile, the minor leaguers held various meetings of no great importance to the outside baseball world. The annual meeting of their general body, the National Association of Professional Baseball Leagues, was postponed from today presumably to give some of the representatives more time to get here. Under the postponement, the meetings will be held Wednesday, Thursday and Friday.

The Western League, the first to hold a business conference, met all day yesterday and all but decided to continue the 1932 season status quo with the same eight clubs in operation. The Southern League had a meeting scheduled for today while the three class AA leagues, the American Association, Pacific and International Leagues, planned to meet tomorrow.

WALKER AND WALSH PLEAD FOR MOONEY (Continued from Page One) prosecution witnesses in Mooney's trial, gave perjured testimony and was a publicity seeker.

ROLPH OPENS HEARING STATE BUILDING, San Francisco, Dec. 1 (AP)—Governor James Rolph Jr. today opened a hearing for presentation of an application for pardon of Tom Mooney, convicted of bombing a San Francisco parade in 1916.

With Governor Rolph on the bench of the supreme court as legal adviser were Matt I. Sullivan, former chief justice of the supreme court and Louis F. Byington, former district attorney. Daniel J. O'Brien, state director of penology also sat with the governor and lawyers.

Frank P. Walsh, Mayor Walker, of New York; Aaron Sapiro and Cyrus B. King, Oakland lawyer, were introduced as attorneys for Mooney. Walsh Speaks First

As soon as the court was free of photographers, Walsh started the opening argument for the petitioner. The 67-year-old New York lawyer who had fought for Mooney for 13 years, started the first address by plunging into an earnest discussion of possible miscarriages of justice.

Walsh referred to the fact the California court had and soon after charges of perjured testimony were made that if a wrong had been done it could be righted only by the governor.

"Your excellency has granted Mooney the first open and full hearing in 15 years," said Walsh. He then ran rapidly through the history of the case concluding: "Take out of this record the testimony of Frank C. Oxman and John MacDonald and there is not a line to connect Thomas J. Mooney with this terrible crime."

Bull Rocks Scales At 3600; From Nose To Tail He's 14 Feet

ODESSA, Tex. (AP)—It's not an elephant in disguise. It's "Jumbo," John H. Gist's Hereford bull, measuring 14 feet from the tip of his nose to the root of his tail and six feet from the high point of his shoulder to the bottom of his hoof. "Jumbo" is believed to hold the world's record for size in his breed.

But Gist is not yet satisfied. Encouraged by a standing offer of \$1 a pound for the animal, he says he'll have "Jumbo" scaling an even two tons in time for the fat stock show at Port Worth next March.

Asked his reason for developing such an enormous beast, Gist, a cattelman for more than a quarter century, replied: "I just wanted to see how big a bull I could raise."

So many visitors come to the Gist farm to see "Jumbo" that Gist plans a register to keep count of them.

"Jumbo," a Hereford bull owned by John M. Gist of Odessa, Tex., weighs 3600 pounds and measures 14 feet from his nose to his tail. Gist, shown with the animal, hopes to make "Jumbo" scale an even two tons.

Even though prices in general are little, if any, changed, market for country killed lambs rules weaker. Sales of top blockers mostly 7 1/2 @ 80 lb. Veal about steady around 10 1/2 c mostly for best.

Restrict Copper Reduction, Report BRUSSELS, Dec. 1 (AP)—The newspaper l'Informateur today said an agreement has been reached with the Union Miniere for reduction of copper production to 82,000 tons yearly of which 30,000 are to be stored in Africa.

It added that the agreement fully satisfies the union and should result in a rise in copper prices. Officials of the union however, denied any definite solution has been reached, saying the conferences are likely to last another week.

WASHINGTON, Dec. 1 (AP)—Senator Vandenberg said today a conference of copper producers would be held here today to consider the "serious situation" of the industry in view of competition from African mines.

Baseball, wrestling, tennis and track are facing restrictions in athletic programs of Big Six conference schools. Football teams of V. M. I. and V. P. I. have met 28 times with 18 wins for the Polytechnic Gobblers.

Cube Butter Of Standard Grade One Cent Lower

PORTLAND, Dec. 1 (AP)—Cut of 1c in the price of cube butter of the standard grade on the produce exchange during the late season was by no means a surprise to the trade. In fact it was obvious that either low scores should decline or top butter advance if the market here was reflected within sight of actual supply and demand conditions.

Recent concerted attempt on the part of produce exchange interests to punish the larger retail operators who buy mostly the lower scores, appeared to have overreached itself and failed to punish the small country creameries who were alleged to be doing the bulk of this business.

Therefore the cutting of standard butter cubes 1c to 30c was in line with conditions. Butterfat showed a similar cut.

While locally the market appears steady at least, some points in the east show weakness and lower prices for eggs. Local receipts have shown quite a decrease during the last few days.

There was no further change in the general buying price of live chickens Tuesday. The previous cut of about 1c became more or less general among the bigger operators who forced the entire market off with them.

Even though prices in general are little, if any, changed, market for country killed lambs rules weaker. Sales of top blockers mostly 7 1/2 @ 80 lb. Veal about steady around 10 1/2 c mostly for best.

Weather is having a favorable influence upon the market for potatoes both here and at primary points. Fractional advances are recorded. Local stock is still practically absent from the trade. Lack of proper inspection is a factor.

Notes of wholesale trading: Cabbage, onions, potatoes and cauliflower are higher. The latter is very scarce. Small oranges are showing a decline. Artichokes are scarce on account of cold weather in California.

Steelhead salmon is finding call at 14c lb. with very good quality. Fancy blacked and lingcod are now arriving. Former at 10c and latter at 9c lb.

Local cabbage is very scarce on account of the freeze but is expected to be plentiful again with a thaw. Celery is firmer but unchanged in general price range.
