## ARMY AND NAVY CLASH SATURDAY

Close Contest Expected But Cadets Are Given Edge Over Middies.

By Hugh S. Fullerton Jr. (Associated Press Sports Writer)

NEW YORK, Dec. 10 (AP)—Although the season's records of the Army and Navy football teams seem to give the Cadets a big margin over traditional rivals, there is every indication as the game draws nearer that the charity contest will be as close as Army-Navy games usually are.

In ten games each has played so far, Army's record shows seven victories and one tie against two defeats and only one of the two was a bad beating. Navy lost two games by 20-0 scores and two by closer margins while winning and tying one.

Navy showed few signs of real strength until its last three games and then improved steadily. In the Pennsylvania game last week, "Buttlet Low" Kirt, the Midshipmen's chief offensive threat who had been hampered by injuries, came back in better form than ever before. Then Sam Moncure, new quarterback, got a "punch" into the Navy that his predecessors had not been able to uncover.

Against this and Navy's strong defense, Army has the team that trounced Notre Dame 12 to 0. Ray Stecker, who beat Navy last year and who performed brilliantly against Notre Dame, is the kingpin of the

Cadet attack but O'M Kilday has been performing with special brilliance in practice and there are plenty of other good backs. And an indication of Army's all-around strength, four Cadet players were mentioned in selecting the Associated Press All-American team this year.

Preparations for the game were just about completed. Both teams will arrive in New York about noon Saturday in time for their parade into the Yankee Stadium.

Major P. B. Fleming, Army's graduate manager of athletics, estimated that every seat would be sold, assuring a "gate" of \$400,000. In addition charity was to benefit through the arrangements for a nation-wide radio broadcast as the company which won the privilege of acting as sponsor made a sizeable contribution. The National and Columbia broadcasting chains have donated their networks so about 150 stations will carry the report of the game.

## LEGION TO TAKE LEAD IN CAMPAIGN

(Continued from Page One)

but are willing to co-operate with other organizations in a city-wide drive in which every organized group will be responsible for the future of the band.

Representatives from the Lions, American Legion, legion drum corps, Rotary, and the chamber of commerce were at the meeting and plans for organization were presented by Charles Haysie, C. H. Reynolds, A. W. Nelson and H. E. Coolidge, supplemented by suggestions from various others. Mr. Coolidge suggested that the legion would be well qualified to

undertake the drive, and Mr. Nelson suggested it should be carried on by representatives from men's and women's clubs who would form an independent civic body.

The legion committee decided they would be willing to assume the responsibility of heading the committee to arrange for raising the funds with the co-operation of the other organizations.

**Plan Is Approved**

The plan outlined at the meeting met with the approval of the bandmen, and they were enthusiastic about continuing rehearsals. A meeting will be called soon to fully explain the proposed program.

Plans for raising money were not discussed fully, but will be arranged at the meeting next week.

## CONGRESS LIKELY TO GRANT HOOVER MOST OF PROGRAM

(Continued from Page One)

committees needed to work on most of the legislation. His appropriation group, however, is ready to bite into the \$4,000,000,000 budget. Chairman Byrns proposed to get subcommittees named and organized before the weekend so as to get the big appropriation bills rolling.

Meanwhile a continuation of the general debate on the presidential plans marked house proceedings for a second day, with a chance for continuing the Democratic-Republican exchanges on party policies, responsibility for the present economic situation, and prophecies on the outcome of the 1932 presidential campaign.

Under cover of the oratory the Democratic leaders gave serious attention to the alternative plan with which they propose to supplant the Hoover-Mellon tax program. It probably will not come out for some time as the senate-house program committee of the party is not yet ready to draw it.

**CALLS COMMITTEE MEET**

WASHINGTON, Dec. 10 (AP)—Senator Robinson of Arkansas, the Democratic leader, today called the first meeting of the special Democratic legislative committee to frame the party program for next Tuesday.

**OPPOSES REVIVAL OF BOARD**

WASHINGTON, Dec. 10 (AP)—Opposition to revival of the war debts commission as proposed today by President Hoover was expressed by Chairman Borah of the senate foreign relations committee.

## TWO LYNCHED IN LEWISBURG TODAY

(Continued from Page One)

While one group guarded Flint, another went back into the cell block and weakened Jackson and Banks. Flint only in their underclothing the pair was taken out of the jail and placed in two of the leading automobiles.

The caravan then proceeded through town to the edge of the town limits. Occupants of the leading car selected a telephone pole and cars stopped. Hopes were tossed over either side of the cross arm and a group of men grasped the ends. Nooses were quickly fashioned and at a signal the group pulled Jackson and Banks up toward the cross arms.

At another signal dozens of the men produced guns and their grim work was completed.

The shots aroused the town, but before the townspeople could get to the scene in any great numbers the lynchers had driven away in their automobiles.

Flint, the jailer, refused to say whether he had recognized any of the men or automobiles, as did the few spectators.

## Cube Butter Is Down One Cent In All Markets

PORTLAND, Dec. 10 (AP)—Cut of 1c lb. in the price of cube butter on the produce exchange for the last session appeared somewhat in line with late trading conditions. This not only applies to the immediate Portland territory and to the Pacific slope but to the country generally. Weather conditions have greatly aided production in the midwest and east while coast supplies have held up well.

The cut in cubes naturally brings down the price of print stock as well as butterfat.

Differential between top and bottom prices on cubes is still but 2c lb. which gives little encouragement to those trying to turn out top score supplies. In fact the greater call is in undergrades with top score more or less inclined to drag.

It appears that butterfat buying prices are again a trifle mixed here. Portland delivery price is off 1 to 2c, both 30-31c being quoted for sour or No. 2 while the country station in general is off 2c at 27c for sour and 29c for sweet.

There was practically no change in the egg market situation for the day insofar as the local price is concerned. Values show a spread of a couple of cents but there is some difference in quality.

After a long period of inactivity, the price of cheese has been cut 1c lb. effective at once. The new price at Tillamook is 16c for triplets to jobbers and 17c for loaf. The Portland price to retailers is 18c for triplets and 19c for loaf in box lots.

Entire live chicken trade remains slow along the wholesale way with no further general price change. Light hens of uncertain quality are very weak as are roasting fowls. Ducks and geese continue nominally quoted.

Recent spurt of selling of onions at Willamette valley points as a result of the advance in the buying price to \$3, sacks and twine, appears to have subsided with more or less tighter holding by growers. Portland is now the highest market in the United States at the moment.

First arrival of Florida oranges of the season was reported. The stock of very good quality ranges 200s and smaller. Priced \$5 case.

Very heavy supplies of poor cauliflower are wrecking not only the local demand, but the price. Much of this stock will probably be dumped. Real quality is scarce and inclined to hold fairly well in price.

Unusually heavy call for hothouse tomatoes and especially local offerings are reported. Sales are reported to \$2 for 10s extra fancy. Outdoor California tomatoes very slow.

Notes of wholesale trading:

Veal market is sick with general trading not above a dime.

Country killed hog market is fairly active around 7 7/8c for top blockers.

Lambs are in fair call with tops 9c to 10c but mutton is active 4 1/2c.

Potato market is quiet but primary points continue to ask full prices.

And sweet potato season is about over and holiday offerings will be from cellars to cost more money.

Oranges are showing strength in the south with some advances there. Catches of Columbia river smelt too limited to quote.

**PORTLAND PRODUCE**

PORTLAND, Dec. 10 (AP)—Butterfat—Direct to shippers, track 30c; station No. 1, 29c; No. 2, 27c; Portland delivery prices; No. 1 33c@34c; No. 2, 30c@31c.
