**"PEPPER" MARTIN TOPS ATHLETES**  
Cardinal Player Regarded as Outstanding Individual of 1931.

(Note: This is the first of a series of four stories featuring the views of the nation's sports editors on the athletic highspots of 1931. The accompanying story is in response to the Associated Press query: "What was the outstanding individual achievement in sports for 1931?" Next the poll on the outstanding team achievement will be discussed.)

By Alan Gould  
(Associated Press Sports Editor)  
NEW YORK, Dec. 21 (AP)—To John Leonard (Pepper) Martin belongs the distinction of turning in the outstanding individual achievement in sports for 1931, in the overwhelming opinion of American sports writers and editors.

With the same sort of speed that marked his sensational solo flight against the Athletics in the world series, the young St. Louis Cardinal outfielder romped away with the vote in a nation-wide poll conducted by the Associated Press.

A Clear Majority  
Martin was singled out as the individual star of the year by 68 percent out of a total of 112. This was slightly more than 60 per cent, giving Pepper a clean majority over all other candidates combined.

Although they were outdistanced, Francis Outmet, the veteran who returned to the amateur golfing heights after 17 years, and Ellsworth Vines, 19-year-old national tennis king, ran a close race for second place. Outmet finally won by the narrow margin of 11 votes to 10 for the California sensation.

Here are the results of the Associated Press poll:  
Pepper Martin, St. Louis Cardinals 68.

Francis Outmet, national amateur golf champion 11.  
Ellsworth Vines, national amateur tennis champion 10.  
Lefty Grove, leading American league pitcher 6.  
Billie Burke, national open golf champion 4.  
Helene Madison, swimming champion and record holder 3.  
Max Schmeling, heavyweight boxing champion 2.  
Albie Booth, Yale football captain 2.  
Bat Battalino, featherweight boxing champion 1.  
Howard H. Jones, Southern California football coach 1.  
John Oral, Colgate football captain 1.  
Jules La Doumeque, (France) world mile record holder 1.  
The recognition for what one sports editor described as "Martin's unprecedented, spectacular and record-breaking play in the world series" furnished striking proof of how the youngster's performance stirred the enthusiasm of the nation's sporting experts. The Cardinal star's personal batting and base running exploits, which had the world champion athletics completely up in the air for five games, possessed every element of sporting drama.

By the half dozen who selected Lefty Grove for the No. 1 individual performance of the year, instead of Martin, it was pointed out that the southpaw star's ability was tested over a full season. Similarly those who rated Vines at the top of the list emphasized the brilliance it required to capture 14 tennis tournaments at the age of 19.

"By capturing every one of the 15 free style official women's swimming records, Helene Madison was fully entitled to be conceded the outstanding individual performer of the year," wrote another sports observer. "No other woman swimmer

has ever done this remarkable stunt."

Imaginative Names  
Among unusual names of horses on an old program of racing events found recently in Glasgow, Scotland, were "Jack's My Favorite," "Briton's Strike Home," "Fear Not, Victorious," "Kiss in a Corner" and "First Time of Asking."

**IKE CAVENEY NEW MANAGER OF THE SEALS**

SAN FRANCISCO, Dec. 21 (AP)—James "Ike" Caveney, utility infielder with the San Francisco Seals since 1928, Saturday was named manager of the club for the 1932 season. He replaces Nick Williams.

Caveney's predecessor, Williams, piloted the Seals to the championship last season and then severed connection with the club. Seals' officials said he resigned and Williams insisted he had been released without explanation. Williams will act as scout and coach for Portland next year.

The new manager of the Seals said he had no definite policy in mind but that he hoped to make his managerial debut successfully. "Whatever else happens, the boys will be out there fighting," he said.

The trading of Burreigh Grimes up the river means just exactly what it indicates: first, that sentiment has nothing to do with the business of producing major league baseball winners; second, that the Cardinals expect at least one of their new chain-store stars, probably Dizzy Dean or Ray Starr, to become a pitching regular in 1932.

There will never be a smarter or gamier pitcher than Old Burreigh, who had a great deal to do, as you know, with the discomfiture of the Athletics in the last world's series.

But, barring the rubber arms of Old Jack Quinn, major league pitching wings have their limits. Grimes can no longer work effectively without close to a full week's rest between games. Probably he has no more than one more regular season of duty in his system, but he can do Rogers Hornsby's ambitious Cubs a lot of good next year.

Grimes was considered quite seriously as the successor to Wilbert Robinson as manager of the Brooklyn Dodgers before the baton of leadership finally was handed to Max Carey.

Baseball men have a high regard for Burreigh's sagacity. He has now made almost a complete circuit of the National league and knows what it is all about. He is a trusty game never will be the same without a few leaders of this type.

Grimes, with the Cubs and given a chance to get into another world's series, might play a decisive pitching role again, providing Root, Malone, Smith and Bush can meet Hornsby's expectations.

Miller Hooper Grows Warm  
"What," asks the alumni secretary of the Purdue Alumni Association, Inc., of West Lafayette, Ind., "does it take to make the A. P. All-American team?" For which starting point he goes on to discuss the case of Miller, Purdue's very fine center.

Miller against Wisconsin outplayed the three centers the Badgers put against him and in the last three quarters not a first down was made by Wisconsin. At Chicago he made one half of the tackles. Indiana, Iowa and Northwestern only made four first downs through the Purdue line altogether. It was Miller, backing up the Purdue line on defense that made this possible.

**Athletics Look Forward to 1932 Race With Hope**

(Note: This is another of a series of baseball stories noting major league shakups and 1932 prospects.)  
PHILADELPHIA, Dec. 21 (AP)—Still boasting the American league's batting champion: a "big three" among pitchers that won 72 games last season, and the best catchers in baseball, the Philadelphia Athletics look forward to the 1932 pennant race with no trepidation.

Connie Mack, who will celebrate his 68th birthday Dec. 23, still regards his A's as the best club in baseball.  
The closeness and outcome of next year's competition depends upon how much the New York Yankees and Washington Senators improve.

While Washington seeks more punch and the Yankees better pitching, the three-time American league champions, with one exception, will place the same club in the field that started winning titles in 1929.

The only new man introduced to the cast since that time is Shortstop Dibrail Williams who replaced Joe Boley and distinguished himself in the world series.  
-Simmons to Remain  
The Athletics again will be fortified by the presence of the leading hitter of the league—Al Simmons.

They will have Mickey Cochran, who is fully recovered from the ailments that hampered him in the world series.  
They will again present the rotation of pitchers that turned in 72 victories last year. Lefty Grove, George Earnshaw and Rube Walberg, including Roy Mahaffey and his 15 victories, the Athletics had four hurlers in 1931 who produced 67 triumphs. The best of the young pitching prospects is Lew Krause, school-

**Cooper Winner Of \$4000 Open Using New Ball**

By Paul Zimmerman  
(Associated Press Sports Writer)  
PASADENA, Cal., Dec. 21 (AP)—Those who favor the new heavier golf ball had Harry Cooper's victory in the fourth annual Pasadena \$4000 open tournament today as proof of their prejudices.

The confident Chicago pro took into himself first prize money of a thousand dollars yesterday by leading a field of 180 players by seven strokes after the three-day, 72-hole contest which marked the first tourney test of the weightier missile.

Light Horse Harry, who rode out of Texas five years ago as an unknown youth with a strong belief in his own game to annex the Los Angeles open, set a burning pace of three strokes under par for the hot-dried layout, shooting a 281 to outclass the field.

Scores Sizzling 67  
After trailing three strokes on the opening round with a 72, one over par, the professional from the Glen Oaks country club started the gallery and his opponents Saturday with a sizzling 67 to take the lead he never relinquished during Sunday's 35 holes.

While the exponents of the heavy ball may have their inning with Cooper as proof, his closest competitors, Wiffy Cox, veteran Brooklyn carpenter who placed second and Fred Morrison, powerful driving clubber from Los Angeles, were placed third and fourth with 70 and 71, respectively.

Cox ran up a 289 total for the 72 holes, worth \$600 to him in prize money, while Morrison wound up with a 289, good for \$400 in the coin of the realm. New ball advocates took the next four places.

Hagen Ties For Fourth  
Ralph Guldahl and Walter Hagen, a couple of Detroit pros, tied for fourth with 290 strokes and collected \$325 while Ray Mangrum of Los Angeles and Eddie Loos, Chicago, tied for sixth to receive \$225 each. All played the ponderous pellet.

By placing second, Cox increased his lead as high money winner of the California gold trail after two stops. He won \$1540 by taking the San Francisco tournament, boosting his earnings to \$2140. Although he won only \$30 yesterday, George Van Elm, Los Angeles, holds second place with a \$1077 total. He won \$1027 at San Francisco as runner-up to Cox. Cooper stands third with \$1000.

The next stop for the winter golfing army will be at Santa Monica, Jan. 2 to 4 for the \$2400 amateur pro tournament here.
