Cowboy Music Is Feature of Meet

A program of cowboy music, the folk songs of America, was presented by Mrs. Lynn Wright last night before one of the largest meetings of the Neighborhood Music club of the year, at 7:30 at the La Grande hotel.

Like all folk songs and legends, the cowboy songs have been evolving for many years, with new versions and new verses added so that it is difficult to trace the authorship of the original.

"Home on the Range" and "Press Along, Little Cowboy," two typical cowboy songs, were sung by a men's quartet, composed of George Birnie, Sherwood Williams, Paul Knautz and E. E. Hurley, accompanied by Mrs. Birnie.

The Blue Mountain Wranglers were presented, featuring Raymond O. Williams and Kermit Ragin as soloists. Mr. Williams sang "When the Work's All Done Next Fall" and "Strawberry Roun," while Mr. Ragin sang a sweet and luscious number, "The Campers Blues."

Grand Ladies Of Early America Influence Mode

NEW YORK (AP)—Grand ladies of early America—Martha Washington and the chic and charming Dolly Madison—will influence the fashion mode of Miss America 1932.

Perhaps, too, the Washington bi-centennial has something to do with it. Many of the style touches that fashion designers are reviving were popular in his day.

The Dolly Madison influence is seen in tiny tight curls and tufts of flowers enhancing the coiffure. There are colonial pumps, too, with large tongues and great buckles of steel; and the wrist length gloves with delicate cut-out designs on the back are reminiscent of early American modes.

Reproduction of the quaint patterns featured in gowns worn by Martha Washington and other ladies of the colonies are to be seen in some of the new evening prints. Taffeta is popular; and in some instances there are adaptations of the bustle of the middle and late 1700's.

Skirt lengths for daytime wear will be about 12 inches, but evening lengths reach to the floor. For sports wear skirts drop just below the knees.

The evening neckline will be high, with daring cut-out effects under the arms, extending in some extremes to below the belt line.

Blue in a variety of tones is a leading spring color. Beige, warm reds, grays and browns also are popular. Black is being used for late winter. Stripes will lead for early spring, but the old fashioned checks, bright plaids and flowered and designed prints are being shown.

Feathers will predominate in the trimming of early spring hats, but the experts believe flowers will replace them in later season modes.

Oklahoma Deer Herds Spread OKLAHOMA CITY (AP)—Deer herds in western Oklahoma, protected from hunters, are reported spreading rapidly. In one county at least 200 are now estimated to be roaming.

Tragic Story Of Death of Two Men Comes to Light

JORDAN VALLEY, Ore., Jan. 5 (AP)—The tragic story of two men in an isolated cabin who accidentally took poison and then vainly tried to save themselves as they felt death coming was told here by officers who brought the bodies of Vernon High, 45, and Raymond Lee, 24, out of the snow bound Southwest Idaho ranch country.

The bodies were discovered late last week by Dewey Wicks, a cowboy. He told officers and they made the two-day trek into the Juniper section of the Owyhee county, in which is located the Star ranch where the men died.

A brief note scribbled by one of the men before he collapsed, told the story. Both took a dose of what they thought was medicinal salts. Instead it was a crystalline poison used by High in his trapping.

Desperately they swallowed mustard and other common remedies for poison, but to no avail. Wicks found the bodies, one on the floor and one on a cot, where they had lain, officers believed, since about Dec. 27.

The coroner said there would be no inquest.

Probe College "Employment" TOPEKA, Kan. (AP)—Officials of the Central conference will continue their investigation into student scholarships and employment until next May. "Adjustments" are expected at certain schools.

FEWER, LESS SEVERE COLDS WITH "COLDS-CONTROL" PLAN

Discovery By Makers of Vick VapoRub Makes Possible Better "Control-of-Colds" In the Home.

Then — if you feel that stuffy, sneezy irritation of the nasal passages, Nature's usual signal that a cold is coming on — use Vicks VapoRub. It's a natural, safe, effective remedy that's been used for generations.

HIGH COSTS REDUCED

Relief from much of the burden imposed by colds is now available in every home. The Vick Plan for better "Control-of-Colds" lessens the number, the severity and the duration of colds. It reduces the family's "Colds-Tax" in money, loss of time and health.

A New Vick Discovery. This plan has been perfected by the makers of Vicks VapoRub—made possible by Vicks Nose & Throat Drops. Based on a new idea for "preventing" colds, this new Vick formula is an ideal companion to VapoRub, the modern way of "treating" colds.

1—Before a Cold Starts Watch yourself whenever you have been exposed to anything that you know is apt to give you a cold, such as—

Contact with others having fresh colds — crowds, stuffy ill-ventilated rooms, public places — a night on a Pullman or a dusty automobile ride — sudden changes in temperature — inhaling smoke, dust, gases — excesses in living, such as over-eating, smoking or drinking, which reduce body resistance — after a hard day when you are over-tired.

2—After a Cold Starts At night, massage the throat and chest well with Vicks VapoRub (now available in white "stainless" form, if you prefer). Spread on thick and cover with warm flannel. Leave the bed-clothing loose around the neck so that the medicated vapors arising can be inhaled all night long.

3—During the Day — any time, any place—use Vicks Nose Drops every few hours as needed. This gives you full 24-hour treatment and without the risks of too much internal "dosing," which so often upsets digestion—especially of children.

4—Use together as directed in the Vick Plan for better "Control-of-Colds." Unless you are delighted with results, your druggist is authorized to refund your money.

"There's none so good as LUCKIES" "I've tried all cigarettes and there's none so good as LUCKIES. And incidentally I'm careful in my choice of cigarettes. I have to be because of my throat. Put me down as one who always reaches for a LUCKY. It's a real delight to find a Cellophane wrapper that opens without an ice pick." Jean Harlow "It's toasted" Your Throat Protection—against irritation—against cough And Moisture-Proof Cellophane Keeps that "Toasted" Flavor Ever Fresh TUNE IN ON LUCKY STRIKE—60 modern minutes with the world's finest dance orchestras and Walter Winchell, whose gossip of today becomes the news of tomorrow, every Tuesday, Thursday and Saturday evening over N.
