Chats With Parents

EMBRICING AN ENVIRONMENT. By Alice Judson Teale. Ideally we would ask for every child an environment which would give him plenty of free safe play space, a home with a big front lawn, and a bigger back yard, a nearby playground and fine healthy playmates from other good homes as playmates.

Health

THE NERVOUS HEART—It is worth while to go out of our way to bring our children into afternoon play groups which will take them to a park or playground if there is none in a nearby section.

Chats With Parents

Most children lack these things. Too often the only available playground is the street, the neighborhood attractions comprising a movie theatre and a candy store, while the language and habits of the children indicate a home background below a proper standard.

OUT OUR WAY

By J. R. Williams

is, of course, to be found in the quality of family life itself. A friendly affectionate atmosphere, serenity, a sense of harmony, with all the values these things imply, will help a child to meet without lasting hurt the impact of much that is coarse and mean and ugly.

and will still increase in proportion as the nervous system is affected by the more frequent and ardent operation of the passions.

Time and added experience have confirmed Dr. Williams' observations. Experimentally it has been shown, both on animals and men, that intense emotions exercise a far-reaching influence upon the work performed by body organs.

Digestion can be arrested by anger, fear or other intense emotions. Now by virtue of the work done by psychologists and psychiatrists we know, as Dr. Halsey has said, that "an unhappy status of mind due to unfulfilled desires and conflicts may set the stage for the development of a heart disturbance, as one way of escape from unhappy situations, or as an offensive in the accomplishment of a much desired objective."

Under the old Hindu divorce law, husbands were supposed to leave wives who spoke unkindly to them.

state travel with a certain percentage of visitors making their homes here.

Following is a record of inquiries received over the last nine years:

Table with 2 columns: Year, Inquiries. Data from 1923 to 1931.

With a red satin tie-scarf caught with a diamond pin. With the costume Mrs. Coates wore a little black-toque trimmed in black seal.

PEDESTRIANS HODGE TRAFFIC RATHER THAN USE TUNNEL. ST. LOUIS (AP)—Human nature being what it is, it might have been, just as well for the city not to build a pedestrian tunnel at the busy intersection of Twelfth and Market streets.

A check shows few use the recently completed safe use. Almost without exception citizens on foot preferred dodging traffic to walking up and down stairs and losing a few seconds' time.

"All the grown-ups walk over the street," said the policeman stationed at the corner, "and if I weren't here lavishly trimmed with black seal to make them use the tunnel all the while the tunic blouse was finished kids would too."

SUNSET PASS by Zane Grey

SYNOPSIS: Community suspicion rests upon Trueman Rock because he works for Gage Preston, who is believed to be a cattle rustler. Rock has taken the job because he is in love with Gage's daughter, Amy. Amy trusts that an old love, Amy Trueman, will make trouble for him with Gage.

Chapte. 30 "QUIT RIDING FOR THE PRESTONS" ROCK started down into the piquant flushed face of his old sweetheart, Amy Wund.

"Now I've got you and I'm going to hang on to you," she said, with a roughness that did not altogether conceal firm determination.

"Why—how do—Mrs. Dabb?" "Call me Amy, can't you? You used to call me 'darling Amy.'"

"Good-evening, Amy," he drawled. "I've forgotten what I used to call you. Reckon it's not just good taste for you to remind me."

"Perhaps not, True. But you make me furious. I could do anything."

"Sure you could. But, for instance, do you think it wise to hang on to me—this way—right in front of the hotel?"

"Let's get out of the light, then. I've got to talk to you," she replied, and pressing his arm tight she hurried him down the dark street.

"All right, shake hands on it," he said, earnestly.

"But, True, I won't promise not to try to—make you be more," she said, rebelliously.

"Don't talk non sense," he returned, sharply. "Amy, will you consent to be callin' on your husband?"

"You want to see John?" she queried, astounded, her eyes opening wide. "What on earth for?"

"Well, I think it might be a good idea," he rejoined, easily.

"It might, at that," she agreed, her dark eyes full of thought. Then she tossed her head and laughed.

"All right, go ahead."

"You're game, Amy. No one could say not. . . . Can I ask John anythin' I like and tell him what I want?"

"Trueman Rock!" she burst out as if astonished into a corner. "Yes, darn you, anything except I was once in love with you—and that it's not utterly impossible for me to be so foolish again."

"I'll take good care you don't do that," he laughed, wondering why he had been so unkind. She was amenable, and perhaps not so dangerous as he had imagined.

"Trueman, I have something more to say," she said, hesitatingly. Her former confidence and spirit.

"Well, then, say it. A woman always leaves the worst for the last."

"I think you'd better quit riding for the Prestons," she answered, her reluctance giving place to intense earnestness.

"Why?" he inquired.

"I give you my word of honor, Trueman, that it's not because I might be jealous of Thiry Preston. To do her justice, Rock had to admit to himself that the deceitful side of her seemed to be in absence at this moment.
