Wards Make Plans For Their Annual Green, Gold Ball

The queen of the stake M. I. A. of the L. D. B. church, will be chosen from representatives of the five wards at the Green and Gold ball which will be an event of Jan. 29 at the ball room at the Recreational hall in La Grande. The ball is an annual affair and members of the M. I. A. from the entire stake attend.

Miss Gladys Billings, of Imbler, was the queen chosen last year at the ball which was in the form of a ballroom dance. The wards which will be represented in the contest this year are Baker, Imbler, Union, Mt. Glen and La Grande First and Second.

Mrs. George Lyman and Grant Bean are in general charge of the event, and their committees are headed by Beatrice Wardell, decorations; Mrs. Otis Vail, presentation of queens; John Stoddard and Parley Thomas, both of Baker, finance; M. Clark Webb, floor manager; Mrs. C. J. Black, orchestra and hall; Mrs. Kate Metcalf, punch; Miss May Bean and Max Burke, checkroom; Paul Lyman and Grant Bean, reception committee; Elmo Clegg, advertising.

The contest dance, which is presented every year, will be danced by representatives from the various wards. This year's dance is known as the "Green and Gold Centennial."

The M. I. A. State board will meet on Sunday afternoon at 3:30 to complete plans for the event.

JOSEPH FORDNEY DIES IN SAGINAW

(Continued From Page Six)
leader among the so-called protectionists and the 1921 tariff bill to which he gave his name was largely written by him.

During his last term in congress he held the coveted post of chairman of the ways and means committee and had an important part in making the laws during the first session of congress under the post-war Republican administration.

He introduced the soldier bonus bill in the house and despite criticism from within the ranks of his own party, clung tenaciously to support of the bill. "It is the only honorable thing to do," he declared in pleading for its passage.

He was born in Blackford, Ind., Nov. 5, 1853, but came to Saginaw county when a young man and became a lumberman. Enlisting the aid of a capitalist, he acquired great tracts of undeveloped timberlands. Adding mills and yards to his holdings, he amassed a fortune before he entered politics.

Scientifically Purer..

Something every smoker wants to know!

Absolutely pure... that's what you expect in the things you eat and drink... and in the cigarettes you smoke.

"Chesterfields are as pure as the water you drink," a noted scientist writes. There's no way to make a purer cigarette. Starting with tobaccos... the ripest, finest, purest leaf that grows is selected for Chesterfields. Mild to start with... Cross-Blending makes it milder still. Then it's wrapped in paper that is so pure it burns without any taste or odor.

The phrase "Scientifically Purer" is entirely justified. By our use of a highly scientific process which was worked out by Dr. Paul Gross, the Head Chemist of our Research Department, Chesterfield reaches a state of purity unmatched, to our knowledge, by any other cigarette.

In addition, scientists check every ingredient, every method. Even the factory air is washed, and changed every 4½ minutes. More purity!

Notice, too, the clean, white, attractive package... moisture-proof. Chesterfields come to you as good and as pure as they're made. Good... they've got to be good! Change to Chesterfields and see.

A WONDERFUL NEW RADIO PROGRAM!
Tonight... at 10:30... Chesterfield's Radio Program. Light a Chesterfield... lean back... and relax while Nat Shilkret's Orchestra and Alex Gray, soloist, charm away your cares. It's on the entire Columbia Network... broadcast from coast to coast... every night except Sunday. And the hour's 10:30 E. S. T.
