Dairy Products Continue Weak In Oregon Mart

PORTLAND, Jan. 8 (AP)—Weakness continues to dominate the market for dairy products with butter inclined to drag wearily although there were no general changes in the prices list. With foreign butter being freely offered along the Atlantic coast and more in sight if that could be moved. The home offerings naturally are made to feel this competition.

There remains a weak tone for butter.

Utter demoralization of the current egg market locally is being forced by so-called independent producers, but these not marketing their product through regular market channels, the Journal said today.

Sales of extras by these independents as low as 17 1/2 cents dozen to retailers have created very adverse trade conditions, the paper said.

Trade in the live chicken market is considered about steady. The recent cut of 1c in bids appears to have aided the market somewhat and the movement is better.

At the moment there is scarcely sufficient dressed turkey demand to establish prices here. Nominal top of 25c lb. is shown but practically all of the leading receivers have their storage rooms full.

EAST SIDE MARKET

PORTLAND, Jan. 8 (AP)—Demand in general was better on the east side farmers' wholesale market today. Offerings were more liberal.

Cauliflower sold again at a spread of 50c to 60c according to quality. Cabbage demand was good with \$1 paid for selected stuff.

Green broccoli was active at 65c lug.

Brussels sprouts were firmer at \$1 top generally, a few a dime higher.

Celery hearts were active up to \$1.50 doz. bunches.

Apples sold around 55¢ @ 60¢ for face and fill stuff. Others mostly 50¢ box.

Carrots of top quality sold up to 30c doz. bunches but the bulk of sales were 25c. Beets similar.

Potatoes moved 90c for the best available.

WOOL REPORT

BOSTON, Jan. 8 (AP)—The Commercial Bulletin will say tomorrow: "There has been a moderate demand for wool, which has implied rather more interest on the part of the mills. Mostly, the call has been for fine and half-blood combing wools, but there is some request for wagen descriptions, also, and the market is generally steady."

"Sales resumed in Australia at about the same level of prices prevailing prior to the holidays. South Africa now is on a competing level with Australia. Bradford and the continental markets are firmer."

"Reports from the goods market indicate a fairly early resumption in business, especially in view of the fact Easter is early this year. Consumption has fallen off in the last three or four months, but in 1931 was fully 30 per cent greater than in the previous year."

"Mohair continues slow with little interest except in sampling for woolen purposes."

"The Bulletin will publish the following quotations:

Scoured basis: Oregon: Fine and f. m. staple 54 @ 58; fine and f. m. Fr-combing 50 @ 53; fine and f. m. clothing 45 @ 47; valley No. 1, 48 @ 50. Mohair: Oregon 20 @ 21. Domestic graded first combing 32 @ 35; good carding 26 @ 28.

Catarrh Causes Head Noises and Deafness

This Method Opens Clogged Nostrils and Relieves Catarrh Deafness

Few people realize what a serious disease catarrh really is. Deafness and head noises that drive the sufferer nearly frantic are frequently due to this complaint. Unchecked, this disgusting, dangerous ailment often destroys smell, taste and hearing, slowly undermines the general health. Its neglect may make you a worn-out catarrh wreck.

As catarrh is a disease of the blood, the only real relief comes from treating the blood itself. So go to Red Cross Drug store, or your druggist for an ounce of Parmitin ("Double Strength"). Take this home and add to it 1/4 pint of hot water and a little sugar. Take a stable-spoonful four times a day. Drive the catarrhal poisons from the system by treating the blood, and the disease itself must vanish. Parmitin has proved successful in so many cases because it acts directly on the blood and mucous membrane.

Life will be much more freely living if you can breathe freely again, hear plainly, smell, taste, and arise in the morning refreshed and strong, with head and throat safe, free from phlegm. For your own sake, give Parmitin a trial—and with your whole system crying for relief from catarrh you should start Parmitin treatment now.
