WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL  
And You'll Jump Out of Bed in the Morning Rinin' to Go  
If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.  
For they can't do it. They only wave the bowels and a mere movement down 't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.  
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. (The bowels up your stomach. You have a thick, bad taste and your health is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.)  
It takes three good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.  
Hat don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware a substitute. 25c at all stores. © 1931 O. M. Co.
