STATE COLLEGES BOTH WIN TILTS

W. S. C. and Oregon State Tied For Lead in Basketball League

SEATTLE, Jan. 18 (AP)—Washington State college and Oregon State were tied for first place honors in the northern division Pacific Coast conference basketball race today after clean sweeps of their weekend two-game series had showed Washington's Huskies and the Idaho Vandals into a tie for the cellar position. Oregon, the only team not to see action, was midway between top and bottom of the standings.

Washington State won its top-ranking tie with a pair of wins over the University of Washington, northern division titlists for the past four years and last season's Pacific Coast conference champion. Friday's game was a close-fought, 28-27 battle that was decided in the last minute of play, but the Cougars ran wild in the second half of Saturday night's fracas and walked away with a 49-22 win.

Orangemen Win Twice

Oregon State used practically the same precess in downing Idaho twice in a row. The Webfooters barely eked out a 33-31 decision Friday, but came back the following night to pull out a decisive 35-26 victory.

All teams will see action this week in five conference games. Idaho's Vandals tackle the University of Oregon quintet at Eugene tonight and tomorrow, and the Washington Huskies meet Oregon State on the Corvallis floor Friday and Saturday. Washington State and Idaho are slated for the fifth game of the week when they meet at Pullman Saturday.

The standings:	W.	L.	Pct.
Washington State	3	1	.750
Oregon State	3	1	.750
Oregon	2	2	.500
Washington	1	3	.250
Idaho	1	3	.250

Games This Week:

Tonight, Tuesday: Idaho vs. Oregon at Eugene; Friday, Saturday: Washington vs. Oregon State at Corvallis; Saturday: Idaho vs. Washington State at Pullman.

TROJANS UNDEFEATED

SAN FRANCISCO, Jan. 18 (AP)—The 1932 basketball championship race of the southern division of the Pacific Coast conference entered its third week today with the Trojans of Southern California present favorites to annex another title.

By defeating Stanford in two games last Friday and Saturday, the Trojans ran their string of conference victories up to four, and U. C. L. A. Bruins are the only cage artists in the southern section who have not received a drubbing from the men of Coach Sam Barry. The teams have not met this season but will do so next Saturday.

Stanford Even With Bears

The victories that put Southern California in the favored position pulled Stanford down to even terms with the University of California Bears, who were twice victorious over U. C. L. A. The Bears appeared to have hit their stride, winning easily in the first Bruin game and outlasting the southerners in an overtime battle 26-25 Saturday. The game at Stanford Saturday also was an overtime affair, with the Trojans finally registering a 28-24 victory.

Comparative scores show teams to be evenly matched, and the U. C. L. A. quintet is the only one with a handicap difficult to overcome.

The standings:	W.	L.	Pct.
Southern California	4	0	1000
University of California	2	2	.500
Stanford	2	2	.500
U. C. L. A.	0	4	.000

Vosmik's History Sells Cleveland "Farm" Club Idea

CLEVELAND, O. (AP)—If only the Cleveland Indians can grow another Joe Vosmik, one of the most sensational first-year players in baseball history, on their newly-acquired Toledo farm they will be well satisfied with the investment.

Had the Indians not owned the Frederick club of the Blue Ridge circuit three years ago it is probable Vosmik would still be playing on the sandlots.

When the Indians sent Vosmik to Frederick in 1929, the rookie made a miserable showing the first week. It is probable that had the club been independently owned the manager would have sent him home. But the Cleveland management had seen more of him, and wouldn't believe it had a lemon. Joe was ordered kept in the lineup.

In a few days he began hitting his stride and hasn't stopped going yet.

Frederick Club Sold

The result sold Pres. Alva Bradley of the Cleveland club on the farm idea, although Frederick, Md., and Terre Haute, Ind., farms proved bad financially and they were sold. So when opportunity came to get an option with privilege to buy a class AA outfit Bradley took the chance.

The Indians' only other adventure in farms was in 1914 when the Toledo club was purchased and brought to Cleveland for two years. This, however, was a "war measure" designed to fight the Federal league of that time.

For some time the Indians have had a working agreement with the New Orleans Pelicans, an arrangement that is expected to continue.

Players Fell Short

Cleveland ventures into chain farms were failures partly because the experiments were in smaller leagues and players could be developed only to a point just short of big league style. Now the Indians hope to develop players through class A at New Orleans, and class AA at Toledo, to the big league.

For the most part the club has drawn its strength from clubs below class AA. Dick Porter, of Baltimore, and Earl Averill, of San Francisco, are the outstanding exceptions. Among regular pitchers Wesley Ferrell, Willis Hudlin, Mel Harder and Clint Brown, all came from class A or below.

AUSTRALIAN IN RECORD TIME IN 220 SPRINT

SYDNEY, Australia, Jan. 18 (AP)—J. B. Carlton, Australian sprinter, equalled the world's record for the 220-yard dash today, covering the distance in 20 3-5 seconds in the Australian athletic championship meet.

Carlton, who was assisted by a slight breeze, won comfortably, eight yards ahead of Davidson, his nearest competitor. He is 22 years old and one of the greatest sprinters Australia has produced. It is believed here he will have to be reckoned with in the Olympic sprints at Los Angeles.

South Carolina has placed five new opponents on its football schedule for 1932.

Pacific Coast Holds Wide Margin In Intersectional Football Battles

SEATTLE (AP)—From a standpoint of intersectional play Pacific coast football the past season was the most successful in history.

Sixteen games were played by coast teams against intersectional rivals and the western elevens won an even dozen, lost three and tied one. This is considerable of a record, considering there were no setups or hand-picked battles.

The three defeats saw Northwestern, one of the greatest teams of the Western conference, trounce University of California at Los Angeles, 19 to 0. Tulane conquer Washington State college, 28 to 14, and East beat West, 6 to 0, in the annual New Year's game between the grid stars of eastern colleges and Pacific coast schools

The one tie came out of Oregon's meeting with North Dakota at Grand Forks, a 0 to 0 conflict.

The twelve coast victories were:

Washington 7, Utah 6, at Seattle.

Oregon State 16, Colorado 0, at Portland.

Stanford 13, Minnesota 0, at Palo Alto.

Oregon 14, New York university 6, at New York.

Southern California 16, Notre Dame 14, at South Bend.

U. C. L. A. 13, Florida 0, at Los Angeles.

Stanford 32, Dartmouth 6, at Boston.

Oregon State 12, Utah 0, at Portland.

St. Mary's 7, Southern Methodist 2, at San Francisco.

Southern California 60, Georgia Tech 0, at Los Angeles.

California 19, Georgia Tech 6, at Atlanta.

Southern California 21, Tulane 12, at Pasadena.

Morrison Wins Five Thousand Dollar Tourney

By Paul Zimmerman
(Associated Press Sports Writer)

AGUA CALIENTE, Mexico, Jan. 18 (AP)—After half a dozen years participation in golf tournaments, Fred Morrison, who smiled through many rounds, barren of large money stakes, today had the pleasure of his first big victorious chuckle.

The big, powerful professional from Fox Hills country club, Culver City, Cal., yesterday outgamed one of the greatest gamesters of golf, Gene Sarazen, to win the third annual Agua Caliente open, and its rich stake of $5000 first prize money.

Two spectacular sub-par rounds of 69 on the first day and 68, equal to the course record, on the third 18, made it possible for the pleasant mannered native son of California to finish with a 72-hole total of 284, four strokes better than par. He had a 73 on the last round yesterday and 74, two over par, on the second 18 holes.

Sarazen Second

Playing in the same threesome with the steady Sarazen, who finished second, and Olin Dutra, Santa Monica, Cal., big Spanish conquistador who has always finished high in this, the richest of all golf cuts, Morrison staged a determined finish to win by two strokes.

Dutra came in third with a 287, still one better than par in a finish which the gallery of some 3000 persons has seldom had the privilege of witnessing.

A greatly improved putting and short iron game made Morrison's sensational triumph possible. He 3-putted no more than half a dozen greens during the test, which saw scoring surpass by nine strokes the best totals registered in either of the previous championships.

Sarazen played the same steady game which netted him the first title in 1930, shooting 70-72-72-72, to walk off with second money, $2500. Gene said before the tourney opened that 284 would win, but he little realized the accuracy of the prediction at the time, or that he might be privileged to participate in the stirring finish.

Harry Cooper Slips

Finishing badly with a 76, by far the most unsteady round he played during the tournament, Harry Cooper, Chicago, came in for fourth prize money, $900. The light horseman of the middlewest by way of Texas, started out with 72, took 71 and 70 for his 289 stroke.

By strange coincidence, Morrison failed to place in the money two years ago in this tournament, and last year took unto himself only $116.67, but this was another year.

It was also a strange turn of fate which gave Culver City two titles, for Fay Coleman, young amateur from the California country club, won the play-for-pleasure prize by shooting 296, two strokes better than Joe Hunter, Pasadena, Cal., who finished second. Johnny Dawson, Chicago, took third among the Simon-Pures with 300 strokes.

The professional horde moves on to Phoenix, Ariz., this week, for the $2500 open there Friday, and then will trek through the southern route of the winter golden golf trail.

Alf Engen Victor In Ski Tourney

MINERAL, Cal., Jan. 18 (AP)—Rolling up 257 points in two jumps, Alf Engen of Salt Lake City, who claims the world champion ski jumping title, won a professional tournament here yesterday. Points were awarded on a basis of one for each foot, and from 1 to 20 on form. Engen's longest jump was 115 feet, which set a mark for the day.

Sig Ulland, Mt. Shasta, Cal., jumper, was a close second to Engen with 249 points. Ulland injured his knee in his last jump.

Engen said he planned to accept the challenge of Nels Nelson, former world champion jumper, to a contest for the title to be held at Salt Lake City, Feb. 21.

The Texas Christian university cage team, champions of the Southwest conference, lost but one game during a recent barnstorming tour of the midwest.

Veteran Sports Writer Dead At Atlantic City

ATLANTIC CITY, N. J., Jan. 18 (AP)—Sol Metzger, veteran sports writer and former football coach, died early today at his home here from complications following an operation.

Metzger, who was 51, had been ill since an operation for an ear infection in Philadelphia two weeks ago, but his condition was not serious until a few days ago.

He was a former football coach of the University of Pennsylvania, Washington and Jefferson, West Virginia, Baylor and the University of South Carolina. He starred on the University of Pennylvania football team in 1901-02-03 and coached the Penn championship team in 1905.

He retired from coaching in 1925 and devoted himself to sports writing which gained him national repute.

Lived in Oregon

Metzger was born in Bedford, Pa. After his graduation from the University of Pennsylvania he lived on ranches in Oregon and Wyoming before turning to coaching. In 1909 he dropped coaching for a while and devoted his time to a fruit farm in Lewiston, Idaho.

Metzger headed a committee of the Associated Pennsylvania clubs which presented a report in 1930 which declared football threatened to become a "racket."

EAST SIDE MARKET

PORTLAND, Jan. 18 (AP) — There were increased offerings during today's session of the east side farmers' wholesale market. In fact such an array of stock was unexpected in view of the sloppy weather of the last few days.

Cabbage appeared a trifle easier in spots as a result of some increase in supply. Sales showed a spread $1.00@$1.25 crate with little moving above $1.10.

Cauliflower was in fair supply; selling 50c to 75c generally with no top quality available.

Brussel sprouts were in good call; mostly 90c box.

Italian or green broccoli was in firm demand but offerings were restricted and firmly held 65c lug.

Carrots and beets sold mostly 30c doz. bunches with bulk carrots 40c and beets 35@40c.

Laurie Scott, center-ice star of the Duluth Hornets American league hockey team, a leading scorer for two seasons, failed to get a goal or an assist in the first 11 games this season.

Grain Markets Continue Dull; Demand Lacking

WASHINGTON, Jan. 18 (Special)—In the absence of an active demand, domestic grain markets were dull during the week ending January 15 and futures prices ranged from about unchanged for wheat to slightly lower for most feed grains, according to the weekly grain market review of the U. S. bureau of agricultural economics. Cash markets were more irregular than futures. Wheat prices were somewhat lower for winters, but slightly higher for red spring as a result of some increase in protein premiums. Corn was higher at Kansas City, but slightly lower at most other markets. Oats, on the other hand, were lower at southwestern points and slightly firmer at Chicago and other central western markets. Rye markets declined about 1c during the week under a slow demand and flax was barely steady despite the small offerings.

World wheat markets continued to be dominated by the generally unsettled economic and financial conditions. Decreasing supplies of native wheat in Europe, together with some reduction in the North American surplus, have been strengthening influences, but these are being offset by increased offerings of southern hemisphere wheat and a continued slow European demand for foreign grain. Bread grains in the principal deficit countries of Europe have declined as compared with a year ago, with good milling wheat at Hamburg quoted at $1.46⅝ on Jan. 15 compared with about $1.20 a year ago. French wheat is about 9¼c lower than at this time last year, with good native milling grain now quoted at Paris at $1.63¾. Danish wheat at Copenhagen was quoted Jan. 15 at 56½c, or around 19c lower than a year ago. Generally favorable weather for marketing the new crop was reported in Argentine and the week's shipments totaled about 2,750,000 bushels. Australian shipments were increased to 6,500,000 bushels and about 1,500,000 bushels were shipped from Russia during the week. Stocks on ocean passage were reported at 31,352,000 bushels, or about 6,000,000 bushels more than at the corresponding time last year.

Cash Market Irregular

Domestic cash wheat markets were somewhat irregular. Prices of winter wheat declined 1-5c, with the greatest decline registered on high protein hard winter wheat. Marketings were of moderate volume, with 2,283 cars reported at the seven central western markets, compared with 1,964 cars last week and 2,909 cars a year ago. Demand for cash wheat was only moderately active, with mills generally taking only sufficient for immediate needs. Daily clearances were not sufficient to absorb current arrivals at Kansas City. Ordinary protein No. 2 hard winter was quoted in that market Jan. 15 at 49@50c, 12 per cent protein at 51½c and 13 per cent protein at 57½c per bu. Arrivals at Omaha were principally from Kansas and Nebraska for storage. Shipping demand was light and from only a few nearby mills. High protein wheat was in active demand during the week. No. 2 hard winter, ordinary protein, was quoted at 49c, while wheat of the same grade with 13 per cent protein was quoted at 57½@58c per bu. The Denver market weakened slightly on the higher protein types as a result of a rather dull mill demand. Eastern buyers were offering 46c for No. 2 hard winter, 14 per cent protein; f. o. b. country points, but shippers were quoting their quality wheat at 50c per bu. Mills in the Fort Worth territory were paying 59c per bu. for ordinary No. 1 hard winter, delivered group 3 rate points, and 2c premium for 13 per cent protein of the same grade.

Soft winter wheat prices declined 1-2c per bu., largely as a result of a dull mill inquiry. Receipts were not large but generally sufficient for trade needs. No. 1 soft red winter was quoted at Kansas City at 52@55c and at St. Louis at 56½@57c per bu. Receipts at the latter market were being taken principally by elevator interests because of lack of outside milling demand. Receipts at Cincinnati were very light, principally from other terminals and were being taken principally by elevator interests.

Coast Markets Steady

Pacific coast wheat markets were generally steady although demand was dull and trading of only moderate volume. Receipts at Puget Sound and Columbia river terminals totaled 635 cars, composed mostly of deliveries for shipment on sales to China. Prices at Portland and Seattle held about steady under a fairly active inquiry from domestic mills. No export sales of wheat or flour were reported, since local wheat prices are above an export basis. Oriental demand was being supplied principally with Australian and Canadian wheat. At the close of the market Jan. 15 B. B. bluestem hard white was quoted at Portland at 77c and other varieties at 63@63½c per bushel, sacked, basis No 1. No. 1 dark hard winter, 12 per cent protein, was quoted at 73½c and No. 1 dark northern spring, 12 per cent protein, at 79c per bushel. Western white and western red were quoted at Seattle on the same date at 64½@65c and hard white at 78c for No. 1 wheat sacked, 16 per cent protein No. 1 dark northern spring from Montana was quoted at 95c. Vancouver markets were reported quiet, with No. 1 Canadian Manitoba quoted at 58c per bushel, Canadian currency. Additional snow cover during the week furnished good protection to wheat and assured deep subsoil moisture.

Red Devils Win From Owls 39-19 On Helix Court

The combination of a small floor, capable opponents and what La Granders described as poor refereeing resulted in decisive defeat of the Jack Allen Owls by the Red Devils at Helix Saturday night, 39 to 19.

On the floor, the Owls, although handicapped by the absence of Jack Lloyd, forward, and Hansen, guard, possibly outplayed the Helix men, but when it came to shooting baskets, the La Grande team was out of luck. The score at halftime was close but in the last half the Red Devils ran away from the Owls.

Pendleton Here Tuesday

Tomorrow night at 8 o'clock at the L. D. S. Recreational hall the Owls will play the Pendleton Elks, the same team that appeared here Friday night against the Eastern Oregon Normal school quintet.

Later in the season the Red Devils will come to La Grande for a return game.

The summary:

Owls (19)		(39) Helix
Moore (6)	F	(13) Karstens
Davlin	F	(6) La Course
Crawford (5)	C	(12) Gamell
Posey (5)	G	(2) Dale
Baxter (3)	G	(2) Nelson

Graham	S	(3) Griffen

Closing Tone In Wall Street Heavy

NEW YORK, Jan. 18 (AP) — The stock market was unable to respond to a bullish demonstration in wheat today, as the rail shares slid slowly downgrade, and finally dragged down much of the rest of the list. The closing tone was heavy, with several issues off 1 to 4 points. The turnover, however, was only about 1,500,000 shares.

U. S. Steel lost a gain of nearly 2 points, and issues closing 2 to 4 lower included American Telephone, Eastman, Coca Cola, Allied Chemical, American Sugar, Liggett & Myers B, New York Central, New Haven, Southern Pacific, Santa Fe and Union Pacific.

POTATO MARKET

CORVALLIS, Ore., Jan. 18 (AP) — Oregon potatoes held their own on a dull market at San Francisco today while quotations on Yakimas were slightly off, according to today's marketgram released by the O. S. C. extension service co-operating with the U. S. D. A. bureau of agricultural economics. Consuming markets were generally weak while trading at country points was dull, excepting the Maine market which was firm at unchanged quotations. Yakima ton lot quotations were off a dollar in the lower range.

Potatoes: (All quotations per hundredweight, sacked, unless otherwise noted). Terminal—The principal terminal carlot markets for U. S. No. 1 Netted Gem potatoes were reported showing weakness today.

Chicago market about steady; quotations unchanged.

Egg Market Is Showing Steady Tone In Oregon

PORTLAND, Jan. 18 (AP) — Market for eggs is showing a generally steady tone locally although some producers continue to peddle their supplies from store to store. There was no price change for the week's opening.

In the butter market practically no change in price or sentiment was reflected for the week's opening. Late increase in the home demand has been taking care of the make and receipts.

Idaho, Montana and Wyoming cheese are playing havoc with trade conditions along the Pacific slope. Extremely low prices asked for the intermountain offerings creates more or less pessimism among the trade. Buyers are inclined to look for still lower prices as a result of the constant shading of prices on the Interior offerings.

With Coos Bay and Tillamook as well as other nearby points producing more than a sufficient supply to take care of coast wants the forced shipments of intermountain stock in this direction is a serious blow to values.

There is a very serious break in the price being offered for live chickens at Portland, confirming last week's forecasts in the Journal. Leading killers have practically sent out the lowest known buying prices for Portland delivery with 9c for light weight, 12c for medium and 15c lb. for heavyweight hens.

Practically all late arrivals of turkeys here have been cleaned up. Extreme low prices recently named have created a consumptive call that has taken practically all the dressed hens available while the toms have been moving chiefly into storage for outside accounts.

There is quite a good movement into consuming channels of country killed meats and especially top quality calves and lambs. Hogs are just about steady although here and there late easiness has been reflected.

Very liberal supplies of Columbia river smelt are arriving. Sales are being made mostly $2.25 per 50 lb. box for fresh arrivals. The big school is near Clatskanie. None are reported in the Cowlitz.

With a very keen demand, run of Columbia river steelhead salmon remains light. Demand is very good around 15@16c lb. Crabs continue a trifle scarce. Alaska king salmon is selling 25c lb. with head on.

Notes of wholesale trading:

Limited carload trading in onions is reported in the Willamette valley $3.50 sacks and twine. Growers mostly holding for more.

Artichokes are a trifle scarce with sales $5.75 box or $1.20 dozen for 5s.

Banana prices are again lower; down to 4c lb.

Fancy Redlands oranges with thin skins, finding quick demand.

California grapefruit is up about 25c case; former prices being considered far too low.

Mexican tomatoes are down about 25c case with hothouse also lower in spots.

Lettuce shows a further general price reduction.

Potato markets are dragging with little change in the price.

WOOL MARKET

BOSTON, Jan. 18 (AP)—The strengthening tendency of prices of combing 58, sixties territory wool is turning some attention to the combing 64's and finer wool of which supplies are more abundant than of 58-60's quality.

Receipts of domestic wool at Boston during week ending January 16 amounted to 2,421,300 pounds as compared with 1,650,100 pounds during the previous week.

For Deep Coughs You Need the Safest Help

Creomulsion is not the cheapest help for coughs or colds. It is made to do the utmost whatever the condition. It combines in one prescription seven of the world's best helps.

It is made in particular for coughs and colds which hang on. There is where one dare not risk a help of lesser value. But is it wise in any cough to trust a less effective help?

Creosote is in it, blended, emulsified and tasty. In an ideal way it presents the supreme help for soothing membranes and combating cold germs.

But there are also white pine tar, wild cherry bark, menthol, ipecac, etc. Each is best for some coughs. Here we combine all major helps to fight coughs to the limit from the start.

Because of this expensive combination, Creomulsion costs a little more than lesser helps, but your druggist guarantees it. He returns your money if you ask for it.

A three-day cough is a danger signal. There you must use Creomulsion to be sure. But is it wise to trust any cough to lesser help when the utmost is at your command? You never know where a cough may lead. Treat it with the best men know.
