Program of Music Features Meeting

That a new country has not much time for music is probably the reason why there were no authentic Oregon composers during the pioneer period in this country.

Miss Hilda Anthony played "A Maiden's Prayer" and "Fairy Wedding Waltz," two numbers that were always included in the repertoire of every young lady who had "finished" music.

CEREAL RELIEVED HIS CONSTIPATION

Kellogg's ALL-BRAN Brought New Health

Every one who has suffered from constipation should read Mr. P. M. Fisher's letter:

"For many years I suffered from constipation and used, for relief, all kinds of laxatives. After a few days' treatment, I would only find my condition the same as before and at times worse.

"Some time ago I started to use Kellogg's ALL-BRAN regularly, once a day as directed. Since doing this, I have found that I do not need any other medicine to procure the desired result, and it keeps me in a very healthful condition."

Constipation is caused by lack of two things in the diet: "Bulk" to exercise the intestines; Vitamin B to tone the intestinal tract.

How much safer this is than risk-taking pills and drugs—so often harmful. Just eat two tablespoonsful daily—in serious cases, with every meal.

Equally tasty as a cereal, or used in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

NOW we can advertise it

Products are nearly always put on the market before they are advertised. Quite frequently, changes have to be made in an article before the public generally will accept it.

When you buy advertised goods, you may know they have gone through the experimental stages. You may be sure that the manufacturer knows they are right and that he is willing to stake his reputation on them.

Of course, advertising goes a step farther. Word of mouth hardly ever tells all the uses of a product. It often doesn't give the real reasons for its superiority.

Whatever you buy, therefore, let the advertisements be your guide. When the manufacturer says, "Now we can advertise it," you know that you can safely say, "Now we can buy it."

TEN MOUNTIES EN ROUTE TO LONELY CABIN

AKLAVIK, N. W. T., Jan. 19 (P) — A crazed Rat river trapper, barricaded in his cabin-dugout 80 miles south of here was the motive which today spurred 10 royal Canadian mounted policemen across the vast wilderness behind a dog team. They left here late Saturday and no word has been received from them since that time.

Albert Johnson, the trapper, has been sought since Dec. 31, when he shot Constable A. W. King as King sought to question him over complaints by Indians that Johnson was molesting their trappings. King will recover.

Eight mounties made an attempt on Jan. 10 to arrest Johnson, but the crazed trapper withstood a 16-hour attack of high explosives and pistol fire. The roof of his cabin was blown away, but Johnson only took to his dugout beneath the shack and continued hurling oaths and rifle fire at his would-be captors.

Frustrated time and again in their attempted rushes on the man's hide-out, to which there is only one available avenue of attack, the police left a guard and returned here for further provisions, ammunition and additional men.

The police believed Johnson was of the opinion he had killed King and was determined not to be captured alive. The mounties, however, were intent upon a long siege at this time and his capture without bloodshed.

How to Reduce Colds and Their Costs This Winter

One of Family's Biggest Problems Met With Vicks 'Control-of-Colds' Plan

Actual Test of the Plan Is Offered By La Grande Druggists On a Trial Guarantee.

To most families this winter, the high costs of colds are an extra burden. Loss of time, health and money are involved. To reduce the drain of this burdensome family "Cold-Tax" is the purpose of the Vicks Plan for better "Control-of-Colds" — to lessen their number, severity and duration.

Plan Follows New Discovery The Vicks Plan is made possible with Vicks Nose & Throat Drops. Based on a new idea for "preventing" colds, this new Vicks discovery is companion to Vicks VapoRub, the modern way of "treating" colds. Each aids and supplements the other for better "Control-of-Colds".

Here, briefly is the Vicks Plan: 1.—Before a Cold Starts Watch yourself whenever you have been exposed to anything that you know is apt to give you a cold, such as—

Contact with others having fresh colds — crowds, stuffy ill-ventilated rooms, public places — a night on a Pullman or a dusty automobile ride — sudden change in temperature — inhaling smoke, dust, gases — excesses in living, such as over-eating, smoking or drinking, which reduce body resistance — after a hard day when you are over tired.

Then — if you feel that stuffy, sneezy irritation of the nasal passages, Nature's usual signal that a cold is coming on — use Vicks Nose Drops at once — just a few drops up each nostril. Repeat every hour or so if needed. This will prevent many colds by stopping them before they get beyond the nose and throat — where most colds start.

2.—After a Cold Starts At night, massage the throat and chest well with Vicks VapoRub (now available in white "stainless" form, if you prefer). Spread on thick and cover with warm flannel. Leave the bed-clothing loose around the neck so that the medicated vapors arising can be inhaled all night long.

If the air-passages are badly clogged with mucus, melt some VapoRub in a bowl of hot water and inhale the steaming vapors for several minutes. (If there is a cough, you will like the new Vicks Cough Drop — actually medicated with ingredients of Vicks VapoRub.)

During the day — any time, any place — use Vicks Nose Drops every few hours as needed. This gives you full 24-hour treatment and without the risks of too much internal "dosing," which so often upsets digestion — especially of children.

Offer By Local Druggists Your druggist is offering Vicks Nose Drops and Vicks VapoRub on the following trial guarantee: Use these preparations together as directed in the Vicks Plan for better "Control-of-Colds". Unless you are delighted with results, your money will be refunded.
