

### WINGED-M QUINT READY FOR GAME

#### Portland Basketball Team to Meet Owls at Union at 8 O'clock Tonight.

The Winged-M basketball team, with 73 games played this season—two at Walla Walla with the Standard Oil quintet Wednesday and Thursday nights, arrived in La Grande today en route to Union, where tonight it will meet the Jack Allen Owls of La Grande. The game is to be called at 8 o'clock in the Union gymnasium, following a preliminary starting an hour earlier. The contest is sponsored by the Union commercial club.

The Owls team is one of the strongest in Eastern Oregon, with six victories out of eight games played with representative fives.

However, the team that will represent the Multnomah Athletic club rates as one of the strongest in the Pacific northwest.

The following news story from Portland tells something of the Winged-M prowess:

PORTLAND, Ore., Jan. 29 (Special)—The team that will represent the Multnomah club in Eastern Oregon this week will include practically the same players that made such a good showing on their recent trip to British Columbia.

The team that Coach Brooks has selected for the trip are light and fast. They will use a fast break and have a clever passing attack.

Dale Cherry and Billy Keenan will be the most experienced players on the trip. Cherry several years ago played on the Walla Walla High school team that went to the national tournament and at that time was given national mention. He later played with the Multnomah club team for four years, and last season he was with the Olympic club team in San Francisco but he recently returned to Portland and joined the clubmen. He is fast, a dead shot and a very clever dribbler.

Billy Keenan formerly played at the University of Oregon. He received most of his early training under Coach Brooks before going to college. He is small, fast and one of the cleverest men on the squad.

Ray Dempsey, Len Yandle, Jimmie Reimer, Dick Applegate and Bud Green make up the balance of the traveling team. Coach Brooks claims that these boys have developed faster than any group of boys that he has ever had.

Dempsey and Yandle have been dividing high point honors in the games they have played this season. Both are clever and deadly shots. Bud Green probably will be used in most of the games at center. He is not tall enough to get the tip-off in most of the games but he is a good defensive player and is a smooth, clever floor man.

Jimmy Reimer is the midjet of the team. He plays a guard position. He makes up for what he lacks in size by his speed and cleverness. Dick Applegate will be at the other guard position. Applegate has not been used very much in scoring plays as he is a great defensive player and bears the brunt of the work in that department.

### Further Sharp Cutting of Egg Quotations Occur

PORTLAND, Jan. 29 (P)—Further sharp cutting of prices on eggs in the California trade indicates not only the depressing influences in the market generally, but the near approach of the season for cold storage input.

Both San Francisco and Los Angeles show further downward price revisions. In the north it is difficult to tell what the market is as each faction there — and there are several of them — name their own quotations and have a following.

Locally there was no change in the price of eggs, at least openly for the day. Some retailers were able to buy their needs direct from producers for less than established quotations, a condition which continues to weaken the entire trade structure. Leading distributors commenting upon this condition say that it is the so-called independent producer, who does not market either through the co-ops or the regular private distributors who is wrecking the trade price.

Market for butter was without quotable change for the day. On the open market cube sales were generally at the quotation spread. Butterfat is showing no changes whatever.

While receipts of live chickens have decreased much since the record low values here were established, there appears sufficient for needs. San Francisco firms are still quoting 10c to Californians for light weight hens compared with 8.9c quoted here by the same firms and others.

Slower movement of tom turkeys locally is reported with quite fair supplies received recently. Hens are less plentiful and move out well, generally 2 1/2 lb. for 15c.

There is a good demand for country killed lambs. Trade in general continues favorable for country killed calves but hogs appear a trifle easy. Bull beef and tanner cows holding up.

Very little activity is reported for onions both at the source and in a jobbing way. Growers show a disposition to sell at \$4 but there is no established market beyond \$3.50 at the moment.

Scarcity of comb honey is creating strength all through the Pacific northwest trade. Extra fancy has moved firm to \$4 with fancy \$3.75 case.

Demand for Clackamas hothouse rhubarb has eclipsed offerings from the summer section.

Notes of wholesale trading: Artichoke prices are again fractionally lower in the south.

Hothouse tomatoes are showing a slow movement everywhere on account of the weather.

Spinach of quality is very scarce and firmer.

There is no pep whatever in the potato market situation and prices are sagging in spots.

Imperial valley lettuce is again showing a reduction of 2 1/2c case.

Eastern cranberries are still offering but are slow around 15c lb. or \$15 barrel. Not very good.

Mexican peas are advanced to the lb. here but wholesalers generally are

### unwilling to meet the full rise asked by brokers.

#### EAST SIDE MARKET

PORTLAND, Jan. 29 (P)—Cabbage market was very keen today on the east side farmers' wholesale market. Sales were generally \$1 crate but real quality sold \$1.25 crate. Everything was sold quickly.

Apple market retains its late dullness with most sales 50c box.

Demand for root vegetables was better but little change was reflected in the price list. Sales of bunched carrots were firm at 30c doz. bunches mostly with beets 25c. Bulk vegetables sold generally 35c lug.

Brussels sprouts held around 80 to 85c box.

Potatoes were again slow and at low prices.

#### PORTLAND PRODUCE

PORTLAND, Jan. 29 (P)—Butter, butterfat, eggs, live poultry, country meats, mohair, nuts, cascara bark, hops, onions, potatoes, wool and hay quotations unchanged.

#### SUGAR AND FLOUR

PORTLAND, Jan. 29 (P)—Sugar—Cane, granulated \$4.40 100 lbs., best \$4.20.

Domestic flour — Selling price delivered: patent 49s \$5.60; do 08s \$5.40; bakers' bluestem \$5.20; soft white flour \$5.10 to \$5.20; whole wheat \$4.80 to \$5.00; Graham \$4.50 to \$4.80; rye \$5.70 to \$5.90.

#### DISCONTINUE O-W AGENCY

SALAM, Jan. 29 (P)—The railroad agency at Ainsworth, in Sherman county, was ordered discontinued by the public utilities commissioner here today. The Oregon-Washington Railroad and Navigation company requested its discontinuance because of insufficient business. Its petition was granted.

#### BUTTERFAT

SAN FRANCISCO, Jan. 29 (P)—Butterfat f. o. b. San Francisco 25c.
