

Little Change In Egg Market Over the State

PORTLAND, Feb. 2 (AP)—Little change was reflected in the egg market situation for the day. Prices were unchanged. Some attempts were made to force artificial advances as a result of the cold weather but there appeared plenty of eggs to take care of every need of the trade.

Last week one large distributive interest alone shipped 7 carloads to

A Plan for Better "Control-of-Colds" Perfect by Vicks

Greensboro, N. C.—A Plan for better "Control-of-Colds" has been developed by the makers of Vicks VapoRub—the modern, external way of "treating" colds. The plan is made possible by the new Vicks Nose & Throat Drops, based on a new idea for "preventing" colds. Get a bottle of Vicks Drops now and use with VapoRub as directed in the Vicks Plan—to lessen the number and severity of colds and reduce your family "Colds-Tax" this winter.

outside markets, indicating a liberal surplus on hand.

Returns on eggs at some northwest points are reported. The smallest known since organized bodies began to function. The local market while not quoted as high as some, is reported as actually paying more money net to producers than other markets. A condition which indicates that quoted prices elsewhere are not always the market value.

Trading in the butter market continues to reflect a liberal degree of strength locally. In general a similar condition is shown along the Pacific slope with steadiness at least elsewhere.

With no change in the price list, cheese trade prices are merely steady here. The one drawback to the coast situation appears the persistent low priced offers being made by Idaho and Montana.

There was no change in local chicken prices for the day. As low as values are here, they are still lower in demoralized Puget Sound where the co-ops control much of the business. Buyers report purchasing light hens 4 to 6 lb. there.

Practically steady movement of dressed turkeys is reported here. Some northern business has been done in tons. Sales principally 2 to 4 lb. for toms and hens for No. 1 grade.

There remains a very good demand for quality country killed calves. The market is holding up strong for top quality. Hogs are steady for tops with heavy stuff easier. Lamb demand is very good.

Some sales of onions out of Portland warehouses are reported to Texas as well as to Minneapolis and the Midwest. There is practically no

country business; the cold making it almost impossible to top supplies. Jobbers are still selling at former prices but sales are slow.

Initial offerings of California cabbage are reported with sales 3 1/4 to 4 lb. generally. Local cabbage is scarce and very firmly priced but little good quality is available.

Notes of wholesale trading:

There is a famine of spinach with more Texas stuff due the end of the week.

Potato trade continues to drag but cold weather has stopped the big rail movement. More than sufficient for needs, however.

California bunched carrots have advanced at the source; moved to \$4 per 5 dozen crate here.

Local root vegetables in lugs are firmer and higher at 75c.

Frozen huckleberries are being offered 9c lb.

Weather is still holding back sales of tomatoes and cucumbers.

Rhubarb market is slower; some frozen stock hitting sales.

GANG SLUGS SLAY THREE IN NEW YORK

(Continued From Page One)

Harrison, they said, admitted yesterday he killed Earl Davis, a garage watchman, and told them about questioning today he also slew Dr. James Schaeffer, a dentist, and Miss Norma Newby, 38, who was kidnapped from her escort on a lonely road last March and found dead.

The Davis and Schaeffer killings were two of a series of four apparently motiveless assaults which mystified the authorities recently. In each case the assassin fled without clues. The skulls of the victims bore the marks of a blunt instrument like a hammer.

Before he made the last two alleged confessions, Harrison laughed at Cook county hospital physicians who examined him to determine the nature of the poison he says he took. "You can't give me antidotes because I won't tell you what the poison was," he told them.

In his confession, the police said,

Stock Market In Reactionary Day

NEW YORK, Feb. 2 (AP)—The stock market turned quickly reactionary today, as the rally shares slid back to 4 points and similar losses appeared in other sections of the list.

Speculative efforts to put forward "war stocks" were quelled.

The turnover was about 1,200,000 shares.

Losses of 2 to 4 points appeared in such issues as American Can, American Telephone, Allied Chemical, Union Pacific and Santa Fe. One-point losses were numerous in the rails and other groups.
