Mabel E. Morton, Valley News Editor

Residence 1009J

Move—Mr. and Mrs. Ralph Chenault and son Bobbie, who have been living on the Holman place near La Grande, moved this week to the Kimmel farm near the town school. Bobby will attend that school. The Kimmel family who moved recently from this neighborhood have gone out to the Union vicinity, it is reported.

Visit—Mr. and Mrs. A. R. Meginity make an annual visit to the Grande Ronde valley from their home in Spokane. The past week they spent at the home of Mr. and Mrs. Lawson Webster in the Lone Star neighborhood. Mrs. Webster is a granddaughter of Mr. and Mrs. Meginity.

Has Measles—Miss Marjorie Hindman, daughter of Mr. and Mrs. Luther Hindman, of Cricket Flat, and a student at the Elgin High school, is confined to her home with the measles. Two of the Cricket Flat Grasshoppers were to have had their weekly skiing party at the Hindman home tomorrow, other arrangements have necessarily been made for that event.

School Dismissed—School was dismissed Thursday and yesterday at the Valeria school on account of the blocked roads. Two of the smallest children of this school walk back and forth each day, and that was simply out of the question. Roads generally over the valley seem to have been worse during this past week than at any time during the winter.

Pomona Grange—The early spring meeting of the Union County Pomona grange is to be held at Cove with the members of Mt. Pannie grange acting as hostess organization. Mt. Pannie members recently made some alterations to the interior of their hall which has given them additional room, and the walls are now being refinished.

Very Ill—Mrs. MacHattion, of the Pleasant Grove neighborhood, is still very ill at the home of her daughter, Mrs. Nixon, in May Park. As this is being written (Friday evening) she was that she had not rested well the night before and consequently her condition was not as encouraging as it otherwise might have been.

Island City Aid—The regular meeting of the Island City Ladies Aid society is announced for Thursday evening at 8 o'clock at Mrs. Garret Blokland. This is an afternoon meeting and is called for 2 o'clock. A large attendance of the members is hoped for.

Return Home—Mr. and Mrs. Loren Turner and small son who have been visiting at the home of Mrs. L. G. Gekeler, near La Grande, have returned recently to their home in Baker.

Have Winter Like—Six young men from the vicinity of Union enjoyed a winter hike, Thursday, taking as their objective the cabins of the late Mrs. Olin Miller and Kenneth South. The day was blustery and the temperature hovered about the zero mark when they started in the morning. Those who reached their destination, built a fire with the kindling they had carried along, and cooked themselves a substantial meal before making the hike back to town. Those in the party were Francis Halling, Vergil Wilde, Vernal Nielsen, Rex Bill and Reynolds Baxter.

In Town—Mrs. Edith Ragain, of Grange Hall, has been staying in town with her children, Kermit and Edith, and while there took advantage of the opportunity to attend the lecturer's school. Mrs. Ragain is the lecturer of the Blue Mountain subordinate. Her daughter, Edith, a student at the O. T. C., fell recently and injured one elbow. X-rays taken this week show that even though the member is healing very slowly, it is doing as well as could be expected under the circumstances.

Return to Wallawa—Miss Helen Moor, dean of women at the Eastern Oregon Normal school, Miss Arta Lawrence, primary supervisor, Miss Amanda Zabel, head of the English department, Miss Beadie Pettigrew, head of the English department in the La Grande high school, and her mother, Mrs. Pettigrew, made up a carload of La Grande women driving to Wallawa today to see the Abbey Irish players. Miss Moor will remain in Wallawa for a weekend visit with friends.

Attention, Mr. McKennon!—We wonder if our friend, Frank McKennon, of the valley, noticed in the paper a few evenings ago that the boys were playing marbles over at Cove! And we leave it to our readers if that is not proof-positive that there will be a spring. Frank threw up his hands when we said the squirrels were out, and rather sneered at the mention of pussy-willows. But marbles—marbles—they CAN'T be ignored.

Home From School—Miss Frances Comstock, of the Mill Creek canyon road above the Cove, arrived home from Corvallis yesterday morning and will spend the

next few weeks at the home of her parents, Mr. and Mrs. Ralph Chenault. Miss Frances had the misfortune to contract the measles last month and was obliged to miss several weeks of school. Unfortunately, and as is often the case, the measles left her with some trouble in her eyes making study for the present, out of the question.

To Pendleton—Donald and Edna Jasper of the Valley District, quite a fine trip last Saturday. Their father, Ed Jasper, was making a business trip across the mountain to Pendleton, and took the two along. It was a gala day for them, so we are told.

To Entertain Club—Mr. and Mrs. George MacDonald will entertain the members of the T and C Pinchle club at their home in the Iowa district, at their regular meeting day next week.

Watch the Weather—Skiing in the vicinity of Union, as indeed those all over the valley, are watching the weather with more or less anxiety for the lambing season is in the offing and the outlook is very favorable, they say. Forrest Scroggin and S. E. Miller are getting everything in readiness and have several men on the job already. Many lambs are arriving at the Miller lambing sheds.

Return Home—Mr. A. Hug and infant child have returned to their home in the Lone Star neighborhood. They spent a short time with relatives in La Grande after leaving the Grande Ronde hospital.

Grange To Meet—The regular meeting of the Mt. Pannie grange will be held Monday evening at the hall.

A Good Samaritan—C. E. Lawson, who lives on the Union-Cove highway decided that he would call on a sick neighbor, Mrs. Lawson, during the blizzard that raged Wednesday and Thursday, for calls for help come so frequently that he was kept busy night as well as day. An especially nice drift on the highway near the Lawson home could not be negotiated by mere motors and old Dobbin came into his own again.

Takes School—Miss Ina Fleming assumed her duties Monday morning as teacher of the lower school, succeeding Miss Escher Feltman who had been head of the school for the past year and a half and who resigned a short time ago to take effect on February first.

Has Measles—Miss June Conrad, daughter of Mr. and Mrs. Tom Conrad, of near Imbler, is among those young people in the valley who are ill of the measles.

Alleged Aid—Although the place of the meeting has not been definitely determined, the alleged aid society will meet next Thursday afternoon, with Mrs. Ray Fuller, Mrs. Irena Moss and Mrs. Bruce Clark as the hostesses.

Have Their Guns Loaded—The chickens and turkey thief is about the valley again and we have heard from a number of sources that definite plans are laid to put a stop to the nefarious business. Some are talking of the dress in which their birds have walked and others say they have sneaky ideas. In any event, they are lying low.

Get Top Prices—According to this week's issue of

the Wallawa Sun, livestock shippers from that county topped the market on last shipments as the following story shows:

A carload of steers shipped by Church Dorrance from Cove topped the market at \$5.60. These steers were fattened near Joseph on a ranch near the Hugh Wilson place. This carload was shipped by Johnson and Franklin brought \$5.25 to top the lamb market for the week.

Johnson and Franklin are one of the largest shippers and feeders of lambs in the county having fattened in excess of 5000 lambs during the past year, for the market. The record of the week for the local market is as follows: A number of growers to continue to turn out the class of stock which the buyers are willing to pay a royalty upon in order to secure them.

Have Good Meeting—There was a splendid attendance at the regular meeting of the Blue Mountain grange held at their hall on Wednesday. The regular routine of business was considered. Following a plan inaugurated by the lecturer at the beginning of the year, those members who have birthdays occur in a given month are special guests at that meeting and in return they are responsible for the program. February claims four, three of whom were present and gave the program—Frank Wright, Mrs. Celesta Lindsay and Ben Gekeler. A visitor at the meeting was Mrs. Quisick, lecturer of the Walk Creek grange, who had been attending the lecturer's conference and had not yet returned to her home. It was announced that the next meeting would be the annual Brothers' day and that the men folks would be responsible for the program and also the dinner. This is always quite an event in the grange's annual calendar.

Remains The Same—Grandpa Jasper, who has been confined to his bed at his home on the south side of the valley, does not change much. He is able to sit up some and does not seem to suffer very greatly except when he is moved. It will be remembered that Mr. Jasper fell several months ago and fractured his hip and the bones have not knit as they would probably for one of their years.

Mrs. Woodruff Improves—Mrs. Mary Woodruff, of Union, who suffered a stroke of paralysis the latter part of December is making a slight improvement and is able to get around the house quite well now. Mrs. Harry Stopp who was called to her bedside has returned to her home in Portland, by another daughter, Mrs. George Munro, is still with her.

From Mr. Emily Camp—Mr. and Mrs. Bruce Moorhead were entertained at their home with a card party Tuesday. There were nine tables arranged for the game, Mrs. Vada Thornburg winning first prize for the women and Clara Gouney for the men. The consolation prize for the women went to Mrs. Perry Jackson, and for the men to Alvin Thornburg. A delicious two course luncheon was served at the close of the evening. Among the La Grande visitors recently were Bruce Moorhead, Fred Garrett and family, Mr. and Mrs. Bar. C. Coats, Mr. and Mrs. Fred DeBot and family, Mr. and Mrs. William Keffer, Mr. and Mrs. Perry Jackson, Mrs. Lawry Myers and son, William Coleman left last Tuesday for Los Angeles for medical treatment. Some of the young

people of the camp enjoyed a skating party Sunday. . . . Roachie McCully is visiting his sister and family here.

Observe Anniversary—We have been handed the following clipping which tells of the celebration of the sixtieth wedding anniversary of Mr. and Mrs. R. A. Bork, of Flora, very well known in this valley, and we are very glad to pass it on.

The farm home of Mr. and Mrs. R. A. Bork of Flora was the scene of a very happy gathering Sunday, Jan. 24, 1932, when all of their children gathered there, as a surprise to help them celebrate their sixtieth wedding anniversary.

Grandpa and Grandma, as they are known to all their friends, were invited to the party by Mrs. Bork and her children. The party was held at the home of Mr. and Mrs. R. A. Bork of Flora, and from there they went to their present home at Flora by team and wagon, where they have made their home until 1884, when they decided to come to America with their family of seven children. They boded the ship at Hamburg and started on their journey to America. After one and one-half days it was found the ship was leaking, and they must return to Hamburg for repairs. This did not discourage them.

After a five days wait they again boarded the same ship and began their journey across the ocean, which lasted 21 days. All this time they did not see anything but sky and water, the waves rolling completely over the ship at times. A number of deaths occurred and the bodies were buried in the waters of the Atlantic ocean.

They arrived in New York after a very tiresome journey and hurried on to their new home at West Side, Iowa, where they remained for seven years. They had a longing to try a new country and again

they started out with their family party Sunday. . . . Roachie McCully is visiting his sister and family here.

Wm. Conrad and son Vernie of Joseph, Grandpa and Grandma Bork, Mrs. C. F. Evans and daughters Hazel and Stella and son Arley, William Bork, Fred Bork, Mr. and Mrs. R. G. Bork and two sons Marvin and Roy, Mr. and Mrs. Ira H. Bork and children, Ivan, Alma, Everett, Raymond and little daughter Ella Fay, Mr. and Mrs. A. L. Evans and two children, Billie and Wilda Irene, Miss Bernice Conrad and sister Lorraine, Mrs. Amos Evans and three children, Rodney, Melva and Lawrence, Ralph Lindley, all of Flora; Mr. Foster of Camp 10, and Mrs. Lillie Evans and son Leo of Enterprise. On account of chores and bad roads some of the relatives were unable to attend. All returned to their homes the same evening after everyone gathered in the sitting room for an hour or more was spent in singing hymns that everyone knew. They were accompanied on the organ by Miss Bernice Conrad, and the music was greatly enjoyed by all.

Thirty-three were present: Mrs. Wm. Conrad and son Vernie of Joseph, Grandpa and Grandma Bork, Mrs. C. F. Evans and daughters Hazel and Stella and son Arley, William Bork, Fred Bork, Mr. and Mrs. R. G. Bork and two sons Marvin and Roy, Mr. and Mrs. Ira H. Bork and children, Ivan, Alma, Everett, Raymond and little daughter Ella Fay, Mr. and Mrs. A. L. Evans and two children, Billie and Wilda Irene, Miss Bernice Conrad and sister Lorraine, Mrs. Amos Evans and three children, Rodney, Melva and Lawrence, Ralph Lindley, all of Flora; Mr. Foster of Camp 10, and Mrs. Lillie Evans and son Leo of Enterprise. On account of chores and bad roads some of the relatives were unable to attend. All returned to their homes the same evening after everyone gathered in the sitting room for an hour or more was spent in singing hymns that everyone knew. They were accompanied on the organ by Miss Bernice Conrad, and the music was greatly enjoyed by all.

Eight years of very successful work and leadership in 4-H clubs has resulted in Randall Grimes of Harrisburg, Ore., being designated as the state champion 4-H Holstein boy for 1931. This honor has been conferred upon Randall by the extension service of the Holstein-Friesian association of America and by winning this title he becomes a contender for national honors.

Starting with a purebred Holstein heifer calf Randall has made a remarkable record in 4-H club work during the past eight years. That first year he took good care of his calf, brushed her and taught her to lead and pose and then led her into the show ring at the county fair. As Randall says: "I won, to my surprise, 2nd prize in the 4-H club class and also the open class. This being the first time I ever won a prize, I felt proud of my calf and I made up my mind to come back the next year and win more prizes with her." And come back he did next year winning first prize in both club and open classes

and senior and grand champion female. To list all of Randall's winnings from then on would take up too much space. Briefly summarized he has won a silver loving cup at the county fair for champion Holstein club animal four years; two Holstein calves valued at \$150.00 each; five scholarships to the 4-H summer school valued at \$15.00 each; a scholarship to the state college valued at \$500.00. He has completed 41 club projects in club work made 198 exhibits, (not including local) and premiums valued at \$1713.75. As president he owns ten head of purebred Holsteins valued at \$1235.00.

In leadership Randall also has a high ranking as he has served as leader of two 4-H clubs for the last two years. A comparison of Randall's very excellent record will be made with those of other state champions in order to determine who will be chosen as the national 4-H champion. Holstein boy for 1931 by the Holstein-Friesian Association of America.

County Agricultural Agent Harry C. News is announcing a series of horticultural meetings to be held at different centers in this county on Tuesday and Wednesday of next week. O. W. McWhorter, horticulturist specialist from the extension service of the state college, will be here and will conduct the conference considering the general lines of orchard management, and will also have charge of some pruning demonstrations.

The first meeting is called for Tuesday morning at ten o'clock, when a pruning demonstration will be held at the J. B. Weaver orchard near Union. In the afternoon at 1:30, a similar meeting will be held at the Cherry-Groves Packing association warehouse in Cove. At ten o'clock on Wednesday morning the meeting will be held at the F. W. King orchard, east of La Grande. In the afternoon the last of the series will be held at the Wilson Bros. orchard in Imbler.

These discussions and demonstrations are open to all who are interested in this particular industry.

EAST SIDE MARKET

PORTLAND, Feb. 6 (AP)—There were slightly increased offerings during the weekend session of the east side farmers' wholesale market. The milder weather brought out more root stock but in general prices were steady and demand active.

Apples continued in quite fair call with no change in the price. Some spinach was offered but the grower was asking such a high price that none cared to buy.

Carrots were mostly 40c lug. Hothouse rhubarb held 80c for choice and \$1.10 for fancy 15s.

GROUP MEETINGS CONSIDER PROBLEMS OF SANITATION IN HOG - RAISING; SUCCESSFUL

The series of meetings held in Union county last week to discuss questions of great importance to the hog-raising industry was considered a distinct success according to Harry G. Avery, county agricultural agent. The meetings were held at four different centers, eight; Imbler, La Grande and Union and the combined attendance was 99, which is very good, considering the comparatively small per cent of Grande Ronde valley farmers who engage in hog-raising to any extent.

Direct results from the series of meetings is indicated by the fact that twelve different farmers of the valley, agreed to try the sanitation plan for next year. Dr. Henderson, representing the United States department of agriculture, will return at least once during the season and will check up on the methods being used, etc.

Dr. L. C. Henderson who came to discuss the matter of hog sanitation emphasized the idea that in this field, as in other prevention is far more desirable than cure, and that farmers, raising pigs, can do much toward lowering production costs by eliminating the runty pigs through control of parasites especially the round worm. If this matter is given early attention, quicker maturity, less feed, is possible and that is exceedingly important.

Dr. Henderson gave an illustration of the experience of some 15 to 30 farmers in Wallawa county who are in conferences held here by Mr. Clark, recently that the chance on the market for a hog weighing over 300 was very poor, and that 170 to 190 was by far the best.

The speaker emphasized the great importance of keeping mineral mixture all the time before the animals. As a satisfactory formula for this he mentioned one-third ground limestone, one-third steamed bone flour and one-third salt. This he stated could be secured very cheaply. He also emphasized the fact brought out in conferences held here by Mr. Clark, recently that the chance on the market for a hog weighing over 300 was very poor, and that 170 to 190 was by far the best.

303 DEATHS LAST YEAR DUE TO CARS No Firecrackers In Shanghai On New Year's Day

SHANGHAI, Feb. 6 (AP)—By the old style calendar, this is the Chinese New Year. In cases where it is impossible to feed skim milk, the hogs should be given a grain ration which contains 10 per cent tankage or fish meal. A substitute for this, Mr. Lindgren stated, was using ground alfalfa for part of the ration.

During the year of 1931 there were 303 deaths in Oregon from automobile accidents, according to a report just issued by the state board of health. This number was an increase over 1930 when only 276 deaths occurred.

According to a report issued by the national safety council, the first nine months of the year showed an increase of 26 per cent over the same period in 1930. There has been an increase of 200 per cent in the last 10 years.

Umatilla county reported the most automobile deaths in Northeastern Oregon, with Union second and Baker third. Wallawa county did not have a single automobile accident death during the year, the record reveals.

Multnomah, of course, led the list with 103 deaths, with Clackamas second with 25. Douglas reported 16, Marion 15 and Klamath and Lane 12 each.

In Northeastern Oregon Umatilla had seven, Union six, Baker five and Wallawa none.

Divided by months, the deaths occurred as follows: January 30, February 12, March 25, April 32, May 34, June 30, July 24, August 27, September 22, October 23, November 24 and December 19.

In Northeastern Oregon the deaths were: January 0, February 3 (Umatilla 2, Baker 1); March 0 (Umatilla); April 1 (Baker); May 3 (Baker, Umatilla, Union); June 1 (Umatilla); July 4 (Union); August 0, September 1 (Baker); October 2 (Umatilla, Union); November 2 (Baker, Umatilla); December 0.

The death rate per 100,000 population in Oregon for the last 11 years follows:

Year	Deaths	Percentage
1921	109	13.3
1922	103	12.5
1923	104	12.3
1924	145	16.8
1925	160	18.2
1926	192	22.6
1927	214	23.5
1928	267	28.8
1929	230	25.0
1930	276	28.9
1931	303	31.0
