**Alfred Ald-**  
The regular meeting of the Alice Ladies Aid society is to be held tomorrow afternoon at the home of Mrs. Bruce Clark. Mrs. Ray Fuller and Mrs. Irwin Moss are the assisting hostesses.

**Is Better-**  
David Irwin, aged resident of the neighborhood beyond Island City, is reported to be improving from his recent very severe illness.

**Snow Disappeared Plans-**  
The snow and wind storms which visited the Cove locality on Wednesday interfered very materially with several parties scheduled for that neighborhood on Thursday. Wednesday and Wednesday night, the snow had drifted until the roads were at most impassable. The Dorcas society of the Baptist church was to have met at the home of Mrs. Storey Morris but only two ladies succeeded in getting there so the meeting was postponed until next week. Thursday Mrs. Lee Childers and Mrs. Mary Gray were because the roads in Lower Cove were not drifted. Mrs. L. M. Laird and Mrs. John Miller entertained the Ladies Guild of the Episcopal church at the home of Mrs. Laird but only eight ladies were present and they found great difficulty in getting there. Mrs. Louis Presto winning the high score. Mrs. L. J. Chadwick, the low score. A dainty lunch was served after the games. Mrs. G. E. Barker has invited the guild to a quilting at her home at the next regular meeting, which will be on Thursday, Feb. 14.

**Has Carbuncle-**  
Leo Niederer, of Dry Creek, has been having a very painful time recently with a carbuncle which came on the leaders of one of his legs, making it very difficult for him to walk and also made him very ill. Frequent trips have been necessary to physicians in La Grande. This is a very busy season at the Niederer's with lambing right at its height. Virgil Sanderson and Ernest Pugh, of the neighborhood, have been assisting with the chores and Mrs. Irene Conrad has been helping her sister, Mrs. Niederer, in the house.

**Have A Heart-**  
Most school boards do. And most school board members remember when they were young. But it remained for the school board at Joseph to have a chance to prove that very thing. A week ago skating at Wallowa Lake was to use a high school expression "heavenly." The ice was perfect, so the story goes. Along in the morning the skies and other weather indicators promised a storm

**Very soon,** which would spoil the skating, so the board proclaimed a half holiday and Joseph went skating.

**Visits-**  
Mr. and Mrs. J. E. Witherspoon who live on Cricket Flat, had as their guests last week their niece, Mrs. Jay Johnson, and her daughter, Geneva, of Wallowa. They also visited with other relatives in Eggin.

**Stops Off-**  
Rev. E. E. Smuts, pastor of the Methodist church in Joseph stopped off and visited with friends in the valley last week on his way home from Boise where he had been attending a church conference.

**Returns From Portland-**  
Mrs. Burr Slack, of near Enterprise, formerly of this valley, visited here yesterday on her way home from Portland. Mrs. Slack has been for four weeks with her husband who is in a Portland hospital. She reported that he is improved now and prospects are for his recovery, which was something he rather in doubt when he went to Portland several weeks ago. His many friends and relatives here will be glad for this news from him.

**As One Man Sees It-**  
Mrs. Robert Clark, who lives for many years in the valley, before the family went into the florists business, receives and reads with great interest every issue of the old home town paper, the Jewell County Republican, a weekly published in Jewell county, Kansas. A week or so ago, Mrs. Clark found a couple of squirrels in a letter which a correspondent had sent in from one of the rural districts. At her request, and because we know our readers will be interested, we are handing out today two of the bits from the pen of this writer.

**President Hoover** and many other big statesmen have been telling us what to do to pull through this depression. We have a solution that we know will be a good thing for the average farmer: Stay at home and don't go to town only once a week. Better made it two weeks if possible. Cut wood, fix fence, scatter those old straw piles, haul out the surplus manure that has been accumulating for many years, clean out the hen houses, get the brooder house ready for spring chicks, make some single trees and double trees, get the old implements fixed up and save buying new, fix the harness and give them an oiling, and many other jobs too numerous to mention. The jobs as outlined will be hard on the young generation but the quicker we get down to business and save what we can the better off we will be; but stay at home; if you have saved your gas bill and tires you have saved a lot. There seems to be no end to the decline in the big market. We don't hear anybody telling how much money they made on their hogs this winter as we did last season. That's one trouble with us farmers, if we happen to be lucky and make a profit everybody knows it, but whoever heard a business man in town ever say a word about the profit that he is making when he buys three articles for one dollar and then sells them at a dollar apiece. No street, he's too smart, but the farmer must tell his profits if he has any. Why can't we keep our mouths shut?

**Countrywomen's Club-**  
Mrs. Bert Groat, of Grange Hall, will be the hostess to the Countrywomen's club Friday afternoon at her home.

**Concludes Visit-**  
Mrs. Bessie Oliver, who has been spending several days at the home of her sister, Mrs. Wayne Park, near Summerville, has returned to her home in Dry Creek. Miss Madeline Oliver, we understand, is planning to go to Walla Walla the latter part of this month, where she will enter a hospital and take up her course of training for a nurse. Madeline has had her heart set on this line of work for a long time and we believe she will make a good nurse.

**Island Aid-**  
The regular meeting of the Island City Aid is to be held tomorrow, Thursday afternoon at two o'clock at the home of Mrs. Garrett Blokland.

**To Portland-**  
County Agricultural Agent, Harry G. Avery, went to Portland Saturday, accompanying a shipment of livestock to the city, on his business in connection with his office, while in Western Oregon.

**Start Meetings-**  
Rev. August Hunderup, of Portland, began a series of evangelistic meetings at the Cove Baptist church Sunday evening. Rev. Hunderup, it is reported, has a very agreeable personality and his meetings promise much success.

**To Hospital-**  
Mrs. W. H. Miller, of Cricket Flat, was taken very ill last week and was rushed to the Grande Ronde hospital for medical attention.

**Is Right At It-**  
We were far from surprised this week when we read in some "Amity" news in the McMinnville paper that an American Art Appreciation club had been organized at Amity and Mrs. E. P. Mosman had been made the instructor. So we see Mrs. Mosman is keeping up the good work and people in the Willamette valley are to share her talent along this line now as people of the Grande Ronde valley have in the past.

**Up Dry Creek Way-**  
Here is an excerpt from a letter from one of our friends up Dry creek way, a section we ordinarily see quite often, but which our common sense has told us to stay out of, late. "You people around La Grande don't even know what winter is. Wish you could see the drifts and the snow we have on the level out here. Many places you go right over the fences on stils and four-foot stumps are completely covered. The last pig 'blow' on Wednesday and Thursday filled nearly all the roads, making it almost impossible to get through with teams and sleds. Thursday, Miles Woodell, our mail carrier did not even get to Summerville from his home. Both horses were down and had quite a little difficulty getting them out. There were only six pupils in Dry Creek school that day out of the possible 24. This is ready going to be one of the winters we will tell our grand-children about. I do not think the ground hog saw his shadow out here. He would have had a hard time digging out to the outside world, where the sun was shining."

**Had Flu-**  
Mrs. Johnnie Henner, a student of the O. N. has been ill of the flu and spent some time at her home in Haines.

**Called to Jury-**  
Leonard Parsons, Harry McNab and Johnathan Green, of Cricket Flat, were called to La Grande last week to do duty on the jury.

**Attend Conference-**  
The two granges of Union county, north of Eggin, were very well represented at the lecturers schools held last week in La Grande. Mr. and Mrs. Raymond Waelly, Mr. and Mrs. John Gekeler, Miss Lois Witherspoon, Mrs. Mary Waelly, John and Arnold Waelly, J. E. Witherspoon and Walter Gekeler going from Cricket Flat Grange.
