If your neighbors sniff at your rugs Don't get the idea that it is the difference between magnificent Sarouks and modest Wiltons that causes their scorn. It's the difference between their clear-toned, smooth-napped, Hoover-cleaned floor coverings and the dingy, matted, half-way-clean result of inefficient methods. If you don't believe it, send for a Hoover. See the difference one single Hoover cleaning makes in the looks of your rugs—and the looks your neighbors give them. Only \$6.25 down—and you become a member in good standing of the clean-rug club and the summer-leisure society. Convenient terms; liberal allowance for your old electric cleaner. Better phone.
