

Surplus of Eggs Is Increasing In Oregon Mart

PORTLAND, Feb. 16 (AP) — Storage operations have become general along the Pacific slope with receipts increasing generally and current consumption demand not quite so favorable.

Surplus of eggs is increasing and it has been found necessary to increase the flow into coolers in order to keep the trade channels clear.

No change in local prices are reflected for the day and practically no changes are shown in other leading markets of the country.

Co-operatives are making a desperate attempt to keep prices from showing a further general decline in hope of having further serious decrease in laying flocks.

While some of the cash buyers have reduced their buying price on colored roasters and springs 1c lb., the general market for live chickens is unchanged.

Very liberal demand is showing for country killed lambs. Prices are holding steady to firm for the better sort.

Market for country killed hogs is just about holding along the wholesale way with few of the better grade sorts above 6c lb.

There are very heavy receipts of turkeys and this is reflected in the eagerness of prices although carloadings is some aid.

Owing to the fact that offerings of new cabbage in Texas and in Imperial valley of California are less than expected stiffening of the price is reported.

While the movement of onions is gaining at country points late sales have been of nominal volume with prices more or less on a similar basis.

Notes of wholesale trading: Some rather good green beans in from Mexico are selling 50c lb.

Good Bell peppers are practically off the market. Most of the supply is stale, he says.

Root vegetable movement continues favorable with no change in the price.

Home grown brussels sprout supply is liberal with trading dragging.

2844 Acres of Land in Whitman Forest Burned Over During 1931

ALDRICH, OF PENDLETON, NEW MEMBER (Continued From Page One)

None of the new commissioners would make any formal statement last night. Spaulding indicated he might make a statement today.

Aldrich Editor at Pendleton Scott is a well known Portland business man and is president of the Oregon taxpayers' equalization and conservation league.

At the same time Russian and Chinese laborers continued leveling the new runways of the field. Around the edges of the airfield 30 planes glistened in the brilliant sunshine.

Some of them were bombers and some pursuit planes. All were a bright metallic color, with flaming red tails and they bore the rising sun emblem of Japan on their sides.

No planes had taken off from the field during the day but everything was ready. The field is now a complete unit. The atmosphere of the place indicated that something was about to happen.

Little Firing Today Except for a brief artillery duel over Chapel earlier in the day in which Chinese and Japanese guns boomed rather harshly at each other, there was little firing during the day.

General Tsing-Kai, the dapper, brilliant young post-commander of the Chinese forces, shifted his 50,000 troops with surprising rapidity apparently to block Japanese moves.

Continental shifting was in progress within the Japanese lines, and each side apparently sought to counteract the increasing preparations in the other camp.

Both sides prepared for something, a visit to the positions of each indicated, but nobody seemed to know just what to expect.

The Chinese Bankers association presented the nineteenth route army which is defending the city with 250,000 Mexican dollars about a dollar to each of the 50,000 men in the army.

While the military men are risking their lives and abandoning their families, the committee's statement said it is time for every citizen to pledge financial support to the campaign, which is for the good of the country.

Foreign Flags Seen Foreign flags, especially American, sprung up everywhere today, flying from flagpoles over buildings, in courtyards, over doorways and from most automobiles, trucks, carriages and even rickshaws.

Giannini Group Wins Battle To Control Company

WILMINGTON, Del., Feb. 16 (AP) — The group headed by A. P. Giannini, of San Francisco, in the battle for control of Transamerica corporation, yesterday took charge of the annual meeting of the concern and nominated a set of directors favorable to the Giannini interests.

When the annual meeting opened today Hugh M. Morris, former federal judge for Delaware and attorney for Giannini, was presented as the presiding officer. He announced both sides in the contest for control had revealed the Giannini interests had a substantial majority of the proxies.

The opposition faction was headed by Eliza Walker, of New York, chairman of the board.

After the announcement that the Giannini interests had a majority of the proxies, that group nominated the following for members of the board of directors:

A. P. Giannini, Charles Dy Elkus, Theodore M. Stuart, A. J. Scampini, J. Edward McClellan, John M. Grant, Herbert H. Salinger, George Buck, J. C. Jury, Frank J. McCarthy, Ivan Culbertson, B. C. Springer, Alexander L. Nichols, Edward D. Steel Jr., and Edward D. Stayton.

Giannini said some of those named as directors were clerks in Morris' office and that they would be replaced later by California financial men. He also said he would serve as chairman of the board and John M. Grant would be elected president of the corporation.

Those nominated were later elected by a vote announced as 15,371,578 out of about 23,600,000.

The meeting adjourned and the newly elected board proceeded to meet to elect officers.

After the meeting Walker said, "as Transamerica's largest stockholder, I wish the new management every possible success."

Giannini said he would serve as chairman of the board without salary and that Grant would receive \$20,000 a year as president.

Champions Over-run Trojan Campus, Seat of Two National Team Titles

LOS ANGELES (AP) — The University of Southern California went through the sports calendar of 1931 with two national team titles and six individual champions.

The Trojan track team established itself as national intercollegiate champion by winning for the second consecutive year the I. C. A. A. A. and national intercollegiate meets, going through the season undefeated.

The football team was awarded the national grid title after defeating the team in the annual Rose Tournament game at Pasadena, January 1.

Ellsworth Vines Jr., Trojan sophomore, won the national men's singles tennis championship. Clarence (Buster) Crabbe, senior, won the national A. A. U. swimming individual scoring honors with a total of 20 points and holds the title for the 800-yard, mile and medley swimming events.

Frank Wykoff and Vic Williams not only were intercollegiate champions in the 100-yard and 440-yard dashes respectively, but both won the national A. A. U. championships.

William Graber won the intercollegiate pole vault honors and Bob Hall the shotput title, by winning with Graber, Williams and Wykoff, first in both the I. C. A. A. and N. C. A. A. championships.

All states except Virginia showed declines in total internal revenue in 1931.

ANY GASOLINE that's low in its Octane Efficiency is just naturally "lazy" in today's improved motors. Side by side you have, illustrated above, two actual hill-climbing knock-tests that speak for themselves. "Standard" Gasoline's high Octane Efficiency is most evident on the hills.

The car of today must have a motor fuel of high Octane Efficiency to accomplish its best work. Insist on either "Standard" Gasoline or Standard Ethyl Gasoline at Standard Stations, Inc., and Red White and Blue Dealers.
