

THE NEW FIRST NATIONAL BANK OF LA GRANDE

WISHES to express to the people of La Grande and the Grande Ronde Valley its most sincere appreciation of their demonstration of confidence in this new financial institution, and to assure them that their confidence is amply justified.

THE First National Bank starts out with a clean slate, cash capital, and select assets. It is not fettered by the unfortunate conditions of the past, but is in a position to serve this community adequately, both now and in the future.

WE invite your patronage and offer our most careful attention to your problems. Feel free to call upon us at any time and you will receive every consideration that a safe, modern bank can conservatively provide.
