Their flavor is not "flashy" like ordinary vanilla beans. It has a peculiar delicacy that permeates everything it touches—never freezes out nor bakes out.'

Within the week bills would be reported by both committees which will result in substantial cuts. 'Others will follow,' he said. 'The bills will cover a wide range and result in either drastic reductions or total eliminations of certain activities considered by the committee as unnecessary.'

While the new tax program calls for a saving of \$243,000,000 in government expenses in order to balance the budget, Speaker Garner told newspapermen today additional revenue proposals would be offered to take care of at least a part of that sum.

\$130,000,000 Lopped Off—Already about \$130,000,000 has been lopped off six appropriation bills.

Byrns based his estimate on a \$150,000,000 saving in the annual supply bills and between \$60,000,000 and \$70,000,000 in salary reductions, with the remainder to be lopped off other expenses usually included in the deficiency appropriations.

Prospects for passage of the new revenue bill by the house before the end of the week appeared more favorable as the members went into the day's session.

Controversy Likely—Some controversy is expected over the ways and means committee proposal to increase the first class postage rate from two to three cents.

Exemption Lowered—The house today lowered the exemption of surtax rates to \$6000 from \$10,000. The estimated yield is \$7,000,000.

Return of Copper Expected By Morse

TACOMA, Wash., Mar. 30 (AP)—A return of copper to a "profitable level," together with other general improvements in the mining industry, was foreseen today by Ed C. Morse, of Seattle, pioneer northwest mining man.

The present slack times will be replaced by a turn for the better, he told delegates to the 38th annual spring convention of the Northwest Mining association here yesterday.

Within a decade, he added, copper should be back at its once "profitable level."

UNIFICATION OF SCHOOLS SUBJECT OF CLUB ADDRESS

ent rate of expenditure, the next generation will be saddled with enormous debts. The state is bonded to the limit for road work, building improvement and other factors, and the next generation will have to pay these debts.

The board asked for \$9,000,000 for the year, \$8,000,000 appropriated by the state legislature, one half million dollars from the federal government, and one-fourth million dollars from the county.

The board was told to make a survey and to unify the educational systems, which was done after careful study, she said.

When making the report, the board of higher education considered not only the financial reasons for unification, but also the regional comity.

The committee on living conditions found that the state owned dormitories, several of which have been bonded in order to be built, are running short each year, while the fraternity houses have had difficulty in filling their capacity.

The lower division years will be the same as they are now in both schools, while the duplications will be eliminated in the higher division.

The school of journalism, the board believed, was unduly expanded for the number of jobs which offer themselves to graduates annually.

The school of journalism, in a state where many more papers are in operation, does not have a separate school of journalism but the work is handled under another major department.

The school of journalism will be placed under liberal arts or social sciences.

Group of Scouts Pass Tests At Board of Review

A large group of Boy Scouts passed examinations for merit badges and ranks before the board of review held last night at the home of Charles H. Reynolds.

A court of honor will be held Friday evening, following the annual parents' and sons' banquet.

Ernest Briggs and Delbert Grout were examined for the most merit badges, the former making application for signalling, bookbinding, hiding, staking, aviation and chemistry.

Those examined and passed in firemanship were Steve Smith, George Cooper, Clark Atkins, Robert McAnulty, Jack McGehee, Bob McWayne, personal health, Bobby Brock, Don Higgins, Billy Heese, Tom Cook, Bob McWayne, bookbinding, Dick Larkin, Ernest Briggs, Elmer Seward, and Bob McWayne, public health, Dick Larkin, Elmer Seward, Fred Gehring, music, Dick Larkin, Fred Gehring, music, Dick Larkin, Bob McWayne, metal craft, Rex Wall, signalling, Billy Bohnenkamp and Clark Atkins; farm and home planning, Rex Wall; scholarship, Gilbert Stein; photography, Bobby Brock and Robert Long; chemistry, Robert Long; blacksmithing, Don Higgins; poultry keeping, Steve Smith and Johnny Groves; carpentry, Robert McMillan; civics, Bobby Brock; cycling, Tom Cook; and machinery, Don Higgins.

ences at the University of Oregon has not been settled.

The board also feels that too much in fees are collected in the lower division or first two years, while in the upper division the students haven't been charged relatively for the price of tuition.

The board now is whether the students in law and medicine shall pay part of their own tuition, or whether the work shall be free.

Ernest Stuffer and Miss Margaret Page Visited Sunday with Mr. and Mrs. Edd Carper.

French Trump and Gib Lyons made a trip to Maxville Monday.

Melvin and Orval Carper turned out five head of horses in the Wallupi canyon Friday. The grass is doing quite well there but as a rule it is slow starting because of the cool nights.

Last Friday and Friday night it rained almost continually and the river was very high—Mr. Potter said the highest he has lived near it. He began to think he might have to move out.

Mrs. Thelma Henderson became very ill Sunday and Monday Mr. Henderson took her to Wallowa to consult a doctor. They returned Wednesday and she is some better. They are staying at the home of Mr. and Mrs. Vesper Henderson.

Mr. and Mrs. Ben Wheeler visited Wednesday and Wednesday night at the home of Mr. and Mrs. Rollin Gorbett.

Tex Williams made a return trip to Wallowa the first of the week bringing out groceries and grain.

Arthur Wallace was at I. S. McDonald's Monday, bringing his horses which he turned out in the Wallupi canyon below McDonald's. He reported that Mrs. Wallace was not recovering from the smallpox very fast.

Charles Wortman returned from Powwaka Tuesday. He had been helping his brother, Erna, move to the New Downs place.

Wirt McClintock, who brought some cattle in from Lower Valley several days ago and who has been staying at the George Brooks home on Powwaka, became very ill while there. He was taken to Wallowa Thursday for medical treatment. He was taken as far as the foot of the summit on a sled and a car met the party there.

Ernest and Harry Stuffer brought in Mr. Snuffer's cattle Tuesday from Lower Valley where they had been feeding them the past winter.

Mr. and Mrs. Edd Carper enjoyed Sunday dinner at the Henry Snuffer home near the Sunnyside.

Westinghouse Co. Declares Dividend

NEW YORK, Mar. 30 (AP)—Westinghouse Electric Co. declared a dividend of 25 cents a share today on the common stock, payable April 30 to stock of record April 15.

A year ago the dividend on the common stock was reduced to \$1.00 quarterly from the previous rate of \$1.25. After two disbursements at this rate payments were cut to 62 1/2 cents quarterly.

The regular quarterly dividend of 87 1/2 cents on the preferred stock was ordered by the board, also payable April 30.

The common dividend declared today came as something of a surprise to Wall street, as it had been generally expected for some time that the company would discontinue payments on the junior issue because of unsatisfactory earnings.

Highway Head Says No More Bonds For Relief Purposes

PORTLAND, Mar. 30 (AP)—The state highway commission will proceed with its program of letting contracts for highway construction and will issue no more bonds to provide emergency employment relief. This was the statement made here today by Leslie M. Scott, chairman of the commission.

Scott, with Carl G. Washburne, commissioner, and R. H. Baldock, highway engineer, conferred in Salem Tuesday with Governor Meier on highway matters. Scott said one of these questions was unemployment relief.

Nearly \$4,000,000 now is available for construction work, he said. This includes more than \$2,000,000 of the commission's funds, and \$1,600,000 in federal aid funds. Scott said the latter would be lost to the state under the emergency relief program.

Scott said that with all this money available, more jobs can be created and more cash distributed.

SALEM GIRL ELECTED SALEM, Mar. 30 (AP)—Miss Gertrude Oehler of Salem, was elected May queen of Willamette university by popular vote of students yesterday. She will rule over the May weekend festivities to be held on the campus.
