**Bigger Make of Butter Is Felt In Coast Marts**

PORTLAND, Apr. 1 (P) — Greatly increased production of butter continues to make itself felt not only in the markets of the Pacific northwest but along the Pacific slope generally.

There was no general price change for the day but speculative interest in cubes was not at all inclined to prove as heavy as the supply. This was more especially true of the extras than standard and the lower seconds.

While there is some fighting reported in the butterfat market most of the fight spirit appears to have subsided since production became so heavy and a surplus instead of a shortage created.

Market for eggs continues its more or less recent weakness with continued direct peddling to retail shops by unattached producers. No change is announced by the Pacific co-ops or private distributors although some of the latter are reported shading.

At a late hour buyers found they were in wrong with their low quotations on chickens. They advanced medium hen buying price to 12c and lights to 10c lb. but heavy broilers were cut to 12c lb.

Demand for dressed turkeys continues to surprise the local trade. Receipts from the country are limited and considerably below the actual daily calls for supplies. Hens are in best call.

Market for country killed meats was without general quotable change for the day. Veal and hogs continue easy but are moving within the price range. New lambs are quiet but there is an excellent call for limited offerings of old stuff.

First supply of new crop Texas Bermuda or Crystal Wax onions came by express from Texas and in rather good condition. They show good quality and are quoted at \$7.50 per 50 lb. crate.

At Oregon primary points there continues a general lack of demand for old crop onions even though consuming markets reflect at least steadiness. The price asked by holders here appears higher than anyone is willing to offer.

There is an entire absence of fresh small offerings from the Salsby, the Owens or Lewis rivers. Halibut is

**Stock Market Dips Into Lower Ground**

NEW YORK, Apr. 1 (P) — The stock market dipped a little further into new low ground today as Wall street remained nervous over the federal tax measures.

Several net losses ranged from 1 to 3 points, and the closing tone was heavy. Sales approximated 1,500,000 shares.

Shares of companies manufacturing products to be taxed under the proposed measure in congress were heavy. Eastman, Drug, Inc. and Coca Cola lost 2 to 3 points. In the motors, Auburn dropped 7 points after yesterday's loss of 11.

**WOOL REPORT**

BOSTON, Apr. 1 (P) — The Commercial Bulletin will say tomorrow: "The wool market is generally inactive and uncertain, especially in consequence of the recent activities of the National Wool Marketing Corporation, whose sale of mohair manufacturers declare has given them reason to pause in any contemplated purchases, lest a general policy of reduction in wool as well as in mohair be discovered, on the part of the co-operators."

"Well over a half million pounds of new clip California wools have been sold to mills and dealers this past week at prices ranging from 6 1/2 to 11 1/2 cents according to the wool, an advance of 1/2 cent a pound by the co-operative having been rejected by the growers as altogether too low."

"The foreign market is rather slow and heavily steady. England and Japan are the chief operators in the colonial markets."

"Nothing was accomplished with reference to the advance to be made by the National Wool Marketing Corporation on mohair at the Texas meeting last week end. Chairman Stone of the farm board in a letter to Speaker Garner of the house stated that the co-operative did not intend to make any initial advance on mohair. The matter has gone over to further conference later this month."

The Bulletin will publish the following quotations:

Scoured basa: Oregon — Fine and f. m. staple 45-47; fine and f. m. clothing 45-48; valley No. 1, 45-47.

Mohair: Oregon — 27-28. Domestic grades and first combing 27-30; second combing 24-26; third combing 20-22; fourth combing 18-20; good carding 21-24; first kid 50-55; second kid 45-50.

**LUMBER MARKET**

PORTLAND, Ore., Apr. 1 (P) — Current new business in the western pine belt during the week ending March 26, decreased 4.1 per cent as compared with the previous week, the Western Pine association reported today. Of the 128 reporting mills, only 38 were in operation, and these were running at 84.8 per cent of capacity.

Current production for the week increased 1,485,000 feet, but shipments declined 478,000 feet. Production for the week was 19,385,000 feet; shipments 38,598,000, and orders, \$1,956,000 feet. Unfilled orders decreased 1,641,000 feet.

**CHICAGO LIVESTOCK**

CHICAGO, Apr. 1 (P) — (U. S. D. A.) — Hogs 11,000, active 10@20 cents higher, 170-210 lbs. \$4.40 @ \$4.55; top \$4.35.

Cattle 1,500; cleanup trade at about steady prices; steers and yearlings \$5.00 @ \$6.00, vealers \$3.00 @ \$4.00. Sheep 10,000; steady, choice lambs sold higher, wooled lambs \$6.75 @ \$7.25, coppers \$6.25 @ \$6.50, fat ewes \$4.50 @ \$4.25.

**WORLD'S LARGEST WHEAT MAN BACK FROM OLD WORLD**

Russia by American bankers. Campbell said plus certain tariff changes probably constitute two major methods of developing the Russian market. His experience in Russia, he said, has convinced him Russia looks toward America as a sort of model in how to handle both industry and agriculture.

Campbell scoffed at the idea of a Russo-Chinese alliance. "If there is a coalition," he said, "it will be between Russia and Germany. Each country produces what the other does not and the trade volume is growing fast. Every phase of Russian modern life has been born in Germany including communism which is doomed to certain failure."

Speaking on America's problem to stabilize conditions, Campbell said stabilization must come through some provision whereby agriculture will benefit from tariff laws the same as industry.

"Make the product happy," he said, "and no country in the world can go wrong. Wheat, corn and cotton producers must be given the same rights under the tariff as the manufacturer of locomotives."

In Campbell's opinion Russia is undergoing a social and economic experiment comparable to that of the American nation when it began founding its republican form of government.

"The experiment had to come," he said, "and I am glad that it is thousands of miles away from the United States."

**FALL FROM ROOF FATAL**

SILVERTON, Apr. 1 (P) — Herman Olson, 48, was instantly killed this morning when he fell from the roof of the Immanuel Lutheran church, a distance of about 40 feet. His neck was broken. Olson, with three other men, were engaged in shingling the roof. The other three managed to hang on to portions of the scaffolding. A loosened brace was the cause of the accident. Olson was a brother of Elmer Olson, pharmacist, Oscar Olson and Elda Olson, all of Silvertown.

**FIND 85-GALLON STILL**

PENDLETON, Ore., Apr. 1 (P) — Ernest Wallace Flynn, John A. McEstrine and his wife were arrested by Charles Houston, state policeman, Wednesday southwest of Pilot Rock on liquor manufacture charges. The officers said they found an 85-gallon still in a specially constructed shed. The still and 5 gallons of liquor was confiscated.

The agents also confiscated other liquor-making equipment found in the same district.

**BERLIN RECORDS LOW CRIME**

BERLIN, (P) — Crime's true low was reached here when counterfeiter started putting out fake four penny pieces, each coin being worth approximately one cent.

**LA GRANDE HIGH BEGINS VACATION**

(Continued From Page One)

L on a blue background, the school colors. The L is superimposed on a white O, the white O being standard school letter.

The 100 point letter is a white L with a blue background, and they were presented to Teresa Doherty, Florence Doherty, Oia Mae Hough, Genevieve Flexor, Nadine Atteberry and Lucille Thacker. The 50 point awards are also standardized throughout the state and are white diamond shaped pieces of a felt with a green border, and the initials of the winners graduating class in green. Those receiving them this morning were Sophia Gleihtuber, Arda Berry, Opal Connor, Theresa Curran, Doris Duncan, Orville McWilliams, Verda Nebeker, Etta Severna, Barbara Stitzinger, Clarice Taylor, Zella Twidwell, Mildred Wardell, Muriel Webb, Ellingboth Milne.

Gold honor pins will be awarded later in the year to three senior girls, outstanding in activities, scholarship, sportsmanship, who are chosen by the faculty. The pins are the shield and winged foot of Hermes worked in solid gold.

Present Gifts

The classes in expression, under the direction of Miss Catherine Sartin, presented a number of gifts, some of which carried out April Fool. The first number was a play presented behind the curtains with eerie sound effects. Jean Devine and Myrtle Wheeler took the leading roles, while the entire class assisted with the sound effects.

A clever number was presented by Helen Fallow, Wythe, Hoke and Bob Ward. Miss Fallow, dressed in formal attire, stood in front of the curtain and pretended to be singing, while Miss Hoke sang the first number, concealed behind the curtain. The audience was unable to tell that Miss Fallow was not singing until the encore when Bob Ward sang the number, furnishing an incongruous effect. Eileen Waldorf, faked a violin solo also, while Miss Alyce Jeanette Cooper was playing the violin back of the curtain. She was accompanied by Maehelina Cooper.

A skit, "If I Were You," depicting a "tiff" in the 18th century, was presented, with Marion Boyles and James Leslie in the leading roles.

A motion picture, showing the making of optical glass, was shown by Dr. William Peare.

**SOPH SEXTET WINS FIRST IN LADDER PLAY**

The sophomore girls basketball team won first place in the interclass ladder tournament which was completed yesterday at the La Grande High school. Miss Catherine Osborne, athletic director, announced the selection of the all-star first team chosen from among the players of the four teams on the basis of all around playing ability and sportsmanship.

Mildred Wardell and Etta Twidwell are the senior members of the team; Margaret Davy, junior, and Florence Doherty, Ruth Nelson and Doris Duncan, sophomores.

The all-star second team includes Ethel Nelson, Florence Green and Verda Nebeker, sophomores; Ma Marie Andrews and Eugene Butterfield, freshmen; and Eugenia Trowbridge, junior.

The senior class team was second among the first teams in the ladder tournament, the freshmen were third, and the juniors fourth.

In the second team ladder tournament the seniors, under the captaincy of Lilli Hoffman, won first. Ma Marie Andrews' freshman team placed second; Teresa Curran's first placed second, and Zella Twidwell and the sophomore team were fourth.

**Children Exempt From Poor Farms**

SALEM, Apr. 1 (P) — Oregon statutes relating to the relief of the poor, in commitments to poor houses, or county farms, do not apply to dependent children. Attorney J. H. Van Winkle declared in an opinion today. He stated special provision is made by law for the care and support of children without sending them to poor farms. The opinion was requested by Mrs. Elizabeth Hay Hurst of Portland, member of the governor's legislative interim committee.

In another opinion the attorney general held petitioners may withdraw their names from a petition at any time before the county clerk calls a special election to act on the petition. The withdrawal may be accomplished by request in writing or by a counter petition.

The case was requested by George S. Simeone, district attorney of Harney county, who stated a recall petition was being circulated against the justice of peace at Burns, but that a counter petition now ask to have their names taken off. He asked the legality of the counter petition and how it could be considered.

**SENATE NOW ON ECONOMY RAMPAGE**

(Continued from Page One)

house are facing a parring down and the bonus bill is doomed to defeat. The senate leaders believe this spirit will continue undiminished to the end of the session.

So far two of the annual supply bills have been sent back to the appropriations committee for 10 per cent reductions. All the other measures appropriating funds for next year's operating expenses of the government face the same treatment.

Action Unprecedented

As a result of this unprecedented action, the senate appropriations committee is making time on the other measures appropriation bills. Department heads have been notified to give recommendations for further parring down. They have protested but the senate means business.

It is no secret that the leaders of both parties have determined to apply the axe to the proposition about to face the house for legislation to roll to world war bonds upon their bonus insurance certificates. It is not a certainty that the house will approve this. There is more doubt that the senate will. But there is no doubt whatever among the senate leaders that the veto threatened for this legislation by President Hoover, should it pass, will be guaranteed.

Blanket Cut Favored

There is a lot of talk of making a blanket 15 or 25 per cent cut in all appropriations with instructions to the government heads to make the cuts in their expenditures where best they can. Wrapped up in the whole perplexing problem of government reorganization upon which the house has made little headway. The senate is about ready to have a try at this, too. However it is done, the senate is determined that the budget is going to be balanced.

When Moving Day Comes

On an average, the American family moves three times in its career.
