

COAST BASEBALL SEASON TO OPEN

Eight Teams Meet in First Game Today—Portland At Los Angeles.

SAN FRANCISCO, Apr. 5 (AP)—Eight Pacific coast league teams will open the thirtieth annual pennant race of the big far western circuit today. The 1931 champions, San Francisco's Seals will face an improved Seattle squad in initial contest at San Francisco. Hollywood's Stars, runner-up last season, will tackle Oakland on the latter's home field and Portland and Los Angeles will come together in the south. The San Francisco Missions and Sacramento's Senators will open festivities in the Capital City with governor James J. Rolph pitching the first ball.

Probable Batteries
Probably opening day batteries include:
Seattle—Kallo and Cox; San Francisco—Henderson and Penesky.
Hollywood—Miljus and Bassler; Oakland—Thomas and Reed.
Portland—McDonald and Palmisano; Los Angeles—Hermann and Campbell.
Missions—Koupal and Hofmann; Sacramento—Fretas and Wirtz.
The usual opening day ceremonies will be held. Exhibition games with big league clubs here having failed to draw even fair attendances, the Seals and Seattle will turn to night baseball tomorrow night. Los Angeles and Portland may switch to after-dark playing next Friday although nothing is definite. Sacramento will go in for the "owl" games May 3 and Oakland, May 10.

Public Demand For Undergrade Butter Strong

PORTLAND, Apr. 5 (AP)—Only one conclusion could be drawn from the repeated steadiness of the market for undergrade butter while top scores reflect weakness and price cuts. The public is demanding the lower score offerings. Price may be the consideration but the fact remains that much of the time recently the lowest score butter on the market has sold at practically the same price as the extreme top score and at intervals the differential between top and bottom score is but 1 to 2c lb.
During the initial session of the week the Portland produce exchange price of all cube butter was down 1c lb., the only exception being first grade which was unchanged.
The price of butterfat was lowered 1c lb. again conforming to the lower butter value. Both changes were expected in view of the increasing surpluses along the coast.

There was no change in the egg market situation for the day. The local co-ops are maintaining their prices but some underselling by outsiders is reported. Receipts continue heavy.
Market for light weight broiler chickens is rather weak along the wholesale way with prices inclined to drop even lower. Both light and medium hens are steady with heavy stuff firm. Turkeys continue in steady call. Somewhat better demand is suggested in the market for country killed calves. Receipts recently have been greatly curtailed.
Easter feeling is again apparent in the market for country dressed hogs. Recently cuts in the livestock price and underselling by city killers has hurt the country killed stuff price list.

Three-Cornered Fight?
Early indications point to a three-cornered fight between Portland, Los Angeles and Hollywood during the 26-week schedule. Seattle is expected to show more of a punch this season. The Missions have a team powered by many youngsters while the rest of the clubs will present but few changes over last year's line-ups.

Notes of wholesale trading:
Onion market is rather slow for old crop as well as for new crop Texan. Potato trade remains steady with the bulk of the call in 2s.
Peas are in greater supply and lower at 6@8c lb.
Rhubarb demand is rather good with prices held.
Hothouse tomato offerings nominal with the call good.
As one means of providing additional revenue to cover the increasing cost of unemployment relief, the French government has advanced the price of safety matches 33 1-3 per cent.

will conduct examinations at the Sommer building of children from the Central P. T. A.
The committee wishes to impress on the parents the importance and benefit of having their children examined before they start to school, since many of the unpleasant situations attending to starting to school are caused by poor teeth, bad teeth, weak eyes and other factors. The doctors of La Grande are giving their services for the benefit of the children of La Grande, and Miss Marquardt and her committee urge that the parents take advantage of the opportunity of a free examination.

PORTLAND, Ore., Apr. 5 (AP)—President Arnold Bennett Hall of the University of Oregon last night confirmed the selection of Prince G. (Prink) Callison as head football coach to succeed Dr. Clarence W. Spears, who resigned to accept a similar position at Wisconsin.

MANY LAMBS OFFERED

CORVALLIS, Ore., Apr. 5 (AP)—Pacific coast markets were deluged by the first wave of spring lambs during the past week which resulted in a decline of 25c early in the week and in a 50 to 75c decline at the close of the week, according to a review issued today by the U. S. C. extension service and the U. S. D. A. bureau of agricultural economics.
California terminal markets were unable to absorb the supply of new crop spring lambs, the review said, and as a result, shipping point prices dropped from the quotation of \$7.00@7.25 a hundred early in the week, to \$6.50@6.75 at the close.

PAIN IN YOUR SHOULDER?
USE TYSMOL FOR RELIEF
Knife-like jabs of pain in the vicinity of the shoulder blade are generally due to neuritis, brought on by exposure to draughts or sudden changes of weather. In some cases there is stiffness or soreness in the muscles, making it difficult to raise the arm.
The safest and easiest way to relieve such an attack is to apply a small quantity of Tysmol over the affected area. This soothing, healing preparation is quickly absorbed through the pores and carried to the throbbing aching peripheral nerves. The pains usually stop at once, and in a very short time the last trace of soreness should disappear.
Tysmol is absolutely harmless—free from dope. Recommended for all forms of nerve pain, whether caused by neuritis, neuralgia, sciatica or rheumatism. Sold by leading druggists. Always on hand at Glass Drugs, Inc. —Adv.
