

MANUSH'S HOMER WINS FOR SOLONS

Washington Noses Out Boston 7-6; Cubs Defeat Cincinnati.

By Hugh S. Fullerton Jr. (Associated Press Sports Writer) Where the rookies were shining in baseball training camps a few days ago, the old established players are shining now in the first days of the major league campaign.

On Monday at Washington it was Heinie Manush, in his tenth season in the American league, who took the honors. Tuesday Babe Ruth, a man of 18 big league summers, was the star, and yesterday Manush was back in the limelight along with several other veterans.

The other "big guns" who helped entertain the few shivering fans who saw the games of the season's second full day included Frank Frisch, who has had 13 seasons in the big leagues. Pat Malone, big pitcher of the Chicago Cubs, an established star who is not far short of 30 years old, Al Thomas of the White Sox, who has been around a few years longer, and Lloyd Waner, somewhat younger but a veteran of five campaigns.

Manush gave Washington a 7 to 0 victory over the Boston Red Sox. He hit a home run in the fifth inning with two on base to top off a four run rally.

Frisch hit a double with two on base to provide the champion St. Louis Cardinals with the runs that beat Pittsburgh, 9-8. The Cards had to score five times in that final rally after Pittsburgh had made three runs in the ninth. Lloyd Waner starred in the same game with three doubles.

Malone, warming the chilly air with his famous fireball, got the better of Owen Carroll of Cincinnati in a neat mound duel and gave the Cubs a 3 to 2 victory.

Thomas performed less sensationally on the mound but he pitched a steady game and received some great support from the White Sox both at bat and in the field. Although only 19-9, the Sox made two straight over the St. Louis Browns, 7 to 3.

Wesley Ferrell pitched eleven innings in weather so cold that it held the attendance at Detroit's first game down to 15,000 and came out ahead, 6 to 5.

Cold weather stopped two games in the National league, when the Phillies were scheduled to play the New York Giants and Brooklyn was to play host to the Boston Braves, and one in the American with called off the New York Yankees to play the Athletics at Philadelphia.

THEY SCORE ANOTHER WIN IN PORTLAND

PORTLAND, Ore., Apr. 14 (AP)—Ted T. Portland, Ore. wrestler, scored his second victory in his recent comeback campaign, taking two out of three falls from Axel Anderson here last night. Wrestling his opponent down with his crushing shoulder butts, Thye took the first fall in four minutes, 45 seconds with a wristlock. The second fall went to Anderson in 16 minutes, 55 seconds, when he upended Thye with a body slam. Thye ended the match in two minutes with another series of shoulder butts and wristlocks.

George Wilson, former Washington football star, took two out of three falls to defeat King Elliott, New Zealand.

Colic, Indigestion Held Death Cause

SAN FRANCISCO, Apr. 14 (AP)—The Hooper medical foundation of the University of California reported today that Phar Lap, noted Australian race horse, died of colic or acute indigestion.

The fatal condition, the report said, probably resulted from fermentation of food in his stomach, causing bloating and distention of the muscles of the heart, stopping that organ.

Chemical analysis, they said, revealed two milligrams of a deadly poison in the stomach contents, about the normal quantity of this poison to be found in the amount of green food that Phar Lap had eaten.

This amount should have been beneficial, the pathologists said.

The famous Australian horse died at Menlo Park, near here, last week.

BIG LEAGUE SCOUTS EYE SOUTH CAROLINA SLUGGER

COLUMBIA, S. C. (AP)—Bill Harley, 19-year-old outfielder of the University of South Carolina baseball team, has been watched by at least three major league scouts.

Tom Thomas of the Athletics saw Harley more than a year ago and advised him to get his diploma before entering professional baseball. Sam Agnew of Brooklyn spoke of giving him a chance with the Dodgers after watching him play last summer.

He has been offered a tryout at Winston-Salem, N. C., a farm of the New York Giants.

Harley had a .467 batting average his freshman year at the university. 352 his sophomore season and last year 449. He is going good this year.

OLYMPIC HOPES

LEO SEXTON

The official world record in the shot put is held by the German, Emil Hirschfeld, but it has been beaten in practice and competition by Leo J. Sexton, New York giant and a chum to win a place on Uncle Sam's Olympic team. Several times during the indoor season, Sexton surpassed the 55-foot mark. In practice he has actually heaved the 16-pound ball more than 53 feet. Sexton is 6 feet 6 inches tall and weighs 240 pounds, but in spite of his size he is a fine all-round athlete. Three years ago, while weighing 212 pounds, he high-jumped 6 feet 4 inches. He also is a fair performer in the pole vault. Sexton is a former Georgetown university student. He will compete in the Olympic trials with the New York Athletic club.

Sport Slants

By Alan J. Gould (Associated Press Sports Editor) This is probably as appropriate a time as any we have known for international athletic authorities to quit kidding themselves about the sagacity and purity of amateur sport. The apparent attempt to make the great Paavo Nurmi the "goat" at the behest of European promoters, charging him with professionalism, does not remedy conditions that have existed in many countries.

If the international federation which cheerfully desired to "clean house" in advance of the Olympics, it would first be obliged to discipline club promoters and then wipe the slate clean of most of the star talents in every leading nation.

This is not to say there are no real sport-pure performers in track and field sports, but outside of the colleges, the athletes who do not benefit in one way or another from their reputations are few and far between.

If they do not accept money, the star athletes receive favors in other ways or are helped to capitalize their reputations in a legitimate way. What harm is there in it, after all, so long as an athlete gives his best efforts in competition?

If eyes and ears can be shut where the fair-haired boys are concerned, why not admit the facts of semi-professionalism openly and have a new deal at around in athletics? Better to have honesty than hypocrisy.

You never hear of a polo player's amateur standing being questioned. Why? Because this great sport has no old-fashioned rules or technical requirements other than that the player must have a horse and be a genuine sportsman.

Finland's Gold Mine When Paavo Nurmi came to the United States for the first time in 1925, the winter after his greatest Olympic triumph, American promoters, trampled on one another in their eagerness to book the Phantom from foot races.

This situation was like a subway rush the day after Nurmi's debut in the old Madison Square Garden. More than 5,000 persons had been there and influential citizens of this and other countries willingly paid as high as \$200 for a single ticket of admission.

There was a new flow of gold at the gate. Quite naturally inducements were offered to Nurmi's representatives. The competition was keen and there was no disposition on the part of promoters to expect Paavo to travel in anything but first-class style.

All the fuss was somewhat annoying to Nurmi himself. His requirements as to living accommodations were simple. He shied away from these impulsive Americans who talked in very fantastic language. Paavo was willing to run as long as he felt all right. That was the only language he knew—foot-racing—and he knew it better than any other runner of his time.

I do not know how much, if anything, Nurmi profited from his American tours. He was cleared of anything damaging to his amateur standing when the A. A. U. sifted rumors about him. Certainly the promoters, in the long run, did not give Paavo any of the best of what ever bargain he may have made. And subsequently the Finn gave no manifestations of enjoying sudden or even moderate wealth. He merely went back to work in Finland.

International sport for a year that badly needs its stimulating effects has been handed a series of stiff wallop.

The death of Phar Lap destroys the one really bright outlook for unusual competition on the American turf this season. The Australian horse was the first to capture a big race on this continent and prospective duels with Mats and Twenty Grand loomed as "naturals" for Chicago and New York tracks.

The outstanding foreign threat to America's new crop of middle distance runners has been removed from the Olympic field through the disbarment of Jules Ladoumègue, French holder of the world's mile record. On top of this has come Paavo Nurmi's temporary banishment. The Olympics without the flying Finn would look like the Yankees without Babe Ruth.

Wimbledon, most glamorous of tennis strongholds, will lose much of its international color if the American pass up the international tournament in favor of a Davis cup training program in France.

Procy Diamond Fraud The Cardinals and Yankees have not had a personal rivalry since they last met in the world's series of 1928 but by proxy they will wage a real baseball battle in the international league this season.

The Red Sox club, a Cardinal farm which has won four straight pennants, and the Newark team, newly taken over by the Yankee "chain-of-command," look to be the strongest in the "AA" circuit.

They finished only two games apart last season in a ding-dong tussle right down to the last few days of the campaign. Al Mamula, the melodious voiced manager of the Newark Bears, pitched and won a double-header at one of the critical stages of the stretch drive but it wasn't enough.

Newark's only and only permanent winner was in 1913 but the Ruppert baron and resources now weigh heavily on the scales. Until the color began his operations in the Bronx, the Yankees never had won a pennant. Since then they have captured six flags.

March Of Progress— Flatbush fans no doubt will find it difficult to reconcile themselves this year to the changed order, with Uncle Wilbert Robinson in seclusion at Dover Hill, Georgia, and Babe Herman before the public at Cincinnati.

The Old Dealer still will be on hand but this is mainly a different crew. Other Robins have flown and in their stead are Muggsy and Gus from Cincinnati; Hack Wilson, from Chicago by way of St. Louis; Waite Hoyt, from the American league champions, and the pink-cheeked newcomers, from the Hotrod farm.

Max Carey had his share of hard luck in trying to put together the pieces where Uncle Robbie left off tinkering with the baseball machine. He may find the right combination and then again he may not. Like the Moran and Mack story of a few years ago, Brooklyn's dark horses are more leading contenders for the light heavyweight title.

Eddie Thompson, Spokane featherweight lost on a technical knockout to Ross Dumasagas, Manila, in the fourth round of a scheduled six round bout. The Filipino dropped Eddie in the second and third rounds and opened a cut under Thompson's right eye in the fourth that caused the referee to halt the bout.

Capt. Frank Sippley, University of Virginia first baseman, also is a star on the national His home is Princeton, N. J.

Seals Continue Winning Streak; Beavers Beaten

By the Associated Press Their winning streak undaunted, the San Francisco Seals continued campaigning against the Mission Reds last night, and by a score of 9-3 took their second straight game.

Three of the Seal runs came home in the fourth inning to overtake the Missions who were leading by a 3-1 score when the inning started. Three more tallies were added to the Seal register in the fifth.

Rain cut the Sacramento-Portland game yesterday to seven innings but that was long enough for the Senators to pile up a total of 18 runs to the Beavers 4. Seven Sacramento runs in the first inning and nine more in the third just about clinched the game, the last five innings of which were played in rain.

Hollywood added another victory in its present campaign against Los Angeles, by taking yesterday's game 8-3. Lerty Herrmann, Angel pitcher, was forced out of the box in the third inning under a five run Hollywood barrage.

Rain caused postponement of the Oakland-Seattle game at Oakland.

Yesterday's results: R. H. E. San Francisco 9 3 3 Missions 3 8 3 Willoughby and Penebsey; Walsh, Klupal and Hofmann.

Portland R. H. E. Sacramento 18 14 0 (Called end 7th inning; rain.) Prudhomme, Jacobs, Osborne, Peterson and Palmisano; Hubbel and Woodall.

R. H. E. Los Angeles 8 10 0 Hollywood 3 16 0 Hermann, Moss, Stitzel and Cronin; Page and Mayer.

Wightman Team To Leave Soon For Wimbledon

SAN FRANCISCO, Apr. 14 (AP)—Mrs. Helen Wills Moody, selected to captain the 1932 Wightman cup team from the United States, today prepared for her departure for Europe after expressing confidence in her team mates announced yesterday by the United States lawn tennis association.

Mrs. Moody, who plans to sail from New York Apr. 27 to participate in the Wightman matches at Wimbledon in June, said she had anticipated the selection of those who will aid her in representing the United States because of their records of last year.

They are Helen Jacobs, Mrs. Anna McCune Harper and Sarah Palfrey, who with Mrs. Moody and Mrs. Hazel Hotchkiss Wightman, donor of the cup, will be the United States team at Forest Hills last summer.

Mrs. Moody said she had been advised some time ago to prepare for a trip to England for the cup matches. She had received no information as to other members of the team, she stated.

Northwest Track, Field Trials May Go To Seattle

SEATTLE, Apr. 14 (AP)—The Pacific northwest Olympic games track and field trials may be held in Seattle instead of Portland next month.

Criticism of the Washington Athletic club and the University of Washington have been endeavoring to have the trials held in conjunction with the northern division Pacific coast track and field meet.

BRUSHING UP SPORTS... By Laufer

Stock On Early Ranges Now In Wallowa County

By C. G. Meek (Observer Correspondent) WALLOWA, Ore. (Special)—Many of the stock owners of this community have been relieved to a considerable extent of their worry regarding their feed.

While the grass has been slow in getting started during the backward weather conditions, it is now good enough to provide fair forage for livestock at many places in the community.

Some activity in wheat sales is reported here recently. During the past week Kerr-Gifford Co. shipped out a number of cars of wheat and Leo Bell, local buyer also shipped two cars to Portland during the past week.

Some of the wheat purchased recently by the Kerr-Gifford Co. consisted of parts of three crops grown on the Weinhard farms on Dry creek.

A number of the patrons of the Leap telephone line were busy the early part of the week resetting some of the poles and repairing the line at several points.

Gastin & Cussins, who have been busy during the past week lambing out their flock of ewes, report excellent success in saving the greater part of the lambs. The ewes are on grass and are said to be supplying plenty of milk.

Frank Walker was moving some household goods to Enterprise recently for his sons, Mayo and Bob, who are operating a service station there.

Joseph Peagins and Ted Brown have been busy several days the past week making fence posts at their farm in the Leap community.

John Bales and Dee Gastin, who recently leased the former Fred Raney farm on Parsnip creek, have been busy the past few days moving their household goods and machinery there from the Bruce Fisher farm in Leap. The farm consists of several hundred acres of wheat land the most of which will be summer-fallowed this season.

The Wallowa County Stock Market— J. F. Haun, prominent stockman of the Lostine community, was in the hill section the latter part of the week investigating grass conditions. Mr. Haun owns a large tract of pasture land in the Leap community and expects to move a part of his cattle there soon. He has been having hay shipped in for much of his stock during the past two months.

Giles Plass was at his ranch in the

Restless, Nervous? drink "Ficgo"

The most wholesome palatable Mealtime Drink "Instead of Coffee"

Good for your Stomach and your Nerves It relieves Constipation! 1 lb. Ficgo goes about as far as 2 lbs. Coffee

AUCTION SALE

On account of the death of Mrs. Alice Moore, the following articles will be sold Saturday April 16, 1932 beginning at 10 o'clock at 2301 N. Depot St.

- 1 Kitchen Cabinet 4 Bed Strads & Springs 1 Dish Cupboard (Glass Door) 1 3/4 Bed Strad & Springs 1 Refrigerator 1 Singer Sewing Machine 1 3 Burner Oil Stove & Oven Quilt Tops 1 Magazine Rack 5 Dore, Fruit Jars 1 Jewel Cook Stove 200 qt. Canned Fruit & Jams 2 Dressers All Kitchen Utensils & Dishes 1 Commode 7 Stone Jars Garden Tools 1 Couch 3 Oil Lamps 3 Stand Tables 2-3 Cord 16" Wood 1 6 ft. Table 1 Garden Sprinkler 1 Paper Rack 1 6 ft. Step Ladder 9 Rocking Chairs Wash Tubs & Boiler Framed Pictures 9 Dining Room Chairs And other articles too numerous to mention.

ing association loaded out a car of hogs from here Saturday. Teachers are being hired by a number of rural schools of the community at this time. Wage reductions of from 10 to as much as 15 per cent under those of last year have been made in some of the districts.

A special school meeting was held in district No. 40 Friday at which time Roy Gastin was appointed director to fill the vacancy made by Homer Bechtel moving out of the district.

Mrs. Bertha Taylor, of La Grande, and C. W. Marshall, of Wade Point, were Sunday visitors at Meeks.

T. M. Gastin and wife and daughter, Mrs. Mina Litchfield and children, and Mrs. Thompson, of Wallowa, were visiting at the Gastin and Cussins home Sunday.

BODIES OF TWO WRECK VICTIMS TAKEN TO BAKER

(Continued From Page One) Hot Lake in the ambulance from the Cook Bros. undertaking parlors and Wiley was taken over in the car driven by Herschel Halsey, of Telocast. Mrs. Dalton died on the way over and the body was returned to Union. Mr. Dalton was taken to the surgery where his injuries were found to be fatal and he died about an hour later.

Mr. and Mrs. Dalton, who owned two ranches in the vicinity of North Powder, resided there for 38 years but in 1924 left for Oak Grove. She was about 60 years of age and he was about 75. They were visiting their son who lives on the Dalton ranch.

Coroner F. L. Balfour investigated the wreck, classing it as an accident. No inquest will be held.

Mr. and Mrs. Dalton were residents of Portland, all their business interests were at Oak Grove which is a suburb of Mr. Dalton, who was 75, was rather helpless and Mrs. Dalton always had to accompany him—she had objected very strenuously to making this trip but had finally consented as it was to visit their son, Wiley, who lives two miles from North Powder. Mr. Dalton was a member of the Masonic lodge at Union.
