There is none good but one, that is God.—Matt. x. 17.

Even if, in a concert, the violin is used in a way, we still think of it not as the real source of the music but as an instrument, a tool to produce beautiful music. In the same way, in not a man a tool used by God to produce goodness and love in our world?

Just as the music does not belong to the violin, neither does the goodness belong to us. The unplayed music is the composer's, the violin tones are part of the produced music, which consist of both the musical composition and the production of it.

As the music is the composer's, so is the goodness God's. But since we are His instruments, we are part of the production or manifestation of goodness in this plane of life.

The quality of the production depends upon the fitness of the instruments in both cases. Thus it is for us to see that we are worthy instruments, not to deceive ourselves into believing the goodness our own.

Jesus truly said, "There is none good save God." Yet, since God is in us, so also is His Goodness, needing always finer and greater organization of us as instruments for greater and finer manifestations.—M.

HOSE COMES RUNNING WHEN OWNER WHISTLES

LEICESTER, Eng. (AP)—A sharp blast of a whistle works better than the cry "Come on you Potchum!"

Boyd Davis, Australian horse owner, has found.

Pitching a four-year-old, was far behind in a race for the Prince of Wales Plate here when Davis' shrill piping was heard. The horse leveled out his head and dashed home a full length ahead of the field.

Davis explained that the whistle was a part of his training procedure and that his horses had learned to respond to it.

Governor's Decision in Mooney Case Accompanied by Statement

By the Associated Press

The statement of Governor James Rolph, Jr., of California, in the case of Thomas J. Mooney, issued yesterday afternoon, is as follows:

On December 1, 1931, an application for a pardon was made on behalf of Thomas J. Mooney by his attorney, Honorable Frank P. Walsh, Honorable James J. Walker, Mr. Aaron Spiro, all of New York and Mrs. Cyrus B. King of California.

On the date above mentioned, in the chambers of the supreme court of the state of California, at San Francisco, Cal., the attorneys above mentioned representing Thomas J. Mooney presented their arguments in support of said application before me sitting with Honorable Matt I. Sullivan, former chief justice of the supreme court of the state of California, Honorable Louis F. Byington, former district attorney of San Francisco and Honorable Daniel J. O'Brien, director of the department of penitentiaries of California, who held the latter three gentlemen were invited by me to participate in the hearing of said application for advice and counsel.

During the period of approximately five months that has intervened since the date of said hearing, Judge Matt I. Sullivan and I have not only given consideration to the argument above referred to, but have given painstaking attention to and have studied the entire record of the proceedings had and evidence given during the trial of said Thomas J. Mooney, held before the supreme court of the state of California in and for the city and county of San Francisco, which resulted in his conviction of the charges specified in the indictment upon which he was tried, as well as of all

of the proceedings occurring upon his appeal of the supreme court of the state of California from said judgment of conviction. During said period we have also carefully examined, read and studied the records in other criminal cases arising out of the Preparedness day parades dynamiting outrages in which ten human beings were killed and between forty and fifty injured. We have also examined, read and studied all available documents and information and have pursued independent investigations for the purpose of ascertaining every available fact throwing light upon the question as to whether Thomas J. Mooney was justly convicted of the offenses charged against him, including as far as obtainable the history of the life of said Thomas J. Mooney. We have also examined and read and given consideration to all of the proceedings occurring before the justices of the supreme court of the state of California upon the application of Warren K. Billings for a recommendation by them of a pardon, which application was referred to said court because of the circumstance that Billings had twice been convicted of the

commission of a felony.

In this connection I believe it proper to state that we approached the hearing of said application and undertook the labor necessarily involved in its consideration with open minds, in a spirit of absolute fairness, and without any bias or prejudice of any kind against Thomas J. Mooney.

At my request and with my cooperation Judge Matt I. Sullivan has prepared a statement consisting of approximately 125 pages of typewritten matter, which is herewith made a part of this record in which is set forth the principal facts, material to the application, disclosed by our investigations. These facts, taken in conjunction with all of the other matters above mentioned given consideration by us have convinced us that Thomas J. Mooney was guilty of the offenses charged against him that he was justly convicted by the jury by whom he was tried; and that the application made on his behalf for a pardon should be denied.

For the purpose of the record and for the information of those who are interested in this application, it may be well to state that the case of Thomas J. Mooney has been presented to the supreme court of this state upon four occasions, and upon one occasion to the supreme court of the United States, on petition for writ

or certiorari to review the judgment of the supreme court and that three of my predecessors, Gov. William D. Stephens, Gov. Friend W. Richardson and Gov. C. C. Young, to each of whom an application was made by Thomas J. Mooney for a pardon, denied such application.

For the reasons indicated, the application of Thomas J. Mooney for a pardon is hereby denied.

In witness whereof, I have hereunto set my hand and caused the great seal of the state of California to be affixed this 21st day of April, 1932.

(Signed) JAMES ROLPH, JR., Governor of California.

Attest: (Signed) FRANK C. JORDAN, secretary of state.

Company Head Is Out With Statement

Memphis, Tenn.—Lester Powars, former business man of this city, said: "Sargon is the only medicine I have ever taken that does exactly what it is recommended to do. I suffered with indigestion and was in a generally run down condition. My appetite was not good at all and I was badly constipated. After taking only one bottle of Sargon my digestion and elimination are practically normal. I feel greatly strengthened and have more energy than in months. I strongly recommend it."—Ed Cross Drug Store.—Adv.
