## Our Prize Quilt for Today

For each block you will need 8 blossoms, to be cut from small flowered print. They may be different, but use prettier if all flowers in one block are alike. A small opening may be cut to show yellow placed underneath. The leaves and stems are made of plain green. To place these, create a 12-inch square of material from corner to corner and also from side to side. This will result in 8 sections. Place a flower in each, so that the tips of the leaves are joined when they have been turned under for appliqueing. In this way the center piece comes out correctly.

Trace the shape of flower and stem on heavy cardboard and mark around it for quilting. Various arrangements are suggested. The stem may be lengthened for wider bands.

To make a quilt 78x90, 42 blocks are needed. If you prefer to set it with 4-inch strips (cut 4 1/2 x 12 1/2), 20 blocks with a double 6-inch border will make a quilt 72x88. For this arrangement you will need 35 strips and 12 squares.

Two yards of green will be enough; for prints use what the scrap-bar offers. For white about 2 1/2 yards, color for strips 3 1/2 yards should be enough. You will need about 3/4 yard for each border strip.

### Countrywomen's Club—

There was a very large attendance at the meeting of the Countrywomen's club held yesterday afternoon at the home of Mrs. Ed Jasper in the Victoria district. In all, thirty women, members of the club and some guests shared in the happy afternoon which had been arranged. Mrs. Ralph Chenault and Mrs. Mattie Golden were the committee in charge of the program. On this program there were readings by Mrs. Arthur Golden, Miss Annie Holman and Miss Violet Walls who presented the contest number which she will give at the inter-county contest this evening. Interesting these readings were musical selections presented by the four children in the Jasper home. Donald, Edna, Mary and Jean, all quite talented young musicians, gave selections which were very warmly received. The committee also arranged an interesting contest in which Mrs. Grace Grout was the winner and was suitably rewarded. Near the close of the afternoon the hostess, assisted by Mrs. Frank Wright served some very delicious refreshments.

### Visits—

Mrs. Gilbert Miller, who lives "up on the hill" below Mt. Harris was in the valley this week called by the death of her grandmother, Mrs. Jennie Daniel, of the Cove, and was the guest for a few days at the home of Mr. Miller's parents, Mr. and Mrs. Earnie Miller of Lower Cove.

### Sunday Guests—

Mr. and Mrs. Adolph Peebler, who live in Ladd Canyon district, had as their guests Sunday, Mrs. Peebler's parents, Mr. and Mrs. Tom Johnson, of Lower Cove, her grandmother, Mrs. Thompson, Walter Johnson and Miss Anna Haecker.

### Has Another Operation—

Little Sally Walton, daughter of Mrs. Elizabeth S. Royce, of Brooks Lane, submitted to another operation early this week. Little Sally, who is under the care of La Grande specialists, has been very ill for the past ten days.

### Returns From Baker—

Mrs. Eva Duncan, who was called to Baker last week by the death of her only sister, has returned to her home in Mill Creek canyon. Mrs. Duncan is a teacher in the grade school at the Cove.

### 4-H Club Notes

Burford Witherspoon was elected president of the Cricket Flat 4-H Pig club at a meeting of the club held Saturday afternoon at the Waterspoon home in that section. Frederick Fugate was elected vice president, and Floyd Parks is secretary. With the election of these officers the organization for this year was completed. Perry Witherspoon is the local leader.

### Miss Helen Cowgill, assistant state club leader, has been in the valley this week, and with county superintendent of schools, E. A. Sayre, has been visiting some of the 4-H economics clubs already organized, and encouraging the forming of others. On Tuesday these club leaders visited the clubs at Pleasant Grove, Island City, Willow school in La Grande and North Powder. Wednesday a second tour of visitation was made to Union Cove, Greenwood in La Grande and Perry.

### The 29 girls in the 4-H Sewing club, divisions one and two, at North Powder had a display of their work Wednesday when they put on the program for the parent-teacher association. Under the leadership of Mrs. Jennie O'Hanlon, a teacher in the North Powder school, these organized groups of girls have accomplished splendid things.

### Recently Leonard J. Allen, assistant state 4-H club leader, visited the groups at Union, and the following is an account given by one of the young people of his visit and his comments.

L. J. Allen, assistant state leader of boys' and girls' clubs, from Oregon State college, met with the Union livestock clubs recently, discussing with them the care and management of their projects. Mr. Allen expressed himself as being greatly pleased with the program of boys' and girls' club work being conducted in the Union schools in co-operation with the Union chapter of the Future Farmers of America. Three of whose members are acting as leaders for the livestock club.

### Mr. Allen was accompanied by H. G. Avery, county agricultural agent, who supervises the club work in Union county. The 4-H club work is confined to the elementary grades in the Union schools, while the Smith-Tubbs work is confined to the high school. Where a co-operative arrangement is established, such as that prevailing in Union, the two types of work supplement each other, as the club work enables the younger boys to get started with their projects much earlier than otherwise would be the case. By restricting the club program to the lower grades, duplication of agricultural training is avoided.

### Mr. Allen was a former student of Roy Conklin when a boy in Cove. While here he enjoyed a visit with a former college roommate, D. E. Richards, now superintendent of the Eastern Oregon Experiment station.

### The 4-H club of High Valley, which has been very active under the leadership of Mrs. Arch Burfoot, will close its meetings for this year, with a big get-together meeting this evening Saturday at the North High Valley school. On Sunday they will go to the home of Mrs. Cecil Bates to finish up a few of their assigned articles, that are not yet quite completed.

### Given Recognition—

Mrs. Gladys Carman, who has been principal of the Rock Creek school for a number of years and who was re-elected for next year, has notified the board of her intention to give up teaching next year and will spend the year on the Carnes ranch in the Riverside district. In view of this fact, the pupils of the eighth grade of this year and also those of last year arranged a surprise for her last Thursday evening calling on her at the George Davidson home in Rock Creek. There were about 40 young people shared in the party, arranging the entertainment program for the evening, and also took with them some splendid refreshments. It was a very happy occasion and yet there was a tinge of regret because of the relations which are to be severed at the end of the present school year. Mrs. Carnes spent the weekend at her home in this valley.

### At The Lake—

Mrs. W. F. Brock, of the Dry Creek neighborhood, went to Hot Lake the first of the week where she is under observation at present.

### Moving From Valley—

Mr. and Mrs. Walter Hill, who have been residents of Cricket Flat left Thursday of this week for Bend. They have leased a farm near that place and will make that their future home.

### Is Better—

Mrs. Harlan Koger, who has been having a tussle with the flu, has made considerable improvement, and is able to be out and around again. The Koger family lives on Lower Cove.

### Has Guests—

Mrs. Wayne Park, of near Summerville had for her guests all day Thursday at her home, her mother, Mrs. E. Sanderson, of Summerville, her sister, Mrs. Burt Oliver of Dry Creek and Mrs. E. B. Long, also of Dry Creek.

### At The Lake—

Rev. S. E. Smutz, pastor of the Methodist church at Joseph, is still at Hot Lake where he recently underwent an operation for hernia. Rev. Smutz has been at the Lake since the meetings at Cove, with which he assisted, closed.

### To Union—

Mr. and Mrs. J. C. Conley, Mr. and Mrs. David Ellis and Mrs. H. T. Mitchell, all of Enterprise, drove into the valley Tuesday and went to the experiment station near Union where they secured a quantity of the trees which Superintendent Richards is trying to give away at the present time. The trees are the right size now for transplanting and many people are availing themselves of the splendid opportunity to get good shade trees.

### Fractures Arm—

Friends of Dr. and Mrs. J. B. Horner, of Corvallis, former pioneers of this valley will regret to hear that Mrs. Horner slipped and fell at her home Tuesday and fractured one of her arms.

### Has Operation—

Ralph Haller, of Telocast, who has been at Hot Lake for some time practicing the past two months, recently had an operation to hear that Mrs. Haller, of Telocast, who has been visiting some of the 4-H economics clubs already organized, and encouraging the forming of others. On Tuesday these club leaders visited the clubs at Pleasant Grove, Island City, Willow school in La Grande and North Powder. Wednesday a second tour of visitation was made to Union Cove, Greenwood in La Grande and Perry.

### Entertain—

Mr. and Mrs. Bruce Morehead entertained at their home at Mt. Elmly camp near Starkey at a lovely dinner last Saturday evening. Guests were Mr. and Mrs. Oliver Kerr, of Alsea, also Mr. and Mrs. Booth, Mr. Kennon, Mr. and Mrs. Berryman, Mr. and Mrs. Don Gally, Mr. and Mrs. L. C. Morehead, of La Grande, Mr. and Mrs. Clytus Rice, of Wallowa, and Mr. and Mrs. H. A. Thornburg. A splendid time was reported by all.

### Get-Together Club—

Mrs. Ada Clark will be hostess to the members of the Get-Together club on Thursday of next week, April 29. This club is composed of women who live out in the Ladd Canyon neighborhood.

### Returns Home—

Mrs. Elmer Hill has returned to her home on the Union-Cove highway with her new baby son, Donald Guy. They have been patients at Hot Lake.

### Island City Aid—

Members of the Island City Ladies Aid society will be guests on next Thursday afternoon of Mrs. Hungerford at her home. It is hoped that the attendance on that day may be quite representative.

### Return to Farm—

Mr. and Mrs. Bud Glenn who own and have been operating the Mt. Springs service station, on the highway west of La Grande, are moving to their home farm in the valley. The place practically joins Summerville on the south, and was the home of the Glenn family until within the last few years. Mr. and Mrs. Royal Cooley and family, son-in-law and daughter of Mr. and Mrs. Glenn are moving from the Sandridge to Mt. Springs and will operate the station.

### Visits Friends—

Mrs. James Cornelson, who teaches the Willow Creek school in Wallowa county visited with friends in the

### valley during the weekend as she was on her way to Pendleton for a short stay at home. Mrs. Cornelson teaches in the district where there was an epidemic of scarlet fever during the winter, the school was closed and consequently will be in session practically a month after other rural schools have been dismissed for the summer.

### To Elgin—

Leonard Cates, who works in La Grande took his grandmother, Mrs. Jennie Grout up to Elgin Sunday and they had a day's visit at the C. C. Cates home. Mrs. Grout is Mrs. Cates' mother.

### Not Working Yet—

Ralph Comstock, prominent farmer up the Mill Creek canyon, was the victim of one of those fortunate accidents last week and while he is still confined to the house, he is up and around and steadily improving. While harrowing in the field one day, the team which Mr. Comstock was driving became frightened and ran away. Mr. Comstock's injuries were confined to bad bruises and a severe shake-up, we are told.

### Is Injured—

The North Powder News gives the details of the accident of last week, when Hugh Irwin received bad cuts and bruises as follows: To La Grande for medical attention. It was found necessary to take several stitches to close the scalp wound. The injuries are not considered serious. The driver of the Utah car went to La Grande with Mr. Erwin and paid the physician for his services.

### Joe Schofield and Mr. Erwin were en route to La Grande when they stopped in the canyon to get water for their radiator. The Utah machine struck Mr. Erwin as he was crossing the road to get water from a creek. The Utah driver pulled his car into the ditch trying to avoid the collision, but none of the occupants were hurt.

### Grange to Meet—

Members of the Cricket Flat grange are to meet tonight in regular session at the Highland school house where their meetings are regularly held. The meeting is called for 7:30 o'clock, and at its close, members of the home economics committee are to serve refreshments.

### To Portland—

Mr. and Mrs. Ernest Gray, representing the Lower Cove organization are in Portland over this weekend attending the state Christian Endeavor convention. The children of the Gray family are guests at the home of Mr. and Mrs. G. M. Gray during their absence.

### Snow at High Valley—

Folks who live up in High Valley are enjoying (?) winter again and if it doesn't warm up soon they may probably get out their sleds once more. About an inch of snow fell along the foothills on Wednesday and the atmosphere has been decidedly wintry the last few days, it is reported.

### In Hospital—

Frank Hazelwood, of Cricket Flat, has been a patient in La Grande hospital for the past few weeks. He is reported to be improving now, though slowly. Mrs. Hazelwood has made several trips from their country home to be with him.

### Anticipates Memorial Day—

Roy Bouy, of Brooks Lane, who is the caretaker of the beautiful Summerville cemetery, is very busy these days, clearing away the accumulation of the winter months, and getting things in shape anticipating the approaching Memorial day when such splendid exercises are held in that part of the valley.

### Visits Relatives—

H. B. Davidson, now a resident of Wallowa, Idaho, has been a recent visitor in Eastern Oregon, a guest of his relatives in this valley and also at his former home in Wallowa county. Joseph and Enterprise.

### At Parents—

Mr. and Mrs. Ira Lamman and their children of Pleasant Grove, visited Sunday at the home of Mrs. Lenman's parents, Mr. and Mrs. W. A. West on Pumpkin Ridge.

### Parent Visits—

Mrs. Henry Counsell, of Ladd canyon has been enjoying a visit from her father, George Tilton of Lostine. Mr. Tilton, who is a prominent grower in Wallowa county, is very well known in this section, also.

### Moving—

Mr. and Mrs. Ralph Witty and family, who have been living in the Pine Grove neighborhood above Elgin, have recently moved to the Palmer valley where they will operate a ranch this season.

### Tonsillitis—

Delbert Bouy, son of Mr. and Mrs. Roy Bouy, of Brooks Lane, has been ill this week of tonsillitis.

### Livestock Show—

The meeting of the Eastern Oregon Livestock Show association held at the city hall at Union Wednesday evening was devoted chiefly to a discussion of the premiums for the coming show. The budget as presented by the committee was approved and in order to avoid a deficit this year, every effort will be made to keep within the budget. Herbert Chandler, president of the association, was unable to attend the meeting and T. V. Smith was detained by an infected foot.

### Has Operation—

Miss Charlotte Hartley, daughter of Mrs. A. E. Hartley, of Lower Cove, underwent an operation for appendicitis yesterday at Hot Lake. From early reports this morning, she seems to be doing as well as could be expected.

### Better—

Reports from the bedside of Richard Wads, of Mill Creek canyon, who has been a patient at a Baker hospital for the past ten days, are that yesterday he was some better. Mrs. Wade was still with him. Whether the improvement will be permanent or not is not assured.

### Have Lovely Dinner—

Ailo and Eva Tidwell, of Island

### City entertained a group of their young friends last evening at their home. The guests were invited to a seven o'clock chicken dinner, the lovely repast having been served to the company seated at one long, and prettily decorated table. The evening was spent playing games.

### Serve Large Crowd—

The Ladies Aid society of Cove served a good company of people last evening at a waffle dinner at the Methodist church at Cove. The menu included waffles, sausage, coffee, cream and cake, and in addition to the delicious food there was a splendid social feature included in the evening's gathering. The woman realized a neat sum from the affair.

### Baker Pioneers—

Proper committees of the Baker County Pioneer association have been very busy making their plans for the annual pioneer picnic which is to be held at Polman park, in Baker on the fourth of July. In addition to word concerning Mrs. J. P. Clark, who has been housekeeper at Sunnyside, for the past 12 years, or nearly ever since the hall was built. Six weeks ago, Mrs. Clark was very seriously burned by boiling water which was spilled over her hands, arms and other parts of her body. She is successfully recovering now but will be unable to resume her work at the hall before the fall.

### Leases Pool—

Patrons in this section of the Radium Springs pool will be interested to know that Mr. and Mrs. S. E. Ingman, and son Stanley, who have always conducted the barbecue stand outside of Haines have leased Radium Springs for this season and have already taken charge of this resort.

### From Mt. Emily Camp—

The Mt. Emily Camp school closed last Friday. The following children were awarded certificates for perfect attendance—Donald Myers, Neva Noland, William Jackson and James Jackson. A program was given for the closing exercises Saturday night. It consisted of songs, plays and a declamatory contest. Following the program a dance was held at the hall, attended by about 75 people. Mr. and Mrs. H. A. Thornburg and Carl Clark were visitors in Baker Sunday and Monday of this week.

### Takes Output—

From Muddy Creek, comes word that Richard Markle, cartoonist of that section and well known in this valley has just completed arrangements with the Fallon Sales Service of Chicago, for the national distribution of his novelty cartoon and landscape designed envelopes, and Edward Falton, head of the firm obtained a group of these novelty creations and was so impressed in their commercial possibilities that he opened negotiations for their sales distribution. Through his organization they will be nationally advertised and every effort exercised to promote their sales.

### Moves To Enterprise—

Mr. and Mrs. Merl Berry are moving back to Enterprise from La Grande where they have lived most of the time since they were married. Mr. Berry will be a partner with Clyde Ramsey in the tailoring and cleaning business. Mrs. Berry, who was Erma Emmons, said her parents had just moved from La Grande to Baker—Record-Chief.

### Has Fall—

Mrs. E. B. Long, of Dry Creek, had the misfortune to fall while in La Grande one day this week. She sus-

### tained some very painful bruises from which she has practically recovered now.

### Improves—

Young women students of this vicinity who have attended the Oregon State college will be interested in word concerning Mrs. J. P. Clark, who has been housekeeper at Sunnyside, for the past 12 years, or nearly ever since the hall was built. Six weeks ago, Mrs. Clark was very seriously burned by boiling water which was spilled over her hands, arms and other parts of her body. She is successfully recovering now but will be unable to resume her work at the hall before the fall.

### Weather Improves In Wallowa

WALLOWA, Ore. (Special)—Excellent growing weather has prevailed over this section during the past week. The hills have taken on a green appearance and very good grass is reported on all early ranges. Practically all stock which is moved away from the ranches to pasture in early spring has been taken out. However, much of the stock which is being held in nearby pastures will be moved to the later ranges during the next few weeks. Reports from several of the stockmen of the community state that since the stock have been placed on grass they have been gaining in flesh rapidly.

### Cattle owners report good luck with the spring calf crop. No serious trouble has been experienced from ticks here yet this season and many feel that with the weather becoming much warmer at this time that any danger to livestock from this source will soon be past.

### Concerning Life on Mars

The late Professor Lowell was a proponent of the theory that Mars may be inhabited, but there are yet few astronomers who regard it as proved. Life as we know it on earth depends on a number of special conditions, among which are a favorable temperature and a supply of water and of oxygen. Oxygen and water appear to be very scarce on Mars and the temperature unsatisfactory.

## MANY CO-OPERATIVES ARE NOW FUNCTIONING WITHIN THE STATE OF OREGON

### Gives Valuable Information

Dale Richards, superintendent of the Eastern Oregon Experiment station at Union, in response to a great many inquiries has made the following statement which will be of great benefit to farmers of this valley. We believe, and we are very glad to pass it on.

A good many inquiries have been received at the station, mostly from dairymen, asking us if the root crops give very good yields when grown under our conditions. They are interested in knowing which are the best varieties to grow and what yields can be expected. The yield of these root crops is affected largely by moisture conditions and last year the yields were very low, averaging around six tons per acre. Some of the good years these root crops have yielded as high as 35 tons per acre.

The following gives the list of our best yielding beets and carrots together with the annual yield of each in tons per acre for the past 8 years:

### Roots For Livestock

BEETS:	Variety	Average yield Tons per acre
	Giant Red Eckendorf	25.1
	English Barres Mangel	24.5
	Danish Shadrup	24.1
	Danish Giant Half Sugar	23.4
	Giant Intermediate	21.9
