After speaking for some time about insurance, Mr. Dent gave his opinions regarding the present economic condition. He said that we have brought it on ourselves through the belief that we could keep on getting profits without putting anything in, and that we will come out of it as soon as we adjust ourselves, consider the other fellow's interests as well as our own, and get down to work.

M. Richey and others yesterday at the monthly meeting of the Union county court in the office of Judge U. G. Couch. The petition was presented at a meeting of the county court with City Manager A. Tariff Items Remain Mills voted no veto on the four tariff items and these were still in the bill as the committee neared the end of its work.

The committee knocked out the \$100 exemption for corporations, but modified the bill to allow corporations to carry over for one year net losses.

Mills emphasized that economies in government would have to be made if the measure to balance the budget next year, however.

His estimates put the yield from the new income tax rates at \$173,000,000.

The following excise rates in the house revenue bill were eliminated in the compromise program:

Fur, toilet articles, boats, refrigerators, sporting goods, fire arms, craps, matches, soft drinks, produce exchange and safe deposit boxes.

During Mills' appearance the committee in one hour completely rewrote the measure. It had been framing for two weeks.

Mills smiled as he left and indicated he thought the bill was pretty good but withheld a formal statement of approval.

By an 8 to 7 vote the committee added a provision to the bill imposing a tax of 80 per cent on bonus salary payments to corporation executives.
