HOT LAKE PERSONALS
By Harriet Macdonald
(Observer Correspondent)

HOT LAKE (Special)—Mrs. Eva Benillard and Mrs. H. O. Kelly, of Portland, sisters of Royal Jones and Mrs. Jones, his wife, with their two daughters arrived on Monday at the sanatorium. Mr. Jones has been quite critically ill but at this writing is in a slightly more favorable condition.

Capt. William Brady, of Portland, is making one of his periodic visits to the sanatorium. He probably will remain for a month taking the baths and treatment.

Carl Eisenmenger, on his way to Portland and California, stopped long enough to exchange greetings with old friends at the sanatorium on Monday.

The death of Mrs. W. D. McClary, of Pasco, whose burial took place at La Grande last week, has cast a sadness over the sanatorium. Mrs. McClary spent several months in the hospital here last summer, but her malady was hopeless and she did not survive long after her return to Pasco. During her brief stay here she endeavored herself warmly to all who knew her.

Dr. Mark Phyl, who recently was ill, is now able to continue his work. Mrs. Grant Conley, of Cove, at one time a member of the sanatorium household, is making a good recovery from an operation performed on Monday.

Mrs. S. W. Cressley, wife of Archibald Cressley, of Pendleton, made a brief but delightful overnight visit to her friends at the sanatorium. Mrs. Cressley spent three months at the hospital here last summer but since regaining her health has been visiting relatives in Florida and Boston, during the winter months.

The Cobb sisters, of Portland, who gave two delightful programs at the sanatorium, will leave this week for their engagement at Walla Walla. These women made many friends during their brief stay here.

Mrs. Dorothea Johns, of La Grande, formerly of Hot Lake, with Miss Kathleen O'Rourke and Mrs. Ethel Cahill, of this place, made a motor trip last week to Boise.

LEGION HEAD SPEAKS FOR LOWER RATES
(Continued From Page One)

ury is making a profit of about 2 1/2 per cent on each loan to a veteran. "Profiteering by the government at the expense of the veterans must stop," he said, "and this period of depression is the time to stop it."

He urged that congress pass a bill in the present session to give the veterans an additional five years to convert their war risk insurance lest some of them lose the insurance due to inability to pay the higher premium effective July 2.

WOULD LOWER INTEREST
WASHINGTON, May 5 (AP)—Representative Bacharach (R., N. J.) has been directed by the house ways and means committee to draft a bill fixing the interest charge on veterans adjusted compensation loans at four per cent.

The bill will be designed to lower the present government interest rate one-half per cent and prevent charges on loans to veterans which now run as high as six per cent.

Under present law, when banks making bonus loans transfer them to the veterans administration the interest charged by the banks is continued in force, although in many cases it is higher than the present veterans administration loan rate of 4 1/2 per cent.

MRS. RUNYON DEFEATED
PORTLAND, Ore., May 25 (AP)—Mrs. R. B. Runyon of Alderwood, who stepped into the limelight yesterday with a victory over Mrs. B. E. Eva, of Columbia, faded out at the Cregg state's women's golf tournament today when she lost to Mrs. Mae Wilkins of Multnomah 2 and 1.

Favorites for the most part, came through in their second round matches. Miss Marian McDougall of Waverley, co-medalist with Mrs. A. C. Callan of Portland, defeated Mrs. C. F. Swiger Jr., a clubmate, 2 and 1. Miss Jean Plagemann of Multnomah had to go to the home green before she eliminated Mrs. C. W. Hamilton of Hood River, one up. Miss Plagemann and Miss McDougall will meet Thursday in a match that will attract a big gallery.

Play in the first round of the men's championship started at 1:30 p. m.

Olympic Hopes

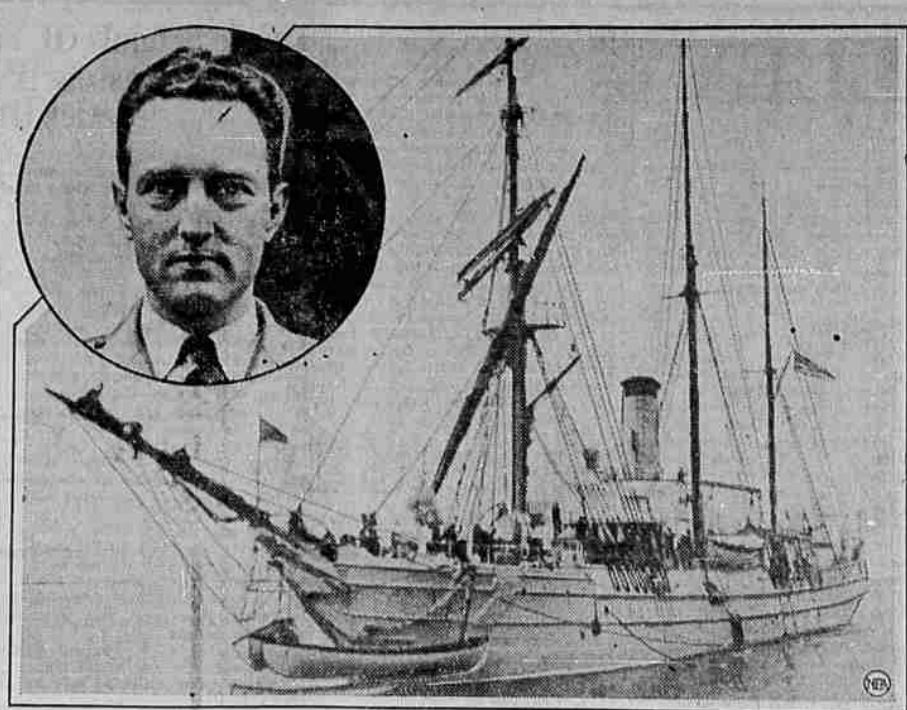

HENRY BROCKSMITH
From Freelandville, Ind., hamlet of 575 population just 20 short miles over Hoosier hills from old Vincennes, comes Henry Brocksmith, above, probably the best of the present crop of collegiate distance runners. And when Indiana University closes its doors for the summer vacation, Henry will pack up his running shoes and set forth for California, and Olympic fame. Brocksmith is the lad who recently broke the 20-year-old American two-mile record, running the distance at the Drake relays in 5 minutes 13 1/2 seconds, a full 4 seconds under the previous mark. Indoors during the winter months, he created new mile and 2-mile records in the Big Ten Conference games. The Hoosier harrier is expected to be a factor in either the 1500 or the 5000-meter run in the Olympics.

AMERICANS ELIMINATED

MULTIFIELD, Scotland, May 25 (AP)—The last American was eliminated from the British amateur golf championship today when Charles Swenson, of Oxford student, was defeated by Deby T. A. Bourn, of Sunningdale, one up.

Byrd Buys Bear for Polar Cruise

Once more the valiant former Coast Guard cutter Bear, noted for many Arctic adventures, is to spread her sails and nose her way through polar ice floes. The historic craft, pictured above, has been bought by Rear Admiral Richard E. Byrd, Inset, who plans to sail in her next autumn to the Antarctic. The city of Oakland, Calif., was preserving the vessel for a marine museum, but decided to give it to Byrd. The ship prevented the gift, so an auction was held and the Bear passed to the explorer on his \$1000 bid. A shipwrecker who made a higher bid was prevailed upon to withdraw his offer.

WORLD WAR VETS AT HALT TODAY
(Continued From Page One)

There has been a delicate situation avoided in Vincennes, Ind., last night when it appeared the Illinois trucks would unload the men at the Wabash river bridge on the Illinois side and leave it to Vincennes to convey the men on to Washington.

Chief of Police Thomas Martin met Illinois state police at the bridge in advance of the trucks and attempted to persuade them to continue the transportation to Washington, but this they declined to do on the grounds the trucks and automobiles were privately owned and the police were only escorting them.

When the trucks arrived, Lieut. John Hamilton, of the Indiana state police, hurriedly began an escort of his own and he led the entire line through Vincennes and on to Washington without bringing them to a stop.

The veterans hoped to obtain transportation by freight on the rest of their journey. Shops of the B. and O. railroad are located here.

Leaders of the expedition later denied reports another attempt would be made to commandeer a freight train. The home hoosiers took possession of a Baltimore & Ohio train for several hours at Caseyville, Ill., before motor transportation was arranged for them.

Railroad officials, however, had taken steps to guard against a repetition of the Caseyville incident and 65 railroad police were concentrated here.

Members of the expedition said they had a tedious trip across Illinois. The motor transport was halted an hour at Flora, Ill., where the veterans were served coffee and food.

An advance guard of three veterans called on Chief Martin at Vincennes and asked his co-operation in aiding the expedition across Indiana.

Martin said the veterans told him their outfit was orderly and peaceful and one of them said: "These men haven't done a dime's worth of damage anywhere."

THE SERI INDIANS are fierce tribesmen who have successfully fought off all invaders, including civilization. They hunt with giant-sized bows and arrows, and eat most of their meat raw, although they know how to use fire.

IN CALIFORNIA, there are about 12,000 sequoia trees whose diameters are ten feet or more, and whose ages run into thousands of years.
