Three strong features have been booked for showing at the Liberty theatre next week, beginning Sunday with "States Attorney," featuring John Barrymore.  
 A metropolitan night court, where grim comedy ribs slanders with sordid tragedy, plays its colorful part in this picture. Opposite the star is Helen Twelvetrees, with William Boyd, Mary Duncan, Jill Esmond and others in a distinguished cast.

"Tarzan, the Ape Man"  
 Those who have read Edgar Rice Burroughs' "Tarzan" books will have an opportunity to enjoy a picture of "Tarzan, the Ape Man" Tuesday, Wednesday and Thursday at the Liberty.

There also are plenty of wild animals in this picture, also savage pygmies, a safari across Africa, and thrills enough for anyone. Johnny Weissmuller, world famous swimmer, is cast as "Tarzan." Others playing are Neil Hamilton, C. Aubrey Smith, Maureen O'Sullivan, Doris Lloyd, Forrester Harvey and Ivory Williams.

"Cohens and Kellys in Hollywood"  
 Those old favorites, the "Cohens and Kellys," will be back Friday and Saturday, this time in Hollywood, with George Sidney and Charley Murray in their old roles. It is a hilarious picture, full of riotous escapades and uproarious, rib-ticking situations.  
 Besides the two stars, others in the cast include June Clyde, Norman Foster, Dorothy Christy, Emma Dunn, Esther Howard and Luis Alber.

GEORGE SIDNEY, EMMA DUNN, CHARLEY MURRAY, ESTHER HOWARD, NORMAN FOSTER, and JUNE CLYDE.

## QUOTATIONS AT 15 CENTS TODAY IN OREGON MART

Two Cents More in Spots For Sweet Cream—Old Potatoes Showing Fairly Steady Movement.

PORTLAND, May 28 (AP)—Increased receipts of butter were liberal during the current week in Portland while home churning of butter was also greatly in excess of any week to date this season. Recent expectation of the trade that the flush production of the season had been reached was apparently not realized for since then there has been a rather startling gain of output both in the country and at centralizers.

For the weekend there was no change in the position of butter prices on the produce exchange while open market values were likewise stationary.

Butterfat values are again inclined to ease down, a general quotation of 15c for Portland delivery of churning cream and 2c more in spots for sweet cream.

Trade in the egg market continues to reflect a slow tone. Prices in general are quoted unchanged but there is again more or less underselling, especially by outsiders and by unattached producers selling direct to retailers.

There is no general change suggested in buying prices on chickens for the weekend although receipts recently have been usually increased. Colored fowls are feeling the effect of decreased call.

With northern shipments quite liberal, a rather active trading tone is suggested for strawberries. Seattle is purchasing the superior quality fruit of this section in competition with the poorer stuff from Central Washington.

While there remains more or less weakness attached to the market for country killed veal and lamb, no change in general quotations is suggested for the weekend. Hogs remain with a steady call.

Despite the increasing supplies of new stock, old potatoes are showing a fairly steady movement here with prices generally sustaining. Dechugas stock is practically off the market here.

There was an unusually wide spread in the price of strawberries during the weekend session of the east side farmers' wholesale market. Offerings suggested a total of around 2300 crates, by far the greatest volume of the season to date. Prices dropped as low as \$1.75 for good fruit and in a very limited way moved as high as \$2.25 but average sales were perhaps \$1.50 to \$1.75 crate with considerable stock selling at \$1.75 to \$1.80.

There was a steady tone for lettuce with prices mostly at a tickle a lb. but a few locals were 6c.

Beans and turnips sold generally 60 cents and bunches. Rhubarb market was fairly steady, mostly 50 cents a box. Cabbage sales continued with a spread of 65 to 75c crate.

Asparagus was steady with \$2 generally quoted for best 2 1/2's. Gooseberries held at 4c a nickel. There will be no market Monday; Memorial day.

history and romance of the events leading up to the coming of the missionaries to the Oregon country. He was the first missionary to the section of the Northwest after the Whitman massacre and arrived immediately after his graduation from San Francisco seminary 33 years ago—32 years after the Whitman party was wiped out. His closing message was "Let me live in a house by the side of the road and be a friend to the red man."

The session last evening opened with a song service led by Ruth Giebel, followed by addresses of welcome by City Attorney Robert S. Eakin for the city, response by the union president, Frances Kelly, Rev. Paul De F. Mortimore spoke in behalf of the past and church and Rev. H. B. Thomas of Halfway responded. A short explanation of the theme of the convention was given by Miss Kathryn Moran. The Junior Christian Endeavor society of the 3rd (Catholic) church gave a short play "The Stone in the Road," directed by Miss Dorothy Higgins.

A social hour closed the evening's program. Miss Mildred Stoddard being in charge of this event.

This morning following a Bible study hour and song service, a business session was held and the report of the nominating committee was received and officers for the coming year elected. Conferences were held for the remainder of the morning. All officers and society presidents joined in a luncheon this noon at the Presbyterian church and the afternoon was devoted to a swimming party and treasure hunt at Cove.

Banquet Tonight  
 This evening the banquet will be held in the Christian church and the speaker of the evening will be James C. Henderson, ex-president of the state C. E. union.

All the visiting speakers arrived in La Grande this morning and will be here for the remainder of the convention which will close tomorrow evening. These include Mr. Henderson, Edgar Hoover, state president, Miss Viola Ogden, state secretary, all of Portland and Rev. Ross Quay, state field secretary, of Eugene.

## Stock Exchange Closes Steady; Changes Narrow

NEW YORK, May 28 (AP)—The stock market succeeded in throwing off early weakness today and closed with a steady tone. Net changes were irregular but narrow.

A rather substantial volume of overnight liquidation, reflecting Friday's decline, brought losses of 1 to 2 points during the first half hour. However, covering in anticipation of the Monday holiday and a feeling the tax bill would have made considerable progress by Tuesday checked the sag.

Tobacco, utility and merchandising issues bore the brunt of early liquidation but eventually joined other groups in retracing lost ground. Trading was fairly active, transactions approximating 700,000 shares.

CURB EXCHANGE  
 NEW YORK, May 28 (AP)—Stocks of cities service companies, on which dividends are being omitted, reacted sharply on the New York curb exchange today.

The most active issue, Cities Service common, had an extreme loss of about \$2 a share and closed at \$1.87 off \$1.50. The preferred finished \$1.25 lower at \$14.75.

Cities Power & Light 6 per cent preferred and the same company's 7 per cent preference issue were down \$2 and \$5.50 net, respectively. Empire Gas & Fuel company 7 per cent preferred lost about \$14 while the 8 per cent shares slumped around \$7.

CHICAGO LIVESTOCK

WOOL MARKET  
 BOSTON, May 28 (AP)—The wool market showed a little more cheerful tone during the past week as some manufacturers made small purchases, while a few others, although not ready to buy, expressed an interest in offerings. Occasional small transactions tended to give more definite idea of values at least on some grades. Members of the wool trade however, were cautious about accepting the price realized as established sales was very limited and actual demand narrow.

LUMBER MARKET  
 PORTLAND, Ore., May 28 (AP)—Although production increased, current new business and shipments in the western pine area were less than in the previous week, according to a report of the Western Pine association for the week ending May 21. Of the 123 mills reporting to the association, 63 were in operation, and working at 39 per cent of capacity. Production for the week was 32,976,000 feet, shipments totaled 32,882,000 feet, and orders 31,740,000 feet. Unfilled orders decreased 1,708,000 feet.

Current new business decreased 8,981,000 feet or 22.3 per cent. Production increased 1,585,000 feet. Shipments were 2,772,000 feet less than the week before.

## WALL STREET DICE LOADED, DILL CLAIMS

(Continued From Page One)

sets in such a way as to make tremendous profits and take from the American people millions, hundreds of millions and even billions of dollars.

"This tax is just double the commission paid on every deal to brokers.

"The investigation... shows the market is a gambling institution in which the insiders use marked cards and loaded dice."

"Take the case of Walter Sachs that he paid \$23,000,000 for a company in which \$1,750,000 was invested and that he received \$100,000,000 from the public by selling stock in the Goldman Sachs Trusting corporation at 104 that is today worth 75 cents. That was milking the public out of \$100,000,000.

"The investigation has showed that when the promoters indulge in this business they place publicity men to become propagandists and boost the values in the public mind. These publicity men get their share of the money.

"It was argued before the committee this tax would bring \$75,000,000 but only \$22,000,000. Whether it brings \$75,000,000 or \$30,000,000, this is a place where the government ought to lay revenue to act as a deterrent on this gambling institution."

"There is much reason to believe that the break in prosperity came as a result of building up and boosting stocks," Dill said.

Orin Public Pays  
 "Take the case of Mr. Warner (H. M. Warner) of Warner Brothers, who

sold his own stocks for \$16,000,000 then bought them back at \$7,000,000 a clear profit of \$9,000,000 from the public."

"The house provision, he said, "even if it brought in no more money, is far more desirable because it is based on the amount of business done."

"This tax won't apply if the stock is loaned," Dill said, referring to the finance committee's plan. "That means it won't apply to short selling. And even from the White House we've had attacks on short selling."

"The stock exchange, Dill said, "has become a parasite so big it has swallowed up legitimate business."

"It would be a fine thing if this congress should pass a law closing every stock exchange during this period of depression," he added.

Senator Trammell (D., Fla.) interrupted Dill to assert that as a result of yesterday's market action and General Electric's failure to declare a dividend "I'll bet 90 per cent of the sales were short sales."

Dill asserted loans a "prominent method of short selling."

Senator Reed (R., Pa.) a member of the committee, told Dill that in stock transactions "there's just the difference between borrowing and selling as in any other commodity."

Borrowed money, when delivered a purchase, he reminded Dill, "carry the tax."
