Department Chairmen Elected Thursday At Meeting of Parent Teacher Group; Meetings Discontinued Until Sept. 13

Important posts in the La Grande City Council of Parent Teacher associations were filled yesterday when Mrs. N. W. Frees, president, called a meeting at 2 o'clock at the Sacajawea Inn. Department chairmen and heads of standing committees were elected by a group of 30 representatives from the grade schools of the city.

Following yesterday's meeting, the gatherings will be discontinued until Sept. 13, when they will meet in the Sacajawea Inn. An interesting program was discussed for the coming year.

Department chairmen elected were Mrs. Nell Thacker, Greenwood, organization; Mrs. Hugh Leonard, Cephalonia, extension; Mrs. Fred Gehring, home service, Riveria; Mrs. Lewis Westel, Riveria, public welfare; Mrs. Merlin Batley, Ackerman, education; Miss Alice Marquardt, health. Chairmen of the standing committees are Mrs. Harvey Patten, Ackerman, program; Mrs. P. L. Raiston, Central, hospitality; Mrs. Smith Hendrickson, Greenwood, finance; Mrs. Lowell Williamson, Greenwood publications; Mrs. Fred Read, Willow, publicity; and Mrs. O. B. Maxam, Riveria, membership.

Mrs. A. M. Moore Is Hostess at Bridge

Mrs. A. M. Moore entertained her club at a bridge luncheon at the home of her parents, Mr. and Mrs. William Stegriest, yesterday afternoon at 1:15 o'clock. Prizes at bridge were received by Mrs. Melvin Larson and Mrs. Elmer McManus.

4 More Days For Women's Tourney

With only four days left to play the matches in the women's team

Home Department Is Entertained

Mrs. J. George Walz and Mrs. Mae Moran entertained yesterday afternoon at the home of the former for 30 members of the Presbyterian Home department. The afternoon was spent piecing and sewing quilts, with Mrs. Stella Angle leading the devotions, and Mrs. A. T. Hill, the prayer.

Eagles Auxiliary Officers Installed

Mrs. Allie Patten was installed as president of the Eagles auxiliary last night at a meeting at the Eagles hall. Mrs. Edith Doan, past president, was in charge of the installation and inducted the new officers into their chairs. An invitation, tendered by two visitors, Mrs. Minnie Sherrod, president, and Mrs. Eva Noback, secretary, of the Baker auxiliary, was accepted and the local group will attend the Baker installation ceremony on June 10.

Fifty-Fifty Club In Pinochle Party

Twelve members of the Fifty-Fifty club were entertained last night at the home of Mrs. Henry Moore. The rooms were attractively decorated

with a profusion of snowballs. Pinochle was played during the evening and the prize for high score went to the guest, Mrs. Hall. Mrs. H. O. Hale received the second prize. Mrs. Louise Shepherd will entertain the club in two weeks.

Mrs. H. C. Chambers Guest of Auxiliary

Mrs. H. C. Chambers, instructor of the Oregon division of the G. I. A., was a visitor at the meeting of the local lodge yesterday at 2 o'clock at the Sacajawea Inn. Mrs. Sims Collins, of Glenns Ferry, Idaho, also was a visitor.

"African Jungles" Held on Thursday

An "African Jungles" party was held last night when the Hi-Happy Hustlers class and the Christian Endeavor of the Christian church held a picnic at Cove. Swimming and African games were enjoyed by about 50 young people, after which supper

was served by a "negro mammy." Mrs. Blue, mother of the C. E. advisor, Mrs. Nellie Harrison, was complimented at a handkerchief shower on the occasion of her birthday anniversary.

Young People To Hold Dancing Party

With purple and green decorations forming a setting, the younger set of the city will be entertained tonight by the Young People's Fellowship of St. Peter's Episcopal church at 8 o'clock at Honan hall. Patrons and patronesses for the evening will be Rev. and Mrs. Clarence A. Kopp, Mrs. G. N. Tarkington and Mrs. C. R. Wiles.

Chinese Pheasant Pens To Be Built

The movement was started and is being carried out solely in the interest of better stocking of this county with wild life.

DEATH MYSTERY INVESTIGATION IS CONTINUING

(Continued From Page One)

tor of the church, upon her return from a shopping tour. Mrs. Koeber was unable to make a statement before she died.

Dr. J. O. Robb, who also declined to discuss the matter, was quoted earlier as saying the woman probably could not herself have forced the stick into her throat.

DR. SMITH NAMED DIVISION DEAN

(Continued From Page One)

Lower division organization is important to high school seniors planning to enter the state college or university next fall, Dr. Smith said in interpreting his arrangements. He continued:

"The first effect is to insure for the entering student some breadth of interest and knowledge and to permit him to defer decision as to his future career until he can choose understandingly. The lower division organization provides a unifying agency in the new system. Within it the student may range among the departments of basic knowledge now divided among the several schools. Requirement that students in the first two years take work in several different fields, arranged for by a system of so-called group requirements, provides that the student is not only allowed considerable free-

dom, but also led to lay a foundation of reasonable breadth.

"In practice the new plan will work something like this: An entering freshman who knows what line of work he wishes to pursue may still register, and in fact is advised to enroll, in the school of his choice on the campus where major work in it is located and continue the course through to graduation. He is responsible, however, to the lower division for the fulfillment of certain group requirements in basic subjects.

"The student who has selected his definite work but who for some reason does not desire to enroll on the campus where major work in that field is given may still, in a considerable number of cases, register for that school but take his undergraduate work on the opposite campus. This applies particularly to the schools of business administration, fine arts, home economics, journalism, law, literature, language and art, physical education, science and social science.

WHY HILLS BROS COFFEE IS THE MOST ECONOMICAL COFFEE TO BUY

If you are sincerely interested in *quality and economy*, you will read these facts about the largest selling brand of coffee between the Pacific Coast and Chicago.

Millions, who are as careful about their household budgets as they are about the goodness of the coffee they buy, have made the discovery that Hills Bros. Coffee is the most economical. That is one reason why more people, from Chicago to the Pacific, buy more Hills Bros. Coffee than any other brand. They know that the quality of coffee determines the flavor. They know that the strength of coffee determines the number of good cups you can make. Flavor without strength is expensive. Strength without flavor is unsatisfying. Only the highest quality selected coffees are used at the Hills Bros. plant. These coffees plus perfect roasting, grinding and packing, give Hills Bros. Coffee its full-bodied strength and rich, delicious flavor.

Why Hills Bros. Coffee goes further
This abundance of flavor is the reason Hills Bros. Coffee goes further. It is why Hills Bros. offers the greatest value. Indeed, Hills Bros. Coffee gives you such unusual goodness that your first cup is a notable and remembered occasion.

The U. S. Customs Districts' records of coffee imports offer substantial proof of the unusual quality found in Hills Bros. Coffee. These records show that the per pound value of coffee received in the San Francisco Customs District in 1931 was 30 per cent higher than New York's importations and 50 per cent higher than New Orleans'. Hills Bros.' plant is located in San Francisco. The enormous quantities of high-grade coffee used by Hills Bros. are responsible for the quality showing of this port in the United States records.

The high quality and flavor of Hills Bros. Coffee account for its popularity throughout major area of United States

Back in the eighties, A. H. and R. W. Hills paved the way for

their product to become the most popular coffee from the Pacific Coast to Chicago. They concluded that a worth-while coffee business could be built only by selling the finest quality of coffee. For fifty-four years, the attention of every individual in the Hills Bros. organization has been centered on the production of quality. Quality in coffee cannot be seen with the eye nor measured in the laboratory. It can be determined only by tasting and smelling—how it tastes in the cup. Seven men devote their entire time to the blending of Hills Bros. Coffee. None of these men has less than nine years of experience; one has been blending and testing coffee for fifty-four years. The buying of good green coffees is not the whole story. These testers know how to take the finest of green coffees from every country of the world that grows good coffee and blend them into one harmonious whole, and secure the same result year in, year out.

Hills Bros. took the guess out of roasting their coffee

It is interesting that almost every step in

the coffee business seems of equal importance. First, to market good coffee, you must buy high-grade green coffee. And even though the green coffees are good, they must be properly blended. Yet, the finest blend cannot be developed to full flavor by poor roasting.

The common method of roasting coffee is in batches of several hundred pounds, but Hills Bros. roast in small quantities by their exclusive process—"Controlled Roasting". It is precise. Every berry receives the same even roast—just the roast required to develop the delightful goodness that nature makes possible. The process never varies, neither does the flavor. People who appreciate the same fine flavor in their coffee, meal after meal, continually praise this feature of Hills Bros. Coffee.

Quality insured and safeguarded by grinding and packing

Through scientific tests, Hills Bros. have determined the degree of granulation that will give the most satisfactory results in making coffee. The grinding is done by machines which, like Controlled Roasting, embody certain exclusive principles developed by Hills Bros. If you make coffee in a Drip Pot, Percolator, Urn, or even in a saucepan, the granulation of Hills Bros. Coffee will give perfect results.

In July, 1900, Hills Bros. originated the vacuum process of packing coffee. The vacuum process is the only method that fully preserves coffee freshness—the air is removed from the can and kept out. And remember, there is no magic about a vacuum can, it will not make poor coffee good but it will keep good coffee fresh.

A month's trial will be a revelation in value received

Drink Hills Bros. Coffee! Every steaming, fragrant cup will be a thrill to your taste. You will enjoy a flavor and satisfaction such as you never dreamed of. Compared with Hills Bros.' flavor and quality, any other coffee would cost you more.

Here is the coffee of coffees. The choicest berries of the world's crop, expertly blended, perfectly roasted, ground to the correct degree and packed in vacuum to keep fresh always. Order Hills Bros. today. Ask for it by name and look for the Arab trade-mark on the can. Hills Bros., San Francisco, California.

THE REXALL STORE

Offers its patrons the exclusive services of a Toilet Goods Specialist during the week of

JUNE 6 TO 11

This exceptional opportunity permits you to have advice or demonstrations in the proper care of your complexion. There is absolutely no charge for this service. It is one of our features.

CARA NOME Toilet Preparations

Insure The Attractiveness and Personal Charm That Every Woman Desires.

STEP INTO THE STORE, or write or phone us, and select a time most convenient for you to take advantage of the services of this Toilet Goods Specialist.
