

LOCAL BRIEFS

Date Changed—The Thursday Bridge club will meet on Wednesday instead of Thursday at the home of Mrs. M. B. Donohue at 1 o'clock. Mrs. W. S. Harer will be hostess.

Stolen Articles Recovered—Leland Shinn, of Baker, here for the baseball game Sunday, reported to the police that a suitcase and some other articles were stolen from a car parked near the High school field. The stolen articles later were recovered, cached in some brush nearby.

Accident—Cars driven by L. R. Starr, of Island City, and D. A. Marten, of Puyallup, Wash., collided at Adams and Willow Saturday. No one was hurt.

To Hermiton—Mr. and Mrs. W. G. Bailey and two children, Billy and Jimmy, spent the weekend with Mr. Bailey's parents, Mr. and Mrs. G. W. Bailey in Hermiton, and expect to return to their home here tonight.

Leaves—Mrs. Kate Zweifel, who has been visiting in La Grande and Elgin since May 14, left last week for New Meadows, Idaho where she will visit her daughter, Mrs. Anna Mitchell. While in La Grande she was the guest of John and Joe Zweifel, and visited with Dave Zweifel in Elgin. Joe Zweifel went to New Meadows with her, but has returned.

Appointed—Lieutenant William M. Heughan and Sergeant Grant Bean of Company E, 186th Infantry, Oregon national guard, have been chosen to attend the seven-hour chemical warfare school on June 20 and 21, at Camp Clatsop, according to word received here. Company E has been ordered to go on duty the first day at camp, and Captain Walter Bean will be officer of the day. Lieut. Jesse V. Andrews, officer of the guard, and Lieut. W. M. Heughan, junior officer. Assignments for guard duty will be announced later in the week by the captain.

License—A license to wed was issued Saturday afternoon to Kelvin D. Hartwell, of Burley, Idaho, and LaVerne Clark, of Union. County Clerk C. K. McCormick issued the license.

K. of P.—The Knights of Pythias will hold initiation in the rank of squire at a regular meeting tonight, after which a special entertainment will be presented. All members are urged to attend.

Visit—Mrs. John F. Miller, accompanied by C. W. Miller, her father-in-law, Mrs. A. H. Miller, her sister-in-law, of Ellensburg, Wash., and J. L. Miller, her uncle, of California, stopped in La Grande this morning for a visit at the home of Mrs. Miller's girlhood friend, Mrs. E. O. Morris. They have been visiting at Morrow Lake with Mrs. Miller's brother-in-law, Henry Allard, and are returning to their home in Ellensburg, Mrs. Morris states that this is the first time she has seen Mrs. Miller in 21 years.

Leaves—Mrs. Richard Elmer Geer, after enjoying a week's visit with her son-in-law and daughter, Mr. and Mrs. H. Lawrence Hull, left last night for her home in Portland.

Plan Merchandise Show—The La Grande Gun club is making plans for a big open merchandise trapezoid to be held at the Lone Tree grounds on June 19, with shooting both amateur and professional from all parts of the northwest invited to participate. Committees are to begin soliciting merchants tomorrow and Wednesday, hoping that they would be able to donate some of the prizes to be offered at the show, the first held here in two years.

Agent—B. C. Wilson, claim agent for the Union Pacific freight stages, was a visitor in La Grande during the latter part of last week.

Teacher—Jacob Raskopf, teacher in the Imbler High school, was a business visitor in La Grande on Saturday.

Returns—Miss Dorothy Meyers, who spent the winter teaching in Port Townsend, Wash., returned home yesterday morning and will spend the summer with her parents, Mr. and Mrs. F. L. Meyers.

SUMMER IS HERE Let us take care of your family washing problems. Enjoy yourself. Prices as low as 4c per lb.

5000 Veterans Are Moving On Capital Today

By the Associated Press Five thousand men, some footsore, some shabby and many hungry, moved on Washington today from all over the country.

They hitch-hiked, commandeered freight trains as they could, rode in trucks and went on foot — any way to get to Washington and join the 2,500 already bivouacked there to demand payment of the soldiers' bonus.

At Pittsburgh police mobilized at dawn today to insure order when the 1,500 men approaching that city from west and north arrived. Four units of marchers were escorted quickly through the city yesterday. Many had no time to eat, so quickly did they move on. At Wilkesburg, Pa., however, merchants donated food.

Two hundred and fifty marchers were given box car transportation by Pennsylvania railroad from Old Roby, Ind., yesterday and were due in Washington today. At Kansas City 180 men outmaneuvered police and boarded a freight for St. Louis, while 500 others mobilized at Wichita. A Brawley, Cal., unit of 30 or more men abandoned motor transportation at Yuma, Ariz., and continued on by train.

Opposition to this method of urgently today among veterans themselves. The leader of 300 at Dallas resigned as their commander when they refused to leave the railway yards after being warned to do so. A New York minister who manned a machine gun in the war led the men in prayer for success on their journey.

In Boston a contemplated march was cancelled. At Lincoln, Neb., the executive committee of the Nebraska American Legion characterized the "bonus army" movements as "un-American and revolutionary."

Railroads were resorting to various plans to discourage efforts to "draft" freight trains. For the most part the railroads sought to avoid any display of force. At Greensboro, N. C., the journey of 200 marchers was interrupted when the railroad company sidetracked a train on which they were riding. Other railroads were delaying movement of freight trains when it appeared the marchers would demand accommodations.

The 400 men who were balked at Cleveland in their attempt to commandeer a freight ride to Washington spent Sunday in a suburb washing their clothes and laying plans for future action. Various delegations, riding in trucks from points in Michigan, Illinois and other middle western states, continued toward the capital.

Talk of communism was heard in several groups, but invariably the marchers indicated they would have nothing to do with "reds" who might be found among them. The delegations that left New York City Saturday split because one group complained the other was composed of communists.

Thirty-five Chicago veterans decided after reaching Ohio to turn back, and took a freight from Toledo, west bound, last night.

A new unit of "several hundred" men was being formed at Lancaster, Pa., and expected to start for Washington during the day.

None of the marchers has indicated any definite plan for urging passage of the two billion dollar bonus measure other than the hope that the sight of several thousand veterans in the capital may concentrate attention on the bill.

Chinese Americans Under the treaty of 1882, prohibiting naturalization of Chinese, immigrants from China, on becoming naturalized, were permitted all the privileges of other citizens, and at the present time Chinese born in the United States have the right of citizens. The treaty of 1882 was not retroactive and Chinese having the privilege of voting at that time continued to do so.

Liquor's Effects Doctor Johnson had said to me yesterday that Adam Smith was a most disagreeable fellow after he had drunk some wine which he said bubbled in his mouth. He made a most excellent remark. "Drinking," he said, "does not improve conversation. It alters the mind so that you are pleased with any conversation." — From James Boswell's Journal.

Whale With Teeth Some species of whale, including the sperm whale and members of the dolphin and porpoise family have teeth. The sperm whale has 20 to 26 teeth on each side of the lower jaw, up to four pounds in weight; the upper jaw has eight pairs of smaller teeth.

"Ape" Not "Monkey" The terms "ape" and "monkey" in popular language are more or less interchangeable. Correctly speaking, however, ape refers to any of the large anthropoid primates which are entirely tailless, and monkey to any of the smaller members of this order with either short or long tails.

"Skyscraper" Foundations In the construction of skyscrapers the usual practice is to excavate the foundation 30 to 50 feet and then to sink steel caissons to permit concrete piers to go to bedrock.

Eastern Oregon Lions Meet

50 ATTEND MEET HERE SATURDAY

State Officers are Present — Lions Nominate at Luncheon Today.

More than 50 Lions from the Eastern Oregon district of the Lions International were entertained in La Grande Saturday night by the local club. Arthur Berridge, prominent Portland attorney, was the principal speaker for the evening, following the banquet which was served at 7 o'clock at the Sacajawea, using as the theme of his address, "The Golden Rule."

C. M. Gally, Enterprise, was master of ceremonies, and introduced W. F. Walker, district governor, and O. P. Tate, district secretary, of Portland, both of whom made brief speeches. Fred Henning, of La Grande, gave the address of welcome, and responses were made by Roy Wade, president of the Pendleton club; Ira Snyder, Enterprise; and Cecil Christman, Wallawa.

Mr. Gally, Enterprise, was master of ceremonies, and introduced W. F. Walker, district governor, and O. P. Tate, district secretary, of Portland, both of whom made brief speeches. Fred Henning, of La Grande, gave the address of welcome, and responses were made by Roy Wade, president of the Pendleton club; Ira Snyder, Enterprise; and Cecil Christman, Wallawa.

The large living room faces the garden side. Guests' bedrooms are both at one end, and the dining room and kitchen at the other.

The stairs are arranged so that in going to the basement it is not necessary to go through any other room in the house. An added touch to the dining room is the bay window at one end.

The second floor has two bedrooms and a bath, which is located directly over the one below, so that the cost of installation is low.

Materials are very simple, but should be well chosen for color. A few stones combined with the brick of the chimney would be desirable. The roof is of slate or shingle tile.

The cost of construction is about \$6,000 to \$8,000. The size of the lot should be 75 by 100 feet, or if the house is placed the narrow way on the lot 50 by 100 feet.

Landscaping is essential to the completion of the design.

An interesting color scheme would be whitewashed brick or burnt sienna brick with overburnt purple borders. Woodwork would be gray and the roof variegated slate.

Copyright Regulations The original term of a copyright is for 28 years. Within one year of the expiration of the original term the holder or author, or if he is dead his heirs, may obtain a renewal for another 28 years, making a possible 56 years for the copyright to run.

Keeps Boundary "Straight" There is a permanent organization called the United States and Mexico International boundary commission at El Paso, Texas, whose duty is to attend to the occasional changes in the boundary line due to the changes in the course of the Rio Grande.

Excellent Life Rule Let every dawn of morning be to you as the beginning of life and every setting sun be to you as its sure record of some kindly thing done for others, some goody strength or knowledge gained for yourself. — John Ruskin.

Whale Long Hunted The beginnings of the whale fishery are obscure, but it appears that in the Nineteenth century the Norwegians sent out vessels in pursuit of whales, perhaps even to Greenland.

When the Sea "Calls" The calling of the sea is an old English term for a groundswell. When this occurs on a still night the sound is sometimes heard for miles inland. Inhabitants of seaside towns looked on it as a summons by death. Tennyson refers to this phenomenon in "Crossing the Bar": "And one clear call for me."

Comet's Next Visit Remote Halley's comet has a period of 76 years. The latest appearance was in 1910. On April 10 of that year it passed within 55,000,000 miles of the sun. The velocity of the comet at this, its nearest approach to the sun, was 84 miles per second. On May 18, 1910, the comet passed within 14,000,000 miles of the earth, at which time the tail had a length of about 20,000,000 miles. It is due to return in 1980.

Bitter Expression The expression "Solid pudding against empty praise" is from Alexander Pope's "Dunciad." In olden times kings protected poets, artists and musicians, and frequently gave them board and lodging, or a stipend on which to live. When aspiring poets received only praise and needed solid sustenance an empty stomach made the praise empty.

Dances in Washington's Time The minuet and the waltz were among the popular dances of Washington's day. So also was the Jig. Among the unusual names of dances were "The Successful Campaign," "Burgoyne's Defeat" and "Clinton's Retreat." Miss Peggy Chapman chose "The Successful Campaign" to open the ball when she danced in Newport with General Washington.

STATE BOARD OF EDUCATION WILL FIGHT "MERGER" (Continued from Page One) tive measure.

The large living room faces the garden side. Guests' bedrooms are both at one end, and the dining room and kitchen at the other.

The stairs are arranged so that in going to the basement it is not necessary to go through any other room in the house. An added touch to the dining room is the bay window at one end.

The second floor has two bedrooms and a bath, which is located directly over the one below, so that the cost of installation is low.

Materials are very simple, but should be well chosen for color. A few stones combined with the brick of the chimney would be desirable. The roof is of slate or shingle tile.

The cost of construction is about \$6,000 to \$8,000. The size of the lot should be 75 by 100 feet, or if the house is placed the narrow way on the lot 50 by 100 feet.

Landscaping is essential to the completion of the design.

An interesting color scheme would be whitewashed brick or burnt sienna brick with overburnt purple borders. Woodwork would be gray and the roof variegated slate.

Representative Rainey, the Democratic leader, said the changes were "made because of the decreased building cost for this legislation we are going to assume it."

Meanwhile, Representative Snell, the Republican leader, said his colleagues would meet late today to make plans to defeat the Garner program and substitute that of President Hoover.

Efforts will be made to reconcile the plans in the hope of smoothing the course of the legislation when it reached the senate.

The principal difference is that the measure sponsored by five Democratic senators includes a \$500,000,000 federal public works program to be financed by a bond issue. To this administration is opposed.

Both bills provide for using the reconstruction corporation in administering the relief contemplated.

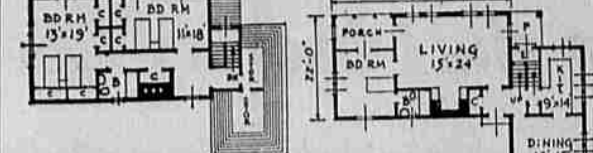

Among the congressional leaders reported to have joined in the Roosevelt strategy conferences over the weekend were Senators Dill, of Washington; Hull, of Tennessee; Cohen, of Georgia; and Wheeler, of Montana.

Other officers elected were: clerk, Ezra W. Palmer, Brookline; treasurer, Edward L. Ripley, Brookline; first reader, Gordon V. Comer, Denver, Colo.; second reader, Miss Lucia C. Coulson, London, England.

Robert E. Buffum, of Boston is the retiring president.

Thirty-eight Christian science societies qualified for the title of church during the year, the meeting was told, and 92 branch church organizations were added to make a total of 2592 branch churches.

ROOF LINES FIT LANDSCAPE

The soft roof lines of this English cottage type house blend with the landscape. There is an unsymmetrical beauty about the way the chimney rises from the exterior walls and takes its place in the silhouette against the sky and trees.

The large living room faces the garden side. Guests' bedrooms are both at one end, and the dining room and kitchen at the other.

The stairs are arranged so that in going to the basement it is not necessary to go through any other room in the house. An added touch to the dining room is the bay window at one end.

The second floor has two bedrooms and a bath, which is located directly over the one below, so that the cost of installation is low.

Materials are very simple, but should be well chosen for color. A few stones combined with the brick of the chimney would be desirable. The roof is of slate or shingle tile.

The cost of construction is about \$6,000 to \$8,000. The size of the lot should be 75 by 100 feet, or if the house is placed the narrow way on the lot 50 by 100 feet.

Landscaping is essential to the completion of the design.

An interesting color scheme would be whitewashed brick or burnt sienna brick with overburnt purple borders. Woodwork would be gray and the roof variegated slate.

Representative Rainey, the Democratic leader, said the changes were "made because of the decreased building cost for this legislation we are going to assume it."

Building Permit Total For Five Months \$10,619

A \$50 building permit, issued the last day of May, brought the month's total in La Grande to \$500, the second smallest total for this year.

Table with 2 columns: Month, Value. January 43500 February 1400 March 420 April 4730 May 699 Total 41019

On May 31 J. E. Reynolds took out a permit to alter and repair a building for use as a garage, on Fourth between Adams and Washington, work to cost \$50.

ATTEMPT TO BE MADE TO CLEAR SLATE BY 14TH

lative action on the billion dollar tax bill today and speed it to President Hoover.

That will leave the economy bill, relief legislation and appropriation bills the main hurdles to be surmounted before adjournment, the senate may pass the economy measure before nightfall and the house is expected to act tomorrow on the Garner relief bill.

Over the weekend, President Hoover presented a four-fold plan for economic rehabilitation which consisted of authorizing the reconstruction finance corporation to increase its issues of securities to \$3,000,000,000, establishment of a home loan bank system, setting up joint committees of finance and industry to aid economic conditions and holding down expenditures.

Senator Watson said he hoped for enactment of the home loan bank bill.

In both branches today steps were taken to speed action on the home loan bank system.

An agreement was reached by the house rules committee, at the insistence of Representative Michener (R., Mich.), for a vote tomorrow on the proposal for such a system.

The senate banking committee also met to study what to do about the proposition.

President Hoover returned today after weekend conferences at his Rapidan camp and immediately went into conference with Secretary Mills of the treasury on what took place at the weekend discussions with officers of the reconstruction corporation.

Mills told newspapermen he favored handling the various relief proposals through separate bills. The proposal for relief to states, he said, might be delayed if it should be incorporated in a general relief bill which would include a bond issue.

Any bond issue proposal, he said, would be bitterly opposed and if relief for the states were tied up with it undoubtedly there would be delay on that score also.

Meanwhile, the house rules committee voted 8 to 4 to permit the Garner \$2,500,000,000 relief program to be brought into the house for consideration Tuesday.

M'KENZIE PASS TO BE OPENED IN TEN DAYS

BEND, Ore., June 6 (AP) — The McKenzie Pass highway, blocked by snow and ice since last fall, will be open to traffic in about 10 days, it was estimated today when a state highway department crew started boring into the deep drifts in the mountain country 12 miles west of Sisters.

A rotary plow is being used. The deepest drifts will be encountered at the east approach to the summit lava fields where snow is piled into a big cut to a depth of 14 feet. The mountain snow, inter-stratified with ice, is solidly packed.

On the Mount Hood loop another rotary plow was placed in operation this morning near the Wapinitia junction. This plow will work around the base of Mount Hood to Hood River in opening the loop road to traffic.

Snow now blocking the mountain roads is said to be the deepest in many years.

Little Hope is Left for Flier

(Continued from Page One) and spiritual adviser, the Rev. Father Paul Knappek of Newark, N. J.

Hausner started for Warsaw from Floyd Bennett field at 8:56 a. m., Eastern standard time, Friday.

WALSH IS SLATED FOR CHAIRMANSHIP

(Continued from Page One) Among the congressional leaders reported to have joined in the Roosevelt strategy conferences over the weekend were Senators Dill, of Washington; Hull, of Tennessee; Cohen, of Georgia; and Wheeler, of Montana.

73 SENIORS HEAR ADDRESS BY MINISTER

(Continued from Page One) counselling them on their way to achievement, introduced the speaker.

Miss Jennie Peterson, director of music at the Normal school, presented various musical groups during the afternoon, and the perfection of their traditions displayed the exhaustive training which they have received during the past year under her direction.

"Marche Romaine," by Gounod, was played by the orchestra, and the combined club sang "The Lost Chord" by Sullivan; and "Now the Day is Over," by Barnby. Austin Dunn, of the Normal school, sang "Fie as a Bird," by Dana, and a woman's sextet, composed of Wilma Smith, Annabelle Quinn, Veda Hogenesen, Alice Milne, Natalie Ebert and Fern Rosenlof, sang "Lift Thine Eyes," by Mendelssohn.

Rev. Edwin W. Bracher, of the Zion English Lutheran church, delivered the invocation; President Inlow read the scriptures; and Rev. B. Marcus Godwin, of the First Baptist church, read "Fie as a Bird."

The commencement exercises will be held Wednesday afternoon at 2:30 at the Normal school, and B. F. Irvine, blind editor of the Oregon Journal, of Portland, will be the speaker for the afternoon.

Ralph Brewster Elected Leader

BOSTON, June 6 (AP) — Ralph O. Brewster, former governor of Maine, today was elected president of the 60th church, the First Church of Christ Scientist, at the annual meeting.

Other officers elected were: clerk, Ezra W. Palmer, Brookline; treasurer, Edward L. Ripley, Brookline; first reader, Gordon V. Comer, Denver, Colo.; second reader, Miss Lucia C. Coulson, London, England.

Robert E. Buffum, of Boston is the retiring president.

Thirty-eight Christian science societies qualified for the title of church during the year, the meeting was told, and 92 branch church organizations were added to make a total of 2592 branch churches.

Our Language

Experts in English tell us that the ancient Saxons said, "Oh, yeah." We also heard the guess that they said "Uh huh." While as for "Ouch!" the first Saxon baby problem originated that indispensable exclamation. — Charleston (W. Va.) Daily Mail.
