

Imbler F. F. A. Wins Prizes At Livestock Show

By Mrs. Ray Wilson (Observer Correspondent)

IMBLER (Special)—The Imbler F. F. A. feel that they won their share of honors and prizes at the Union Stock show. Their stock judging team, which competed so successfully at the Pacific International last fall, was negligible on account of that competition, but the team of Keith McKinnis, Dick Howell and Delmer Fowler made the splendid score of 2536 points to take first place in competition with the teams of Enterprise, Wallowa, Halfway, Ontario, Union and Idaho Institute. Wallowa was second with 2317 points and Enterprise third with 2164. Imbler had all three high point individuals. Keith McKinnis was first with 857 points, winning a \$5 prize and a gold medal. Dick Howell and Delmer Fowler both placed third. Delmer and Keith were high point men in beef judging and Keith and Dick were highest in sheep and Dick was highest in horse judging.

The Imbler keystone chapter staged the meeting of the Eastern Oregon Future Farmers at the Union Hotel. Imbler F. F. A. officers presiding were: Cub Waggoner, president; Sheldon Lloyd, vice president; Chadwick Pratt, Secretary. Keith McKinnis, Earl D. Raskopf, reporter, and Hughes instructor acted as advisor. Chapter achievement reports and stunts along with talks from invited guests made up most of the program. Tom Wilcox, of Wallowa, state F. F. A. president, gave a fine address and Mr. Earl H. Cooley, of Salem, state adviser of vocational agriculture, gave a talk on F. F. A. objectives. Invited guests were Dick Richards of the Union experiment station, Dean Schoenfeld of O. S. C. and Herbert Chandler, of Baker.

Imbler won the following out of the vocational contests held on the stock show grounds: First in milk testing won by Grover Hardy—prize a large metal milk strainer; second in rope work won by John Friesold—prize a flash light; second in feed evaluation won by Sheldon Lloyd—prize a fishing reel; first in fleece judging won by Jack Cole—prize a sheep shears; third in rafter cutting, Leighton Johnston; first in

horse unsoundness judging, a gold medal.

Imbler had 73 animals out of the 147 exhibited from the six departments and won the following prizes: Clyde Ott, 8th for heifers under two years; Clifford Royes, first and third for calves; Keith McKinnis first for ewe and lamb, and first in two ewes and first in two lamb exhibits. Dick Howell won third in best sow exhibit and Elton Frizzel sixth and Tom Craig seventh in this class. Tom Craig second in best litter exhibit; Elton Frizzel, third; Keith McKinnis, 4th; Chad Pratt, 8th; Clifford Royes, Dick Howell, 8th; Garth Bull won third for best breeding gilt; Dick Howell, 6th; Sheldon Lloyd, 7th; Clifford Royes, 8th. Clifford Royes won 8th in fattening barrow; Garth Bull, 8th. Keith McKinnis won 5th on best project exhibit, Dick Howell seventh and Tom Craig 12th. The boys made two large exhibit signs which will be used later in other show exhibits and they decorated for the entire Future Farmer display, posting F. F. A. signs, decorating with evergreen boughs and making a sawdust walk in front of the exhibits. Thirty-three Imbler boys were present at the stock show and besides their winnings the boys gained a lot of valuable experience in caring for animals and found out a lot about fitting and showing. The Imbler F. F. A. plan a bigger and better exhibit next year and are now ready for their summer activities.

Mr. and Mrs. Gus Fowler returned Saturday from a two weeks trip in Southern Idaho where they visited with their three daughters and transacted business. They state that the crops there including the apple crop, are exceptionally fine.

Mrs. May Ward, of Bellingham, Wash., has returned to her home after an extended visit with Mrs. Tom Ruckman.

Mrs. V. Wilson has been in very poor health for some time, suffering from a nervous breakdown.

Mrs. Tom Ruckman has suffered lately of an abscess in her head and neuritis.

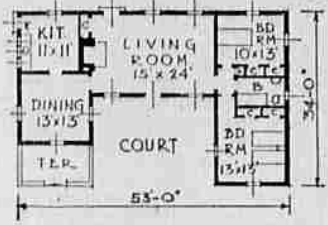

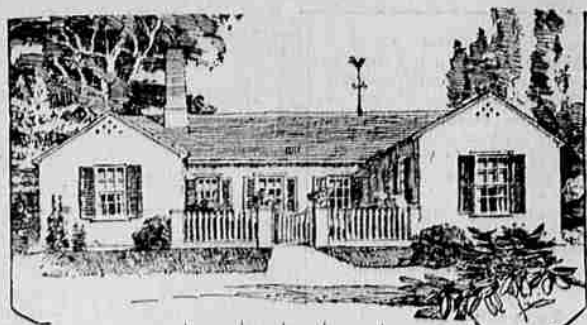

Recent guests at the Ruckman home in Imbler were: Mrs. Katy White of Dayton, Wash.; Mrs. Ora Hawthorne, of Seattle; Mrs. Nellie Myers, of Pasco, and her granddaughter, Jennie Sargeant, of La Grande.

REPORT ON NATIONAL WEALTH. WASHINGTON, June 13 (AP)—The senate today ordered the commerce department to prepare a report on the total national income for the years 1929, 1930, and 1931.

A resolution introduced by Senator La Follette (R., Wis.) asking for the information was adopted without debate.

It called for a report on the total national income for each of the three years and the distributing of the income.

Garden Court Invites You

The modern type of colonial bungalow is getting more and more popular. The plan of this bungalow forms about the garden court, with direct entry to the middle of the large living room.

The living room has three openings on the front and three toward the garden. On the right are two bedrooms with bath between, on the left the dining room and kitchen. A small terrace is reached through the living room. The main entrance is directly into the living room opposite the garden side and next to the kitchen.

Exterior is of stucco with blue green blinds at the windows. These windows are double hung and would be best painted white. The roof is wood shingle and the chimney of whitewashed brick. A basement could be provided easily if the climate required heating facilities.

Various approximate estimates have been made to cover the costs of this house, which fall between \$3500 and \$5000, depending upon local material and labor cost.

This house is especially suitable west of the Mississippi and south of the Mason and Dixon line.

2 Building Permits Issued Last Week

Two building permits were issued last week, both for small jobs. Both were issued on June 9.

J. A. Ruzic applied to alter and repair a building on Monroe between Fir and T, to be used as a woodshed, work to cost \$25.

W. L. Hale also applied to alter and repair a building on U between Fir and Greenwood to be used as a woodshed, work to cost \$35.

The total value of new construction so far this year stood at \$10,679 today.

Coffee Once Medicine
Before coffee became the beverage known today, the berries were first used as food, and later were prescribed as medicine.

Visitors Will Spend Millions On Conventions

CHICAGO, June 13 (AP)—Millions of dollars will be spent this month as all roads lead to Chicago and the national political conventions.

Probably more than \$1,000,000 will be spent by delegates and alternates alone—merely for basic costs involved in their trips to and from Chicago and during their stay here.

And they will be only a small fraction of the spectator throngs in unofficial attendance. Chicago hopes to attract more than 100,000 during the weeks in which the party nominating shows are held.

It requires no wizardry in mathematics to calculate that the average convention delegate's expenses for necessities may total at least \$175 or \$200.

If he comes from Jacksonville, Fla., or Dallas, Tex., his round trip train fare—even at special fare-and-a-half rates—plus a berth and train meals will exceed \$80.

If he stays only six days in Chicago and spends only \$20 a day while here that will be \$120 more—or a minimum total of \$200.

In the case of midwest delegates the convention trip naturally will be less expensive. But for a delegate from a night's train trip away—say Columbus, Ohio—convention costs easily might exceed \$125.

It will cost a California delegate more than \$150 merely for train fare—even at special summer rates—plus Pullman berths and train meals. Hotel costs plus meals and incidentals readily add another \$150 to his expense account.

Assuming that convention costs for the average delegate or alternate will run to \$200—a minimum estimate—that means approximately 4,500 delegates and alternates will spend at least \$900,000.

If either convention lasts longer than four or five days delegate expenses of course will soar accordingly.

GARNER SHOWS IMPROVEMENT; FEELS BETTER

WASHINGTON, June 13 (AP)—Speaker Garner was reported improved today although his physician ordered that he stay in bed.

The Texan's office was notified that his temperature was about normal but that Dr. George Calver, house physician, fearing a possible setback from bronchitis, thought the speaker should not plan to return to work until after the middle of the week.

Representative Rainey, of Illinois, house Democratic leader and speaker in Garner's absence, said he had talked with the speaker who "seemed to be feeling a lot better."

Depression Hits Penitentiary Shop
JOLIET, Ill., June 13 (AP)—It's "bend to the left" and "bend to the right" and no more work in the factory for inmates of the Illinois state penitentiary from now on.

Warden Henry C. Hill has issued an order for immediate closing of all the prison shops, announcing lack of orders made their operation unprofitable.

And daily calisthenics, he said, will take the place of work in the steel foundry and shoe, furniture and fibre factories for the convicts.

Six Candidates In School Race

No additional candidates for school director positions filed Saturday afternoon and when the books closed that evening, there were six names to go onto the ballot—P. J. Lilly, Charles B. Miller, Mrs. Ploy Wetzel, W. D. Hanks, Ed Moon and Gene Walker.

The election will be held June 20. Dr. Lee B. Bouvy, who was nominated by friends, did not accept the nomination.

"BOMB" JUST A WAR RELIC
WASHINGTON, June 13 (AP)—Investigation disclosed today that a "bomb" found near a billet of the bonus army was an old Mills hand grenade from which the powder cap had been removed.

Police said they thought it was a war relic brought along out of sentiment by one of the 12,000 who have come to Washington to demand payment of the bonus.

Albanian Emblem
The Albanian flag has a red field with a black double-headed eagle. This is an old national emblem of the Albanian people, dating back to the time of the Crusades, and signifies both spiritual and temporal power. This has an added meaning in Albania, standing for North and South Albania.

AMELIA DECORATED
BRUSSELS, Belgium, June 13 (AP)—Amelia Earhart Putnam today received the Order of Leopold from King Albert of the Belgians in recognition of her solo flight across the Atlantic.

She was the guest of the king and queen at luncheon.

TO TAKE SALARY CUTS
EUGENE, Ore., June 13 (AP)—All Associated Student Body employees at the University of Oregon will take salary reductions next year, on the same percentage basis as that applying to faculty members, Hugh E. Rosson, graduate manager, said here today.

The action will affect Rosson, his two assistants, all athletic coaches, executives of the Oregon Daily Emerald, college daily, and other student body employees.

"You'll be talking about THE CHAMP"

THE PAGEANTRY IS DRAMATIC

but ACCURACY is Fundamental

COLORFUL, thrilling scenes will be enacted at the national political conventions in Chicago, banners flying, bands playing, delegates shouting. But these are the superficial aspects, the background against which history-making balloting will decide the Presidential candidates.

THE ASSOCIATED PRESS dispatches on these conventions will bring to newspaper readers a vivid picture of the pageantry and excitement but that is not all. Expert reporters will write up-to-the-minute, accurate accounts of all vital angles, probe under the surface to interpret authoritatively the significance of each important move, and analyse fairly the ever-changing situations.

THE ASSOCIATED PRESS staff is NOT concerned with the fate of candidates or parties, it is interested only in reporting the news, impartially and truthfully. Through unwavering adherence to that principle, "AP" has won world-wide preference.
