Californian Nominates as Climax to Hoover Support Shown in Final Sessions of Conclave.

HOOPER MAJORITY LARGE
CHICAGO STADIUM, June 16 (AP)—Making almost a clean sweep of the first and only roll call, President Hoover was renominated today by a Republican convention which had spent nearly all its concluding session shouting his praises.

The rolling tide of his support lifted his total to 1126 1/2 out of the 1154 votes in the convention. The others were scattered in the official computation as follows:

- Senator John J. Blaine of Wisconsin 13.
- Former president Calvin Coolidge, Massachusetts 4 1/2.
- Dr. Joseph I. France of Maryland 4.
- Former Senator James W. Wadsworth of New York 1.
- Former vice president Charles C. Dawes 1.
- Not voting 3.
- Absent 1.

CHICAGO STADIUM, June 16 (AP)—Again, as in 1928 it is Hoover and Curtis for the Republicans.

In all but unanimous first and only ballot today a cheering national convention reaffirmed the commission of leadership conferred on Herbert Hoover four years ago, renominating him with 1,126 1/2 votes out of the total of 1,154.

Then, by a single ballot also but with a field of candidates receiving votes from many delegations, Charles Curtis, choice of the administration, was made the Hoover 1932 running mate. On the initial roll call he was just short of the 578 needed to nominate, but the Pennsylvania delegation changing its vote, gave him the margin of victory.

Fish Are Biting In Many Streams Through County

Motor Association Has Hints For Sportsmen and Picnickers Who Seek Beauty Spots.

When the sportsman's fancy turns to fishing, the La Grande region of the Oregon State Motor association suggests excellent places where the fish are biting and where trout catches have been made within the past few days. As an added attraction for the wife and children they also point out that many of the suggested streams are bordered by shady glades for picnicking.

Conditions on the upper Grande Ronde river are reported to be excellent with the water receding following several days of favorable weather. Turn to the left from the highway five miles follow the Emory logging road toward Starkey, and almost any point along the Grande Ronde river offers both fishing and picnicking facilities.

The Minam and Wallowa rivers are reported to be suitable now and a number of creeks have been made around Lostine between Wallowa and the head of the canyon. Wallowa lake has also afforded some good trout catches during the past week.

Suggestions for picnickers are offered also, and include Five Points and the area around the mouth of the Grande Ronde river.

IMBLER (Special). A hail storm hit this district Monday afternoon during the hard rain storm. The stones were fairly large but there was no wind at the time and little or no damage was done to crops.

Most of the potatoes have been moved from the Fox storage house but a few hundred sacks are still there and are now being sorted. There was no chance at all to market potatoes from this section in car lots this year and except for occasional sales in small lots sold locally these potatoes were sold for firewood.

CITY DADS ACT ON BUSINESS AT BRIEF MEET

It took little time last night for the city commission to transact its weekly business, for there were just two minor matters of routine to consider. One was passage of a warrant to pay the monthly contribution of \$12.14 to the Industrial accident commission fund—payment of which was overlooked when regular monthly bills were considered—and a bond given by Ray Buell. The bond was presented for a not drink stand to be operated at the open air dance pavilion. It was referred to City Manager Angus A. Allister. All of the city dads attended the meeting.

Jury Finds Union Men Not Guilty

A verdict of not guilty was returned by the jury, after about two hours deliberation yesterday in the circuit court in the case of the state of Oregon vs. Frank and George Droke and Lloyd Hensley, of Union, charged with contributing to the delinquency of a minor. They were arrested more than two weeks ago at Union.

FRANCE TAKEN OFF PLATFORM BY POLICEMEN

Seeker of Presidency Tries to Place Coolidge As Party Leader.

CHICAGO STADIUM, June 16 (AP)—Dr. Joseph I. France of Maryland, was forcibly ejected from the speakers platform at the Republican national convention today as he sought to get the floor.

His name had just been placed in nomination by L. B. Sandblast of Oregon and his plan had been to make a nomination himself in behalf of former President Coolidge.

"They will have to carry out a presidential candidate to stop me," France had told newspapermen. Police did practically carry him out a few minutes later.

Dr. France himself had been seated just back of the speaker. On the conclusion of Sandblast's speech, France advanced to the front and asked permission to address the convention.

Snell Makes Refusal
Snell refused to recognize him as he was not a delegate. France declared he wanted to make a nomination speech for Calvin Coolidge. "I insist on my right," he shouted at the chairman and the other convention officials kept him back.

Almost immediately he was surrounded by several policemen. Two of them promptly took him in their arms and escorted him away from the speaker's stand and down the steps of the stadium.

When records were being made at the La Grande High school, 14 at a time, back in 1910, Henry Heidenreich was one of the track stars who was making them, and for 21 succeeding years, he never missed a track season, without donning his track suit.

Mr. Heidenreich, accompanied by his parents, Phil, is in La Grande for several weeks' visit with his parents, Mr. and Mrs. J. D. Heidenreich and friends of his high school days.

After leaving La Grande High school following his graduation in 1910, Mr. Heidenreich spent almost the entire night of the summer receiving a Bachelor of Arts degree from the University of Oregon in 1915, taking a professional course at Oregon college in 1916, and earning a Master of Art degree at the University of California in 1919.

The lure of the track was too much for the former track star, however, so he took over the duties of coach and manager at the junior college in Phoenix, Arizona, and trained runners, jumpers, discus throwers, every branch of track activities until he was a footlight of his training.

Mr. Heidenreich recalls the time when the track men, 14 of whom set records in various events in 1910, were in the track house.

MACDONALD PLEADS FOR U. S. SUPPORT

"Time For Bold Proposals" Is Challenge Made By Minister.

LAUSANNE, Switzerland, June 16 (AP)—Europe cannot act alone but must be helped by the United States in solving the world's economic troubles, Prime Minister Ramsay MacDonald of Great Britain asserted today as the delegates of 13 nations opened a conference on reparations and war debts here.

"This is a time for bold proposals," he said. "The United States has encouraged us to believe it will cooperate in some of the wider problems and join us in devising a policy for the encouragement of trade and the enrichment of nations."

World Crisis Worst
His address, after his election as chairman of the conference, was the only one of major importance in a session which lasted over an hour. The continuing economic crisis, he said, is the worst with which the world has ever been afflicted. It amounts to a "world catastrophe."

"We meet under the shadow of the most ominous economic crisis which ever afflicted the world in times of peace," Mr. MacDonald said. "The whole world looks to us as it never has looked to an international conference before."

In these times there is no Italy, no Germany, no America, no Britain, apart from the rest of the nations. There is nothing smaller than a world, nothing less than a system which is crumbling about our feet. None of us can stay out of the misery which are gathering about us.

As the prime minister spoke the delegates listened closely. On his right sat Premier Herriot of France. On the left was Franz Von Papen, the new German chancellor. Beside him sat Boris P. Gordon, of the British home secretary.

Around the table were other delegates of the fourteen nations represented, including Great Britain, France, Italy, Germany, Japan, Belgium, Yugoslavia and Czechoslovakia, Rumania, Greece, Poland, Portugal, Bulgaria and Hungary, with representatives from Canada, Australia, South Africa, and New Zealand.

Opposes Repudiation
Mr. MacDonald expressed himself clearly in opposition to repudiation by Germany of the war reparations. "One principle is very definitely before the conference," he said, "and that is that Germany must always be ready to face the facts."

That principle is not challenged by anybody here, but it carries with it a corollary: if default is to be avoided, engagements which have been proved incapable of fulfillment should be revised by agreement. Both sides in all agreements must always be ready to face the facts.

Tomorrow there will be another meeting and Chancellor Von Papen probably will have an opportunity to state the German case.

War Debts Tacked
In preliminary discussions last night the possibility of presenting, in the first part of the conference, a report on the reparations and war debts problem, was discussed.

Breaking all precedents, old Jupiter Fluvius refrained from his first-day visit to camp and—before it or not—was absent on the first day during last night's struggle.

NOMINATION APPEARS SECURE

Vice President Charles Curtis is probably wearing his broad smile once more, now that the boom for Hoover's running mate appears to have subsided. Curtis was conceded the nomination the second day of the Chicago convention.

CHICAGO STADIUM, June 16 (AP)—The nomination of Charles Curtis as Hoover's running mate appeared to be secure today as the delegates of 13 nations opened a conference on reparations and war debts here.

Senate Finance Committee Votes Against Bonus

Leaders Now Sure Bill Will Be Killed by the Senate—Vote Was 14-2.

WASHINGTON, June 16 (AP)—The \$2,400,000,000 cash bonus bill was voted adversely today by the senate finance committee.

First senators to emerge from the meeting said the vote was 14 to 2 against the bonus.

The bill will be reported immediately to the senate and an attempt made to get a vote there as soon as possible.

Leaders were confident of a sufficient vote to kill the bill, and they were reassured by the size of the opposition committee vote.

Chairman Smoot, Republican, Utah, said the senate would not immediately act on the committee's report but that the formal report probably would not be submitted until late today or tomorrow.

Watson Against Bill
Those voting for an adverse report on the bill were:

- Republicans—Watson, Reed, Shortridge, Couzens, Keyes, Thomas of Idaho, Metcalf and Smoot.
- Democrats—King, George, Walsh of Massachusetts, Connally, Gore, Harbo.

Lafollette (R., Wis.) and Jones (R., Wash.) voted against reporting the bill unfavorably.

A motion by Senator Connally (D., Tex.) to pay the veterans the present value of their certificates, giving them the option of cashing and surrendering them now or holding them until 1945, was rejected 4 to 11.

Meanwhile, veterans packed every available inch of space in the galleries as the senate was called to order at 11 o'clock.

Connally moved to attach as an amendment to the bill a provision changing the interest rate on loans on certificates from 4 per cent to 3 per cent. This was rejected 8 to 3.

A proposal by Senator Thomas (D., Okla.) to permit payment when the bonus holder furnished evidence of absolute need was rejected 12 to 3.

Appointment of committee to notify presidential nominee.

By Leslie J. Smith
CHICAGO, June 16 (AP)—Oregon is on record with ten of its 18 Republican national convention delegates opposed to repeal of the 18th amendment, but the manner of placing the state on the roll call sheet developed a wild moment of strife in which the Oregon banner for the second time was the token of inter-delegation warfare.

Stirred by a dramatic oration, against continued attempts to enforce the nation's liquor laws, L. B. Sandblast, repealist delegate, plowed through the row of chairs which separated him from the state banner with the avowed intention of placing the Oregon placard in a growing parade. The banner stood beside Chairman Russell Hawkins. An Sandblast grabbed the chair, Edwards, national committeeman, leaped over two intervening chairs and their occupants, snatched the other end and the two tussled violently on the pole. Other delegates from the state and neighboring groups intervened and the two Oregon men stood glaring at each other while Jack Day, United States marshal from Oregon, acted as mediator.

The three delegates voting for the minority repeal chair were Hawkins, Sandblast and W. L. Thompson.

State Grangers Will Not Discuss Consolidation

SILVERTON, June 16 (AP)—Educational spirit at the annual convention of the state grange in session here will not be over the proposed consolidation move, but over teachers' pensions and other phases, it was determined last night. Senator H. C. Wheeler reported the two factions agreed not to bring the initiative matter before the grange at this time.

Pendleton yesterday joined Hillsboro in requesting the 1933 session of the grange, while it was rumored Eugene likewise would enter its bid for the meeting.

Elimination of waste in sending out federal bulletins and documents was urged in a resolution, along with acts urging the state board of health to clear up the malaria mosquito situation in Lane, Benton and Lincoln counties.

Auto And Garage Burn Early Today
Early morning fishermen, bound for Moran lake, awakened Emory Mellinger, South Oak street, this morning to tell him his garage was burning. Mr. Mellinger called the fire department which arrived at 3:40 a. m. not in time to prevent complete destruction of Mr. Mellinger's car and garage. Cause of the fire was not known. The fire department used 75 gallons of chemical in checking the blaze.

PAINT HAWLEY'S PORTRAIT
WASHINGTON, June 16 (AP)—A half length portrait of Representative Hawley of Oregon is going to hang in the offices of the house ways and means committee.

A subcommittee of that group today approved a motion, which also was approved by the full committee, to commission Boris P. Gordon, of Washington, to paint the portrait of the Oregon Republican who lost his chairmanship of the committee this year when the Democrats organized the house.

OREGON CITY, Ore., June 16 (AP)—Ernest Chaney, of Oswego, drowned in the Willamette river near here yesterday. The body was discovered by a small girl who dragged it from the river and summoned help.

Chaney had been picking up wood on a log chute. It was believed he had suffered a heart attack before falling into the river.

PORTLAND MAN ADMITS FIRING AT H. E. FINN
PORTLAND, Ore., June 16 (AP)—Shelby C. Brown was charged today with the murder of Harry E. Finn, 38, who was shot to death last night in Brown's apartment.

Mrs. Brown and her brother, J. H. Harper, who witnessed the shooting, were held as material witnesses. Harper told police he went to his sister's place to visit last night and arrived just as Brown came home. They entered the apartment together and found Finn in the apartment.

HOOPER ACCEPTS IN WIRE SENT TO SNELL

CHICAGO STADIUM, June 16 (AP)—President Hoover today sent the following message of acceptance of the Republican nomination for the presidency to Chairman Smoot of the Republican national convention:

"I have your telegram advising me that the Republican convention has renominated me as the party's candidate for president of the United States. I am deeply grateful for the highest honor that the party can confer. It marks your approval and your confidence. I shall labor as I have labored to meet the effects of the world-wide storm which has devastated us with trials and suffering unequalled in but few periods of our history."

"That storm still surrounds us. The measures which we have adopted and the policies which you have outlined will, with patience and courage, restore confidence and with it employment, agriculture and business. These policies and measures will hold our hard won American system of ordered liberty and government. Our youth will continue to find that the doors of equal opportunity are open."

"But beyond platforms and measures there lies that sacred realm of ideals, of hopes and aspirations, of those things of the spirit which make the greatness and the soul of the nation. These are our objectives and with unceasing effort, with courage and faith in almighty God they will be attained."

"If the American people shall again commit to me the high trust of this great office, I pledge to them the full measure of my devotion to their service."

Mrs. Brown and her brother, J. H. Harper, who witnessed the shooting, were held as material witnesses. Harper told police he went to his sister's place to visit last night and arrived just as Brown came home. They entered the apartment together and found Finn in the apartment.

Finn accused Brown of too great attention to his sweetheart. A brief fight followed, Harper told police, and Brown hit Finn in the head. Finn returned presently and accused Finn of improper attentions to Mrs. Brown. Brown left again and when he returned later he drew a revolver from his pocket as he entered.
