CHEESE PRICES UNCHANGED

Chickens Down to Rock Bottom Prices — Get 6 Cents For Lights.

PORTLAND, June 20 (AP)—Advance of 1c dozen quoted in the various offerings of eggs by E. J. Dixon, general manager of Pacific co-ops, has been generally put into effect here. Receipts continue to decrease.

Trade in the butter market appears of generally steady to firm character. There was no change in the price for the week's opening but everything was cleaned up. Butterfat values are firmer.

There appears little material change in the general cheese market situation. Late trading in the local market has been at fairly well sustained prices for Oregon offerings but some slight concessions continue for intermountain supplies.

Tillamook and Coos Bay reported no change in selling prices at the source.

Price of chickens dropped to a new all-time low record here with buyers offering down to 6c for light hens, 8c for medium and 12c for heavy colored stock while broilers are as low as 10c lb.

Owing to the increasing stocks of country killed spring lamb, there was quite a fair carryover of last week's receipts. The extreme top of the market is 7@7½c with the bulk of the tops at 7c.

Calves and Hogs Steady

Market for country killed hogs and calves is about steady. No change in last week's opening.

First casabas of the season have entered the local market; a shipment from the south being unloaded. Reported of good quality—sales 4c lb.

As expected, general price losses were suffered by the tomato market for the day. Sales in general were about 25c box for both outdoor and hothouse stock. Quality in general is better.

Celery in Demand

There is at the moment a greater demand for Oregon grown celery than supply. This has resulted in a general advance in the price here. No shipping call as yet.

Notes of wholesale trading:

Grapefruit is 25@50c case higher.

Watermelons and cantaloupes are steady.

Asparagus prices are sharply advanced for the day.

Green and wax beans in larger supply, are lower.

Demand for peas is steady with best telephones around 4c lb.

New potatoes in more active call at steady values.

Cabbage market is more active for local stock.

Head lettuce is steady to firmer.

Local cauliflower trade is about steady; mostly $1 for 1s.

SUGAR AND FLOUR

PORTLAND, June 20 (AP) — Sugar—Cane, granulated $4.20 100 lbs.; beet $3.95.

Domestic flour — Selling price delivered: patent 49s $5.50; do 98s $5.30; bakers' bluestem $4.10; soft wheat pastry patent $3.40@$3.60; Montana hard wheat patent $5.00@$5.20; rye $4.50@$4.60.

Cash wheat: No. 1 northern 54⅞; No. 2 northern 51⅝; No. 3 northern 49.

NEW YORK GREETS AMELIA E. PUTNAM

(Continued From Page One)

first was in 1928 after her first ocean flight, as a passenger with two men fliers.

"I'm just as glad to get back as I was four years ago," she said. "And this time I know the committee better."

One of the first to greet her as she came aboard the Riverside was Elinor Smith, who had herself been planning a transatlantic solo flight when Miss Earhart beat her to it.

Miss Earhart said the five hours' blind flying she was compelled to make had been to her the highlight of the flight—in that she found that she could fly blind that long.

Some one asked her what she thought about during her night alone over the Atlantic.

"You don't have time to think much — at least not about yourself with relation to your plane," she said. "If you start thinking about yourself it's fatal."

Man Accused Of Matricide Killed In Airplane Fall

OTTAWA, Ill., June 20 (AP) — An airplane accident has brought death to Harry Hill, 27, of Streator, Ill., former Knox college student, and heir to the estate of his mother for whose slaying he was tried in 1927.

Hill and two companions, Bert Lorenz of Streator and John Marshall, 20, of Berkeley, Cal., were killed yesterday when the airplane Hill was piloting, fell at the local airport. The plane dove to the ground from an altitude of about 200 feet. Hill and Lorenz died almost instantly.

The jury which tried young Hill for matricide, disagreed, but the case is still on the docket for re-trial, having lain dormant for several years due to a shortage of county funds to finance its prosecution. Meanwhile Hill, who maintained his innocence, had been at liberty. A flier for several years, he held a private pilot's license, and twice had been injured in airplane mishaps within the past year and half.

Hill was seized in Seattle, Wash., Sept. 3, 1927, after the body of his mother, Mrs. Elizabeth Hill was found in a grave in the basement of her Streator home. Her known opposition to her son's friendship with a young Streator woman, financial troubles and his absence from the city, turned suspicion toward him.

Under her will, Harry was left approximately $50,000. His father, a Streator eye, ear and nose specialist and Mrs. Hill were divorced a short time before she was slain. Dr. Hill stood by his son.

BOSTON WOOL

BOSTON, June 20 (AP) — Increased confidence in wool values is indicated by the diminished pressure to sell and the movement recently of fair weights of a few lines of wool at currently quoted prices. Encouragement has been stimulated by the willingness of an occasional wool buyer to submit bids above the previous low offers. The greater interest of manufacturers tends to confirm rumors on increasing wool machinery activity. Receipts of domestic wool here during the week ending June 18, estimated by the Boston grain and flour exchange, amounted 14,350,500 lbs. compared to 4,455,899 lbs. last week.

Captain Dickson Races For East-West Air Record

RANTOUL, Ill., June 20 (AP)—Captain James Dickson, seeking a new west-east transcontinental record with three passengers aboard his plane, landed at Chanute field at 2:37 p. m. (central standard time) today.

He covered the distance from Pueblo in four hours and 31 minutes, an average of 200 miles an hour.

Dickson told the Associated Press in Chicago he would take off at once for New York, expecting to land there by 9 o'clock tonight, eastern time.

SANTA MONICA, Cal., June 20 (AP) —Attempting to set a new west-to-east transcontinental passenger carrying record, Capt. James Dickson, took off from Clover field here this morning at 3:11:45 o'clock, Pacific standard time, en route to Newark, N. J. His stops en route were not announced.

In the cabin of the Lockheed plane when he left were Hal Roach, film producer and owner of the plane; Arthur Lowe, vice president of Metro-Goldwyn-Mayer studios, and William Meinizer, South American representative for the studious.

Captain Dickson last week established a record of 14 hours 45 minutes for an east-to-west passenger carrying record.

DEMOCRATIC CHOICE RESTS ON NEW YORK

(Continued From Page One)

number of delegates pledged and claimed.

McAdoo Against Roosevelt

William G. McAdoo, of California, another leader in the anti-Roosevelt drive will reach the scene tomorrow just ahead of Smith. Chairman John J. Raskob of the national committee, regarded as an ally of Smith, also was due tomorrow.

Harry F. Byrd, with Virginia's 24 votes, arrives tomorrow. Tammany's leaders headed by John Curry come Wednesday. In this New York group will be John H. McCooey, Brooklyn chieftain, Mayor Walker and Dudley Field Malone.

Word spread today that Thomas Spellacy of Connecticut, would lead the floor fight at the convention opening for Jouett Shouse as permanent chairman against Senator Walsh, of Mont., the Roosevelt candidate.

Plan Prohi Plank

Shouse, chairman of the executive committee, and Farley both advocated in newspaper interviews short, platform declaratons and both indicated that around the defeated Bingham repeal submission prohibition plan of the Republican convention would be built the Democratic prohibition plank.

With hearings to start Thursday by the resolutions committee, leaders of several farm organizations prepared for a united demand for a specific farm relief plank.

Reports of a conference between Gov. Roosevelt and Curry prior to the announcement of selection of John Mack of Poughkeepsie, as the man to place the governor in nomination added significance to the speculation here over New York.

Votes Pledged

Today, Roosevelt has 563 pledged and claimed votes. Indiana's 30 will be picked late in the day or tomorrow. A majority of the convention is 578 and two-thirds is 770.

The whirl of preconvention activity has brought decisions on many routine affairs. For Roosevelt, it was announced that Arthur F. Mullen, Nebraska's hard fisted national committeeman, would be the floor manager and Mack the nominating speaker. Mack placed Roosevelt in nomination 22 years ago for his first public office — state senator.

For Governor Ritchie, of Maryland, it was announced by his campaign manager, Robert B. Ennis, of Baltimore, that Senator Tydings, of Maryland would place the governor in nomination and that Richard F. Cleveland, of Baltimore, son of the former president, would make a seconding speech. Howard Bruce, national committeeman of Maryland, will be the floor manager.

William G. McAdoo, a leader of the advocates of Speaker Garner is due here tomorrow or Wednesday to join in an active campaign. Senator Tom Connally, of Texas, already has been named as the man to nominate the speaker.

One Way to Cook Eggs

A strange method of cooking an egg is sometimes employed by the shepherds in the East. The egg is placed in a sling and whirled round and round until the heat generated by the motion has cooked it.

MARCHERS' AIMS VAGUE AS CHIEFS TURN TO ELECTION

(Continued From Page One)

doubt today. Many "veteran" members were taking French leave, but new contingents were pouring in, and an aggressive recruiting drive aided by the wide-spread work that the army was gathering abundent food, appeared to be bearing some results.

The lack of an immediate objective, however, was helping stir friction in the ranks. A disgruntled former commander, George Alman of Portland, Ore., was seeking support from the men against his ouster from the post of billeting officer because of a quarrel with police authorities.

Walter W. Waters, the present commander in chief, late last night asked police to arrest Richard Lamb, 35, of Dallas, leader of the Texas contingent, saying his status as an ex-service man was questioned. He was held on an "investigation" charge.

Nation's Windiest Spot

Mile-high Mt. Washington, New England's loftiest peak, is the windiest spot in the United States, according to government meteorological records.

YOU ARE INVITED

To attend La Grande's greatest display of automobiles, to be presented by Pierce-Arrow, Rockne and Studebaker corporations. Luxurious Pierce-Arrows, record-breaking Studebakers, the brilliant new Rockne, and a display of big, powerful Studebaker trucks.

In This City
Two Days Only . . .

JUNE 22 and 23
9 a.m. to 9 p.m.

Never before has the complete line of any great motor manufacturer been shown in La Grande at one time! This is a whole Automobile Show in itself . . . We invite you to inspect these fine cars, meet the factory experts who accompany them, ask your questions, enjoy demonstrations. Don't miss this wonderful opportunity!

M. J. GOSS
LA GRANDE, OREGON

CLEAN_WHITE_PURE_

Even the package invites you

INVITING is the word . . . Chesterfield's attractive white package is certainly the proper introduction to the cigarettes inside it. For it suggests right off . . . they're pure.

Examine the paper Chesterfields are rolled in. It's white . . . and pure. Now light up . . . You'll notice there's neither taste nor odor of burning paper. You get the full flavor of fine ripe tobaccos.

To make sure of purity . . . every ingredient and every method used in making Chesterfields . . . is checked by a staff of scientists.

You always open that clean white package with confidence. It reminds you of the purity back of that satisfying taste. And remember, they're milder too!
