

Beavers Win Second Straight; Bowman Gives Five Hits

PORTLAND HANGS ON TO ADVANTAGE OVER HOLLYWOOD

Stars Defeat Missions in Night Game — Monroe, of Portland, Has Fractured Leg.

By the Associated Press

The Hollywood Stars were even up in their series with the Missions at one game each today, after winning last night 9 to 6.

Myles Thomas pitched the whole game for the Stars, and got himself out of some tight spots, although allowing 13 hits. Osborne finished the game for the Stars after Dutch Leiber fired under a five-run barrage in the fourth. Umpire Genabue put Fred Hofmann, Missions manager, off the field for remarks growing out of a protested decision which cost the Stars three runs.

Portland took the second straight game of the series from the Stars, 4 to 2, aided by the five-hit pitching of Joe Bowman, Johnny Monroe, Portland infielder, injured Sunday in a game with Los Angeles, was sent home for treatment when his leg was found to be fractured.

Henderson pitched six-hit ball with good support, enabling the San Francisco Seals to beat Los Angeles 3 to 1. He allowed two hits and no runs in the first four innings. The Seals put the game on ice in the seventh by making two runs from a triple and three singles.

Indians Win

The Seattle Indians made two runs in the opening inning against Oakland, which was enough to win, the final score being 4 to 1. Seattle got 11 hits off Eddie Walsh, while Page allowed the Oaks six.

Yesterday's results: R. H. E. Missions 6 13 4 Hollywood 9 16 1 Lieber, Osborne and Ricci; Thomas and Bassler.

R. H. E. Portland 4 8 0 Sacramento 2 5 1 Bowman and Fitzpatrick; Tincup, Gillick and Woodall.

R. H. E. Los Angeles 1 6 0 San Francisco 3 8 0 Stitzel, Ballou and Campbell; Henderson and Walgren.

R. H. E. Seattle 4 11 0 Oakland 1 6 0 Page and Cox; E. Walsh and Gaston.

Radios Protest "Boxing Experts" As Announcers

NEW YORK, July 7 (AP)—There may never be another coast-to-coast broadcast of a championship fight here if the state athletic commission enforces its edict barring professional announcers from the microphone.

Neither than submit to the commission's ruling that none but "bookie experts" shall be privileged to broadcast future bouts, both the National Broadcasting company and Columbia Broadcasting company have threatened to take the ring battles off the air.

The answer of John P. Royal, vice president in charge of programs for NBC, was straight from the shoulder: "The National Broadcasting company always has and always will continue to select its own announcers for fight broadcasts."

There probably will be a show-down the next time a championship is set-off hereabouts.

Elma, Wash., Golfer Tournay Medalist

PORTLAND, Ore., July 7 (AP)—Match play elimination rounds in the second annual Pacific Northwest public links championship golf tournament began here today.

Bud Ward, of Elma, Wash., won medalist honors in Wednesday's qualifying round, shooting even par 71 for the morning round and cutting off par in the afternoon for a 140. A score of 150 or better for the 18 holes was needed to qualify.

Ten of the 32 qualifiers were from out of the state—eight from Washington and two from California—and the others were from Portland.

Olympic Athlete In Narrow Escape

DOGGE CITY, Kan., July 7 (AP)—Clyde Coffman of the United States Olympic decathlon team, and three companions swam to safety, but another youth, Wayne Helges, 23, drowned yesterday when a raft capsized in the flood swollen waters of Mulberry creek.

Coffman, a University of Kansas athlete, is visiting his parents at Ford, Kan., before going to Los Angeles for the Olympic games.

Cyclists To Home

ROME (AP)—Ten thousand bicycle riders will descend on Rome for the world championships for track and road cycling to be disputed here late in August. Anyone who rides a bicycle is eligible for reduced railroad rates to a point within ready cycling distance of the capital.

And Probably Win

A Michigan professor asserts that only the mentally capable should be permitted to vote, but the other kind, of course, will continue to run for office.—Dayton Daily News.

Sport Slants

By Alan J. Gould
(Associated Press Sports Editor)

If there's anything ominous in the lull before the big Olympic storm, it is the prospect that Uncle Sam's young men will travel faster and toss the implements farther than ever before in international track and field competition.

The homebreds have rounded out June with the greatest collection of foot-racing, weight-throwing, jumping and hurdling performances in the history of this or any other country.

Old-timers shake their heads in some amazement. Others are even a bit skeptical of what the stopwatch and steel tapes have been showing all the way from Boston to Los Angeles.

Many think our boys will have a hard time keeping the keen edge of spring on through July and into the first week of August, when the grand climax comes off in the Olympic stadium.

But even some allowance for suddenness of breakdowns or upsets doesn't alter the main picture very much. There seems to be so much all-around class that the names of those who enter the final scramble do not mean a great deal.

HARD TO BEAT

Any one of such sprint stars as Melvain, Toppino, Wyckoff and Kiehel has the stuff to break the tape ahead of anything in the way of talent from foreign shores.

World hurdling records seem at the mercy of Beard, Keller or Saling any time they toe the marks. Shotputters like Bris, Sexton and Shea have excelled any previous collection of performances on the pole vault. It's the same story in the pole vault, the high jump, the discus and 1500 meter run.

Of course there's only one Ben Eastman, marked "handle with care," all wrapped up and ready for delivery as the next double Olympic champion at 400 and 800 meters. But he is so far in front of any runner now in the picture at these distances that he could suffer a severe relapse and still be the best in the world. Big Ben can call it an off day when he doesn't "break" 47 seconds for the quarter mile or 400 meters.

Tired Feet Show In Final Score

By Johnny Farrell
(As Told to Artie McGovern)

Good feet — good golf! Bad feet — important to my game as my hands or wrists.

At the beginning of my golf career

BETTER CHANGE, JOE

AW, IT'S TOO MUCH BOTHER

DEAR OLD DOGS IS BAKIN' 'EM NEW KEN NELMEYER

I suffered considerably from tired, aching feet. This was especially true when I played 36 holes in a day. Though the rest of my body might feel good, my feet would become most uncomfortable.

The thing that helped me more than anything else was the simple expedient of resting my feet between rounds and making a complete change of footwear.

As soon as I finish the morning round I immediately put on fresh hose and slippers or old, comfortable shoes. I wear these until ready for the afternoon round, when I change to a second pair of golf shoes. This completely rests my feet for the tramp ahead.

Seeking Relay Honors

Germany has served notice of its intention to make a strong bid for the 400-meter sprint relay honors at Los Angeles.

Relay racing is extremely popular throughout the Fatherland, where the crack national team headed for the Olympics recently did their baton-passing act in 40.6 seconds, world record time, for 400 meters.

The Olympic mark is 41 seconds flat, set by the U. S. team in 1924 and equaled by Uncle Sam's boys in 1928 in beating Germany.

This year the home forces certainly can master a quarter-century of skimming the circuit well under 41 seconds. Southern California, with Frank Wyckoff doing the anchor job, alone has put on a quartet times in 40.8 or a shade better.

Doug and Mary To Invite the World

LOS ANGELES, July 7 (AP)—Douglas Fairbanks and Mary Pickford go on the air tonight to extend a final invitation to people all over the world to attend the 1932 Olympiad here July 30 to August 14.

The one-hour program will originate in the Olympic stadium and will be relayed in the United States by the National Broadcasting company and go by short wave length radio to the other countries of the world.

Included on the program are several selections by the 2000 piece Olympic band.

Causes of London Fog

The fog known as London fog is due principally to the condensation of aqueous vapor upon the immense number of nuclei floating in the atmosphere as smoke from the soft coal fires.

Rookies Prove Big Factor In Pennant Chase

By Gayle Talbot
(Associated Press Sports Writer)

The present National League race might well be termed the "race of the rookies."

A group of young men who scarcely were known in the best circles a year ago have made President Heydler's follies what they are today and prospects are they will divide most of the honors when it's all over.

The Pittsburgh Pirates, leading the field by three and a half games, today could trace their success directly to the pitching of Steve Swetonic and Bill Swift, who between them had won 16 games, and to the fine play of Tony Piet and Floyd Vaughn.

Warneke, Herman Aid Clubs

The second place Chicago Cubs probably would be several notches further down but for the sensational hitting of Lonnie Warneke and the play of Bill Herman, at second base, Buck Hets and Bobby Brown have by their consistently great pitching kept the Boston Braves at or close to the top ever since the race began.

Swetonic, who shares with Betts of the Braves the distinction of leading the National League's pitchers, scored his ninth victory yesterday by beating the Giants in the first half of a doubleheader, 4 to 2, on six hits. Larry French stopped the New Yorkers, 3 to 1, in the nightcap.

Warneke rang up his eleventh triumph, halting the Phillies 6 to 1 and putting the Cubs back in second place, one percentage point above the Braves, who lost to St. Louis, 4 to 2. Bill Hallahan let the Braves down with five hits.

Cincinnati and Brooklyn battled all afternoon without getting anywhere. The Reds took the first game, 6 to 4, as Owen Carroll outpitched four adversaries, but the Dodgers came back to win the second, 3 to 2, behind Freddy Heimsch, Chick Hafey, who has been out of the Cincinnati lineup with illness for many weeks, appeared as a pinch hitter in the last inning of the nightcap but failed to connect safely.

Only one game survived an epidemic of rain in the American league. In that, the Boston Red Sox came from behind a 4-0 disadvantage at the end of the fourth to beat out St. Louis, 5 to 4.

NEW 5-POWER NAVAL MEET IS DESIRED

(Continued From Page One)

which it was stated the British government desired to contribute a loan to effect practical application of the Hoover proposal.

Professing a desire to associate itself with Mr. Hoover's conceptions of the problem, the British government said it had already put into practice a standard of land disarmament, which more than covers Mr. Hoover's aims.

Counter Proposal

As for air service, the white paper countered the Hoover proposal to eliminate bombing planes, with a proposal for complete prohibition of all bombing from the air, "say within limits to be laid down as precisely as possible by an international commission," attacks upon civilian populations would be entirely prohibited under the British idea.

"As regards the navy" Mr. Baldwin said, "it is not practicable for Great Britain to cut down the number of naval units below certain points but if there is a limit to numerical restriction it is possible and highly desirable to secure by other means a large diminution in naval armament."

"The steel caliber at present is far too high and could be reduced by one-third in new capital ships and cruisers."

"The capital ships could then be reduced to 22,000 tons and 11 inch guns, and the cruisers from 10,000 tons with 8 inch guns to 7,000 tons with 6.1 inch guns."

Submarines should be abolished, Mr. Baldwin said, but he declared it that could not be accomplished their size should be reduced to 350 tons.

On this naval reduction system, aircraft carriers could be reduced to 22,000 tons and 6.1 inch guns and destroyer tonnage reduced one-third.

The government statement was made by Mr. Baldwin in his official capacity as acting prime minister in the absence of Mr. MacDonald, at Lausanne. The white paper was read textually by the head of the government.

The white paper said there should be a strict limitation upon unladen weight of all military and naval aircraft with the exception of troop carriers and flying boats, as well as restriction in the numbers of all kinds of military and naval aircraft.

Thus it was evident that the British government welcomed the Hoover proposals and agreed with them in many particulars but preferred to achieve a large diminution in naval armaments by reduction of tonnage and gun calibers, rather than numerical reduction of naval units.

PRUSSOFF AND JOHNSON LOSE TO LEWIS, NEER

VANCOUVER, B. C., July 7 (AP)—Henry Prussoff and Bob Johnson, of Portland, were beaten in a surprise victory here yesterday by Don Lewis and Henry Neer, both of Portland, for the doubles title of the Northwest tennis championships.

Mel Dragna of Seattle is the new P. N. W. sectional singles champion, having defeated Neer in straight sets earlier in the day.

The sectional contests were played in conjunction with the Western Canadian championships. Play in the latter now is down to the quarter finals and finals will be played Saturday.

The sectional doubles final was the best match of the week among the men. Prussoff and Johnson had been figured to win. They started out by literally sweeping Neer and Lewis off their feet, winning the first set 6-3. But the Portland men came back to win the next three 8-6, 9-7, 6-4.

Dragna reached the heights in his game in the Western Canada, but only after a grueling match with Bud Hocking of Victoria. The scores were 7-5, 9-7.

Don Campbell of Victoria beat Sonny Greig of Point Grey in straight sets but later was beaten by 10-year-old Don Luder of San Francisco 6-4, 6-2. Prussoff beat Dunc Williams 6-3, 6-3 and Neer downed Perry Swartz of San Francisco and Robbs of Portland defeated Lewis.

Cove Confident It Will Wallop Eagles Sunday

"We'll give your team the worst beating they've ever had," said Manager Murchison of the Cove Cherry Pickers baseball team this morning to D. W. Hall, manager of the Grande Eagles baseball squad.

"Ertzany" replied Mr. Hall.

Such is the confidence of both baseball teams managers in their respective teams regarding the outcome of the baseball game here next Sunday afternoon at the High school field when the Cove Cherry Pickers will tangle with the local Eagles squad.

The Cherry Pickers from Cove have been after a game with the Eagles for the past several weeks and it is said that the opinion exists in the minds of some Cove baseball fans that the Eagles have been afraid to meet the Cove squad. Manager Hall, however insists that previous schedule obligations have precluded any meeting with the team from across the valley and that next Sunday was the first opportunity possible to play them.

The Cove squad lineup sports such well known baseball names as "Red" Alexander, pitcher; Hallmark, first baseman and a heavy hitter; Murchison, catcher; Phillips, Howard, and many others who are well known locally. Much interest has been shown by local baseball fans in this contest and it is expected that a record crowd will attend the game.

Mr. Murchison, manager of the Cove squad, is reported to have said that the entire town of Cove would travel to La Grande with the team to see the game.

Juniors To Play

The Cherry Pickers vs. Eagles game will be the last half of the double-header which will be played Sunday afternoon. John Garity, coach of the American Legion Junior League, announced this morning that his team would tangle with the La Grande Blue Devils in the first half of the bill which will start at 12 o'clock noon. There is just a possibility that the Blue Devils will not be able to make this game in which case arrangements have been made with the Eagles squad to play both afternoon games, first meeting the Juniors and then tangle in their game against the Cove outfit.

CUBS CRIPPLED WITH JURGES OUT

CHICAGO, July 7 (AP)—Manager Rogers Hornsby and his Chicago Cubs carried on their National League pennant fight today without the services of their star young shortstop, Bill Jurgens, while the police investigated the events that caused a pretty brunette to shoot and wound him as well as herself.

Although the woman, Miss Violet Popovich Walli, a divorcee and a former chorus girl, insisted that she intended only to shoot herself, the police were in possession of a letter that cast a murder and suicide complexion to the case.

The letter, addressed to Miss Walli's brother and written just before she invaded Jurgens' hotel room yesterday and wounded him twice, blamed Kiki Cuyler, Cub outfielder, and Lew Steadman for breaking up her romance. She advised her brother, Mike Popovich, a Chicago V. M. C. A. employe, that she planned to kill Jurgens and herself.

Letter Quoted

"To me life without Billy isn't worth living," the letter read in part, "but why should I leave this earth alone. I'm going to take Billy with me. We were getting along famously, just as everything should go, but a few people like Kiki Cuyler and Lew Steadman forgot there might be anything fine and beautiful in our love for each other and dragged it in the mud. I know what I'm doing is best for me and I hate to do it but ? ? ?"

Cuyler denied that he had interfered with the romance except to admit that Jurgens asked his advice and that he told him he was "too young to think of love."

"I merely told him he was too young in the game yet," Cuyler said.

"The condition in the country is so grave that we did not want to do anything to endanger the opportunity of the Democratic party to render the service it can to the country at this time."

McAdoo was asked what he thought of Garner's speech yesterday, demanding that the loaning powers of the Reconstruction Finance corporation be broadened.

"I think the speaker is absolutely right in the position he has taken," the former treasury head said. "It is absolutely indefensible to give all this relief to special interests and not to all the people."

"The Reconstruction Finance corporation has helped many banks throughout the country but I notice by their year end statements in yesterday's papers that a great many are

NEW 5-POWER NAVAL MEET IS DESIRED

which it was stated the British government desired to contribute a loan to effect practical application of the Hoover proposal.

Professing a desire to associate itself with Mr. Hoover's conceptions of the problem, the British government said it had already put into practice a standard of land disarmament, which more than covers Mr. Hoover's aims.

Counter Proposal

As for air service, the white paper countered the Hoover proposal to eliminate bombing planes, with a proposal for complete prohibition of all bombing from the air, "say within limits to be laid down as precisely as possible by an international commission," attacks upon civilian populations would be entirely prohibited under the British idea.

"As regards the navy" Mr. Baldwin said, "it is not practicable for Great Britain to cut down the number of naval units below certain points but if there is a limit to numerical restriction it is possible and highly desirable to secure by other means a large diminution in naval armament."

"The steel caliber at present is far too high and could be reduced by one-third in new capital ships and cruisers."

"The capital ships could then be reduced to 22,000 tons and 11 inch guns, and the cruisers from 10,000 tons with 8 inch guns to 7,000 tons with 6.1 inch guns."

Submarines should be abolished, Mr. Baldwin said, but he declared it that could not be accomplished their size should be reduced to 350 tons.

On this naval reduction system, aircraft carriers could be reduced to 22,000 tons and 6.1 inch guns and destroyer tonnage reduced one-third.

The government statement was made by Mr. Baldwin in his official capacity as acting prime minister in the absence of Mr. MacDonald, at Lausanne. The white paper was read textually by the head of the government.

The white paper said there should be a strict limitation upon unladen weight of all military and naval aircraft with the exception of troop carriers and flying boats, as well as restriction in the numbers of all kinds of military and naval aircraft.

Thus it was evident that the British government welcomed the Hoover proposals and agreed with them in many particulars but preferred to achieve a large diminution in naval armaments by reduction of tonnage and gun calibers, rather than numerical reduction of naval units.
