

Beavers Make It Three Straight Wins

HOMERS FIGURE IN SCORING IN DUCK-SAC GAME

Hollywood Stars, a Game Behind Portland, Win From Missions; Angels Defeat Frisco.

By the Associated Press
While Portland and Hollywood have been battling for first place in the Pacific Coast league, with the advantage at the present slightly in favor of the Beavers, San Francisco and Los Angeles have been going nip and tuck for the third position. The Seals are a little more than one game ahead today, but the lead is precarious, for the Angels beat San Francisco yesterday 5 to 3.

Taking advantage of Pitcher Jimmy Zinn's weakness in the fourth inning, Los Angeles tallied all its five runs. They made two singles, and were helped along by three walks issued by Zinn, as well as some loose fielding. Zinn pitched good ball except for that one bad frame, allowing only three other safe blows. Ed Baecht, on the mound for the Angels, was rescued for two runs in the fifth inning. He allowed the Seals only seven hits.

Third Win For Ducks

A home run by Demaree was all Sacramento could do toward showing the home fans any scoring, and Portland won its third straight game of the series, 4 to 1. Berger started the scoring in the first inning with a home run.

The Hollywood Stars had a big fifth inning last night, making seven runs during a nine-hit barrage, and beat the Missions 10 to 3. The Stars collected 17 hits from four Mission pitchers. Vance Page held the Reds to seven hits.

Seattle Easy Winner

Seattle had an easy time beating Oakland 7 to 1, as Rudy Kallio, veteran right-hander, held the Oaks virtually helpless. He allowed only five hits, and the only run scored off him was in the eighth on a double, an error and a single. The Indians cinched the game in the first inning, making five runs from four well bunched hits. Fay Thomas, on the mound for the Oaks, allowed only four hits after the first inning flurry.

Yesterday's results:

San Francisco	3 7 2
Baecht and Campbell; Zinn and Walgren.

Risks Chances For Olympic Title To Save Sweetheart

NEW ORLEANS, La., July 8 (AP)—Coyless Hill, of Tulane, national intercollegiate heavyweight boxing champion, has risked his chances for an Olympic title in an effort to help save the life of his sweetheart.

The boxer gave a pint of blood to Miss Peggy O'Neal, 21, whom he has admitted he hopes to marry, after physicians pronounced her in critical condition from sunstroke suffered on a racing party.

Hill's boxing coach cancelled workouts yesterday when the boxer showed up with arms bandaged from the transfusion and weakened by the taking of his blood.

Hill leaves Sunday for Los Angeles in quest of an Olympic title.

As an economy measure, the Philippine government school of Technology has been ordered closed after 30 years' operation.

JACK DEMPSEY ANXIOUS FOR GO WITH GOB

SAN FRANCISCO, July 8 (AP)—Jack Dempsey would like to fight Jack Sharkey for the heavyweight championship of the world.

"If there's one man I can beat it's Jack Sharkey," the former champion declared here last night in a radio interview. "I'd like to fight him for the championship of the world."

Dempsey recalled knocking Sharkey out in the seventh round of a fight in 1927, and said he believed the same tactics he used then to defeat the Boston boy would be successful again.

"I have looked at the Sharkey-Schmeling pictures and think Sharkey has slowed up considerably since I fought him," said Dempsey. "Furthermore, he's the type of fighter I think I can beat. He comes in on you, and is particularly susceptible to a body attack."

Dempsey said he would like to have a 15-round bout with Sharkey to give him time to wear the champion out. He added, however, the time is not now ripe for such a fight, with boxing at a low ebb throughout the country.

ALABAMA TEACHERS REJECT OFFER OF HALF-PAY PLAN

MONTGOMERY, Ala. (AP)—Teachers in public schools of Montgomery city and county systems will not touch for half pay next year.

"They are willing to teach 'as long as the money holds out' and quit, but rebelled at the proposal of the board of education that they sign contracts for next year which would guarantee only half their present salaries."

The plan was offered teachers at a mass meeting by school officials, who asserted that the school fund available for the next term would not be more than about 50 per cent of present costs.

"Then let the schools be operated on the former schedule as long as the money holds out—and then close," was the counter proposal of teachers.

Exhaustion Worse Than 'Razz-Berry'

By Johnny Farrell
(As Told To Artie McGovern)
You may get the old "razz-berry" if you drop out of the game before it's over, but if you value your health you will never play beyond the point where you feel tired.

another nine holes just to show that he has pluck. Be sane about the amount of golf or any other physical activity you take part in, and when you are tired—stop!

The human machine can be called upon to do only so much work and no more, and when we force it beyond this limit we are only subjecting ourselves to strain that may have dire consequences in the future.

In golf we see players attempting the impossible by trying to crowd into a day enough golf for a week. Not only is this a bad practice from a health standpoint, but it does nothing to help your game and will, quite likely, cause you to become "stale."

VIOLET VALLI FACES CHARGE FOR SHOOTING

CHICAGO, July 8 (AP)—Violet Popovich Valli, divorcee and former chorus girl who shot Billy Jurges out of the Chicago Cub lineup Wednesday, today faced arraignment on a charge of assault with intent to commit murder.

The girl, who shot the Cub shortstop and attempted to take her own life, was transferred from the Illinois Masonic hospital to the Bridewell hospital, was to be arraigned if in condition to leave her bed.

Jurges refused to sign a complaint against the attractive young brunette, but Policeman Michael Fay, the first officer to reach the scene of the shooting, made the charge. Jurges said he "would rather not talk about it" and was worried only "over how soon I can get back into the lineup."

The girl said it was "up to Bill" if he wished to marry her.

"Bill," she said, "is the boy in 100-room for me. I met him at a party a year ago, and if it wasn't love at first sight it was just about second."

Wilbur, Steiwer, Mead And Butler Among Speakers

WASHINGTON, July 8 (AP)—Secretary Wilbur of the interior, Reclamation Commissioner Mead, Senator Steiwer and Representative Butler of Oregon, and P. A. Banks, construction engineer, were announced Thursday as speakers at the dedication of the Owyhee dam, near Nyssa, Oregon, July 17.

President Hoover may prepare a statement to be read.

The dam is said by interior department officials to be the highest in the world, 520 feet, and cost \$6,000,000. The project when completed is to cost \$18,000,000.

Among the inmates of the Kentucky state reformatory are 12 cats placed there to catch the rats.

AMERICA LOSES OLYMPIC POINTS

Stella Walsh, Fastest of Feminine Track Stars, to Run For Poland.

CLEVELAND, July 8 (AP)—Stella Walsh, fastest of feminine track stars, today declined to accept naturalization as a citizen of the United States and may run under the colors of her native Poland in the coming Olympic games.

If she clings to her decision, the United States has lost virtually certain points in the women's dashes.

Miss Walsh announced her plans when she appeared in federal court this morning for a special hearing at which she was to have been granted her citizenship papers.

She exhibited a cablegram from Poland, written in Polish, which she refused to translate, but she said it contained information which "might affect my entire future life."

Her trainer and advisor, Dan Griffin, who was to have been her witness at the hearing, tried to persuade her to change her mind, but she said it was a matter for only herself to decide.

During the last three years, she has set 10 world's sprint records for women.

FINNISH STARS ARRIVE

NEW YORK, July 8 (AP)—Paavo Nurmi, as stolid and uncommunicative as ever, arrived with nine other Finnish track and field stars on the liner Mauretania today, intent on winning the Olympic marathon at Los Angeles and then hanging up his track shoes.

Interviewed as the big liner slowly felt her way up the bay through a light fog, Paavo said if his suspension was lifted by the international athletic federation and he won the long grind at Los Angeles he planned never to race again.

He declined to discuss his suspension by the I. A. A., which investigated charges of excessive expense accounts and failure to appear at scheduled meets, and answered most of the questions put through an interpreter with a shake of the head or a nod.

Nurmi did say he was glad to be back to the United States and that he liked this country very much, but he was non-committal on other subjects, including his own condition and the chances of various athletes in the games.

Among the members of the Finnish party was Lauri Lehtinen, billed as Nurmi's successor at the shorter distances and who recently broke Paavo's world records for the 5000 meter and three mile runs. Lauri speaks no English and efforts to interview him through an interpreter proved futile.

James Kosocinski, Polish runner, also was a passenger on the Mauretania.

Earl Sande Will Invade French Turf Is Report

By Orlo Robertson
(Associated Press Sports Writer)
NEW YORK, July 8 (AP)—Earl Sande, who rode to fame on some of America's greatest thoroughbreds, is packing his kit for an invasion of the French turf.

Finding it difficult to make the weight necessary to keep busy on American tracks, the popular little rider intends to sail for France within a fortnight.

"Just as soon as I can arrange my affairs here I'll be on my way," Sande said.

How long he will remain abroad depends on his ability to obtain mounts and win with them. If successful, Sande probably will spend the remainder of his riding days showing the French how he became America's premier jockey.

Sande returned to the turf this spring after a year in the movies and radio but he has found it difficult to keep his weight down. He has frequently made 115 pounds but this has entailed much hard exercise and dieting. He figures he can easily make 118 pounds and that weight should get him plenty of mounts in France where there are more weight for age and scale weight events.

"It keeps me working hard to make 113," Sande told the Associated Press, "and I believe I'll be much better off in France where I will not have to worry constantly about diets, road work and steam boxes."

Weight has been a constant bugbear for Sande since he gave up riding and turned to training his own horses three years ago. In 1930, however, he entered into a contract with William Woodward to ride Gallant Fox, and with the Fox carrying 126 pounds in most of his races, Sande was in his element.

William Ryan, American sportsman racing a large stable in France, was instrumental in persuading Sande to desert the American turf.

In invading Europe, Sande will be following in the footsteps of other great American jockeys, notably Tod Sloan who rode with great success both in France and England.

Yankees Beaten Three Times In Row; Fear Slump

By Gayle Talbot
(Associated Press Sports Writer)
The events of the next fortnight should tell pretty definitely how the land lies in the American league, whether the Yankees are to continue their headlong flight toward the championship or will be challenged by one or more of their more robust rivals.

With Bill Dickey, their slugging catcher, on the suspended list and Lefty Gomez pitching ragged ball for the first time this year, the Yanks find themselves shorn of two vital roops.

Too, they appear on the edge of that slump which every team, no matter how great, must expect some time during the season. They dropped their third straight to Detroit yesterday in 10 innings, only the second time since the race began they have lost more than two in a row.

The second place Tigers put on a rousing finish to capture their opening or with the leaders, 8 to 5. They jumped on Gomez, who appeared in relief because of three runs in the ninth to knot the score and then routed the Castilian in the tenth with three more. Jonathan Stone, Tiger outfielder, knocked in two home runs in each of the big innings. Gomez, losing his third game against 14 victories, walked four batters in the fatal tenth. The win placed the Tigers within six and one-half games of the top.

Solons Slip Downward

The Washington Senators, who put up a hot fight for the top early in the season, fell into the second division when they were beaten twice by Cleveland, 3 to 2 and 4 to 3. Jack Russell and Mel Harder went the route for the Indians.

The third place Athletics could get no better than an even break with Chicago, losing the first, 13 to 3, when they were held to six hits by the coast rookie, Pete Daulton, and winning the nightcap, 9 to 3, behind Rube Walberg. The St. Louis Browns broke a five-game losing streak by slugging three Boston pitchers for 17 hits and an 8 to 2 decision.

Pirates Checked

Pittsburgh's winning streak was snapped at six straight and its hold on the National league lead reduced to two and one-half games by the New York Giants, who profited by a pair of errors to win, 4 to 3. Heine Meine threw away his own game in the eighth when he heaved wildly past third on an attempted forecut.

Walter Hoyt, pitching relief, held the Pirates helpless the last three innings.

Chicago and Boston remained in a virtual tie for second place. The Cubs scored easily over the Phillies, 7 to 0, as Pat Malone yielded only five hits, and the Braves put a couple of home runs in the right spots to nose out the Cardinals, 5 to 4. "Red" Hargrave hit his one with a runner on in the second inning and the great Art Shires belted another in the eighth with two aboard.

Brooklyn and Cincinnati were rained out.

California Woman Has Narrow Escape

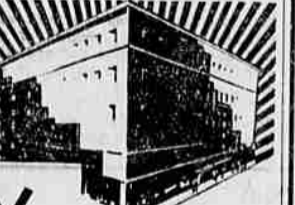

KLAMATH FALLS, July 8 (AP)—Mrs. Emaline Rigg, of Oakland, Cal., escaped with severe bruises late yesterday when her large coupe overturned and burned on The Dalles-California highway five miles south of Klamath agency. Mrs. Rigg was brought to a local hospital.

The burning automobile started a grass and brush fire which was sighted by a forest lookout, who dispatched a fire crew from Klamath agency to extinguish the blaze.

LONG-BELL REQUEST DENIED

KANSAS CITY, July 8 (AP)—Judge Merritt E. Cline, in federal district court, late yesterday overruled a motion by attorneys for the Long-Bell Lumber company seeking dismissal of the fourth amended petition of bondholders seeking to place the concern in receivership. Hearing on the petition was set for August 15.

Carr's Bankrupt Sale

Sport Slants

By Alan J. Gould
(Associated Press Sports Editor)

The Phillies and the Braves are the only two National league clubs that have not figured in the world series payoff since the war.

It's about time, therefore, and no more than fair in these times, that a couple of clubs accustomed to being bounced around by more plutocratic rivals be given a chance to come through.

The odds may be 10 to 1 against either Boston or Philadelphia coming through, but much stranger things have happened, in addition to which both have shown that they have more weapons than usual with which to carry on the summer warfare.

The Braves had good pitching last year. They have better pitching now, with Bobby Brown and Huck Betts coming right out of a clear blue sky to turn in some sensational work. The club has a better infield and enough punch to take its share of the close ones.

The main factors insofar as the Phillies are concerned are a much improved infield, stronger outfield and a pitching staff reinforced by the development of Ed Holley and acquisition of Flint Rhem from the Cardinals. Burt Shotton's broad-shouldered boys don't have to worry about the old wallop. They have plenty of what it takes to make an opposing pitcher's life uncomfortable.

STARTING AT THE TOP

In these times it is a swell break even for a Harvard man, to bound out of college right into the top flight of any business.

Charley Devens, the star Crimson pitcher, has a rare opportunity to make the big league grade with the Yankees and cut himself a slice of world series money, too.

Devens stole the collegiate thunder from Yale's Johnny Brocca down the stretch, shutting out his rival in the final game of the season. Up until June, Brocca was touted as the best pitcher on any Eastern campus. The Eli ace has another year or two before he will be in a position to consider entering professional ranks.

Headlining 40 per cent of the Pacific coast's foreign trade, the value of merchandise handled at San Francisco bay during the first quarter of 1932 amounted to \$46,753,000.

Tennessee collected \$27,000 in a single month this year from her 15 toll bridges.

Only 0.17 per cent of Michigan cattle tested today are infected with tuberculosis.
