

Lumber Aid Move Supported by Gov. Hartley

JOINS WITH GOV. MEIER IN ATTEMPT TO HELP INDUSTRY

Telegram Sent to Senator Jones of Washington, Urging Backing of Move For Federal Aid.

OLYMPIA, Wash., July 9 (AP)—Plans for organization of the Pacific coast of a regulatory corporation for the lumber industry have the unqualified support of Governor Roland Hartley of Washington.

In a telegram to Senator Wesley L. Jones of Washington, Gov. Hartley Friday urged the senator to co-operate in the movement to obtain federal aid, a plan, he said, with which he is "thoroughly in accord."

Hartley said the program now being planned will have a tremendous effect in stimulating the movement of lumber and in conserving natural timber resources.

"If lumber can move, the unemployment situation out here will be greatly improved," he declared.

The full text of Governor Roland H. Hartley's telegram to Senator Wesley L. Jones in connection with the formation of a new regulatory lumbermen's corporation, as announced in Portland yesterday, follows:

"Governor Meier of Oregon has wired Senator McNary regarding the lumber industry, setting forth quite fully the situation. Wish you would join Senator McNary and do all you possibly can to help Mr. Van Duzer secure from the attorney general the information desired. I am thoroughly in accord with this movement. If lumber can move, the unemployment situation out here will be greatly improved."

LUMBERMEN BEGIN WORK

PORTLAND, Ore., July 9 (AP)—The Journal says Oregon and Washington lumbermen, determined to save the lumber industry of the Pacific northwest from complete economic collapse, have begun formation of a regulatory corporation to curtail production and to prevent depletion of the natural timber resources.

Federal aid will be asked in forming the organization. Governor Meier of Oregon already has asked Senator McNary to enlist the aid of federal agencies and the Journal says Governor Hartley of Washington has sent a similar request to Senator Jones.

Tentative plans, the Journal says, "have been drawn for a regulatory corporation of lumber manufacturers who would be bound to abide its terms through outright purchase of stock in it, subject to forfeiture for deviations from its terms."

A committee to carry on the work of completing the organization was appointed following a meeting of lumbermen in Tacoma Wednesday. C. D. Johnson, Portland, was named chairman. The other members are F. R. Titcomb, representing the Puget Sound group; J. D. Tennant, committee man at large; Wilson Clark, Columbia river; Albert Schaefer, Grays Harbor; Myron Woodard, Willamette valley; and Mark Read, Western Washington.

Price controlling, under the plan, would not, however, be carried beyond the point of actual standard cost of production.

Trading Slow In Exchange Today

NEW YORK, July 9 (AP)—The stock market crawled along today at the slowest pace of trading Wall street has seen in Saturday session in eight years.

Transfers for the two hour session were only 235,000 shares, the smallest since July 5, 1924, when only 211,000 shares were traded. During a recent full five hour session, however, the turnover from 10 o'clock to noon has been close to 200,000 shares. The previous duldest Saturday of 1932 was May 21, when the turnover was 302,640 shares.

The price movement today was narrow, and largely inconsequential, although some of the packing stocks were higher in response to the recent advances in livestock prices. Armour of Delaware preferred rose \$7 a share.

PORTLAND LIVESTOCK

PORTLAND, Ore., July 9 (AP)—Cattle 916, calves 83 for week. Trade appeared fully steady to strong and even higher in spots. An absence of fed stock was the chief feature. Best price available for grassers was \$2.30 for one load of steers, with the bulk offerings \$5.50 to \$6.00; few grassy heifers sold at \$5.00; but most sales were 25c lower; cows sold at \$4.00 to \$4.50 for better sorts; bulls at \$2.50 to \$2.75 for best; calves and weaners were unchanged with an extreme of \$5.00, ranging from \$2.00 to \$5.00, with bulk \$4.25 to \$4.50.

Hogs 3559 for week. Hogs were up about 50c most of the period. Top grade light butchers advanced to \$5.50; strong and heavyweight sorts were \$4.00 to \$5.00, with bulk selling around \$4.25 and higher; packing cows were \$3.50 to \$3.75 generally, with a small volume at \$4.00; killer pig stuff sold generally \$3.75 to \$4.75, while feeders were around \$4.00 to \$4.50.

Sheep and lambs \$7.21 for week. The trade generally showed an improved demand. Top lambs were around \$4.00 generally; medium to choice sold \$3.00 to \$3.75 with thin stuff down to \$2.50 to \$2.75; yearlings moved mostly \$1.65 to \$2.00, with a few at \$2.25; ewes showed a spread of 50c to \$1.50 but generally 70c to \$1.00.

DIVIDEND OMITTED

SAN FRANCISCO, July 9 (AP)—Janzen knitting mills announced the omission of the quarterly dividend on common stock. "A dividend of 3c a share was paid three months ago."

Supply of Eggs Lower Locally; Price The Same

PORTLAND, July 9 (AP)—Weakness in the eastern egg trade and especially at New York, fails to reflect the reasonable improvement in price and demand that the industry had been anticipating and awaiting.

There appears no count of the lessened supply of eggs in the local territory but the eastern markets appear to be getting more than immediate needs.

That the local wants are being supplied is suggested by the willingness of the Oregon co-ops to furnish competing distributors with their needs, and at no advance in the price.

Trading in the butter market was at least steady for the weekend. There was no change in the price list on cubes on the produce exchange and a similar condition was noted on the open market. All grades in call.

Turkeys are still arriving from the country, and at a later date than ever before known in the local trade. Hens are in demand, the best dressed stock selling around 18c lb. generally.

There is a good demand for all sorts of live chickens in the local trade. Recent price betterment for hens is continued but there is also a firmer tone for young stuff.

Considering the season the clearing of the country killed meat market at this period of the season is something out of the usual. Good call for lambs, hogs, and veal of quality.

With a shortage of Central Washington early potatoes in sight, a slightly better undertone prevails in the local trade. Home grown stock is increasing and is taking care of a large per cent of the demand. Quality getting better although sizes are still small.

Demand for loganberries continues strong along the wholesale way with prices firm to higher for the weekend. Raspberries and blackcaps are just about steady. Strawberries are in small supply and priced at \$1.00.

CHICAGO LIVESTOCK
CHICAGO, July 9 (AP)—Hogs: 4,000; steady to weak, 5 @ 10c lower; 200-250 lbs. \$5.20 to \$5.40.

Cattle: 3,000; compared week ago: fed steers 50c higher, fleshy grassy and short fed kinds 25 to 50c higher; grass cows 25c up; vealers \$1.50 up; top on weighty steers 9c. Average cost slaughter steers this week at \$7.75, standing \$1.85 above mid-May low spot.

Sheep: 2,000; nominal; for week: fat lambs and yearlings 60c to \$1.00 higher, slaughter ewes strong to 25c higher, closing butch; native ewes and wether lambs \$6.75 to \$7.00; throwouts \$4.50 to \$4.75; lightweight ewes \$1.70 to \$2.25.

OMAHA SHEEP

OMAHA, July 9 (AP)—(U. S. D. A.)—Sheep: 1,500; compared week ago: lambs 50 @ 85c higher, yearlings 25c higher; sheep steady, feeders 25c higher; closing butch; range lambs \$6.25 to \$6.50; fed woolled fed clipped lambs \$6.25; ewes \$1.25 to \$1.75.

Named by the Dutch

Coney Island, as typically American as any name may consider it today, is almost a pure Dutch name, says an article in the New York Sun. It appears on old maps of the Peter Stuyvesant period as "Cognit Eylant," the "g" being soft, like "y," as in "cognac."

Cheeriness

"It doesn't seem worth while trying to be cheerful, when everything including the weather, is," says a pessimist. Don't go through life creaking. Cheerfulness is what oils the wheels of the world.—London Times.

STONE PROMISES TO GIVE PRIVATE TRADERS CHANCE

(Continued From Page One)

tion corporations \$633,546,034.50, of which \$390,492,784.41 had been repaid with \$4,527,953.36 interest.

Stone was further gratified by the position of the carryover on July 1. Last year the stabilization corporation held about 257,136,517 bushels of the 319,000,000-bushel carryover whereas this year it had only about 80,000,000 bushels of the 360,000,000 carried over.

The corporation still has about 30,000,000 bushels of futures on which Stone says it does not have to accept delivery.

Despite an increase of 41,000,000 bushels in the 1932 carryover, Stone says the country is going into a new season for the first time in years with the prospect of a reduced supply of wheat.

Private estimates now are for 428,000,000 bushels of winter wheat against 788,000,000 harvested in 1931. The prospective spring wheat yield is placed at 280,000,000 bushels, as compared with 104,000,000 last year.

The figures still leave the total supply, including the carryover, about 143,000,000 bushels less than a year ago.

If the nation's flour demand stands at around 40,000,000 bushels of wheat a month there would be left for export, seed and feed purposes and for the 1933 carryover approximately 588,000,000 bushels.

Preliminary estimates indicate exports of 133,802,000 bushels of wheat and flour for the fiscal year just closed. An unusually large 156,872,000 bushels of wheat was estimated to have been fed on farms in 1930-31, and normal seed requirements are slightly under 100,000,000 bushels.

LEGION NINES COMING HERE JULY 15-16

(Continued from Page One)

morning and one in the afternoon, with the two losing teams to be eliminated. Then the championship game will be played Saturday afternoon.

With La Grande well known for its interest and support of baseball in the last decade, promoters of the play-off anticipate large crowds in attendance at the three games. This will be the first time La Grande has been heat to the district play-off and it is hoped that it will be a financial success.

The tournament will be staged at the High School field. Drawings for places will be held Thursday.

This is all part of the American Legion's general program to revive baseball among the youngsters of the nation, and so far it has proven very successful, with many of the Legion players later going on to play on college teams and professional clubs.

The American and National leagues both are co-operating with the Legion in its annual little world series competition.

"The local tournament will be handled by a committee from the La Grande American Legion post," Mr. Garity said, "and we are assured of two days of real, hard-fought baseball."

"The La Grande Juniors expect to play an exhibition game here tomorrow at the High School field on a double header program that also will see the Eagles meeting the strong Cove nine. At the same time the Pendleton club will be meeting the Preewater Eastiders on the Athena diamond, and the Baker nine will

EAGLES TO PLAY JUNIORS, COVE

The Eagles baseball squad will play a team of all-stars.

The Eagles baseball squad will be a busy team tomorrow afternoon, as it was finally decided that the Eagles would meet the Junior League squad in the first game of the double bill to be played at the High School field tomorrow afternoon, and Cove in the second game.

Negotiations with the Blue Devils team by John R. Garity were unsuccessful in obtaining that team for "the Juniors to play. However, Mr. Garity says: "I've wanted my team to meet the Eagles in a bonafide game for some time. We have played several practice games with the older fellows, and it has been generally conceded that the Eagles are the longer outfit, but the way my team has improved in the last 10 days

I'm pretty sure we can slip one over on them. My boys will be in the game tomorrow with but one thought—to beat the Eagles."

"The Junior Leaguers," stated Mr. Hall, manager of the Eagles, "while naturally a younger team, have been playing some mighty fine baseball. Every one of the practice games those boys have given us was a hard fought contest. DeBorde, McKinnis and Knezevich, Junior League pitchers, have exceptional ability. Knezevich beat us once when he played with the Legion team a few weeks ago—DeBorde and McKinnis are just as good as Knezevich, if not better. The Eagles hitters will have a tough time turning the Junior League pitchers' offerings into hits tomorrow."

Mr. Hall stated further: "From what I have seen of other Junior League teams in this section, I predict that Mr. Garity's squad will take the Junior League sectional championship which will be played here next Friday and Saturday."

The Junior League vs Eagles game will start promptly at noon. Immediately after completion of the first game the Eagles will tangle with the highly touted Cove squad in a game that promises to be one of the best and most interesting played here so far this season.

REPARATIONS SETTLEMENT IS COMPLETED

(Continued from Page One)

"The most self-sustained country in the world—the United States—has been hit as hard as we."

Drink Toast to Prosperity After the conference was officially closed the delegates drank a toast to world prosperity.

The convention does not go into effect, however, until it is ratified by the parliaments of the initialing countries which, by an unwritten agreement, will not take place until after the United States reconsiders the question of scaling down the war debts due her from Europe.

The next step was expected to be a request from these powers to the United States to join in a parity to revise war debts.

The seal affixed to the agreement as the final act of the ceremony was more than 400 years old. It was originally used on the treaty of fraternity in 1525 between Freiburg and Bern, on the one hand, and Lausanne on the other.

Germany Elated In the meantime Chancellor Von Papen was swamped with telegrams on congratulation from Germany. "Bravo!" said one signed by Dr. Hjalmar Schacht, former head of the

Macdonald Hailed

On all sides tribute was paid to the tenacity of Prime Minister Ramsay MacDonald, of Great Britain, who clung to the frayed threads of hope throughout the weeks of discussion and forced a fresh start every time the efforts to bring Germany and France together failed. In some quarters it was described as the greatest triumph of the British premier's career.

The agreement which was reached by the six principal powers following the break of the Franco-German deadlock yesterday contains a preamble [detailing] the conference's efforts for peace and five resolutions outlining the terms of the settlement.

"The powers that have signed this treaty," the preamble said, "do not claim that the accomplishment at Lausanne, which will completely put an end to reparations, can by itself assure that era of peace which all nations desire."

"But they do hope for an assurance that all these aims of such deep significance will be understood and appreciated by all pacific elements in Europe and in the world. They do hope that these accomplishments, so arduously attained, will be followed by fresh achievements."

WOULD ELIMINATE "C" GRADE WENATCHEE

WENATCHEE, Wash., July 9 (AP)—Elimination of "C" grade fruit from the standard packs was urged upon Oregon fruit growers at the final session Friday of the Washington state grade and pack conference. Washington packers requested that Oregon join with Washington in relegating the "C" grade from the standard classifications.

The first Mrs. Nichols yesterday was granted a divorce from the doctor and given custody of their child.

At The La Grande Theatres

LIBERTY BOOKS STRONG PROGRAM

"Strictly Dishonorable" and "Murder in the Rue Morgue" Next Week.

An unusually strong program of pictures has been booked for showing next week at the Liberty theatre, headed up by the "Murders in the Rue Morgue," scheduled for Tuesday and Wednesday.

"Strictly Dishonorable" The opening attraction of the week is the comedy "Strictly Dishonorable," a sophisticated offering that has become widely known as one of the leading pictures of its kind of the season. The story concerns an innocent Southern girl and her pugnacious fiancé, who leaves in jealous anger when she casts admiring glances at an Italian opera singer whom she meets in a speakeasy. The sudden romance that blossoms between this great lover and the deserted Southern beauty is told with daring yet with the utmost delicacy.

The cast includes Paul Lukas, Sidney Fox, Lewis Stone, George Meeker and several others.

"Murders in the Rue Morgue" This picture may be called any of a number of things, such as a hair-raiser, a thriller, etc., but there is no question but that it ranks as one of the best pictures of the year. It is Edgar Allan Poe's famous story picture-turized incidentally, it is a good picture to keep imaginative kiddies away from.

PROGRAM FOR THE WEEK AT LIBERTY THEATRE

Sunday and Monday—Paul Lukas, Sidney Fox and Lewis Stone in "Strictly Dishonorable."

Tuesday and Wednesday—Bella Lugosi and Sidney Fox in "Murders in the Rue Morgue."

Thursday and Friday—Fredric March and Sylvia Sydney in "Merrily We Go to Hell."

The story is of a half-demented doctor, intent on crossing the blood of a gigantic ape with that of a living girl, and the minister doctor, imper-

sonated by Bela Lugosi, causes the death of three young women in his mad experiments, until the dumb affection of the gorilla is attracted by Sidney Fox, in the character of Camille L'Esperance. The climax of the story takes place on the rooftops of Paris, in scenes which are said to be filled with suspense and fast-moving drama.

Hollywood called the picture "Dracula" and "Frankenstein" rolled into one!

"Merrily We Go to Hell" As the title suggests, this is a drama of the modern age with Fredric March and Sylvia Sydney admirably cast. It is a drama depicting reckless youth, burning life swiftly, laughing uproariously and dissipating thoughtlessly.

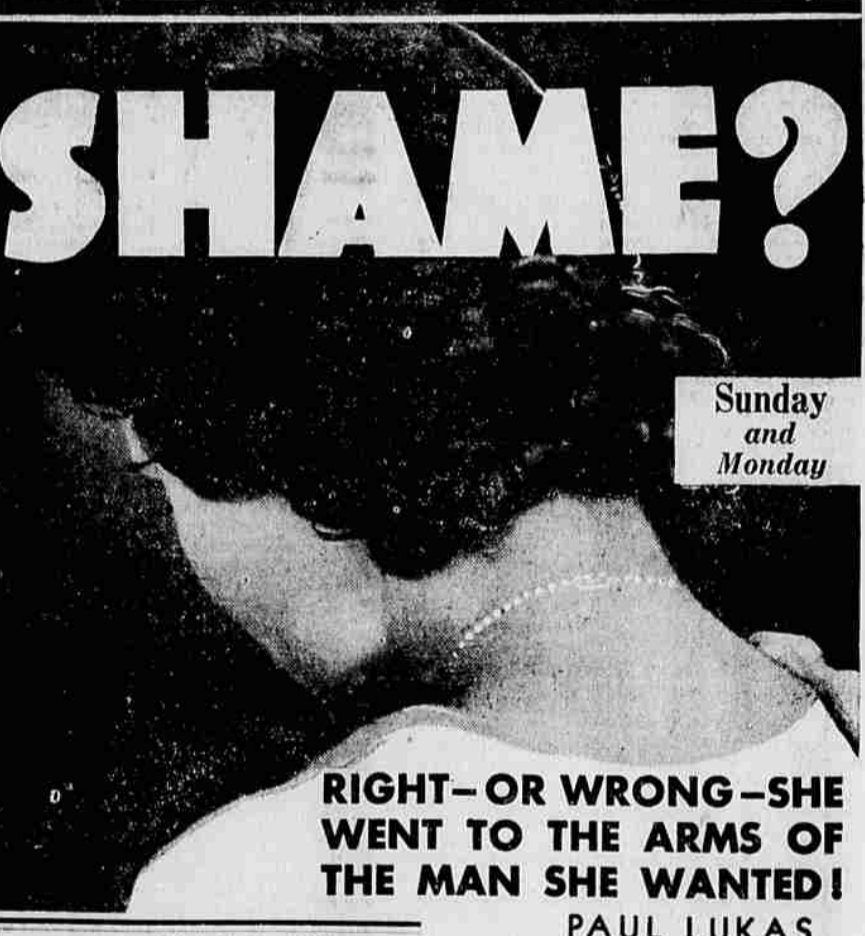

Others in the picture are Adrienne Allen, Skeets Gallagher, Florence Britton, Esther Howard, George Irving, Kent Taylor and others.

It is scheduled for Thursday and Friday.
