

## Senate Passes Farm Relief Measure

### THREE-HOUR RAIN VISITS THIS VALLEY

Moisture Welcomed Generally Except by the Cherry Growers.

### FEAR DAMAGE TO BLACK VARIETIES

Rainfall General Over Oregon With Portland, Salem, Albany, Baker All Reporting Showers.

A light but steady rain fell in La Grande for about the hours today, the first precipitation for some time and the third since late in May. The rain, beginning about 10 o'clock, continued until about 1 o'clock this afternoon, with the sky still overcast and the possibility existing that more rain might fall.

Rain also fell at Baker, indicating the moisture was general in Eastern Oregon. Light rain and mist fell over the northwestern corner of Oregon last night and today. Portland had 1.9 of an inch of rain, Salem .22 and Albany .15. Heavier rain was reported along the Washington coast and northward. Fair weather was predicted tonight and Thursday, with rising temperatures in the interior tomorrow.

Cherry Growers Fearful  
The rain was generally welcomed in La Grande, except by the cherry growers. The Royal Anne orchards have been practically cleaned up, but picking on the black cherries started the first of this week, with the majority of the crop on the trees this morning, with growers fearful that the moisture would cause considerable damage.

With the first crop of hay in the stack, the change in weather brought welcome moisture to farmers, increasing the prospects for a good second cutting.

In La Grande, the rain freshened

### ROTARY CLUB HEARS REPORT OF DELEGATES

At the weekly meeting of the Rotary club this noon the main feature of the program was the reports on the convention of Rotary International at Seattle, by Frank Wyldie and Ralph Clark, who were two of the four local delegates.

Ralph Clark, who has just completed his year as secretary of the local organization, reported on the meeting of club secretaries, as well as general features of the convention.

Frank Wyldie, who took office as president of the La Grande club last week, explained some of the resolutions considered by the convention, spoke of the interesting international relationships, and related several humorous incidents.

O. R. Keenan, of Staunton, Ill., was a visiting Rotarian today.

### No Charge To Be Made For Fantasy

"The Six Who Pass While the Lentils Boil," a fantasy by Stuart Walker, will be presented by the Eastern Oregon Normal school at 8:15 Friday evening, in the auditorium of the Eastern Oregon Normal school. No admission will be charged and the public is invited to attend. Miss Amanda Zabel, director, announced this morning.

Members of the cast are Harold Boner, of Joseph; Charles McLin, of Cottage Grove; Miss Evawynne Jones, of Duror; Miss Frances McKennon, of Imbler; Cecil Posey, of La Grande; Harvey Carter, of La Grande; Miss Helen Glenn, Halfway; Dallas Norton, of The Dalles; Miss Ruth Smalley, of La Grande; and Joe Sayre, of La Grande.

The fire got quickly out of control and alarms were sounded in rapid succession as the flames spread through the dry wooden buildings.

There was a large crowd of bathers and amusement seekers in the vicinity and police were called from Sheepshead Bay to help Coney police in handling the situation.

SALEM, July 13 (AP)—The state highway department will receive \$1,045,576 and counties \$522,758 as the result of automobile license sales during the second quarter of 1932, H. E. Hoss, secretary of state, announced today. The gross receipts for the quarter were \$1,623,742 of which \$55,377 was expended for administrative expense. Union county's share will be \$8122.

New licenses sold during the period resulted in receipts of \$1,533,365 while last quarter license of the previous year brought in \$89,765.

WEATHER FORECAST  
Oregon: Local showers and thunderstorms today; fair tonight and Thursday; cooler in extreme east portion tonight; rising temperature in interior Thursday, moderate west and northwest winds offshore.

7 a. m.—64 above.  
Minimum: 58 above.  
Condition: Cloudy.

Range—41 degrees.

WEATHER JULY 13, 1931  
Maximum 88, minimum 62 above.  
Condition: Partly cloudy.  
Range—26 degrees.

### 112 Babies Born In First Half Of This Year

Shows An Increase Over Same Period in 1931—Number of Girls Born Account For Gain.

Plain names which gave way to a vogue of unusual combinations during the past few years are coming into fashion again, birth statistics released this morning by Dr. A. L. Richardson, health physician, indicate. Although during the period from January 1 to June 30 there was only one baby which was named "Mary", there were several given the name of "Marion", "Barbara" and "Marjory".

One hundred and twelve infants were born during the first six months of 1932, showing an increase of 13 over the same period in 1931. While the number of boys showed a decrease, 49 in 1931 and only 46 in 1932, during the past six months girl babies showed a decided increase, 50 in 1931 and 66 in 1932.

Twins, of which there were two pairs in the first six months of 1931, were an unknown factor this year, with none shown in the health physician's statistics.

Many Born In January  
January topped the list with 24 births, while February and April ran a close second with 21 each. During March 18 were born, while in May there were 15, and in June 13.

In cases where the name of the child was not given the parents name with none shown in the health physician's statistics.

The births are:  
January: Joyce Shelmardene Graham, Mizzi Florine Hawes, John Francis Greulock, LaJayne Fackler, Barbara Lee Hise, Norjane Ellen Anderson.

### Offers Plan To Employ Men; Pay With Foodstuffs

A plan whereby the unemployed can work in exchange for foodstuffs was presented by Hiram T. Smith on behalf of the community service and unemployment committees of the American Legion this morning, when the governor's relief committee met at 9:30 in the office of Judge U. G. Couch at the court house. The plan was taken under advisement by the committee and Judge Couch was given the authority to appoint a banker, a merchant and a laborer, to study the plan and report at the next meeting of the committee in the near future.

If a man has a field of potatoes and cannot find to have them dug because he has not the money to pay wages, a group of unemployed men could be sent to the farm to dig the potatoes on shares, Mr. Smith stated. If one picker's share were 80 sacks it is obvious, he added, that he would not want the entire share for himself, and therefore he would turn his share of potatoes over to the county for distribution and would in return receive a "labor certificate" which would entitle him to other foodstuffs and wood. The entire plan, which was considered favorably this morning by the committee, is based on barter and not on donations, and, therefore none suffers a hardship.

Rev. Mortimore Chairman  
Rev. Paul De P. Mortimore who had taken an active interest in the entire relief program, was appointed as general chairman of the relief movement. Mrs. Frederick Gehring was named by Governor Meier as chairman of the canning division and reported this morning.

### Fire Threatening Coney Isle Resort

NEW YORK, July 13 (AP)—Fire roared through the Coney Island motor-drome today, spreading through several blocks of wooden bathhouses and threatened the Half Moon hotel. The boardwalk caught fire and as the flames spread in a still breeze five alarms were sounded calling out every piece of fire apparatus in Kings county.

The fire got quickly out of control and alarms were sounded in rapid succession as the flames spread through the dry wooden buildings.

There was a large crowd of bathers and amusement seekers in the vicinity and police were called from Sheepshead Bay to help Coney police in handling the situation.

SALEM, July 13 (AP)—The state highway department will receive \$1,045,576 and counties \$522,758 as the result of automobile license sales during the second quarter of 1932, H. E. ### NEW BONUS MEASURE IS INTRODUCED

Measure, Prepared By Patman, Provides Payment to Those in Need

### MARCHERS VISIT CAPITOL BUILDING

Orderly March Made From Anacostia Camp to Join Comrades on Governmental Grounds.

WASHINGTON, July 13 (AP)—While several thousand veterans clustered about the capitol a new bill was brought forward today calling for immediate payment of the bonus to those in need.

The measure was prepared by Representative Patman (D. Texas) and patterned along the lines of a petition presented yesterday by a group of bonus marchers from California. Patman estimated it would require a billion dollars. The provisions by which the need of the veterans would be ascertained would be laid down by the veterans bureau.

VETERANS VISIT CAPITOL  
WASHINGTON, July 13 (AP)—Ten thousand war veterans rose soon after dawn today and started a march for the capitol from their Anacostia camp on the District of Columbia.

### JUNIOR LEAGUE TEAMS TO PLAY

Teams Representing Four Counties to Compete Here Friday, Saturday

American Legion Junior League teams from Baker, Union, Malheur and Harney counties will play here Friday and Saturday of this week for the championship of district No. 7, the winner to meet the Umatilla county team later for the right to compete in the state finals in Portland.

Drawings for places will not be held until tomorrow night and the first game will be played Friday morning at the L. H. S. field.

The La Grande team, as it is called, consists of the following boys from various towns in the county: Mills and DeBorde, Cove; Prizzell, Summerville; Knezovich and Philippen, Elgin; Howell, McKinnis, Follower.

(Continued on Page Four)

### PLEDGE MADE BY GOV. MEIER TO LUMBERMEN

PORTLAND, Ore., July 13 (AP)—A pledge by Governor Julius L. Meier of executive assistance to Pacific Northwest lumbermen in plans for rehabilitation of the industry, was made here today to a committee in charge of the plans, headed by G. D. Johnson of Portland.

The governor said he agreed the industry needs organization on a new basis and that he will continue to lend all possible help toward the successful culmination of such plans. He participated in this program last week in communicating with President Hoover regarding best methods of procedure toward the formation of the regulatory corporation now being considered.

### Smaller Wheat Supply Likely

National Prohibition Forces May Give Support to Hoover and Curtis

WASHINGTON, July 13 (AP)—A proposed five-point program for strategy by dry organizations in the coming campaign, including efforts "to prevent the submission to the state or repeal or modification" of the 18th amendment, will be gone over at the forthcoming sessions of the national prohibition board of strategy.

What stand will be taken in connection with the national political tickets remains to be decided, although one prohibition organization leader, who declined to be quoted, said that sentiment exists among its members for a declaration in favor of the Hoover-Curtis ticket.

Some of the responses received to the five point program insisted that dry forces should unite in a "third" party, it was stated, but this was considered unlikely in informed quarters here.

### BRITISH AND FRENCH PLAN NEW PROJECT

Will Co-operate in Effort to Solve European Political Problems

### NOTHING TO DO WITH THE U. S. A.

French Government Has in Mind a Possible Move For Revision of the Versailles Treaty.

By the Associated Press  
A difference of interpretation of a new agreement between France and Great Britain appeared today to have developed today immediately after the agreement was announced simultaneously in London and Paris.

The official British interpretation was that both governments, under the accord, will consult each other on all matters which concern them both. Parliament was informed that it had nothing whatever to do with debts owed to the United States.

While Sir John Simon was making the announcement in London, Premier Herriot was telling the finance committee in the chamber of deputies that the first consequence of the new agreement is that in the future Great Britain cannot make new arrangements for debt payments to America without first consulting France.

LONDON, July 13 (AP)—Announcement was made simultaneously in

### OREGON LIONS WELCOMED TO KLAMATH FALLS

KLAMATH FALLS, July 13 (AP)—Lions of Oregon were formally welcomed to Klamath Falls this morning at the first session of their state convention by R. C. Groesbeck, president of the Klamath county chamber of commerce. More than 100 Lion delegates from all parts of the state had registered this morning and more delegations were expected throughout the day.

F. W. Walker, Portland, district governor and O. F. Tate, state treasurer, were among arrivals last night and Walker presided at today's business session. A president's and secretaries' breakfast was held this morning, followed by a business session, and this afternoon the visitors were to be taken to Crater lake national park.

### Treaty With Canada Agreed Upon Today

WASHINGTON, July 13 (AP)—White House officials announced today that a treaty had been agreed upon with Canada for completion of the huge St. Lawrence waterway project and it would be signed by President Hoover at an early date.

### Unity Gold Mine Sale is Reported

BAKER, Ore., July 13 (AP)—Purchase of the Bull Run gold property near Unity 50 miles southeast of here was announced today by Miles D. Rambaugh and associates of Los Angeles. A fifty-ton mill has been shipped here from Los Angeles and was being taken to the mine today for installation. A large development is planned.

### Smaller Wheat Supply Likely

National Prohibition Forces May Give Support to Hoover and Curtis

WASHINGTON, July 13 (AP)—A proposed five-point program for strategy by dry organizations in the coming campaign, including efforts "to prevent the submission to the state or repeal or modification" of the 18th amendment, will be gone over at the forthcoming sessions of the national prohibition board of strategy.

What stand will be taken in connection with the national political tickets remains to be decided, although one prohibition organization leader, who declined to be quoted, said that sentiment exists among its members for a declaration in favor of the Hoover-Curtis ticket.

Some of the responses received to the five point program insisted that dry forces should unite in a "third" party, it was stated, but this was considered unlikely in informed quarters here.

The program follows:  
To consistently seek "to prevent the

### QUIZZED IN REYNOLDS CASE

Witnesses questioned by the coroner's jury investigating the fatal shooting of Smith Reynolds, 20-year-old heir to tobacco millions, included Blanche Yurka (above), New York stage beauty and intimate friend of Mrs. Libby Holman Reynolds, the playboy millionaire's bride of a few months. Miss Yurka was one of Mrs. Reynolds' guests at the house party at the Reynolds' palatial home near Winston-Salem, N. C., when the shooting occurred.

### Reynolds' Widow Seeks Privacy; Returns to Home

CINCINNATI, O., July 13 (AP)—Libby Holman came home today to seek sanctuary behind what cloak of privacy her family could throw about her.

Hurrying from a train at Clare, O., twelve miles from town, with relatives clustered about her, she sped by auto to the home of a sister in suburban Wyoming, while a small crowd of curious waited vainly at the downtown station.

Although there was no suggestion as to the plans of the Holman family, the supposition prevailed that the widow of Smith Reynolds, slain tobacco heir, would remain in Wyoming a few days, then go elsewhere, perhaps to the mountains, to seek recovery from the shock and strain of

### Gov. Roosevelt Is Cruising In Al Smith Waters

WITH GOVERNOR ROOSEVELT, Stonington, Conn., July 13 (AP)—Gov. Franklin D. Roosevelt, bearing an olive branch, got his good ship Myth II ready today for a further cruise into Al Smith waters.

A light southwest wind carried the craft out of the harbor into Long Island sound at 9:15 a. m., after a night in which there was scarcely a ripple on the water.

His goal today on the sea was the vacation sail aboard the 40-foot yawl in Wood's Hole, Mass., the state where

### Russian Acreage Less; Buying In Winnipeg Eyed

NEW YORK, July 13 (AP)—Dow, Jones & Co. said today that on the basis of the official crop report the total supply of American wheat in the season ending June 30, 1933, should be about 100,000,000 bushels smaller than a year ago.

On this calculation the exportable surplus would be about 225,000,000 bushels after providing for domestic requirements and a carryover of about 125,000,000 bushels, it was stated.

World crops do not indicate any decided change in the present situation, the prospect being for a supply ample for all needs. The distribution of the exportable surplus, however, is at times almost as important as the crop outlook, and that distribution according to the analysis, justify moderate firmness in prices until the

(Continued on Page Three)

### Amelia Chalks Up New Record Despite Trouble

Forced Down at Columbus By Fuel Feed Fault, But Reaches Newark in One-Stop Flight.

NEWARK, N. J., July 13 (AP)—Amelia Earhart Putnam landed here at 11:28:06 a. m. Eastern Standard time, establishing a new women's transcontinental flight record.

Mrs. Putnam beat the time of Miss Ruth Nichols, the previous record holder, by almost 10 hours. Miss Nichols, who made one stop between west and east coasts, at Wichita, Kan., had an elapsed time of 29 hours one minute and 43 seconds. Mrs. Putnam stopped once also, at Columbus, Ohio, and her elapsed time was 19 hours, 14 minutes and 40 seconds, according to the official landing time.

Mrs. Putnam intended, when she took off from Los Angeles yesterday to make the first non-stop flight by a woman from coast to coast and to try to beat the non-stop record established by Frank Hawks five years ago. This record was 17 hours, 38 minutes and 59 seconds.

Forced Landing  
A forced landing at Columbus, caused by fuel feed trouble, however, put her out of the running for this record and left her with only the Nichols time to beat. Miss Nichols did not attempt to push along after she landed at Wichita, but spent the night there. Mrs. Putnam stayed in

(Continued From Page Four)

### Eastern Capital Is Invested In Two Gold Mines

PORTLAND, Ore., July 13 (AP)—A rush of eastern capital into the Southern Oregon gold fields assumed more definite proportions today with the announcement last night that two of the largest properties in the state will be developed at an investment of about \$3,500,000.

J. H. Gallagher, Portland mining engineer, speaking, he said, on behalf of men backing the enterprise, told of plans for development of the two properties, Emily Gold, Inc. and Columbia Gold, Inc.

Arnold H. Cross, of Detroit, former member of the board of General Motors, heads the combine and is president and principal stockholder of the two companies.

Both in Southern Oregon  
One of the parcels is on Graves creek north of Grants Pass and already, it is said, has produced more than \$5,000,000 in gold. In late years operations have fallen off because conflicting ownerships made difficult its effective operation.

The other property is in Curry county and contains, Gallagher said, a deposit the size of which "stagers the imagination of even a miner."

This parcel is from 1500 to 2500 acres wide and more than three miles long. Outcroppings and exposed, this entire length is an ore body 300 to 400 feet wide, showing 400 to 500 feet in depth of the cliffs at each end. Thousands of assays, the miners say, show this free-milling ore body to average from \$2.50 to \$3 a ton.

W. P. Hayden, of Salt Lake City, is in charge of the entire operation. Gallagher said Hayden had spent more than two years and \$125,000 in

### Guardmen Search For Missing Child

MINNEAPOLIS, July 13 (AP)—National guardmen by plane and foot, and civilians continued the search for the missing Leslie Delano of Columbia Heights today, the sixth day since he disappeared.

Under orders of Governor Olson, the national guard company of 100 men and five officers searched in swamps, brush land and along highways in the vicinity of the home of the 20-month-old boy, son of Mr. and Mrs. Ray Delano.

### Accuse Japanese Of Breaking Word

MOSCOW, July 13 (AP)—A dispatch from Khabarovsk published here today said the Japanese had failed to fulfill their promise not to interfere with the operation of the Chinese railway in Manchuria. The railway is jointly owned by China and Russia.

### NORBECK BILL PROVIDES AID FOR FARMER

Measure Sent to the House After Quick Action in the Senate.

### HOUSE, MEANWHILE, ALSO IS ACTIVE

New \$2,122,000,000 Relief Bill, Approved By Hoover, is Sent to Senate For Action.

WASHINGTON, July 13 (AP)—The Norbeck emergency farm relief bill was passed today by the senate and sent to the house.

The Norbeck bill was approved by the senate without a record vote and very little debate.

The measure provides the farmer shall be paid, in addition to the domestic market price, an adjustment charge equal to the tariff schedules on wheat and hogs and five cents a pound on cotton.

Most cotton now enters duty free. The levy on wheat is 42 cents a bushel and hogs two cents a pound.

The charge would be collected during the processing of the three commodities and would be paid to the farmer only on that portion of his crop needed for domestic consumption.

It would be in force for one year.

### HOUSE PASSES RELIEF BILL

WASHINGTON, July 13 (AP)—The house today passed the \$2,122,000,000 bill, drafted along lines approved by President Hoover.

A few minutes before passage, Speaker Garner cast the deciding vote and broke a tie on the Rainey amendment to force the Reconstruction Finance corporation to file monthly reports on all loans made under the new relief bill. He voted for the amendment.

The roll call vote on the Rainey amendment before the Speaker cast his ballot was 169 to 169.

Representative Snell of New York, minority leader, demanded a recapitulation of the vote. It was the same.

### Senate Bill Scored

In passing his own relief measure, the house thrust aside the senate's relief bill, passed last night, because of President Hoover's objection to some provisions.

The record vote on passage of the bill was 206 to 46.

The chief difference between it and the one vetoed Monday by President Hoover is that it lacks the product

### NOMINATION NOTIFICATION NEXT MONTH

WASHINGTON, July 13 (AP)—Representative Snell, permanent chairman of the Republican national convention, expects to formally notify President Hoover of his renomination sometime between August 5 and 10.

He said today a definite date had not finally been agreed upon, but thought it would fall within this period.

The New York representative said present plans call for notification ceremonies at the White House—on the grounds if during the day, or inside if at night.

### 100,000 Orangemen Parade in Belfast

BELFAST, Northern Ireland, July 13 (AP)—A host of 100,000 orangemen from Great Britain, Canada and other parts of the British empire paraded here yesterday in celebration of the anniversary of the battle of the Boyne and proclaimed their loyalty to the king, their belief in the British empire and their faith in the Protestant church.

It was one of the greatest orange gatherings in history.

Northern Ireland orangemen passed a resolution reiterating their determination to resist any attempt to force them into the free state by a union of both parts of Ireland.

### Wheat Today

CHICAGO, July 13 (AP)—Reported maximum temperatures of 100 degrees in the spring wheat belt had a bullish effect on grain values today.

Fears of crop damage as a result of excessive heat were persistently voiced. European demand for wheat from North America was disappointing, with shipments overseas this week totaling only \$82,000 previous against \$158,000 the week before and \$383,000 a year ago.
